MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, JANUARY 6, 1933. No. 1404

KIDNAPPING CASE.

Police Thanked by Chinese Ratepayers' Association.

The following is a translation of a letter addressed to the Secretary by the Chinese Ratepayers' Association:—

"According to reports the Police Department of the Municipal Council has tracked down two cases of kidnapping within the last few days. The victims are a Mr. Loh and a Mr. Sun, both of whom have been safely restored to liberty. The facts clearly reveal the skilfulness and bravery of the Commissioner of Police and the officers who have exerted themselves in these cases. The ratepayers have the greatest admiration for the work done and are deeply grateful. The Council is hereby asked to pass on the expression of our admiration and gratitude to the Commissioner of Police and officers concerned. In passing, may we express the hope that kidnapping will soon be eradicated."

THE LATE COL. R. S. HOOKER.

The Chairman of Council on December 29 addressed the following letter to Lieut-Col. E. P. Moses, Commanding Officer of the 4th Regiment U. S. Marine Corps:—

"The announcement on Christmas Eve of the sudden and tragic death of Colonel Hooker has shocked the whole community of Shanghai, and I wish to convey through you to the officers and men of the Fourth Regiment United States Marine Corps and to Mrs. Hooker and the family the Council's deep sorrow and sympathy at the loss of a very gallant and distinguished officer and of a personality that had achieved such outstanding and universal popularity amongst residents of all nationalities in this city.

"In the midst of the gloom caused by the tragedy the Council desires to record the debt of gratitude which the community owes to the great-hearted way in which Colonel Hooker co-operated with other leaders of the defence forces in the perilous days of less than a year ago. In paying tribute to his memory it is assured that he had already secured an abiding place in the history of the International Settlement."

PUBLIC HEALTH DEPARTMENT.

Vacancy for Home Sister.

THE Council invites applications for the post of Home Sister of the Victoria Nurses' Home.

The appointment will be made not later than April 1, 1933, and the appointee will act in an advisory capacity in regard to interior furnishings, equipment, etc. pending the completion of the Home. Normally she will be in complete charge of the building accommodating 100 nurses, and answerable to an Administrative Committee for its proper management.

Candidates should have a knowledge of catering and household management and be between 35-45 years of age with a knowledge of nursing if possible. Previous experience in a similar post, and a knowledge of the Chinese language are additional qualifications.

The status will be similar to that of Assistant Matron in the Council's service, i.e. Class "A" Letter of Appointment with Pay of Tls. 200 rising to Tls. 260 by biennial increments of Tls. 20. Quarters, messing and uniform provided. Long leave on full pay with first class passage after 5 years' service. Superannuation, medical attendance, etc.

Applications to be made in candidate's own handwriting, stating nationality, age, etc., accompanied by copies of references and at least two recent testimonials covering abilities and character, to the Commissioner of Public Health, Shanghai Municipal Council, not later than January 31, 1933.

By order,
J. R. JONES,
Secretary.

HOSPITAL COMMISSION'S RECOMMENDATIONS.

Two New Hospitals Set Down As Urgent Matters.

The Health Committee has been giving consideration to the recommendations of the Hospital and Nursing Services Commission, whose report was published on August 27, 1932, and upon its advice the Council has approved, subject to reference to the Finance Committee, the inclusion in the 1933 Budget of the following appropriations:—Western Fever Hospital Tls. 150,000; Mental Hospital Tls. 50,000; Laundry Tls. 10,000.

The Commission, in dealing with Isolation Hospital accommodation, recommended that a hospital be erected on the "Island Site" (Great Western, Tifeng and Bubbling Well Roads) and that it be known as the Western Fever Hospital, admitting patients of any nationality prepared to conform to hospital regulations. Further, the Commission recommended that this hospital should contain approximately 160 beds, some apportioned to minor as well as major infectious diseases; and that in addition to paying beds, it should have certain free beds in accordance with the necessities of the population served.

The Health Committee in considering the recommendations of the Hospital Commission decided to advise the Council to include in the 1933 Budget provision for the more urgent proposals. The erection of the Western Fever Hospital was regarded as urgently necessary and accordingly the Committee recommended that an appropriation of Tls. 150,000, representing a portion of the cost, be included in the Budget.

A Committee of the Hospital Commission enquired into the Mental Hospital accommodation and recommended that a new Mental Hospital be established with a total of 100 to 150 beds to take temporary care of acute cases. Further, the Committee stated that this hospital should be so planned that its capacity could conveniently be doubled at a future date. The Committee also recorded that it would be expedient to unify this work in a single hospital for both foreign and Chinese patients, but if possible with separate units.

The Health Committee, after discussing conditions at the present Mental Ward and the proposals of the Commission for a Mental Hospital, was strongly of opinion that the erection of the new Mental Hospital should be commenced as soon as the site therefor became available in the latter part of 1933, and accordingly recommended that an appropriation of Tls. 50,000, representing a portion of the cost, be included in the 1933 Budget and marked as urgent. The Committee also regarded the erection of a modern laundry in the compound of the Isolation Hospital as desirable in the interests of efficiency and economy. Subject to further consideration as to the type of equipment to be installed in the laundry, it was recommended that an appropriation of Tls. 10,000, representing a portion of the cost, be included in the 1933 Budget and marked as urgent.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, JANUARY 13, 1933. No. 1405

EDUCATION BOARD BUDGET ESTIMATES.

The Teaching of English In Chinese Schools.

The Council on January 5 passed the minutes of the Education Board meeting of December 28, 1932, which included Budget Estimates for 1933.

The Estimates of Extraordinary Expenditure included an appropriation for a site for the Secondary School for Chinese Girls in the Western District, but the actual amount was left in abeyance pending a further report by the Commissioner of Public Works. This appropriation was marked urgent. An initial sum for the school building will be inserted later, Tls. 1,200 was set down for the raising of the boundary wall at the Public School for Chinese, and the sum of Tls. 2,500 for the replacement of the existing bamboo fence at the Ellis Kadoorie Public School for Chinese by a more permanent structure was also passed as urgent although this figure was regarded as subject to reduction if it were found possible to erect a suitable wall of a cheaper type. An appropriation to provide for the erection of a vehicle shed for the accommodation of private motor-cars and bicycles at the Nieh Chih Kuei Public School for Chinese was inserted in the Estimates, but in agreeing to the necessity of this structure, members of the Board considered that one of cheaper construction than that proposed would meet requirements. The actual figure to be set down in the Estimates will be inserted after reference to the Public Works Department. An appropriation of Tls. 55,000, representing the balance of cost of the Eastern District Primary School for Chinese, Kinchow Road, was marked as urgent.

In regard to Ordinary Expenditure, the Estimates for the Chinese Education Office, the District Primary Schools, the Secondary School for Chinese Girls, and four Public Schools for Chinese Boys, with comment thereon by the Acting Treasurer and Controller, were submitted to the Board.

With reference to the inclusion in the Estimates of the District Primary Schools of appropriations for the engagement of foreign teachers of English, members agreed with the Chairman that if this proposal were approved in principle it was desirable at the outset, as an experimental measure, to engage one teacher only for duty at all the schools in order to enable the Board to ascertain whether an extension of this policy was requisite or otherwise.

The Chinese Education Officer expressed the opinion that the low standard of English at the District Primary schools was principally due to the fact that the teaching of this subject was commenced too late. He suggested that two foreign teachers be engaged and that the teaching of English be commenced in lower grades than at present.

The Board approved of the appointment of a foreign teacher of English in the Secondary School for Chinese Girls. Members agreed that this proposal so far as it applied to the District Primary Schools was closely related to that of the curriculum, which would shortly be considered by the Board, and the matter was deferred until the curriculum came under review.

With regard to the proposed transfer to the Education Office of the Headmaster of one of the District Primary Schools for inspection duties, the Board took the view that with the engagement of an assistant Chinese Education Officer, provision for which was included in the Estimates, this proposed transfer was unnecessary; and it was requested that upon the engagement of an assistant to the Education Office, the Headmaster referred to should discontinue the part time inspection duties at present undertaken by him.

The Headmaster of the Public School for Chinese reported that an increase in staff was necessitated by the increased enrolment authorized. The Board agreed with the Chairman that in the interests of economy this matter required further consideration.

The Headmaster of the Nieh Chih Kuei Public School reported that he did not regard as satisfactory the proposal that the playground to this school be utilized by his pupils and by pupils of the adjoining District Primary School. After discussion the Board requested the Superintendent of Education to consider the matter and submit a report.

New School for Boys.

The Board adopted a recommendation of the School Buildings Committee that as the flat roof of the Western District School for Boys as provided for in the plans could be used for various purposes, the School playshed should be rebuilt on the area originally planned for the hall.

MR. H. TERAI RESIGNS SEAT ON COUNCIL.

At the meeting of the Council on January 5, the Chairman stated with regret that on account of ill-health, which necessitated his departure from Shanghai, Mr. H. Terai had tendered his resignation from the Council. Although informed that the Council would be prepared to grant him leave of absence, Mr. Terai in the circumstances preferred to resign. The name of Mr. Funatsu had been submitted to replace Mr. Terai and this nomination, the Chairman understood, was acceptable to the Japanese community.

On the Chairman's proposal it was unanimously resolved: (1) that the resignation of Mr. H. Terai be accepted with regret, and that Mr. T. Funatsu be invited to accept a seat on the Council for the remainder of the current Municipal year; (2) that the vacancies on the Finance, Watch and Traffic Committees caused by Mr. Terai's resignation be filled by Mr. O. Okamoto.

PUBLIC HEALTH DEPARTMENT.

Vacancy for Home Sister.

THE Council invites applications for the post of Home Sister of the Victoria Nurses' Home.

The appointment will be made not later than April 1, 1933, and the appointee will act in an advisory capacity in regard to interior furnishings, equipment, etc. pending the completion of the Home. Normally she will be in complete charge of the building accommodating 100 nurses, and answerable to an Administrative Committee for its proper management.

Candidates should have a knowledge of catering and household management and be between 35-45 years of age with a knowledge of nursing if possible. Previous experience in a similar post, and a knowledge of the Chinese language are additional qualifications.

The status will be similar to that of Assistant Matron in the Council's service, i.e. Class "A" Letter of Appointment with Pay of Tls. 200 rising to Tls. 260 by biennial increments of Tls. 20. Quarters, messing and uniform provided. Long leave on full pay with first class passage after 5 years' service. Superannuation, medical attendance, etc.

Applications to be made in candidate's own handwriting, stating nationality, age, etc., accompanied by copies of references and at least two recent testimonials covering abilities and character, to the Commissioner of Public Health, Shanghai Municipal Council, not later than January 31, 1933.

By order,
J. R. JONES,
Secretary.

Council Chamber,
Shanghai, December 22, 1932.

WORKS REPORT FOR DECEMBER.

The Commissioner of Public Works, in his report to the Council upon the work of the Department during December, shows that good progress is being made with Thorne Road Bridge, the bunding in Fearon Road, the Victoria Nurses' Home, the Eastern District Primary School for Chinese, the Ferry Market, the Truck Shed, Sinza Depot, etc. Describing the work on Municipal properties he says in regard to the Gaol extension in Ward Road:—

At the Administration Block, work is proceeding on the heating, sanitary and electrical installations and on the general finishings throughout the building.

At the Indian Warders' Quarters, the heating, sanitary and electrical installations are nearing completion. The hardware has been fixed and the staining and polishing of the woodwork is in progress. Flyscreens to ground floor windows have been fixed and the general cleaning down of the building is in hand.

At the Juvenile Cell Block, the electrical, heating and sanitary systems are being installed. The ground floor slab has been concreted and the glazing of all steel casements has been finished. The terrazzo dados and the painting of all cell and window grilles are in hand. Work is proceeding on the pointing of facing tiles and the dressing of the artificial stone plinth.

At the Cell Block R/S, the plastering of the ceilings and walls to all cells and the electrical, plumbing and sanitary installations are in progress. All windows have been glazed and the terrazzo dados are being laid.

At the Kitchen and Laundry Block, the concreting of north staircase up to second floor has been completed. The new grilles and steel casements have been fixed on the ground, first and second floors. All window reveals have been cement rendered and the windows have been glazed. The heating and sanitary services are being installed and the heating service to the Workshop Block has been connected and tested.

At the Main Entrance Gates, garages, watchman's house, etc., the foundations to main entrance gates have been laid and the structural steel to columns, walls, etc., is in position. The granite plinth to the boundary wall and gates has been fixed and excavations to the foundations of the waiting shed have commenced.

At the Gaol Foreign Quarters, the foundation piling has been completed and the hardcore laid. Steel for the raft foundation is now being placed.

In reference to other Municipal properties progress is reported at the Point Police Station and Barracks and at the South Police Station. The main building contract at the abattoir, Sawgin Road, is practically complete and the internal finishings are in hand. The lairage section is ready for occupation, the installation of the equipment is proceeding, the water connections have been installed and arrangements for the temporary electrical supplies are in hand.

Wayside Public Wharf.—The following figures relate to the lifts effected by the electric crane at Wayside Public Wharf during December, 1932: lifts, 84; weight, 145½ tons; fees paid, Tls.59.10.

PARKS REPORT FOR DECEMBER.

The Superintendent of Parks and Open Spaces reports:—

Jessfield Park Greenhouses.—An attractive display of euphorbia pulcherrima, moschosma riparium and primula malacoides was on view during the month.

Tifeng Road Children's Playground.—The above area was closed on December 20, all swings and see-saws and the majority of trees and shrubs being transferred to Nanyang Road Children's Playground.

General.—The planting of bulbs in the various parks was carried out, a total of 42,198 being distributed for incorporation in bedding schemes or naturalizing in lawns. The planting of hardy annuals to embellish flower gardens was commenced, but the advent of unfavourable climatic conditions caused this work to be postponed until February.

Winter pruning of trees and shrubs was commenced and the rough digging of vacant nursery plots was continued. The insertion of cuttings of standard chrysanthemums was carried out and straw frames were erected around nursery beds containing seedlings of the less hardy plants, as a protection against frost.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, THURSDAY, JANUARY 26, 1933. No. 1407

STRENGTH OF RUSSIAN DETACHMENT, S.V.C.

Skeleton Organization Needed For Emergency Service.

The Council in July last authorized the retention of an additional 73 men of the Russian Detachment for the remainder of 1932, subject to the financial position being reviewed at the end of the year and without committing itself to additional expenditure in 1933 and succeeding years on the maintenance of an increased strength of the Russian Detachment. The matter was brought up for consideration by the Finance Committee on December 20 when members were informed that a decision was necessary as to the retention of the services of these men after the end of the year.

The Commandant submitted a report in which he assumed that the authorization already given, although only covering 1932, would permit the retention of these men until the Budget was considered. Accordingly, he was including provision for their retention in the 1933 Estimates, and had given instructions for them to be retained on a temporary basis.

The Acting Treasurer and Controller regarded as important the question of the retention or otherwise of the 73 additional men, and was of opinion that this should be settled prior to detailed consideration of the Volunteer Corps Estimates.

Replying to members of the Committee, the Commandant stated that the total personnel of the Detachment, inclusive of the 73 additional men, represented a minimum skeleton organization upon which could be built up three bodies of infantry which were required for service during a period of emergency. The annual cost to the Council for each member of the Detachment was approximately Tls. 1,000; accordingly, the additional cost of retaining these men during 1933 was estimated at Tls. 73,000.

After discussion, members agreed that, despite the existing financial stringency, it would be false economy to reduce expenditure by dispensing with the services of these 73 men, and it was unanimously recommended that they be retained on a permanent basis.

The Council adopted this recommendation at its meeting on January 18.

MUNICIPAL ELECTION AND RATEPAYERS MEETING.

The Council, after consideration of a memorandum by the Secretary at its meeting on January 18, decided to suggest to the Consular Body that March 27 and 28 be fixed as the dates for the election of Councillors and that the Annual Meeting of Ratepayers be held on April 19.

SPECIAL MEETING OF RATEPAYERS.

Powers Sought Under Which To Regulate Factories.

At the meeting of the Council held on January 18, it was resolved that an endeavour be made to convene a Special Meeting of Ratepayers on April 19 for the purpose of authorizing an amendment to Bye-law XXXIV, to permit the regulation and inspection of factories.

On December 9, 1931, the Council decided that an endeavour should be made to convene a Special Meeting of Ratepayers to secure an amendment to Bye-law XXXIV to permit the regulation and inspection of factories. In March, 1932, however, it was felt that the time was not opportune to bring forward this important question and it was decided to leave the matter in abeyance for the time being. At the meeting of the Council on January 18, the Secretary-General alluded to the discussions on this subject which took place last year between the former Chairman of Council and himself and local Chinese officials and others. Although, owing to the unsettled political situation at that time, the Council took no action to secure the necessary authority, it authorized the appointment of Miss E. M. Hinder to take charge of questions pertaining to industrial affairs, and this lady assumed her duties this month. The only means by which the Council could secure the necessary powers to undertake the regulation and inspection of all factories within the Settlement was by an extension of Bye-law XXXIV, and this amendment could only be effected if authorized by a Special Meeting of Ratepayers. He, therefore, proposed that an endeavour be made to convene a Special Meeting of Ratepayers on the date fixed for the forthcoming Annual Meeting.

The Chairman observed that the Carlton Theatre in which the Annual Meeting was held last year was not sufficiently large to accommodate the necessary quorum for a Special Meeting, and that if the Grand Theatre were not available by that time it would appear that the only other building of sufficient size was the Drill Hall. He therefore proposed, and members agreed, that the Commissioner of Public Works be requested to submit a report as to the availability of buildings capable of accommodating a quorum.

Upon the Secretary-General undertaking to prepare the necessary draft resolution, it was resolved that an endeavour be made to convene a Special Meeting of Ratepayers on April 19 for the purpose of authorizing an amendment to Bye-law XXXIV and if necessary to submit to such meeting any further proposals which could only be disposed of by a Special Meeting.

CHANGES IN BUS ROUTES.

The Municipal Council has approved the proposals of the China General Omnibus Co., Ld., to terminate Route No. 6 at Wayside, and to discontinue that part of Route No. 7 between Ferry-Ichang roads corner and St. George's, maintaining only the service between St. George's and the corner of Avenue Haig and Hungjao Road.

EDUCATION ESTIMATES FOR 1933.

Appropriations Towards Cost of New Schools Before Council.

The minutes of the Education Board meeting of January 11, confirmed by the Council at its meeting on January 18, included recommendations in regard to the 1933 Budget of the foreign schools in the Settlement. In reference to Extraordinary Expenditure on buildings, the Board recommended the insertion in the Budget of an appropriation of Tls. 160,000 for work upon the construction of the Western District School for Boys. This appropriation was marked urgent, but it was recorded that the actual sum might be reduced after receipt of a revised estimate from the Public Works Department. An appropriation of Tls. 100,000, representing a portion of the cost of the new Public and Thomas Hanbury School for Girls building, was also inserted in the Budget and marked urgent.

The estimates of ordinary expenditure for the Education Office and of the schools for foreign children were approved, subject to adjustments by the Acting Treasurer and Controller.

Girls' School Site.

In a report upon the site for the Public and Thomas Hanbury School for Girls, the Superintendent of Education stated that the School Buildings Committee had considered the general requirements of this new school building and recommended that certain features be re-designed and the building erected nearer to the northern boundary of the portion of the former Victoria Nursing Home site which had been allocated by the Council, thus increasing the available playing space between the school and Range Road. The Education Board, after discussion, unanimously adopted this proposal.

New Chinese Primary School.

The Superintendent of Education reported that the Eastern District Primary School for Chinese, Kinchow Road, would be equipped and ready for occupation on March 1 next. Before steps could be taken to announce its opening it was necessary to ascertain the Council's intention with regard to utilization of the premises occupied by the Primary School, Wayside Road. The Board of Education recommended that in lieu of the establishment during 1933 of a further District Primary School in another district, the existing primary school accommodated in the Council's property on Wayside Road be retained.

A member of the Education Board suggested that, upon the opening of the new Primary School in Kinchow Road, with the exception of the Kindergarten and Grade I, boy pupils only be admitted to this school. This was approved.

EDUCATION DEPARTMENT.

George Lanning Memorial Scholarships.

The George Lanning Memorial Scholarships for 1933 have been awarded as follows:—

Sinza Road.

Negotiations have been concluded with the Foh Kong Native Bank for the surrender, for a sum of Tls. 6,518, of an area of mow 0.158 required from Cadastral Lot 685 (at the north-west corner of Sinza and Myburgh roads) for the scheduled widening of Sinza Road.

LAND ASSESSMENT, 1933.

On the recommendation of the Works Committee, the Municipal Council has decided to invite Messrs. W. E. Sauer, Erik Crone and H. F. Lewis to undertake the re-assessment of land values in the Settlement during 1933 which was recently authorized by the Council. Mr. E McIntyre, of the S.M.C. Land Office, will be secretary to the assessors.

ROAD WIDENING AND EXTENSION PLANS.

The Commissioner of Public Works in a report to the Works Committee outlined the various road alterations made during 1932.

The official plans for 1933 as submitted were inspected and formally approved. It was noted that no new major schedulings were included in the 1933 plans.

Opium offences	196	229	147
Gambling	160	141	91
Other crimes	232	261	294
Total	1,589	1,686	1,805

There is a total of 1,589 cases of reported crime, which is a decrease of 97 in comparison with the figure for November and 216 less than for the corresponding period of last year. There is a decrease of 53 cases in "A" Division, 43 in "B" Division and 29 in "C" Division while there is an increase of 28 cases in the "D" Division, which is mostly attributed to thefts, there being 44 more reports under this heading than in November. The cases were distributed as follows:—

	December	November
"A" Division (Central and Louza)	456	509
"B" Division (Sinza, Bubbling Well, Gordon Road, Pootoo Road)	380	428
"C" Division (Hongkew, West Hongkew, Dixwell Road)	289	318
"D" Division (Kashing Road, Wayside, Yangtszepoo, Yulin Road)	464	436

Arrests for crime committed during the month show a decrease, 2,115 persons having been arrested in December as compared with 2,150 in November and 1,856 in October. In addition, 158 persons were arrested for crimes committed in previous months. 74 persons were arrested on behalf of other authorities.

Three cases of murder were recorded during the month. A Public Works Department coolie was found dead in a straw hut in Peking Road bearing wounds upon his head and face. A Chinese employed in a store in Yu Yuen Road was attacked by armed kidnappers upon alighting from a tramcar and was fatally shot while offering resistance. A Chinese male was shot dead in the Tuh Yue Li off East Yuhang Road.

Two cases of armed kidnapping occurred during the month. The manager of a flour mill was abducted by armed men in Love Lane and taken away by car to a house in the French Concession from which he was later released by the police. The general manager of a Chinese furniture company was kidnapped in his own car by a gang of armed men in the Western District. The victim was subsequently released by the police from a house in the French Concession. There were five cases of simple abduction as against seven in November.

No cases of bomb throwing were reported during the month in connection with the anti-Japanese boycott as a result of the arrests by the police of members of the gang responsible for the majority of these cases.

"C" and "D" Divisions show a decrease of two and nine cases respectively in the number of reported armed robberies, while "A" and "B" Divisions account for an increase of four and one, the total being 46 against 52 in November. The cases were distributed as follows:—

	December	November
Division "A"	15	11
" "B"	15	14
" "C"	3	5
" "D"	13	22

There were 13 cases of other robberies, five more than in November. The number of burglaries was 42 as against 40 in November. The cases were distributed as follows:—

	December	November
Division "A"	6	4
" "B"	19	19
" "C"	7	6
" "D"	10	11

The number of housebreakings was 62 as against 40 in November. The cases were distributed as follows:—

	December	November
Division "A"	18	7
" "B"	9	16
" "C"	18	6
" "D"	17	11

The 754 cases of simple theft showing a total decrease of 55 as compared with November were distributed as follows:—

	December	November
Division "A"	251	260
" "B"	186	240
" "C"	136	152
" "D"	181	137

"A" Division recorded 22 cases of shoplifting and 23 arrests. There were 56 cases of pocket picking in all Divisions—a decrease of 28 as against the November figure—and 40 arrests. Out of 45 bicycles stolen in all Divisions as against 92 in November seven were recovered with 11 arrests.

Twenty-one cases of receiving stolen property were recorded during the month as against 19 in November. Cases of snatching further decreased from 65 in November to 47 in December. These cases were distributed as follows:—

	December	November
Division "A"	27	38
" "B"	9	10
" "C"	5	11
" "D"	6	6

A total of 40 arrests were made in connection with this type of crime. There was a decrease of 33 cases in opium offences. The Headquarters Narcotic Section carried out 31 raids and effected the arrest of 112 persons, 87 of whom were sentenced to various terms of imprisonment, while the total amount of fines imposed in connection with the above narcotic offences was $5,690. 62½ ozs. of opium, 38½ ozs. of pills, seven opium pipes with paraphernalia, 56 pill pipes with paraphernalia, one ounce of cocaine and a quantity of morphine liquid known as "Polos Tonis" were seized. The number of gambling offences increased from 141 to 160. Other forms of crime show little variation.

Notable Work.—Notable work in "A" Division included (1) the arrest and handing over for trial of five members of a Zaushing gang of armed kidnappers and the seizure of a loaded pistol and a large quantity of ammunition; (2) the arrest of a gang of five unarmed highway robbers subsequently convicted and sentenced to various terms of imprisonment; (3) the arrest of eight members of a gang of armed robbers who were charged with nine cases of armed robbery and the seizure of a loaded pistol and three imitation pistols; (4) the arrest of seven armed robbers and the seizure of an imitation pistol; (5) the arrest of 27 members of a gang of armed kidnappers, the seizure of three Mauser pistols, two automatic pistols, one gas pistol, a large quantity of ammunition and one motor-car with four false number plates when a victim held by this gang since December 9 was rescued unharmed by the police.

Notable work in "C" Division included (1) the arrest of three criminal gangs of a total of 26 persons concerned in armed robberies, 23 of whom were identified in connection with 10 cases of armed robbery and one case of abduction. Ten have been sentenced to various terms of imprisonment.

Notable work in "D" Division included (1) the arrest of 14 armed robbers and the seizure of one automatic pistol and one revolver; (2) the shooting of one armed robber and the arrest of five others whilst committing a robbery near Kashing Road Bridge in which case a Chinese Detective constable was wounded and one automatic pistol was seized.

The following cases which are included in the month's figures in "B" Division occurred outside Settlement limits in houses on or abutting on Council Roads:— Theft, 24; burglary, 4; receiving stolen property, 2; assault, 2; miscellaneous, 6.

Headquarters Crime Branch.—The Headquarters Crime Branch Detectives conducted investigations into 28 cases and effected the arrest of 34 persons. The outstanding cases were: (1) the arrest of five Chinese, members of the organization responsible for the bombing and shooting outrages in connection with the anti-Japanese boycott, and the seizure of documents, chops and explosives; (2) the arrest of 28 Chinese in connection with the kidnapping of a Chinese in Love Lane on December 14, who was later released by police, and the seizure of three pistols with 27 rounds of

ammunition, one motor-car used in the kidnapping and two other motor-cars, the property of the accused. In addition enquiries were continued in nine cases previously reported.

Stolen Property.—Property valued at $319,745.62 was alleged to have been stolen in cases reported during the month as against property valued at $187,120.32 in November. The total value is made up as follows:—

Division "A"	$257,839.82
" "B"	$ 26,953.93
" "C"	$ 24,292.29
" "D"	$ 10,659.48

Property valued at $55,778.64 was recovered during the month.

Finger Print Bureau.—During the month of December the total number of records received by the Bureau from all sources was 2,770. This shows a decrease of 88 as compared with last month and an increase of 538 in comparison with the corresponding period of last year.

3,586 Gaol cards were received during the month, 1,156 being for verification of prisoners' identity on admission to gaol, 59 for verification of appeal decisions, 953 for verification of identity on release from gaol and 1,418 for checking of sentences and completing of records according to execution orders issued by the court.

Investigations were made in 34 reported cases of the following nature:—One armed kidnapping; four armed robbery; one assault; 10 burglary; four housebreaking; three larceny; two larceny (motor-cars); one murder; three office breaking; one robbery; four shop-breaking.

Finger prints were secured in nine instances.

With a view to establishing their identity the bodies of 19 unknown persons were finger printed and/or photographed at the Public Mortuary. Successful results were obtained in five instances.

During the month the Crime Branch Studio took 325 photographs and printed 755 copies.

Released Under Amnesty.—The number of prisoners released under Government Amnesty during December was 101

Number of habitual criminals released	41
Number of prisoners released having previous convictions but who are not habitual criminals	18
Number of first offenders released	42

The total number released since the commencement of Amnesty is 1,959 of whom 251 have been re-arrested for offences committed since their release.

Classification of offences for which prisoners released during December were serving sentences:

Armed robbery	10
Possession of firearms	5
Sending threatening letters	2
Abduction	1
Rape	1
Breaking and entering premises	21
Fraud, false pretences, etc.	4

Anti-Japanese Movement. — The intimidation of merchants, alleged to be trading in Japanese goods, by means of threatening letters and bombs was checked by arrests during November and no cases of this character were recorded after December 22 when five more of the persons concerned in the campaign were apprehended. The offenders arrested in both November and December were still on remand at the end of the month. The youth named Yung Wei Fong, who last August appealed against a suspended sentence of two months' imprisonment imposed upon him for criminal offences arising out of the anti-Japanese boycott, failed to appear in Court on December 21 when the case came up for re-hearing. However, the trial took place in Yung's absence and he was sentenced to three months' imprisonment. Two offences of a criminal character arising out of the anti-Japanese boycott were recorded during the month. On December 2 a hand grenade was delivered at a shop but did not explode or do any damage. On December 21 a number of Chinese seized in the Settlement a load of paper belonging to Japanese, but were obliged to restore the goods to the rightful owners by two Japanese and some members of the French Police who intercepted them in Rue Petit as they were proceeding to the Chinese City.

Other activities connected with the anti-Japanese movement included the delivery by representatives of the Citizens' Federation to five shops on Nanking Road, after an inspection of the contents of their premises had been made, of plates stating that the establishments concerned were observing the pledge not to deal in "bad" goods, and the raising of funds by the North Eastern and the Liao-Ki-Hei-Je Volunteer Armies Support Committees for the benefit of the forces which are fighting to have Manchuria restored to China.

A series of entertainments and theatricals were held under the auspices of the Chamber of Commerce in the New World building between December 18 and 31 to raise funds for the benefit of Chinese in Manchuria who are suffering as a result of the hostilities in that country.

Strikes.—There were six strikes in the Settlement during December. These affected 777 workers and resulted in the loss of 867 working days. The concerns affected comprised three cable companies, two tobacco factories, a silk factory and the China Merchants' Steam Navigation Company. The statistics for the month of December are as follow:—

Area	No. of strikes.	No. of working hands.	No. of working days lost.
Settlement	6	777	867
Chinese controlled Territory	5	1,000	1,620
Total	11	1,777	2,487
Total for corresponding month of 1931	9	16,385	140,575

Communism. — The Municipal Police in co-operation with the Chinese Authorities arrested 11 communists, raided six "Red" propaganda bases, and seized 5,020 copies of communist books and handbills during the month. The leaflets included 24 different kinds which had not been seen previously. These contained appeals to the public to celebrate the anniversary of the "Red" uprising which occurred in Canton on December 11, 1927, to support the Soviet armies in the interior and to bring pressure upon the local Chinese authorities to assist the unemployed.

Film Censorship.—Sixty-eight feature films and 83 short introductory films and newsreels were censored by the police in theatres in the Settlement and the French Concession during December. 59 of the feature films were approved without question, while the remaining nine were passed after parts to which the police censors objected had been cut out. Two of the introductory films and newsreels were cut and revised before being approved.

A picture entitled "Murders in the Rue Morgue," which was condemned in March, 1932, came before the Board of Censors for review on December 7 and was approved. The revision of the first decision was due to the owners having changed the character of the picture by cutting out several objectionable scenes from it.

Traffic.—Court proceedings were instituted in 601 (38 foreigners and 563 Chinese) of 4,522 reports of traffic offences received during the month against owners and/or drivers of vehicles. The remainder were dealt with by letter of warning or entry of caution on their records.

Accidents. — Accidents coming under police notice during the months of December 1932 and December 1931:—

Improper riding on tram-cars during December, 1932:—Killed, 1.

Motor Horn Nuisance.—There were 38 prosecutions for this offence during the month and in addition, one chauffeur had his driving licence suspended for a repetition of the offence.

Identification Office.—During the month 2,327 prisoners' records passed through this office for identification prior to the prisoners going to court for trial, out of which number 653 were identified as having a previous conviction or convictions. In addition to the above 155 records were received from the French Police out of which number 60 were identified in the records of this office, making the total for the month:—

SCHOOLS FOR CHINESE CHILDREN.

THE schools for Chinese children administered by the Council will close for the Winter Vacation on Friday, January 20, and re-open for the Summer Term on Monday, February 6.

Heads of Schools will be in attendance on Monday, February 6, from 9 a.m. till 11 a.m. to receive fees from pupils already enrolled in the schools and to examine new pupils who should be the children of residents in the International Settlement. The fees of pupils who pass the entrance examination will be received on Tuesday, February 7, between the hours of 9 a.m. and 11 a.m.

Fees for the term are payable in advance and will be charged according to the following scales:—

I. Secondary Schools for Chinese Children.

(*a*) Public School for Chinese	63, Haskell Road	$48
Ellis Kadoorie Public School for Chinese	1, Shanhaikwan Road	$48
Polytechnic Public School for Chinese	66, Kwangse Road	$48
(*b*) Nieh Chih Kuei Public School for Chinese	42, Kinchow Road	$40
(*c*) Secondary School for Chinese Girls	914, Avenue Road	$35

The above fees are subject to the undermentioned discounts in respect of brothers and/or sisters:—

2 children	20 per cent.
3 children	30 per cent.
4 or more children	33⅓ per cent.

II. Primary Schools for Chinese.

(*a*) Western District Primary School	1461, Sinza Road	$8
Northern District Primary School	1, Cunningham Road	$8
(*b*) Eastern District Primary School	150, Wayside Road	$6
Council Primary School	138, Ward Road	$6

In addition the following charges are made for stationery:—

Grades I—III	$3
Grades IV—VI	$4

A certain number of pupils in the Primary Schools are admitted free. Applications for free places should be addressed to the Head of the School concerned.

LICENCE CONDITIONS.

Motor Bicycle or Motor Tricycle.

NOTICE is hereby given that the Motor Bicycle or Motor Delivery Tricycle Licence will, with effect from January 1, 1933, be known as the Motor Bicycle or Motor Tricycle Licence.

From the same date the following amendments to the licence conditions will be enforced:—

Clause 3, section (a), is amended to require the use of enamel discs on the licence number plates of three-wheeled vehicles as follows:—

"3.—That the number of this licence, on enamelled iron plates issued by the Council, be exhibited in conspicuous positions:—

(*a*) in front of the machine showing to either side, on a number plate having duplicate faces affixed lengthways to the front mudguard; and that when the vehicle licensed is a motor tricycle or combination motor bicycle with side-car such plate shall carry an enamel disc bearing the same number, the disc to be obtained at the Revenue Office at the time of payment of the licence fee; and."

The following new Clauses are added:—

"5a.—That the vehicle, if used as a freight carrier or for the conveyance of passengers for hire, be presented at Gordon Road Vehicle Inspection Office for the purpose of Police inspection before licensing and thereafter be re-presented for inspection periodically at a time and date to be decided by the Police and of which due notice will be given in writing."

"7a.—That no more than one person in addition to the driver be carried on any two-wheeled motor cycle, and that any such one person to be so carried shall sit astride the cycle on a proper seat securely fixed to the cycle behind the driver's seat."

PUBLIC HEALTH REPORT FOR DECEMBER.

The Commissioner of Public Health reports:—

The foreign death rate was 9.55 as compared with 18.66 for the same month last year, and the Chinese death rate was 13.14 as compared with 18.11 last year. It will be noted that whilst the Chinese death rate is practically the same as last month, there is a slight lowering of the figure for the foreign death rate. The drop is mainly due to the absence of deaths from typhoid, smallpox, measles, scarlet fever and beri-beri.

Amongst the chief causes of foreign deaths are tuberculosis and pneumonia, while tuberculosis, bronchitis, pneumonia and typhoid accounted for most of the Chinese deaths.

There were 12,146 smallpox vaccinations performed during the month. This is decidedly less than last month's figure of 23,068, and is probably due to the small incidence of the disease which invariably results in a diminished demand, contributory causes being the holidays and the adverse weather conditions which not only affect street vaccinations, but prevent people from coming to the vaccination centres at the Branch Health Offices.

In view of the newspaper correspondence recently, it may be of interest to give the following table:—

	Date When Last Vaccinated							
	1932	1931	1930	1929	1928	1927 & *Earlier*	*Adults Vaccinated in Infancy*	*Unvaccinated*	*Total*
Cases								
Foreign ..	10	13	2	4	1	19	5	21	75
Chinese ..	7	3	—	3	—	—	98	197	308
Deaths								
Foreign ..	—	3	—	3	—	2	3	10	21
Chinese ..	5	2	—	2	—	—	34	146	189

Foreign and Chinese figures taken from January 1 to December 31, 1932.
Foreign % of cases unvaccinated=28.00
Chinese % of cases unvaccinated=63.96

Case Fatality Rate.

	Vaccinated	*Unvaccinated*
Foreign	20.37%	47.62%
Chinese	38.74%	74.11%

At first glance these figures would not appear to be a strong argument in favour of vaccination, but it should be remembered that a very large number of the cases contracting disease had not been vaccinated for many years, and to these could be added a certain number of cases which were vaccinated as "contacts" and therefore had not had time to gain immunity. Were it possible to remove these cases without incurring the suspicion that the statistics had been arranged to suit the theory, the case of vaccination for 1932 would be very much stronger. In addition, the only fair method of ascertaining whether vaccination has been performed or not is from the case history, and it is known that many people state that they have been vaccinated though the vaccination did not take. I will not, however, labour these points as the straightforward figures are quite convincing evidence that vaccination has a salutary effect. It is noted that for a short time smallpox was epidemic in a very severe form, hence the death rate was comparatively high.

Communicable Diseases.—There was a considerable increase in diphtheria and scarlet fever, which is to be expected at this time of the year though both these diseases were somewhat more prevalent than last year. Particulars concerning other communicable disease will be found in the tables following the report.

Pathological Laboratory.

The total number of general pathological examinations numbered 1,177 of which 188 gave positive results. Outstanding figures are 662 diphtheria with 84 positive results, 165 ova of helminths with 47 positive results, and 75 tuberculosis with five positive results. 218 Wassermann tests were also performed.

Pasteur Treatment.—28 persons, including three from outports called for advice, cauterization and/or treatment, and in 24 cases treatment was advised.

Hospitals Division.

There has been a general increase in the cases of infectious diseases admitted to Municipal Hospitals during the month, smallpox and scarlet fever predominating.

In regard to the Mental Hospital it is of interest to note that the less acute cases paid for by the F. M. Council were transferred to their own charge (into beds in the new Russian Orthodox Confraternity Hospital), and are no longer under our care.

Veterinary Surgeon's Report.

Milk Supply.—The average daily milk production was 24,925 lbs., an increase of 2.04 per cent over last month, accounted for by an increase in dairy animals.

Of the 36 milk and cream samples taken for bacteriological examination, four were unsatisfactory. Of these three were from unlicensed, and one from a Grade "B" dairy.

Of the 89 milk and cream samples taken for chemical analysis, 10 were unsatisfactory, five being adulterated with added water (all from unlicensed dairies); two showed buffalo milk admixture, and two were dirty on filtration tests (all from unlicensed or Grade "B" dairies); one special sample from a Grade "A" dairy was of poor quality in regard to solids-not-fat.

Cattle Diseases.—Although contagious pleuro-pneumonia has occurred in one dairy which was not previously infected, the number of deaths from this disease during the month was only seven.

Rinderpest was present in two dairies and claimed two animals.

No anthrax cases occurred.

The total number of animals disposed of was 36.

Meat Supply.—Owing to shortage of supply there was a considerable decrease in the number of oxen killed until the 28th when a large consignment was received. On the 31st, 225 oxen were killed, being the largest daily kill for the whole of 1932.

The main causes of rejection of meat were tuberculosis, contagious pleuro-pneumonia, swine fever and emaciation.

Markets, Bakeries and other Food Shops.

Business generally in all markets in the Northern district has been on the decrease, even the Christmas trade being decidedly poor.

The Eastern District markets all show approximately the same returns as last month. The state of cleanliness in the markets generally has been satisfactory.

In the Central Districts—business at the Foochow Road market continues to be good, whilst at the Peking Road market conditions are normal and business excellent.

In the Western District the Sinza market still enjoys excellent trade, although there has been a slight falling off in revenue.

Bakeries.—No definite improvements in these premises are recorded during the month, but they are kept in a reasonable condition. Checks are made on deliveries during the early hours, and periodical night inspections were carried out by Inspectors.

Hotels and Restaurants.—In regard to the first named there is quite an improvement to be noted in conditions generally, whilst in regard to the latter there is still a large number of establishments of an old type which have been licensed for many years. Improvements in regard to these are rendered extremely difficult by the fact that the buildings do not lend themselves to alterations, and attention therefore is mainly directed towards the improvement in conditions of cleanliness, etc.

Chinese Eating Houses, Classes 1 and 2.—A gradual improvement can be noted in these establishments, and a certain amount of order and separation of food stuffs is being enforced.

Sanitation Division.

During the month this Division devoted itself mainly to routine matters, and performed a considerable amount of work which is not of sufficient general interest to mention.

Special attention was directed to squatters' huts and the systematic examination of Chinese schools—both those applying for grants, and certain others.

Lectures and cinema lectures have been fairly well attended during the month.

Here follows tables of Vital Statistics, Communicable Diseases, and of the work of the Food and Dairies, and Markets and Bakeries Division, Tuberculosis and Venereal Diseases Clinics; Municipal Laboratories, Hospitals and Slaughterhouse.

* Hardness determinations are by soap and nitrate not by soap method.

Chlorine in chloride figures have varied between 1.9 and 2.7 parts per 100,000. Nitrites have been present in traces on most days and saline ammonia figures have shown the usual seasonal increase. Free chlorine has varied from 0.06 to 0.20 parts per million in samples taken from the laboratory taps and from 0.1 to 0.19 parts per million in samples taken at other points.

Bacteriological Examination:—
During the month 27 samples were examined, 24 from taps in various parts of the Settlement and 3 from hydrants. All tap and hydrant samples contained less than 10 organisms of the B. coli group per litre.

Report on Analysis:—
Results very satisfactory.

PUBLIC HEALTH DEPARTMENT.
Vacancy for Home Sister.

THE Council invites applications for the post of Home Sister of the Victoria Nurses' Home.

The appointment will be made not later than April 1, 1933, and the appointee will act in an advisory capacity in regard to interior furnishings, equipment, etc. pending the completion of the Home. Normally she will be in complete charge of the building accommodating 100 nurses, and answerable to an Administrative Committee for its proper management.

Candidates should have a knowledge of catering and household management and be between 35-45 years of age with a knowledge of nursing if possible. Previous experience in a similar post, and a knowledge of the Chinese language are additional qualifications.

The status will be similar to that of Assistant Matron in the Council's service, i.e. Class "A" Letter of Appointment with Pay of Tls. 200 rising to Tls. 260 by biennial increments of Tls. 20. Quarters, messing and uniform provided. Long leave on full pay with first class passage after 5 years' service. Superannuation, medical attendance, etc.

Applications to be made in candidate's own handwriting, stating nationality, age, etc., accompanied by copies of references and at least two recent testimonials covering abilities and character, to the Commissioner of Public Health, Shanghai Municipal Council, not later than January 31, 1933.

By order,
J. R. JONES,
Secretary.

Council Chamber,
Shanghai, December 22, 1932.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, FEBRUARY 10, 1933. No. 1410

ENDOWMENT OF BEDS IN COUNTRY HOSPITAL.

Bequest of Tls. 155,000 By The late Mrs. Remah Moses.

The Secretary General reported to the Council on February 1 that he had recently been notified by the Governors of the Country Hospital that under the will of the late Mrs. Remah Moses a fund had been allocated to endow a number of hospital beds to be selected by her Executors. The Executors had decided to endow four beds in the Country Hospital. After consultation with the Board of Governors and the Superintendent of the Hospital, the Executors had agreed to invest a sum of Tls. 155,000 to effect this endowment. The endowment was primarily for the benefit of destitute residents, preference when possible to be given to members of the Jewish race. There was nothing under the Deed of Gift to preclude acceptance of this endowment. While the Council's approval of it was not essential, the Governors desired, in view of its financial interest in the Hospital, to refer this question to the Council prior to formal acceptance of the bequest.

In recording its gratification at the generous nature of the bequest, the Council authorized the Secretary General to notify the Board of Governors that it would welcome acceptance of the offer to endow four beds on the terms arranged.

GRANTS IN AID OF CHINESE SCHOOLS.

87 Private Establishments Seek Contributions in 1933.

The Council on February 1 approved the recommendation of the Education Board that grants to private Chinese schools in the Settlement amounting to Tls. 99,250 be provided in the Estimates for 1933. Of this sum Tls. 27,500 is allotted to Secondary and Tls. 71,750 to Primary schools.

This year 87 Chinese private schools, with attendances totalling 16,974, applied for and have been allotted grants, as compared with 87 schools with 11,064 pupils last year. The original list of grants submitted to the Education Board by its Chinese Sub-Committee on Grants-in-aid was reduced by approximately Tls. 5,000 upon revision by that Sub-Committee; the 1933 proposals as finally presented, after making allowance for remission of taxation, represented an increase of approximately Tls. 10,000 over the 1932 appropriation.

SUPPLY TEACHERS FOR SETTLEMENT SCHOOLS.

In place of a proposal formerly submitted to the Education Board that provision should be included in the 1933 Estimates for the engagement of a supply assistant mistress, the Superintendent of Education forwarded to the Board and endorsed a proposal submitted by a member that a Reserve of ex-Mistresses be formed who could be called upon for duty in an emergency, the scope of the Reserve to be extended to non-Municipal schools.

After discussion, and subject to the proposed rates of pay being referred back for modification if necessary, the Board approved the proposal as detailed in the reports submitted.

The Council has endorsed this action.

PUBLIC HEALTH DEPARTMENT.

THE Council requires the services of a Sanitary Overseer in the Public Health Department.

Candidates must have had practical experience in a modern abattoir and be not more than 30 years of age. They must have a fluent knowledge of English; a knowledge of Chinese will be an advantage.

Pay will be according to Scale for Sanitary Overseers.

The selected candidate will be required to undergo medical examination as to physical fitness and serve a probationary period up to six months in the first instance. If probationary service is satisfactory, the appointment will be confirmed under Class "L" (Local) Letter of Appointment.

Applications should be submitted in candidate's own handwriting, giving full information as to experience, etc., and be addressed to the Commissioner of Public Health, Administration Building, 16 Hankow Road, accompanied by copies of testimonials.

Applications received after February 17, 1933, will not be considered.

No interviews will be granted.

By order,
J. R. JONES,
Secretary.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, FEBRUARY 17, 1933. No. 1411

COUNCIL THANKS CHAPEI FIRE BRIGADE.

It has afforded the Municipal Council much gratification to transmit through General Wu Te-chen, Mayor of the Municipality of Greater Shanghai, to the Chief Officer and members of the Chapei Fire Brigade the thanks of the Settlement Brigade and of the Council for assistance rendered at the fire at the Koo Tien Zung Cotton Manufacturing Company's mill premises, North Chengtu Road, on January 30.

SECONDARY SCHOOLS FOR CHINESE.

Eight Prizes Awarded for 1933 By the Council.

In accordance with the decision of the Council to award annually ten prizes in the form of remission for one year of half tuition fees at Council Secondary Schools for Chinese, a general entrance examination has been held. Four prizes were offered for boys from the Council's primary schools, four for boys from non-Council primary schools in the International Settlement, and two prizes for girls from the Council's primary schools. There were 42 candidates, all of whom were boys. There were no girl pupils in the Council's Primary schools who were in a position to profit by admission to the Secondary School for Chinese Girls. Candidates were given a written examination in the following:—Chinese subjects: Chinese language, history and geography, nature study; English subjects: English language, arithmetic.

Four prizes were awarded to boys from Council schools as follow:—Chen Pai Yuen (Northern D.P.S.) Chow Kuo Hsing (Northern D.P.S.), Kuei Sih Kee (Eastern D.P.S.), and Hsu Shang Chuen (Eastern D.P.S.). The first two-named will be admitted to the Public School for Chinese, and the second two to Nieh Chih Kuei School. The next two pupils in order of merit were Chen Yao Hsing (Northern D.P.S.) and Chow Chin Chang (Eastern D.P.S.)

Prize-winners from non-Municipal schools were:—Kwan Yuan (Soochow Guild P.S.), Lou Han Tung (Soochow Guild P.S.), Ma Fang Chai (Wen Wei P.S.), Wang Ling Ken (Bubbling Well P.S.). The first two-named will be admitted to the Polytechnic School, and the second two to Ellis Kadoorie School. Next in order of merit were: Yang Chuen Sung (Wen Wei P.S.), and Chen Pei Yuen (Pien Hai P.S.). If for any reason a winner does not enter the Secondary School to which he is assigned the next in order of merit will be admitted.

The following other students reached a satisfactory standard:—

CHINESE FOOD SHOP OFF-LICENCE.

NOTICE is hereby given that the following amended conditions for a Chinese Food Shop Off-Licence have been approved, and will be enforced from April 1, 1933:—

Definition.

This licence applies to establishments for the sale of butcher's meat, fish, poultry, vegetables and prepared foodstuffs with the exception of those for which special licences are issued.

Conditions.

1.—The licence is not transferable.

2.—The licence number plate shall be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced, and the licence shall be exhibited in a conspicuous place inside the premises.

3.—The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4.—The neighbourhood and immediate surroundings shall be healthy.

5.—The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6.—The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council.

7.—No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8.—The walls and ceilings shall be whitewashed in March and September each year and at such other times as may be considered necessary by the Commissioner of Public Health.

9.—No room other than that approved for the purpose shall be used or occupied as a sleeping apartment.

10.—The premises shall be provided with proper sanitary conveniences.

11.—On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

12.—No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

13.—The workers and their families shall be vaccinated and shall submit to any other prophylactic measure required by the Commissioner of Public Health.

14.—The workers, their clothing and utensils shall be clean.

15.—Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any food or drink kept, offered or exposed for sale, or sold, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.

16.—No spitting shall be allowed within the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

17.—Cold storage chambers and ice boxes shall be refrigerated in a proper sanitary manner and only pure ice from a source approved by the Commissioner of Public Health shall be used.

18.—A proper supply of pure water sufficient for all purposes shall be provided from a source approved by the Commissioner of Public Health.

19.—No butcher's meat shall be kept, offered or exposed for sale, or sold, which has not passed inspection at the Municipal Slaughterhouse or at a slaughterhouse approved by the Council.

20.—No buffalo or horse meat shall be kept, offered or exposed for sale, or sold, unless specially marked in a manner approved by the Council. The shop shall bear a notice inscribed in a legible manner with lettering not less than three inches in height in English and Chinese, and placed in a conspicuous position indicating that such meat is sold therein.

21.—No hawking of fresh foodstuffs shall be permitted on the premises.

22.—Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

23.—No gratuity of any kind shall be offered or given to any employee of the Council.

24.—On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

MUNICIPAL ADVOCATE'S REPORT FOR JANUARY.

The Municipal Advocate reports that 7,119 cases were presented in the Shanghai First Special Area District Court and the Kiangsu High Court, Second Branch, in January. 4,886 persons failed to appear in petty bye-law cases and their bail was confiscated, while 96 cases were withdrawn on the ground that there was insufficient evidence to convict. The total number of major and minor criminal cases prosecuted to completion was 2,137; 1,991 persons were convicted and 146 acquitted. In addition, there were 88 private criminal prosecutions, 292 cases instituted by the Health and Public Works Departments for violation of Health and Public Works Regulations, and 610 cases instituted by the Traffic Department for infringements of Traffic Regulations. 93.1 per cent of the persons charged were convicted.

Appeals.—(a) By the Council: Three appeals to the High Court were filed by the Council during January. Four appeals by the Council were heard during the month, with the following results:

Appeals dismissed	2
Sentences increased	1
Reversed and sent back for retrial	1

The total number of appeals by the Council pending as of January 31 were:—In the Supreme Court 3; in the High Court 5; in the District Court of Appeals 2.

(b) Appeals by Defendants: Fifty-seven appeals were perfected during the month, seven to the Supreme Court, 32 to the High Court, and 18 to the District Court of Appeals. Thirty appeals by defendants were concluded and dealt with as follows:

Accused found not guilty	2
Appeals dismissed	20
Appeals withdrawn	2
Sentences reduced	6

There were 146 appeals filed by defendants pending on January 31: —In the Supreme Court 73; in the High Court 55; in the District Court of Appeals 18.

Remands.—During January, 65 remands, other than writs of detention, were requested by the Council. On these remands being granted, 39 further charges and three further arrests were made, while 18 cases are still on remand.

Extradition Cases.—Ten applications involving 19 persons were made by the Extra-Settlement authorities during the month. Prima facie cases were proved against eight persons and they were ordered to be handed over. Six applications involving 11 persons were remanded pending the production of further evidence.

Cases Pending.—On December 31 there were pending in the High Court and District Court 71 cases, which, together with 156 cases on appeal, make a total of 227 cases pending. In addition to the above, there were 11 cases pending in which the accused are detained on writs of detention.

Suspended Sentences.—Fifty-nine sentences of imprisonment were suspended in new cases, and six sentences were suspended on appeal.

Criminal Cases.—6,075 criminal processes were forwarded to the Shanghai Municipal Police for service; 413 criminal processes were dealt with by the Judicial Police.

Civil Processes.—8,827 civil processes were dealt with by the process servers.

PARKS REPORT FOR JANUARY.

The Superintendent of Parks and Open Spaces reports:—

Jessfield Park.—A pathway in the north-east section of the park was deviated with a view to affording easier access to a recently constructed drinking fountain, necessary alterations being carried out to the layout of shrubberies adjacent to the site.

Jessfield Park Zoological Garden.—The reconstruction of the outdoor bird aviaries was commenced and preliminary work in connection with the proposed re-design of the deer compound was carried out. The undernoted birds and animals were acquired during the month and included in the collection:—

COUNCIL'S TRIBUTE TO BRITISH OFFICERS.

In a letter addressed to Brigadier G. Fleming, C.B.E., D.S.O., Commandant of the British Forces in the Shanghai Area, the Secretary to the Council wrote:—

"On the occasion of the departure of Major W. R. C. Penney, O.B.E., M.C., and Major A. Mason, M.C., R.E., the Council desires to record the very valuable services rendered to the Settlement by these two officers, and in particular to pay tribute to the splendid work which they did in co-operation with the Settlement authorities in connection with the emergency measures put into force in the early part of last year."

The Council also despatched personal letters to Major Penney and Major Mason expressing appreciation of the services they rendered the Settlement, and especially paying tribute to their splendid work in connection with the co-ordinated action of the Foreign Garrison Commanders and the Municipal forces for the common defence of the Settlement and the emergency measures adopted during the Sino-Japanese conflict in the early part of 1932.

WATER RATES DISCUSSED BY THE COUNCIL.

After a full discussion of questions arising out of the introduction of a general metering system by the Shanghai Waterworks Co., Ld., the Council on February 15 decided to give further consideration to the matter at its next meeting.

The Public Utilities Committee had previously held a meeting to discuss the whole question, and the debate in the Council was based upon the minutes of that meeting. The Secretary reported to the Public Utilities Committee that as a result of conferences between representatives of the Waterworks Co., Chinese organizations, and Council officials, the Waterworks Company had submitted alternative proposals for the unbalancing of meter rates in favour of the poorer classes of consumer.

The Committee gave these proposals full consideration and reported thereon to the Council, which deferred its decision for a fortnight.

POLICE D.C.M. AWARDED POSTHUMOUSLY.

The Council has approved the recommendation of the Permanent Board for Awards, which was endorsed by the Commissioner of Police, that the Police Distinguished Conduct Medal, Class II, be awarded posthumously to the late Chinese Detective Constable No. 294, Tsu Kyan Dong.

On November 6, Tsu, while off duty, was walking hand-in-hand with his young son in an alleyway off Wuchow Road, when he was suddenly confronted by an armed robber in flight. Without hesitation the detective seized the robber and attempted to disarm him. A struggle ensued and the robber, on freeing his pistol hand, fired at the detective at point blank range, fatally wounding him. As the detective collapsed, the robber stumbled and was fired upon and wounded by Chinese Police Constable No. 1874, who afterwards effected his arrest. The Permanent Awards Board found that the late detective acted in a very courageous and determined manner and although armed himself, showed great bravery by immediately grabbing the robber in preference to losing his chance of arresting him by first drawing his own pistol.

S.V.C. INSPECTION.

The Council has approved the proposal submitted by the Commandant of the S.V.C. that Brigadier G. Fleming, C.B.E., D.S.O., Commandant of the British Forces in the Shanghai Area, be requested to conduct the forthcoming annual inspection of the S.V.C.

DISCHARGED PRISONERS.

The Finance Committee has approved provision in the 1933 Budget for a grant to the Discharged Prisoners' Aid Department of the Salvation Army of an amount similar to that given in 1932, viz. $5,000.

GRANTS-IN-AID, 1933.

The Council on February 15 considered recommendations of the Finance Committee in regard to a number of applications for grants-in-aid for the current year and endorsed those given below.

Shanghai Sanitarium Clinic.—The Finance Committee in concurring with the Acting Treasurer and Controller that there were not sufficient grounds for increasing the existing grant to this institution, recommended that for 1933 a grant of Tls. 5,000 be authorized.

Convalescent Home for Russian Tuberculars.—Having regard to the satisfactory financial position of this institution, members of the Committee were unable to support its application for an increased grant-in-aid. Accordingly, it was recommended that for 1933 the existing grant of Tls. 500 be authorized.

Hospital of the Russian Orthodox Confraternity.—In respect to the application of this institution it was recommended that for 1933 the existing grant of $3,000 be authorized.

Shanghai Labourers' Hospital.—In approving payment of the authorized grant for 1932 of Tls. 1,000, the Finance Committee recommended that this hospital be informed that if it desired to apply for a grant, audited accounts and a report for the past year must be submitted and that provision of Tls. 1,000 for this purpose be included in the current Budget.

Sacred Heart Hospital.—In noting that the Council had authorized the issue, if applied for, of an additional grant of Tls. 3,000 for the specific purpose of meeting the interest charges on capital borrowed for the erection of a maternity building, it was recommended that for 1933 the existing grant of Tls. 5,000 be authorized.

St. Elizabeth's Hospital.—In respect to this application it was recommended that for 1933 the existing grant of Tls. 4,000 be authorized.

Shanghai Public Benevolent Cemetery.—In view of the fact that the grant to this institution was in the nature of a payment for services rendered, the Committee recommended that for 1933 the existing grant of $10,000 be authorized.

St. Joseph's Institute.—Members of the Finance Committee approved this grant being debited to the Educational Budget, to be shown separately from the sum allocated for educational grants in aid, and it was recommended that for 1933 the existing grant of Tls. 3,000 be authorized.

Shanghai Mission to Ricsha Men.—The Finance Committee recommended that for 1933 the existing grant of Tls. 1,000 be authorized.

King's Daughters' Society—Charity Organization Committee.—As the Council's grant to this organization has been in the nature of a payment to meet the deficit on its working account, and having regard to its financial position as disclosed by its statement of account submitted, it was recommended that for 1933 a reduced grant of Tls. 7,500 be authorized.

BOONE ROAD TO HAVE UNIFORM WIDTH.

New Alignment Adopted In Interest of Economy.

In a report submitted to a joint meeting of the Works and Traffic Committees held on February 7, the Commissioner of Public Works recommended that the scheduled road line be adjusted so as to reduce the area to be surrendered from Cad. Lot 903 from mow 1.128 to mow 0.730 thus saving an estimated sum of about Tls. 32,000, while a further saving would be effected when Cad. Lot 901 on the west was re-developed. The present scheduling was determined against the protest of the owner of Cad. Lot 903, on the recommendation of the Traffic Commission in 1926.

In reply to the Chairman, the Commissioner of Public Works stated that the present scheduling would give Boone Road a tapering form but the benefit to traffic at this point would not appear to warrant the extra cost, and he proposed making Boone Road of uniform width. The radius of the corner of Boone and Woosung roads would be increased by the change.

The Commissioner of Police concurred in these views.

A member stated that the owner of the Lot affected had completed a re-development scheme with great difficulty, and would face further financial difficulty if the area to be built upon was increased and the payment for compensation reduced.

The Committees came to the conclusion that the proposed re-alignment should be adopted in the interest of economy, and recommended that Boone Road be scheduled to an even width of 50 feet and the area to be acquired from Cad. Lots 903 and 901 be reduced accordingly.

The Council at its meeting on February 15 endorsed this recommendation.

ROAD EXTENSIONS AND WIDENINGS.

Pingliang Road.

Negotiations have been concluded with the Chinese owner for the surrender, for a sum of Tls. 1,176, of an area of mow 0.196 of unregistered land situated at the south-west corner of Sansing and Pingliang roads, required for the scheduled widening of the latter road.

10,901 persons were admitted to Jessfield Park on Sunday, February 12. The total number of visitors to the Municipal parks and gardens on the same day was 13,714.

PUBLIC WORKS BUDGET FOR CURRENT YEAR.

Preliminary Estimates Passed to Finance Committee.

The preliminary estimates of expenditure by the Public Works Department of the Shanghai Municipal Council during 1933 were recently examined by the Works Committee, and the minutes presented to the Council on February 15. The several items as passed will now be set down in the draft Budget, which will be considered by the Finance Committee in due course.

Ordinary Expenditure.

When the preliminary estimates of ordinary expenditure were submitted to the Committee the Acting Treasurer and Controller stated that these estimates, which were prepared in November, showed an increase of Tls. 210,155 over the authorized expenditure for 1932. Subsequently, however, it had been possible, with the collaboration of the Commissioner of Public Works, to effect certain reductions, with the result that the estimated increase over last year's expenditure was reduced to approximately Tls. 72,000, *i.e.* an increase of two per cent.

Truck Haulage.—Upon the Chairman drawing attention to the relatively large increase in the cost of truck haulage and suggesting that by a general review of the existing system economies might be effected, the Commissioner of Public Works stated that the stud contract had been discontinued and the work now undertaken by mechanical transport. With regard to the Acting Treasurer's observation as to the higher cost incurred on the maintenance of the mechanical transport owned by the Council as compared with that which was hired, the Commissioner stated that the systems under which these two classes of vehicles were utilized afforded no true basis of comparison. The Council-owned vehicles, many of which were of a special type, worked 18 hours per day, requiring a double shift of chauffeurs, additional gasoline, etc., and were utilized on short runs in congested districts, whereas the hired vehicles ceased work at 5 p.m. daily and were invariably utilized for a simpler form of work on longer runs in the less congested districts. The cost per vehicle per day must obviously vary with the ton-mileage performed. He would, however, continue to give his attention to the most economical routing for the vehicles utilized by his Department.

Stock and Stores.—The Acting Treasurer stated that since this list was compiled it had been possible to effect the following modifications:—Deletion of items: one motor water wagon Tls. 18,000, and one Lacre road sweeping machine Tls. 8,000, and a reduction in the following appropriations: hand lawn mowers, appropriation reduced to Tls. 600; typewriters appropriation reduced to Tls. 1,200; filing cabinets, appropriation reduced to Tls. 2,000; furniture and sundries, appropriation reduced to Tls. 8,000. As a result of the adjustments made and economies effected, the revised figure for ordinary expenditure inclusive of extra-departmental expenditure and exclusive of the buildings section of the Education Budget, now stood at Tls. 4,287,490, representing a reduction of **Tls. 176,000** on the preliminary figures.

After discussion, the estimates of ordinary expenditure for 1933 as submitted and revised by the Acting Treasurer in collaboration with the Commissioner of Public Works were endorsed.

Extraordinary Expenditure.

In accordance with the usual procedure, the various items in the Budget of Extraordinary Expenditure were classified as follows:—

(A). Those to which the Council had already agreed or were considered urgent.

(C). Those for which, having regard to financial and other considerations, no appropriation should be made this year.

The Acting Treasurer stated that, in conjunction with the Commissioner of Public Works, he had carefully examined the appropriations in this Budget and that certain modifications had been agreed for the Committee's consideration. The capital requirements for all Departments for 1933, apart from loan redemption and sinking fund requirements, amounted to approximately Tls. 8,000,000, which if fulfilled would represent a further commitment on next year's budget of approximately Tls. 500,000 under loan service charges. The programme provided for heavy extensions under the Hospital Commission's Report and a continuation of the educational building policy. He was of opinion that it might be necessary to effect very definite excisions from the preliminary figures proposed by the various committees for inclusion in the 1933 budget.

Bridges.—An appropriation of Tls. 50,000, representing portion of cost of a new bridge at Kiangse Road over the Soochow Creek, was inserted. Upon the recommendation of the Commissioner of Public Works that for financial and political reasons postponement of this work was desirable, this appropriation was marked "C".

Hongkew Creek—Thorne Road.—Tls. 920. This appropriation representing balance of cost was marked "A".

Two supplementary appropriations of Tls. 15,000 and Tls. 20,000 respectively for the provision of concrete bridges at Urga Road, (Sawgin Creek) and Kashing Road, (Hongkew Creek) were, on the recommendation of the Commissioner of Public Works, marked "A".

Bundings. — The total general appropriation of Tls. 20,000 under this heading was marked "A".

Drainage.—With the exception of the appropriations for construction of drains in portions of Tsitsihar, Pingliang and Meichow roads, which were marked "C", the various appropriations under this heading were marked "A".

The Commissioner of Public Works stated that, while under the exigencies of finance he did not oppose postponement of drainage construction work in the above roads, he desired to emphasize that the Council's programme in these works was seriously retarded. The construction of drainage works was an essential preliminary to the making up and completion of the roads themselves, and in his opinion the indefinite postponement of such work seriously handicapped the Council in its obligation adequately to maintain roads thrown open to the public use.

Sewerage.—The total appropriation of Tls. 295,000, which provided for a general extension of the sewers to keep up with building development, was marked "A"; that of Tls. 20,000 for a new pumping station at Pootoo Road was marked "C". An appropriation of Tls. 5,000 for the construction of ordure loading stations was marked "A", while the appropriation of Tls. 46,000 for new sewage pumps was reduced to Tls. 43,500 and marked "A".

Landing Stages.—An appropriation of Tls. 145,000, representing the balance of cost of the landing stage at the wharf, Chemulpo Road, was inserted. The Commissioner of Public Works stated that as a portion of this payment was made during 1932, the amount of this appropriation could be reduced. A reduced appropriation of Tls. 115,000 was accordingly marked "A".

An appropriation of Tls. 10,000, representing balance of cost of the landing stage at the Chaoufoong Road Jetty, extension, was marked "A".

Land.

Parks and Open Spaces.—Singapore Road.—An appropriation of Tls. 175,000, representing the balance due on the issue and transfer of the outstanding title deeds, was marked "A".

Appropriations were also left in the estimates for small additions to Kiaochow Park and Poyang Park.

Jessfield Park.—The Commissioner of Public Works referred to the decision of the Committee recorded last year that in connection with the preparation of the 1933 estimates it would give consideration to the provision of a model yacht pond in this park. The cost of this provision was estimated at Tls. 20,000. After brief discussion, this appropriation was marked "C".

Hongkew Park.—The Commissioner of Public Works recalled that the Committee had already agreed in principle as to the desirability

of laying out the portion of this park abutting on to the Rifle Range. This area had now been raised, and he suggested that during the current year it be turfed and a landscaped bank of from 8 to 10 feet in height erected. Adoption of this proposal would provide space for 15/20 additional tennis courts. After brief discussion an appropriation of Tls. 3,000 for this work was marked "A".

Buildings.

The Commissioner of Public Works submitted for consideration the following two supplementary items under this heading:—

Jessfield Park—Greenhouses.—To provide an extension of the existing greenhouse, including the provision of heating facilities, primarily for use in connection with the propagation of plants, an appropriation of Tls. 3,000 was marked "A".

Jessfield Park — Refreshment Pavilion.—In substitution of the existing matshed, the Commissioner of Public Works proposed that a permanent refreshment pavilion be erected. In the interests of public health and having regard to the revenue received from the refreshment contractor, members approved an appropriation of Tls. 7,500 for this building. This appropriation was marked "A".

Incinerators.—Appropriations of Tls. 15,000 and Tls. 28,000 respectively to provide for the purchase of such additional equipment as might be found necessary during the current year at the Western District and the Eastern District incinerators were marked "A".

Depots.—The following appropriations were marked "A" subject to reductions in the amounts if found feasible by the Commissioner of Public Works:—

Sinza—Depot offices and stores	Tls. 18,000
Sinza—Truck garage (balance of cost)	Tls. 15,000
Tungchow—Truck garage	Tls. 35,000

Industrial Undertakings.—Capital Extensions—Concreteware.—An appropriation of Tls. 12,000 for the erection of a Cement Store Shed (Sinza Depot) was marked "A".

Latrines.—An appropriation of Tls. 15,000 for the construction of further public conveniences was marked "A".

Drinking Fountains.—To provide drinking fountains for the public an appropriation of Tls. 3,000 was marked "A".

Roads.

A total appropriation of Tls. 1,800,000 for the acquisition of land for new roads, extensions, widenings, etc., was inserted. The Commissioner of Public Works considered that on the basis of expenditure under this heading during 1932 and by continuance of the policy under which the Council did not accelerate surrenders of road land, this appropriation might be reduced to Tls. 1,400,000. After brief discussion, this reduced appropriation was marked "A".

Road Construction.—The total appropriation under this heading was Tls. 392,800. The Commissioner of Public Works stated that it was probable that the budget appropriation of Tls. 350,000 for 1932 would be overspent. It was most difficult precisely to estimate the expenditure during any one year on this work owing to lack of information as to property development. Owing to the reductions in this appropriation during recent years the Council's road construction programme had not kept pace with public demand, particularly in the Eastern District, and he doubted whether the amount now inserted in the estimates would meet the needs for the current year even if this work were undertaken on a conservative scale. Accordingly, his proposal that this total appropriation be increased to Tls. 400,000 was approved and marked "A".

Subject to the above observations and to adjustment by the Treasurer and Controller the estimates of extraordinary expenditure for 1933 were approved for submission to the Finance Committee.

POLICE REPORT FOR JANUARY.

The Commissioner of Police reports:—

The total crime recorded for the month of January is contained in the following table:—

Nature of offence	Reported during the month	Reported during previous month	Reported during corresponding month last year
Murder	3	3	2
Attempted murder	3	Nil	5
Manslaughter	Nil	Nil	1
Armed kidnapping	Nil	2	2
Abduction	4	5	7
Armed robbery	89	46	68
Other robberies	12	15	10
Being member of a criminal gang.	3	6	5
House, office and shop-breaking, etc.	59	62	82
Burglary	47	42	72
Thefts	709	754	807
Receiving stolen property	12	21	18
Snatching	47	47	94
Opium offences	160	196	104
Gambling	97	160	74
Other crimes	206	232	226
Total	1,451	1,589	1,577

This total of 1,451 cases of reported crime in January is a decrease of 138 in comparison with the figure for December and 126 less than for the corresponding period of last year. There is a decrease of 58 cases in "A" Division, 16 in "B" Division, 17 in "C" Division and 47 in "D" Division. The decreases in "A" and "D" Divisions are mainly due to decreases under the headings: theft, gambling, and opium offences. The cases were distributed as follows:—

	January	December
"A" Division (Central and Louza)	398	456
"B" Division (Sinza, Bubbling Well, Gordon Road, Pootoo Road)	364	380
"C" Division (Hongkew, West Hongkew, Dixwell Road)	272	289
"D" Division (Kashing Road, Wayside, Yangtszepoo, Yulin Road)	417	464

Arrests for crime committed during the month show a decrease, 1,656 persons having been arrested in January as compared with 2,115 in December and 2,150 in November. In addition, 149 persons were arrested for crimes committed in previous months. 56 persons were arrested on behalf of other authorities.

Three cases of murder were recorded during the month. A Chinese employee of Sincere Co. inflicted with an axe fatal wounds on another Chinese. A Chinese watchman received 23 axe wounds in a hut off Hart Road and succumbed to his injuries. A Chinese was fatally wounded in the Yuenfong Li, off Yuenfong Road, by four persons, two armed with pistols and one with an axe.

There were three attempted murders during the month. A loafer was wounded by a pistol shot as the result of a quarrel with another member of the gang. A Japanese woman attempted to kill both her child and her paramour, resorting to strangulation in the first instance and inflicting axe wounds in the second. A Chinese female and a Chinese male were fired at and wounded by one of the armed robbers who entered their residence off Meichow Road. There were four cases of simple abduction as against five in December.

One case was again reported during the month in which the owner of a contractor's yard on Ferry Road was intimidated by a bomb delivered at his address with a warning against dealing in Japanese goods. Letters to the same effect were also received by him in October and November.

All Divisions show an increase in the number of reported armed robberies, the total being 89 against 46 in December. The increase was accounted for by the approach of Chinese New Year and is a usual feature at this period. The cases were distributed as follows:—

	January	December
Division "A"	26	15
" "B"	29	15
" "C"	7	3
" "D"	27	13

There were 12 cases of other robberies. The number of burglaries was 47 as against 42 in December.

	January	December
Division "A"	2	6
" "B"	22	19
" "C"	9	7
" "D"	14	10

The number of housebreakings was 59 as against 62 in December, a decrease of three cases distributed as follows:—

	January	December
Division "A"	13	18
" "B"	10	9
" "C"	16	18
" "D"	20	17

The 709 cases of simple theft, showing a total decrease of 45 as compared with December, were distributed as follows:—

	January	December
Division "A"	216	251
" "B"	186	186
" "C"	150	136
" "D"	157	181

"A" Division recorded 17 cases of shoplifting and 28 arrests. There were 54 cases of pocket picking in all Divisions, and 27 arrests. Out of 56 bicycles, five ricshas and one car stolen in all Divisions, 26 bicycles, three ricshas and the car were recovered, while a total of 13 arrests was made.

12 cases of receiving stolen property were recorded during the month as against 21 in December. There were 47 cases of snatching, the same figure as for last month. The cases were distributed as follows:—

	January	December
Division "A"	22	27
" "B"	12	9
" "C"	10	5
" "D"	3	6

A total of 29 arrests were made in connection with this type of crime.

Opium Offences.—There was a decrease of 36 opium offences. The Headquarters Narcotic Section carried out 13 raids and effected the arrest of 38 persons, 25 of whom were sentenced to various terms of imprisonment, in nine cases of which imprisonment sentences were supplemented by fines and in three cases sentences were suspended for two years. 24¼ ozs of opium, 111¼ ozs. of pills, 10 opium pipes with paraphernalia, 14 pill pipes with paraphernalia, ¼ oz. of crude morphine and 95 lbs. of caffeine with pill manufacturing paraphernalia were seized.

Two raids were conducted on Hua Huei lottery gambling places and resulted in the arrest of 16 persons, six of whom were sentenced to various terms of imprisonment and fines, whilst 10 cases of extortion and illegal functioning were also dealt with resulting in five arrests. The total fines inflicted during the month in connection with the above offences was $2,780.00. The number of gambling offences decreased from 160 to 97. Other forms of crime show little variation.

Notable work in "A" Division included: (1) the arrest of a gang of six armed robbers in possession of two loaded pistols. They were subsequently convicted on five charges of armed robbery and sentenced to various terms of imprisonment. (2) The arrest of five members of a gang of armed robbers in possession of a loaded pistol and three imitation pistols. All were convicted and sentenced to various terms of imprisonment on charges of six armed robberies. (3) The arrest of six members of a gang of traffickers and the rescue of three small children. (4) The arrest of two armed robbers, one in possession of a loaded pistol. Both were convicted on charges of armed highway robbery and sentenced to imprisonment. (5) The arrest of nine members of a gang of armed robbers, four of whom committed an armed robbery the same day, and the seizure of a loaded pistol and 188 rounds of ammunition.

Notable work in "B" Division included: (1) the arrest of a Chinese in possession of a human head and the subsequent arrest of four others in connection with the stealing of the head from a coffin. They were sentenced to two years' imprisonment each. (2) The shooting by a Chinese constable of an armed robber who had three previous convictions and was concerned in an armed robbery in North Chengtu Road, and the recovery of part of the money stolen.

Notable work in "C" Division included: (1) the arrest of 12 persons six of whom were charged with being concerned in committing an armed robbery and attempted murder, murder and an armed highway robbery and attempted murder, while one was sentenced to two years' imprisonment on a charge of being in possession of firearms. (2) The arrest of 15 Chinese, 10 of whom were subsequently convicted of being concerned in an attempted armed kidnapping and murder of a

Chinese in Yu Yuen Road on December 9, 1932, and sentenced, three to death penalty and seven to various terms of imprisonment. (3) The further arrest of a member of the same gang, who is still in custody pending investigation.

Notable work in "D" Division included: (1) the arrest of three men concerned in the murder of a Chinese in Wayside District. (2) The arrest and conviction of three armed robbers who robbed a rice shop in North Seward Road the same day. (3) The arrest of three armed robbers concerned in a robbery in Yulin Road. (4) The arrest of a gang of six Chinese engaged in sending threatening letters and who were also found to have been concerned in five cases of armed robbery.

The following cases, which are included in the month's figures in "B" Division, occurred outside Settlement limits in houses on or abutting on Council Roads:—Theft, 19; burglary, 8; pocket picking, 3; highway robbery, 2; loitering with intent, 2; miscellaneous, 2.

The Headquarters Crime Branch Detectives conducted investigations into 19 cases and effected the arrest of two persons. In addition enquiries were continued in five cases previously reported.

Property valued at $134,374.64 was alleged to have been stolen in cases reported during the month as against property valued at $319,745.62 in December. The total value is made up as follows:—

Division "A"	$54,956.65
" "B"	$28,100.73
" "C"	$24,764.50
" "D"	$26,552.76

Property valued at $33,218.46 was recovered during the month.

Finger Print Bureau.—During the month the total number of records received by the Bureau from all sources was 2,166, a decrease of 604 as compared with December and an increase of 57 by comparison with the corresponding period of last year.

3,290 cards were received and checked during the month, 895 being for verification of prisoners' identity on admission to gaol, 66 for checking of appeal decisions, etc., 922 for verification of identity on release from gaol, and 1,407 for checking of sentences and completing of records according to execution orders issued by the Court.

Investigations were made into 37 reported cases of the following nature:—6 armed robbery; 1 murder; 14 burglary and attempted burglary; 1 suspected murder (later proved fatal accident); 3 housebreaking; 3 office breaking; 4 larceny; 5 shopbreaking. Finger prints were secured in 14 instances.

With a view to establishing their identity, the bodies of 16 unknown Chinese who had met their deaths under various circumstances were finger-printed and/or photographed at the Public Mortuary. Successful results were obtained in four instances.

During the month the Crime Branch Studio took 309 photographs and printed 1,140 copies.

Released Under Amnesty.—The number of prisoners released under Government Amnesty during January was 85

Number of habitual criminals released	27
Number of prisoners released having previous convictions, but who are not habitual criminals	22
Number of first offenders released	36

The total number released since the commencement of Amnesty is 2,044, of whom 293 have been rearrested for offences committed since their release.

Anti-Japanese Movement.—The anti-Japanese movement was marked during the month by the despatch of letters purporting to emanate from a body styled Spiritual National Defence Society to various theatres threatening that severe measures would be taken against these establishments unless they contributed a percentage of their daily takings to the North Eastern Volunteer Armies, and by efforts of petty organizations with high sounding patriotic titles to raise funds allegedly for the support of the same armies by room to room visits in hotels and table to table collections in restaurants. Up to the end of the month no attempt was made to give effect to the threats against the theatres, and the activities of the other societies were frustrated by increasing police vigilance over hotels and restaurants in the Settlement and the closing subsequently of bases which they had established in Chinese controlled territory.

The raising of funds for the support of the North Eastern Volunteer Armies by voluntary contribution made through various Chinese banks continued.

The anniversary on January 28 of the outbreak of the conflict between Chinese and Japanese at Shanghai passed without any untoward incident. The general public observed the occasion by displaying anti-Japanese posters while the representatives of public bodies confined their activities to holding meetings.

Strikes.—One strike affecting 52 workers took place during the month. This occurred in Kwang Hwa Sugar Factory, 11 Ichang Road, and resulted in a loss of 15 working days. No strike was recorded in the French Concession or Chinese Controlled territory at Shanghai during the month.

Unrest due to numerous causes was manifested at various times among the employees of several textile factories and the China Merchants' Steam Navigation Co. 104 men, who were dismissed by the latter concern in accordance with a retrenchment scheme, are agitating to be reinstated.

Local industrial enterprises suspended operations for periods ranging from 4 to 10 days on the occasion of the Spring Festival.

Communism.—Documents captured recently show that the local branches of the Chinese Communist Party arranged towards the end of 1932 to make the incidence of the new year, the Spring Festival, and the anniversary of the Sino-Japanese conflict excuses for starting public demonstrations, disturbances and strikes. Nothing, however, came of these plans beyond two ineffectual attempts to create street demonstrations. On January 24 about 15 Chinese of the working class assembled on Yangtszepoo Road with the object of shouting slogans and distributing hand bills but were dispersed by the police, who had been apprised of their intentions, after two of their number had been arrested. On January 28 about 70 Chinese of the same class with apparently similar intentions, who had collected in Chinese territory, proceeded in processional order for a short distance along Ward Road, but dispersed quietly of their own accord without any action being taken by the police.

During the month the Municipal Police, in co-operation with the Chinese Authorities or acting independently, arrested and prosecuted 15 Chinese for Communist offences and raided nine addresses, of which six were found to contain incriminating literature or documents. Of the persons arrested three were sentenced to 2½ years imprisonment each, one to two years' and one month's imprisonment, seven were handed over to the extra-Settlement Authorities and four were still on remand at the end of the month.

Communist literature seized during January comprised 10,498 copies of books, brochures and pamphlets in the English, Japanese and Chinese languages. The Chinese literature included 43 different kinds of pamphlets which had not been seen previously. Most of these dealt with the anniversary of the Unemployed Movement Day (Jan. 18), the anniversary of the death of Karl Liebknecht and Rosa Luxemburg (Jan. 15), the anniversary of the death of Lenin (Jan. 21), and the anniversary of the Sino-Japanese conflict (Jan. 28). The foreign literature consisted of pamphlets and brochures dealing with the outbreak of the Sino-Japanese conflict

in Shanghai, and purported to emanate from organizations called the "English and American Soldiers' Revolutionary Committee" and the "Third Fleet (Japanese) Sailors' Conference" which in fact do not exist.

Film Censorship.—33 feature films and 60 short introductory films and newsreels were censored by the police in theatres in the Settlement and French Concession during the month. Of the feature films, 29 were approved without question, two were passed after they had been revised and approval was withheld by the police censors in the case of the remaining two. All the introductory films were approved without question.

Propaganda.—The Chinese Aviation Construction Co-operative Association and the China Aviation Co-operative Association are at present vigorously urging Chinese to adopt aviation construction as a means of national salvation. A special propaganda period in furtherance of this movement, organized under the auspices of the local Kuomintang Headquarters, was observed during the month. Beginning from January 23 a week of meetings was held by merchants, students, labourers and people of various other walks of life for the purpose of organizing support for the movement, and speeches delivered in its favour by Chinese notables were broadcast throughout the city.

In furtherance of propaganda favouring national products a motor-car procession consisting of about 60 decorated motor trucks loaded with the products of various Chinese factories passed through Chinese territory, the French Concession and the Settlement on January 1.

Traffic.—Court proceedings were instituted in 626 (38 foreigners and 588 Chinese) of 3,672 reports of traffic offences received during the month against owners and or drivers of vehicles. The remainder were dealt with by letter of warning or entry of caution on their records.

Accidents. — Accidents coming under police notice during the months of January, 1933, and January, 1932:—

Bicycles were involved in 130 accidents during the month and in 45 cases the cyclists were known to have been at fault.

Safety First.—During the month, the professional story-teller visited various districts and gave 69 addresses in teashops and mills, etc., on Safety First themes. His audience roughly totalled 2,640 persons.

Motor Horn Nuisance. — There were 20 prosecutions for this offence during the month and in addition, two chauffeurs had their driving licences suspended for a repetition of the offence.

Rickshas.—1,231 pullers, including 14 private pullers found plying for public hire, were charged in the Central and Louza Districts during the month for various breaches of Traffic Regulations.

Identification Office. — During the month 1,787 prisoners' records passed through this office, for identification prior to the prisoners going to Court for trial, out of which number 578 were identified as having a previous conviction or convictions. In addition to the above 132 records were received from the French Police out of which number 46 were identified in the records of this office, making the total for the month:—

HEALTH REPORT FOR JANUARY.

The Commissioner of Public Health reports:—

The foreign death rate was 13.07 as compared with 12.82 for last year, and the Chinese death rate was 14.79 as compared with 17.65.

The increase of 3.5 in the foreign death rate over last month can be attributed mainly to deaths from pneumonia. The prevalence of this disease is possibly due to the rapid change in temperature which took place during the month, but is also suggestive of a larger increase in the number of influenza cases than notifications show. A further point is that houses and places of resort are kept at a much higher temperature than formerly, with the resultant chill on emerging into the open air. Improvements in ventilation etc. might diminish the incidence of this disease.

There are 11 deaths from communicable diseases this month, whereas December's figures shewed only eight.

The deaths of 1,277 Chinese residents have been recorded during the month. This figure is an increase of 131 over last month. In the main the increase is due to exposed corpses.

Births.—A total of 58 foreign births was notified during the month. Of this number 49 were resident in the International Settlement. It is, however, considered that there is still a number of births remaining unnotified, and arrangements are being made to improve the collection of data.

A total of 156 Chinese birth certificates came to hand during the month, of which 59 were non-resident. There are now five Chinese hospitals which supply birth information. However the paucity of certificates readily indicates that this section of the registration of vital statistics is yet in its infancy.

Knowledge as to the age and sex distribution of the population under review is most important in evaluating the health of any area, hence every effort will be made to improve the methods of collection, but greater assistance is needed from the public before any real advance will be made in this work.

There were 3,641 smallpox vaccinations performed during the month, 2,648 being performed by the Mobile Squad, and 993 at the various Branch Health Offices, the very large fall in figures being due to the China New Year holidays.

Communicable Diseases.—Statistical information will be found in the tables, at the end of this report, but it is noted that the chief communicable diseases during the month were tuberculosis, scarlet fever and diphtheria, though typhoid was also prevalent. Smallpox and cerebrospinal fever did not show much incidence. One case of encephalitis lethargica in a non-resident Chinese was treated in the Settlement. The incidence of communicable diseases thus shows its usual seasonal increase, but not to the extent of causing any anxiety at present.

Pathological Laboratory.

The total number of general pathological examinations was 2,005. This figure is not quite double the amount performed last month, but is a notable increase.

Outstanding figures are 811 diphtheria with 142 positive results, 406 ova of helminths with 80 positive results, 140 tuberculosis with 22 positives, and 124 amoebic dysentery with six positives. 262 Wassermann tests were also performed.

Pasteur Treatment.—29 persons, including one from an outport, called for advice, cauterization and/or treatment, and in 17 cases treatment was advised.

Hospitals Division.

More cases of communicable diseases have been admitted during the month, particularly from amongst the foreign population. Smallpox admissions have increased on the Chinese side, and scarlet fever cases, though still fairly numerous, show a tendency towards a decrease. Diphtheria and tonsilitis are also on the decrease, and cerebrospinal fever though present amongst the Chinese population, has not resulted in any admissions on the foreign side.

Several cases of minor infectious disease, mostly chickenpox, were also admitted to the Foreign Isolation Hospital, with the result that 30 per cent more cases were present than during last month.

The admissions into the Chinese Isolation Hospital were practically the same, although the figures for smallpox have almost trebled those of December. Four cases were of the haemorrhagic type, and 25 per cent of those admitted died.

There has been a diminution in scarlet fever, whilst diphtheria and tonsilitis have increased. Of the diphtheria cases 20 per cent. died, whilst of the C.S. fever cases there were 13 deaths out of 17 admittances.

A nurse from the Lester Hospital has been admitted suffering from leprosy, the disease from which his father died.

There were 177 admissions to the Police Hospital (Chinese), and 49 to the Indian section.

In the Mental Hospital the women's ward has been full the whole month, though there were several vacancies on the male side.

Veterinary Surgeon's Report.

Milk Supply.—The average daily milk production was 26,220 lbs. an increase of 4.92 per cent over last month's figures, accounted for by an increase in the herds.

Of the 34 milk and cream samples taken for bacteriological examination only one was unsatisfactory.

Of the 100 milk and cream samples taken for chemical analysis, 19 were unsatisfactory.

126.5 lbs. of unsound dairy produce were destroyed.

Cattle Diseases. — Contagious pleuro-pneumonia is still present in five dairies, and claimed 13 animals.

Rinderpest was present in two dairies and claimed two animals only, whereas seven animals were disposed of on account of tuberculosis.

The total number of animals disposed of during the month was 42.

Meat Supply.—There was a considerable decrease in animals killed (except pigs) owing to shortage of supply during the last half of the month. At the beginning of the month the supply of cattle was so abundant that the new abattoir lairage had to be taken into use for one week.

As regards pigs, an increase of approximately 8,000 was recorded as compared with the previous month. The figure is the highest one since January, 1930. The Chinese New Year festival accounts for the unusually high number.

Markets, Bakeries and other Food Shops.

All markets have been regularly inspected and maintained at a good standard.

The cold snap not only caused more work but also accounted for the increase in prices of market produce during the month. The freezing up of creeks hampered transportation, resulting in short supplies and increased prices. There was also an extraordinary demand during the "Spring Holidays" for all palatable delicacies.

All bakeries working at night were inspected and no major breaches of licence conditions recorded. Early morning check up on deliveries in all parts of the Settlement resulted in only two being caught with improperly wrapped bread.

Sanitation Division.

This Division was occupied with routine work from which it is somewhat difficult to select matters of outstanding interest.

A diminution in the demand for free vaccination is accounted for by the severe cold weather and also the incidence of the "Spring Festival" holidays.

Many samples of the highly-coloured sweetmeats which are offered for sale prior to the Chinese New Year were sent to the laboratory for examination, most of them being found to contain vegetable dyes, although in two samples litharge was present.

The inspection of Chinese schools and a number of other premises has been maintained and much information has been tabulated.

Here follow tables of Vital Statistics, Communicable Diseases, and of the work of the Food and Dairies, and Markets and Bakeries Division; Tuberculosis and Venereal Diseases Clinics; Municipal Laboratories, Hospitals and Slaughterhouse.

Laboratory Report on Water

Sample of Shanghai Waterworks water Sample received.—January 30, 1933.
Report sent out.—February 2, 1933.

Physical Characters.—Faint yellowish green colour with slight opacity.
pH value 6.8.

Chemical Examination:—

Parts per 100,000	
Solid matter in solution	17.0
Appearance on ignition	slight charring
*Total Hardness :	8.0
(a) Carbonated (temporary)	7.5
(b) Non-carbonated (permanent)	0.5
Chlorine in Chlorides	3.4
Nitrogen as Nitrates	0.0747
Saline ammonia	0.0462
Albuminoid ammonia	0.0176
Poisonous metals	Absent
Nitrites	Faint
Phosphates	Minute traces
Sulphates	Traces
Oxygen absorbed in 1 hour at 37° C.	0.0738

*Hardness determinations are by acid and alkali : not by soap method.

Chlorine in chloride figures were normal up to the 11th, but an infiltration of salt water of unusual intensity was evident on the morning of the 12th, when water from the laboratory taps gave a figure of 110.6 parts per 100,000 for chlorine in chlorides, this representing a salt content of 127 grains per gallon or an admixture of about five per cent of sea water. This condition was of very short duration, the chloride figure being considerably less on the following day and normality being again approached on the 15th. Saline ammonia figures have been higher than normal and nitrites occasionally present. Free chlorine has varied from 0.08 to 0.20 parts per million in samples taken from the laboratory taps and from 0.02 to 0.20 parts per million in samples taken at other points.

Bacteriological Examination:—

During the month 34 samples were examined, 29 from taps in various parts of the Settlement and 5 from hydrants. Of the 29 tap samples one contained 45 B. Coli Communior, and 10 unidentified organisms of the B. Coli Group per litre.

The remaining tap and hydrant samples contained less than 10 organisms of the B. Coli Group per litre.

Report on Analysis:—

Bacterial results satisfactory. During the month owing to tidal conditions the water contained sufficient salt to give a decided taste. This state of affairs as noted above was of short duration.

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, MARCH 3, 1933. No. 1413

ANNUAL INSPECTION OF VOLUNTEER CORPS.

Brigadier G. Fleming, C.B.E., D.S.O., Commander of the British Forces in the Shanghai Area, has consented to carry out the Annual Inspection of the Shanghai Volunteer Corps. The Brigadier will inspect the units in detail, in addition to holding the Inspection Parade, which is fixed for April 8.

FIELD BATTERY, S.V.C.

Live Shell Practice at Hong Kong Reported Upon.

The Field Battery, S.V.C., visited Hong Kong and engaged in live shell practice at Tailam between January 29 and February 3. The Commandant of the S.V.C. has received a report from Colonel F. P. Nosworthy, General Staff, China Command, in which he states that the General Officer Commanding was much impressed by the keenness and behaviour of all ranks of the Shanghai Volunteer Battery during their practice at Tailam. He considers that the visit of the Battery proved of great value for training, and expresses the hope that arrangements can be made for this to be repeated in the future.

The C.R.A., China Command, was present with his full staff during the whole of the camp, and everything possible was done to make the training valuable and the visit a success.

A letter has been sent by the Council to the General Officer Commanding, China Command, Hong Kong, thanking him for the hospitality extended to the visiting members of the S.V.C., and for the valuable training given them.

GRANTS-IN-AID MADE BY THE COUNCIL.

No Further Exemptions From Payment of G. M. Rate.

The Council from January 1, 1933, instituted a policy under which all educational establishments in the Settlement are required to pay the full municipal rate, but when they are found to serve a definite public need private schools are afforded relief by the issue of grants-in-aid. The intention to adopt this policy was announced last July, when both foreign and Chinese private schools were invited to apply for grants, and it was stated that the Council proposed to make these the sole form of subsidy to educational establishments. The partial or total exemption from the payment of General Municipal Rate, which hitherto had been accorded in certain approved cases, therefore, ceased on December 31, 1932, but sums have been allotted to educational institutions complying with the conditions governing the issue of grants-in-aid to schools. These allocations not infrequently exceed the amount of previous remissions of General Municipal Rate.

There has been, however, some hesitancy on the part of one or two institutions to accept a grant in lieu of rate remission, presumably on the ground that the latter is of a more permanent nature than the former. As a matter of fact partial or total exemptions from payment of the General Municipal Rate were periodically reviewed, as all grants-in-aid, so that in this respect both are on the same basis. The reason for making the change was that the Council desired to know exactly what it was spending on the community's behalf on education; at the same time it decided to make grants to any deserving institution, instead of giving exemption from payment of the rate, in order that it might show in its accounts precisely what was being spent upon works of bienfaisance.

7 PER CENT. LOAN OF 1922.

The Shanghai Power Company has given notice to the Council, in accordance with the provisions of paragraph 5 Section A of Exhibit "A" to the Agreement with the Company, to repay the 7 per cent. Loan of 1922, amounting to Tls. 8,000,000, on September 30, 1933.

NEW PRIMARY SCHOOL AT KINCHOW ROAD.

Accommodation Provided For 650 Chinese Pupils.

A new Primary School for Chinese children has been constructed by the Council at the corner of Kinchow and Wayside roads and will be opened on March 1. The three storey building of brickwall construction with reinforced concrete beams and wooden floors on the first and second floors, with patent flooring on the ground, overlooks a fine stretch of playground on the south side. The length of the building is 205 feet, breadth 83 feet, with a height of 37 feet. Spacious windows provide good lighting to all the 16 classrooms, which are adequately ventilated. Seating accommodation is provided for approximately 650 pupils. Three reinforced concrete staircases will be used by the pupils, who will enter and leave by four separate doorways.

In the centre of the northern part of the building is an Assembly Hall which has a seating capacity of 400 and is equipped with a stage. The windows on the north side are of a special type with roller shutters for the purpose of darkening the hall when necessary. In addition to the 16 classrooms there are a kindergarten, science room and an art room. The headmaster's, masters' and mistresses' rooms are situated on the first floor. Central heating and flush sanitary systems are installed and there are two cloakrooms and two lavatories on each floor, also two drinking fountains. Apparatus rooms, kitchen, pantry, stores, etc., complete the structural equipment. Ample playing space is provided and a sports ground has been arranged for the joint use of this school and the Nieh Chih Kuei Public School for Chinese.

This is the fifth primary school established by the Council for the education of Chinese children. Admission will be restricted to boys only, except the kindergarten and 1st. Grade, to which girls will be admitted. Enrolment forms and further particulars may be obtained on application to the headmaster, Council Primary School for Chinese, 138 Ward Road.

FRUIT SHOP OR FRUIT STALL LICENCE.

NOTICE is hereby given that the Fruit Shop and Stall Licence will, with effect from April 1, 1933, be known as the Fruit Shop or Fruit Stall Licence, and that the following Definition and Conditions will be applicable from the same date:—

Definition.

This licence applies to all premises where "fruit" as hereinafter defined is kept, offered or exposed for sale, or sold, for human consumption. The term "premises" shall be held to include a fruit shop or a fruit stall. The term "fruit" shall be held to include melons, sugar cane (koen-sok), loo-sok, water chestnuts (di-lih), lotus root (ngeu), sweet potatoes (oong-sanyui), turnips (oong-lau-bok) and Tientsin lau-bok.

Conditions.

1. The licence is not transferable.

2. The licence number plate shall be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced, and the licence shall be exhibited in a conspicuous place inside the premises.

3. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4. The neighbourhood and immediate surroundings shall be healthy.

5. The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6. The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council.

7. No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8. The walls and ceilings shall be whitewashed in April and October each year and at such other times as may be considered necessary by the Commissioner of Public Health.

9. The premises shall be provided with proper sanitary conveniences if required by the Commissioner of Public Health.

10. On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees the licensee shall give notice to the Public Health Department forthwith.

11. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

12. Fruit which is eaten raw shall not be cut or peeled when kept, offered, or exposed for sale or sold.

13. No spitting shall be allowed within the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

14. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any fruit is found to be bad, impure, unwholesome, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.

15. Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

16. No gratuity of any kind shall be offered or given to any employee of the Council.

17. On a breach of any of the conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,
J. R. JONES,
Secretary.

CHARITY ORGANIZATION COMMITTEE.

The Charity Organization Committee of the King's Daughters' Society, which receives a grant-in-aid towards its work from the Council, has again forwarded a copy of its annual report to the Council. The report for 1932 states:—

At the close of the year the Committee was composed of the following members:—Chairman, Mrs. H. J. Everall; Secretary, Mrs. A. Wheen; Hon. Treasurer, Mrs. Arnhold Jones; representative of Convalescent Home, Mrs. P. Sinnott; representative of Nursery Committee, Mrs C. Pearson Grant; representative of Western Circle and Hospital Committee, Mrs. T. J. Johns. Milk Committee: Mrs. T. J. Johns, Mrs. Hugh Middleton. Education Committee: Mrs. C. E. Porter, Mrs. W. J. Milne, Miss Macgregor, Miss J. Ware, Miss Allison. Clothes Committee: Mrs. Ellis Pugh, Mrs. R. W. Wells, Mrs. F. Pollock.

The Charity Organization has sustained a great loss in the departure for England of our interpreter, Mrs. F. Wilchensky, who has served us faithfully for seven years. Mrs. Wilchensky is a British woman, Polish by marriage. Her knowledge of Russian and her untiring zeal in her work have been of great assistance to us. She has returned to her relatives in England after about forty years of absence. We wish her every happiness in her life there.

Mrs. B. S. Maklaevsky has been engaged as Assistant Secretary and Interpreter.

A number of difficult problems which have faced us in our work for years, have been solved by the splendid work of the Associated Charities. The organized relief given to Russians and the booklets have simplified our work considerably, *e.g.*,

(*a*). An applicant calls for a passage to some other port. He is told first to obtain assistance from his nationals and a booklet in which has been written the various sums donated by them. On presenting this, our contribution is given. A steamer ticket is bought by one of his national societies.

(*b*). Another applicant may be of a nationality whose Consul or national societies prefer not to use the booklets, but until he brings a recommendation from one of them he receives no help.

The advisability of this procedure may be illustrated by the following case. A Britisher brought a tale stating the writer would be willing to give him any assistance should we find the case deserving. When the man was given the addresses of the secretaries of his national societies and other Committees within whose jurisdiction his case would fall, he refused to call on them, saying he did not wish such charity. Investigation proved he was well known to them all, having been given help many times, but never keeping any employment found for him.

Mrs. Wheen, our Secretary, is in close touch with the secretaries of various charitable societies and committees, with whose help she is able to check up a number of persons who are making quite a good income by house to house begging. Her telephone number is 42516. Investigations are made at any time, if requested. We would consider it a favour if persons, on having applicants call at their homes for assistance, would telephone that number before giving any.

The total number of new applicants during the year amounted to 475, comprising the following nationalities:

Austrian	2	Filipino	1	Netherlands	1
Assyrian	1	Finn	1	Norwegian	6
Argentine	1	German	7	Poles	16
American	4	Georgian	1	Portuguese	9
Armenian	2	Greek	1	Roumanian	1
Australian	4	Hungarian	2	Russian	337
British	41	Italian	1	Swiss	1
Brazilian	1	Jugo-Slavian	2	Serbian	3
Canadian	2	Jews	11	Swede	1
Chilian	1	Korean	1	Turk	1
Czecho-Slovak	2	Latvian	4		
Esthonian	1	Malay	3		

The number of visitors to the rooms applying for help in some kind or another during the past year was as follows:

January	210
February	102
March	282
April	375
May	306
June	367
July	353
August	310
September	294
October	304
November	249
December	381
	3,433

General Relief.—Beside the large sum subscribed to Major Darby's Unemployment Fund, and various Xmas Charities, the following may be of interest:

Twelve families received hampers from individual sources and eight families received them from the Navy Y.M.C.A. The latter were delivered by the U.S. Marines themselves to addresses given by us. None of these families was included in Major Darby's list among whom were many of our unemployed.

Twenty-five children from the districts and the K.D.S. Nursery were taken by lorry and car, to the A.W.C. Xmas Party, held on 30th December, where they spent a very happy afternoon.

By the kindness of Mrs. E. M. Mark, children from the districts also enjoyed free cinema entertainments given on 17th December at the Isis and Paris theatres.

As resolved at a meeting of representatives from various charity committees held in November, 1931, a list was kept this year by our Secretary of the dates of Xmas parties and an effort was made to check invitations in order to have them evenly distributed among the poorer children.

In addition to the general relief given, it has been found necessary to form two sub-committees to deal with the growing work of education and distribution of milk in the districts.

The Education Committee's duties are to attend to the education of children whose fees we pay in part or full. Among these are orphans and children deserted by their parents. Special interest is taken in those leaving school, who are sent for extra tuition to commercial schools. In the "Municipal Gazette" report of the S.M.C. Education Board meeting the following paragraph *re* Thomas Hanbury School Hostel appeared:

> "In deprecating the fact that in the past insufficient care had been exercised in the selection of children admitted to this hostel, with the result that *bona fide* cases had not been able to obtain accommodation therein, members of the Board were informed that, as a result of the findings of the Commission of Enquiry, children would in future be admitted only if the King's Daughters' Society, as a result of investigation, put forward a favourable recommendation, and that preference would be given to the children of Settlement residents."

This investigation is supervised by our Education Committee, which is composed mainly of teachers from the various schools, who are able to give valuable information in addition to that supplied by our Secretary.

Milk is supplied, on the recommendation of the District Nurse, to persons needing extra nourishment, especially infants and children. The Milk Committee and the nurse supervise and check the supply and a personal touch is given by visits to each home.

The Committee in charge of the receiving and distribution of clothes have enlarged the work considerably. Through the kindness of Messrs. Oliviera & Son a large room above our offices has been given free of rent for this purpose. To those entirely destitute, the clothes are given free of charge, but from those able and willing to pay, a small donation, even as low as twenty cents, is accepted.

From January, 1933, this department will work independently. An Assistant Secretary and an Interpreter have been engaged to cope with the work.

The number of bundles of clothes received during the year is 421.

The number of persons and/or families who have received clothes is 1,066.

Time occupied at fires ..	310.17	11.18	2.26	324.01

Duty at places of amusement totalled 9,144 hours.

I deeply regret to report that 2nd. Class Fireman No. 357 (Wong Yu) was killed in the execution of his duty at a fire which occurred at No. 452 Kiangse Road on January 3. In company with other firemen, he was working a nozzle on the roof of a two-storeyed residence situated on the opposite side of an alleyway on the north of the outbreak when he lost his foothold, slipped on the wet roof, and fell a distance of approximately 40 feet into the compound below. He was promptly conveyed to hospital in a Brigade ambulance, suffering from head injuries and concussion of the brain, but was certified dead on admission.

A poignant feature of the tragedy was the fact that the father of the deceased—1st. Class Fireman 365—was working on the roof with his son at the time of the accident.

This is the first fatal accident to Brigade personnel since June, 1922, when 1st. Class Fireman-Carpenter No. 205 was fatally injured and burned subsequent to his being buried by a falling roof.

The Brigade was called to the outbreak by telephone at 07.12 hours and sections from Central and Foochow Road stations responded. On their arrival, the fire was found to have gained a firm hold on the wooden partitions and contents of the offices and showroom of Messrs. Reuter, Brockelmann & Co. in the north section of the third floor of the premises and was threatening to spread throughout the entire four-storeyed building. Jets were got to work from the fire installation in the building, the pressure therein being boosted by pumps through the pumping connection, while lines of hose were laid direct from Brigade pumps to the affected floor by way of the staircase. On its arrival, a large capacity pump, which had been called out from Central Station, was got to work and supplied powerful jets on the north and west sides of the outbreak.

Although, in the early stages, the spread of the fire to the lower floors seemed inevitable; this was prevented by the smart work of the detachments and it was confined to the northern section of the third floor, wherein, however, the damage was severe.

The other notable fires which the Brigade attended during the month were:—

D.108 Chaotung Road, Printing Works. — January 19, 02.04 hrs. Sections of Central Division turned out and found the rear portion of the ground floor of a printing shop a mass of flame and the first floor seriously involved.

The fire had evidently started in rear of the ground floor, amongst considerable quantities of waste paper, and spread up the staircase to the first floor, sections of which were used as living quarters for twenty young male apprentices. When the fire broke out they were undoubtedly asleep in the suspended lofts, which had been erected throughout the floor, and awoke to find the premises well alight and the staircase—their only means of egress—in flames. They were thus trapped, and when Central Division arrived they found them huddled on the verandah on the front of the premises. Ladders were quickly raised to the verandah and they were assisted to safety, a few, who were suffering from fright and the effects of smoke, being carried down the ladders by the firemen. One of the apprentices became so panic-stricken as the flames spread towards the verandah that he jumped into the street before the ladders were raised, whilst another attempted to descend by way of a water down-pipe, but lost his hold and fell. Both were conveyed to hospital in a Brigade Ambulance, the former apparently suffering from serious injury. During damping-down operations, the charred remains of a fifteen-year old boy was found on a suspended loft, where he had been trapped, apparently overcome with smoke.

With the exception of damage to the upper portion of a Japanese residence at the rear and very slight damage to a godown containing considerable quantities of spirits and oils adjoining on the east side, the outbreak was confined to the printing works, the first floor and portion of the ground floor of which were very badly damaged.

One officer was slightly injured during the fire.

Q40 North Chengtu Road, Cotton Ginning Mill.—January 30, 08.57 hrs. Sections of Sinza Division turned out in response to a telephone call, which was followed one minute later by a report from Sinza watchtower, and found the entire south section of the Koo Tien Zung Cotton Ginning Mill—a two-storeyed building of brick construction—well alight, with the flames spreading rapidly on both floors.

From 60 to 100 male employees had been trapped on the roof of the mill and many of them were making frantic efforts to escape by way of a metal chimney-stack at the north-west corner and straw ropes lowered into the alleyway on

the west side. Ladders and escapes were quickly extended to the roof and the remaining employees brought to safety.

At the outset the Brigade was greatly handicapped through lack of water, all hydrants in the vicinity being frozen and the water in the Soochow Creek being at its lowest ebb. The fire was rapidly spreading through the mill on both floors, while flames shot across the surrounding alleyways from many of the windows and seriously menaced a pig slaughter-house on the south and cotton godowns on the east and west, and consequently an assistance call for three additional large pumps, two turntables and a fire float from Central Division was given.

The greatest difficulty was experienced in thawing the hydrants in the vicinity, but eventually water was obtained from one on West Soochow Road, while the larger pumps, on their arrival, were got to work from the creek.

With jets on all sides, every effort was made to protect the surrounding property, and nozzles were operated from the roofs of the godowns on the east and west, whilst powerful streams were directed into the heart of the fire from a 3½-in. deluge set and a turntable used as a water-tower from the north side.

Efforts were made to work lines into the interior of the building by way of the main entrance, but in this the detachments were greatly hindered by the fact that the main staircases were blocked—one completely and the other partially—with bales of raw cotton, making ascent, under the circumstances, almost impossible.

Despite the difficulty experienced in obtaining water in the early stages and the fact that the inflammability of the building had been considerably increased by unauthorized structural alterations, the combined Divisions succeeded in bringing the outbreak under control and confining it to the ginning mill; this, however, was accomplished only after a very strenuous fight, which lasted more than 2½ hours.

The ginning mill suffered severe damage.

A detachment from the Chapei Brigade attended and rendered valuable assistance.

Two firemen were slightly injured during the operations.

HOTEL, RESTAURANT, TAVERN AND BEER LICENCES.

NOTICE is hereby given that a Committee of the Council, sitting as a Licensing Committee, will hold session in the Council Chamber, Administration Building, 209 Kiangse Road, on Thursday, March 23, at 4.30 p.m., to decide upon the number and locality of Foreign Hotels, Restaurants, Taverns and Beer-Sellers (for consumption on premises) to be licensed during the ensuing year.

Applications for new licences and in respect of all existing provisional licences, which will expire on March 31, must be forwarded to the undersigned on or before March 8. Applications received after that date will not be considered.

Thereafter, by public notification, an opportunity will be afforded to the public to protest against or support before the Licensing Committee the issue or renewal of any licence.

Forms of application are obtainable at the Revenue Office, Administration Building.

No new licences other than provisional licences will be issued during the twelve months ensuing and until the next annual session of the Licensing Committee.

By order,

J. R. JONES,
Secretary.

Council Chamber,

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, MARCH 10, 1933. No. 1414

COUNCIL THANKS G. O. C. CHINA COMMAND.

The following letter has been addressed to the General Officer Commanding British Forces, China Command, by the Secretary to Council:—

"The Commandant of the Shanghai Volunteer Corps has informed me of the great deal of trouble you have taken in testing the 2.75-in. gun which was sent to you in November last, and I should be glad if you would accept the Council's best thanks for all you have done in the matter and for the very valuable help and advice you have given.

"The Council appreciates very much the expert help which has been given in this and other similar matters, and is very conscious of the amount of time and trouble which has been placed at its disposal in keeping its Artillery up to date."

H.B.M. NAVY THANKED.

The Secretary to the Council has written to the Commander-in-Chief, H.B.M. Royal Navy:—

"I should be glad if you would accept the Council's best thanks for all that was done by the Royal Navy in assisting the Shanghai Field Battery to proceed to Hong Kong. The Council would be glad if you would inform the Commander of the Whitehall how much it appreciates his kindly action in welcoming the officers and men in his ship and all that he did for them on their way to Hong Kong.

"It is realized what a vast amount of work this must have meant for the officers and men of the Whitehall, who must have been greatly inconvenienced by having such a large number of soldiers travelling in the small space available."

LANDING PASSENGERS ON THE BUND.

The Traffic Committee of the Council has considered a letter from the Canadian Pacific Railway Company drawing attention to the congestion which exists at the Municipal Jetties adjoining the Customs Jetty, and the consequent difficulties attending passenger embarkation on tenders.

Departmental memoranda on this question were submitted to the Committee, and further discussion was postponed until a later date.

HOSPITAL COMMISSION'S REPORT ADOPTED.

Recommendations To Be Given Effect As Finances Permit

The Health Committee of the Council in June last gave preliminary consideration to the Report of the Hospital and Nursing Services Commission, and at a meeting held in December the Committee dealt with the capital requirements arising out of the recommendations submitted by the Commission, and the necessary appropriations therefor were recommended for inclusion in the current year's budget. At a meeting of the Health Committee on February 14, the Chairman stated that no definite recommendation had yet been recorded as to the adoption of the Report in whole or in part. Although he appreciated that existing financial conditions would preclude the Council from giving immediate effect to many of the Commission's major recommendations, he favoured a recommendation being recorded that the Report be adopted by the Council in toto.

A member observed that a portion of the General Hospital appeared to be unsafe and that during its rebuilding the Council might be called upon to provide additional hospital facilities. He, therefore, suggested that the necessity of giving early effect to the Commission's recommendation for the provision of additional general hospital facilities might be stressed.

After discussion, it was unanimously recommended that the Report of the Hospital and Nursing Services Commission be adopted and that its recommendations be given effect as and when financial conditions permit.

The Council at its meeting on March 1 adopted this recommendation.

CONSULAR INFORMATION.

A letter from Baron H. Ruedt von Collenberg, Consul-General for Germany, informs the Council that during his absence from Shanghai on leave Consul R. C. W. Behrend will be in charge of the Consulate-General at Shanghai.

GENERAL METERING BY WATERWORKS CO.

Following the meeting of the Council on February 15, negotiations were continued with the object of arriving at a solution of the difficulties which have arisen between the Waterworks Company and certain Chinese in regard to the adoption of general metering, and further suggestions, reports, etc., were circulated. At the Council meeting on March 1, as there appeared to be a reasonable prospect of a solution of this complex question being reached, it was decided that further discussion be deferred, and that those engaged in the negotiations on behalf of all parties be urged to continue their efforts to agree upon proposals for submission to the Council at its next meeting.

OVERTAKING VEHICLES ON BUBBLING WELL ROAD.

Present Regulation Will Continue In Force.

The Council on March 1 reviewed the minutes of the Traffic Committee meeting of February 17, and endorsed the recommendations (1) that the prohibition of motorcars overtaking on Bubbling Well Road east of Yates Road shall continue in force, and (2) that the tram stop opposite the Country Club be removed for an experimental period to the junction of Love Lane and Chinhai Road, where a wooden island will be constructed.

At a meeting of the Traffic Committee held at the end of last year, a member referred to the traffic regulation which prohibited cars overtaking other vehicles east of Yates Road. This regulation was imposed prior to the widening of the section of Bubbling Well Road opposite the Embassy Theatre, and he expressed the opinion that this widening had rendered the regulation unnecessary. The Commissioner of Police was asked to report upon this suggestion, and later he stated that he could not recommend a change in the regulation. In the opinion of the Traffic Department, the stretch of roadway between Mohawk and Yates roads was not suitable for the speeding that would take place if the suggested alteration in the regulation were made. Subsequently, the Committee endorsed the police view that no change should be made. A member of the Committee submitted a memorandum stating that he concurred with the Police Department as to the danger of a motor vehicle overtaking a tramcar. If, however, this could be prohibited he was still of opinion that a change should be made.

The Traffic Committee again discussed the question on February 17. In agreeing with the Commissioner of Police that the time which motorists would save by variation of this traffic regulation was negligible, members expressed the view that modification of the regulation prohibiting overtaking was not in the public interest.

Tramway Stop Near Country Club.

The Commissioner of Police submitted a report to the effect that he agreed with the Traffic Department that there was no suitable space either east or west of the present tramcar stop opposite the Country Club to which this stop could with advantage be moved. The stop in its present position was a source of danger and obstruction; the only solution to the difficulty appeared to be to abolish it. The Tramway Co. was opposed to this, and suggested that the stop might be removed to a position farther west opposite the junction of Love Lane and Chinhai Road.

Having regard to the danger constituted by this tramcar stop in its present position, the Committee unanimously recommended that, as an experimental measure and in substitution of the stop opposite the Country Club, a temporary (wooden) island be erected opposite the light standard at the junction of Love Lane and Chinhai Road.

TELEPHONES ON OUTSIDE ROADS.

At the meeting of the Council on March 1, the Secretary reported that the French Municipal Authorities had considered the draft of the proposed temporary agreement between the Shanghai Telephone Company and the Chinese Authorities in respect of the conduct of the telephone service outside the boundaries of the Settlement and Concession in areas in which roads had been constructed by the Shanghai Municipal Council. The French Municipal Authorities agreed that the additional rental payable to the Chinese Government Telephone Administration in respect of extra-Settlement subscribers to the Shanghai Telephone Company who paid the Foreign Settlement Council's Special Rate should be charged to the Tariff Revision Account and spread over the subscribers of the whole system. This rental was temporary and limited by the conditions to a maximum number of persons and to a period not exceeding one year. With regard to the royalty payable to the Municipality of Greater Shanghai, which to the end of 1933 was estimated at Tls. 14,200, the French Authorities would not agree that this should be borne in part by subscribers in the French Concession.

In the discussion by the Council, the view was expressed that it was not inequitable to require the extra-Settlement subscribers, who would benefit under the new franchise from the Chinese Authorities, to contribute towards the additional royalty charge.

MILK SUPPLY IN THE SETTLEMENT.

Facilities for Pasteurization of Grade "B" Product.

The Health Committee of the Council, after reviewing the measures taken by the Commissioner of Public Health to ensure the required standard of quality for milk produced within the Settlement and his proposal that the Council should erect a pasteurization plant of modern type with the view to rendering Grade "B" milk less a potential danger to consumers, requested the Commissioner to furnish a list of Grade "B" dairies showing the nationality of their proprietors and also the quantity of milk produced by each. This having been done, the Committee again debated the question of pasteurization of Grade "B" milk.

The Commissioner reported that two local firms had approached his Department with a view to considering the erection of a private pasteurization plant. He recommended the institution of a small Committee to consider this question in all its aspects.

In unanimously agreeing as to the desirability in the interests of public health of facilities being provided for the pasteurization of Grade "B" milk, preferably by private enterprise, members favoured the institution of a small Committee to consider and submit its recommendations on this proposal. Accordingly, it was recommended to the Council that invitations to serve on this Committee be addressed to Messrs. C. Burgess, A. J. Hughes, G. H. Wright and L. T. Yuan.

The Council has adopted this proposal.

HIRE CAR PARK ON BUND.

As an experiment, the Council has decided to reserve a portion of the space on the south side of the Customs examination shed on the Bund, at present allotted for the parking of private rickshas, for the parking of ten public hire cars. When the Traffic Committee recently considered an application for hire car parking space on the Bund, cars to be operated primarily for the benefit of ship passenger traffic, it was stated that the large space allotted for private rickshas on the south side of the Customs examination shed was very little used. Consequently, part of this space will be made available for the use of hire car companies generally, as an experimental measure. Members of the Traffic Committee agreed that the allocation of this particular, unused space for hire cars need not establish a precedent in respect of applications for similar facilities in other parts of the Settlement.

GRANT TO GIRL GUIDES.

The Finance Committee has approved provision in the 1933 Budget for a grant of Tls. 300 to the Girl Guides' Association.

INSPECTION OF SCHOOLS.

In a report submitted to the Education Board, the Commissioner of Public Health recommended that a portion of the cost of the inspection of schools by his Department be charged against the Education Budget.

In concurring that the cost of the staff employed on school inspection was an equitable charge on the Education Budget, the Treasurer and Controller reported that on the present basis this would entail a transfer of approximately Tls. 7,000 for the current year. The Assistant Treasurer added that this figure only covered the cost of the services of the outdoor employees engaged on inspection work and did not include the cost of the services of the senior officials.

In agreeing as to the desirability of the cost of the Council's educational programme being clearly shown in the Budget, it was recommended that for the current year a sum of approximately Tls. 7,000 be transferred from the Health Department to the Education Department Budget under this heading.

The Council has given its approval.

SCHOOL MEDICAL INSPECTION.

In regard to the appropriation of Tls. 40,000 included in the Public Health Department's estimates of Ordinary Expenditure under the above heading, at the Council meeting on March 1 a member suggested that it might be of assistance to the Finance Committee when considering the Budget in its final form if an expression of view were recorded by the Council as to the desirability or otherwise of this scheme being embarked upon.

In generally agreeing that the introduction of this scheme was highly desirable, members of Council appreciated that once begun the Council would become committed to increasingly heavy annual expenditure. Prior to recording any definite recommendation thereon it was requested that the relative reports furnished by the Commissioner of Public Health on this question be circulated for members' perusal.

DOOR OF HOPE AND CHILDREN'S REFUGE.

The Finance Committee has approved provision in the 1933 Budget of a grant of Tls. 3,500 to the Door of Hope and Tls. 3,000 to the Children's Refuge, the same as last year.

VOLUNTEER CORPS.

Russian Regiment.—The services of Major H. H. Thieme, Officer Commanding, Russian Detachment, terminated on March 1, 1933, and his temporary commission in the Shanghai Volunteer Corps accordingly lapses.

MEASURES TO PREVENT SMUGGLING.

Closure of Roads Discussed By the Council

The Council, on March 1, endorsed the minutes of the Works Committee meeting held on February 21, when consideration was given to proposed measures to prevent smuggling at Settlement wharves. The Commissioner of Customs had intimated to the Council that in order to safeguard the interests of revenue the Customs could no longer permit non-duty paid cargo discharged at wharves to be stored in warehouses separated by public roads from the wharves they served. In this connection applications had been made to the Council by certain shipping companies for the closure of the roads affected, sale or lease of these being suggested.

The Commissioner of Public Works stated that the roads involved and which served the wharves belonging to the Nippon Yusen Kaisha, the China Merchants Steam Navigation Co., Ltd., and the Shanghai & Hongkew Wharf Co., Ltd., were Yuenfong, Taiping, and North Yangtsze roads. These roads were little used by the public generally, and in his opinion the public would not suffer inconvenience if their use was restricted to wharf purposes. These roads might be leased to the adjoining owners at a reasonable rental and subject to reservations and reconsideration, say, after a period of three years. The cost of the maintenance of the road areas leased would fall upon the lessees, and a stipulation would be included in the lease that if and when the roads were taken back by the Council the cost of putting them into the same condition as when leased would be borne by the lessees.

The Chairman stated that, together with the Commissioner of Public Works, he had visited these roads and, with the exception of a few sampans which used the small jetties leading therefrom, it was apparent that they were used exclusively for wharf purposes. In his opinion the request made by the Customs Authorities was reasonable. He considered that a definite provision should be inserted in any leases granted enabling the Council to terminate them at, say, six months' notice.

The Committee decided that the closure of the road areas concerned was in the public interest. The matter will be the subject of further investigation and reports.

MUNICIPAL CEMETERIES.

Proposed Measures To Improve Pauper Section.

The Commissioner of Public Health having reported to the Health Committee that the pauper section of the Municipal Cemeteries presented a somewhat untidy appearance, consideration was given by the Committee to a proposal to improve this plot. The Commissioner suggested that the section be laid out as a lawn and that no mounds be permitted. To identify graves upon which no memorial is erected, he proposed that a small marking stone or marking peg be erected by the Council, and, in regard to stone memorials erected by relatives, he recommended that only a standardized design be permitted. The substitution of plain lawn which could be mown for a number of unsightly mounds would render the whole appearance of the cemetery very much more tidy. To obtain the desired improvement it was essential that various types of memorials should not be erected.

It was stated that in order to give effect to this recommendation it would be necessary to add the following regulation to those now in force for the Municipal Cemeteries:—

"Regulation No. 18—Mounds shall not be permitted in the Pauper Section, and the erection of memorials shall be limited to those described on the Memorial Permit."

On the Memorial Permit would be added:—

"The erection of a memorial in the Pauper Section is limited to temporary wooden or stone memorials (the latter only if due payment has been made in regard to burial expenses) according to the specifications which can be seen in the office of the Superintendent of Cemeteries."

Designs for memorials were before the Committee. Although not elaborate, they were of dignified appearance.

The Committee was favourably impressed by the Commissioner's proposal, which will be given effect by the Council unless serious public objection is expressed. In many towns in the United States a similar measure to that proposed has been adopted, with the result that cemeteries present the appearance of well-kept lawns.

HEALTH DEPARTMENT BUDGET, 1933.

The Council on March 1 passed for consideration by the Finance Committee the preliminary estimates of expenditure by the Public Health Department during 1933 as presented by the Health Committee.

Ordinary Expenditure.

In amplification of comment furnished by him on the preliminary estimates of ordinary expenditure, the Deputy Treasurer informed the Health Committee that as a result of further consultation with the Commissioner of Public Health it had been possible to effect further reductions, with the result that the increase over last year's figures had been reduced to Tls. 38,000, or 3 per cent. over the estimated expenditure for 1932. In respect of the increased personnel provided for, he had been assured by the Commissioner of Public Health that such became necessary to keep pace with the normal expansion of the Department's activities. It might be necessary to refer these additional appointments back to the Finance Committee for further consideration.

The Commissioner of Public Health stated that the increase in the inspectorial staff was primarily due to the demands of the new abattoir.

School Medical Inspection.—With regard to the provision of Tls. 40,000 for school medical inspection, in view of the existing financial stringency the Deputy Treasurer questioned the advisability of embarking on new schemes during the current year, when difficulty would be experienced in meeting existing obligations. He, therefore, suggested that this scheme might be deferred until 1934.

Replying to the Chairman, the Commissioner of Public Health stated that while he was prepared to withdraw this proposal solely on the grounds of financial stringency, he would be reluctant to do so having regard to the fact that this service was undertaken by municipalities the world over. The budget provision for this purpose was framed on a minimum basis, since during the first year activities would be confined to the collection and correlation of the necessary data.

Members of the Committee concurred with the Chairman that the Committee should view this question from the standpoint of the benefit conferred on the public and that decision as to deferment of adoption of this scheme owing to the exigencies of finance rested with the Finance Committee and the Council.

Having regard to the emphasis laid by the Hospitals Commission on the necessity for this service, in which view the medical members of the Committee unanimously concurred, and to the recommendation recorded by the Education Board, members favoured retention of this appropriation in the budget and expressed the hope that financial conditions would permit this service to be inaugurated during the current year.

Stock and Stores.—The Deputy Treasurer stated it had been necessary to transfer to extraordinary expenditure certain items amounting in total to approximately Tls. 58,000 and that in collaboration with the Commissioner of Public Health it had been possible further to reduce the total appropriation under this heading by Tls. 13,000.

Extraordinary Expenditure.

In accordance with the usual procedure, the various items in the Budget of Extraordinary Expenditure were classified as follows:—

(A). Those to which the Council had already agreed or were considered urgent.

(C). Those for which, having regard to financial and other considerations, no appropriation should be made this year.

The Deputy Treasurer observed that in considering the various items included in the Extraordinary Budget for 1933 it would be necessary to bear in mind that the ability to finance capital projects was of less importance than the ultimate reaction of such expenditure on the ordinary budget in the nature of Loan Service Charges. At the present time the Council's ordinary revenue was insufficient to meet the normal recurring expenditure, and failing an appreciable increase in revenue in the near future, it was inadvisable in his opinion to embark on fresh schemes of development, however desirable they might appear to be.

In view of such reaction on the budgets of Ordinary Expenditure during future years, he stated that it might be necessary, prior to the final balancing of the budget for the current year, to effect very definite excisions from the preliminary figures proposed by the various Committees for inclusion therein.

Land.—Appropriations, in the main nominal, were inserted for the purchase, when opportunity arises, of additional land to improve Municipal properties.

Buildings.

Abattoir and Cattle Sheds (balance of cost).—This appropriation was increased to Tls. 254,000 and marked "A." that for fittings and equipment being increased to Tls. 200,000 and also marked "A." A total appropriation of Tls. 180,000 to provide for a meat market and cold storage and for its equipment was marked "A." The nominal appropriation of Tls. 100 for pig slaughter equipment at the abattoir was marked "C."

Hospitals. — Recommendations that appropriations of Tls. 150,000 and Tls. 50,000 representing portion of cost of the Western District Fever Hospital and of the Mental Hospital respectively be marked "A" were previously recorded.

Three nominal appropriations of Tls. 100 for the Foreign Isolation Hospital, Infirmary and Staff Quarters were marked "C."

Mental Ward (Hannen Road).—Members endorsed the proposal of the Commissioner of Public Works that the expenditure involved by the erection of a new wall around this property be transferred to the Ordinary Budget.

Laundry.—A recommendation was recorded at the last meeting that an appropriation of Tls. 10,000, representing portion of cost, be marked "A."

Nurses Quarters.—The recommendation of the Commissioner of Public Works was approved that the expenditure to be incurred on the conversion of these quarters be transferred to the Ordinary Budget.

Victoria Nurses Home.—An appropriation of Tls. 380,000, representing balance of cost, was marked "A."

Branch Health Offices.

No. 3 Western.—This appropriation, representing balance of cost, was increased to Tls. 10,000 and was marked "A."

No. 1 Western (Tls. 17,500), and **Nos. 1 and 2 Northern** (nominal Tls. 100).—These two appropriations were marked "C."

No. 3 Eastern.—This appropriation was reduced to Tls. 10,000 and was marked "C", it being noted that its construction was contingent upon negotiations being concluded for the transfer of the Wayside Market to the adjoining site.

Pig Slaughter House Extension, Whashing Road.—This appropriation to provide for the extension of the present building on the south side was increased to Tls. 27,000 and marked "A."

Open Air Swimming Pool—Filtration Plant.—The appropriation of Tls. 3,000, representing balance of cost, was marked "A."

Markets.

Ferry.—Appropriations of Tls. 18,500 and Tls. 40,000, respectively representing balance of cost and for the construction of an additional floor were marked "A."

Wayside.—An appropriation of Tls. 120,000 was marked "A," the construction of this new building being contingent upon an exchange of areas being effected.

Sungpan.—An appropriation of of Tls. 9,000 for the extension of this market was marked "A."

Liaoyang.—The appropriation of Tls. 25,000 to provide for an additional floor was marked "C."

Peking.—An appropriation of Tls. 4,300 for additions and alterations to this market was marked "A."

Hongkew and Mohawk Vegetable Stores.—Tls. 500 each. These two appropriations were marked "A."

Subject to the usual adjustments by the Treasurer and Controller, the estimates of Extraordinary and Ordinary Expenditure were approved for submission to the Finance Committee.

The Chairman and members of the Municipal Council entertained Sir John Hope Simpson, Mr. T. K. Tseng and Dr. W. P. Wei, of the National Flood Relief Commission, to dinner at the Metropole Hotel on March 7.

17.—Samples shall be furnished by the licensee and/or dealer whenever required for examination or analysis by the Commissioner of Public Health, and if any food or drink kept, offered or exposed for sale, or sold, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption it will be seized and the licensee and/or dealer be liable to prosecution and the dealer to expulsion from the market.

18.—No spitting shall be allowed, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance to the food.

19.—No fruit or vegetables which are eaten raw shall be cut or peeled when kept, offered or exposed for sale or sold.

20.—No butcher's meat shall be kept, offered or exposed for sale, or sold, which has not passed inspection at the Municipal Slaughterhouse or at a slaughterhouse approved by the Council.

21.—No buffalo or horse meat shall be kept, offered or exposed for sale, or sold, unless specially marked in a manner approved by the Council, and the shop or stall shall bear a notice inscribed in a legible manner with letters not less than three inches in height in English and Chinese, and placed in a conspicuous position, indicating that such meat is sold therein.

22.—Stallman butchers not having a licensed foreign foodshop shall deposit their unsold meat in proper cold storage chambers and/or ice boxes after the closing of the market.

23.—Cold storage chambers and ice boxes shall be refrigerated in a proper sanitary manner, and only pure ice from a source approved by the Commissioner of Public Health shall be used.

24.—No hen pheasants or pheasants denuded of their feathers shall be kept, offered or exposed for sale, or sold at any time, and no cock pheasants shall be kept, offered or exposed for sale, or sold, between February 16 and September 30. No deer, hare, partridges or small birds shall be kept, offered or exposed for sale, or sold, between March 1 and September 30. The term "small birds" does not include snipe, quail, woodcock or wild fowl.

25.—All fowl, game, birds, frogs and other live stock shall be treated in a humane manner and every person shall avoid acting in such a manner as to cause, and shall adopt such methods and precautions as to prevent, the infliction of unnecessary suffering or pain to such live stock.

26.—The instructions of the officers of the Council charged with the inspection of markets and/or of the public food supply shall be obeyed.

27.—Free access to the market shall be given to officers of the Council charged with the inspection of licensed premises.

28.—No gratuity of any kind shall be offered or given to any employee of the Council.

29.—On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

FRUIT SHOP OR FRUIT STALL LICENCE.

NOTICE is hereby given that the Fruit Shop and Stall Licence will, with effect from April 1, 1933, be known as the Fruit Shop or Fruit Stall Licence, and that the following Definition and Conditions will be applicable from the same date:—

Definition.

This licence applies to all premises where "fruit" as hereinafter defined is kept, offered or exposed for sale, or sold, for human consumption. The term "premises" shall be held to include a fruit shop or a fruit stall. The term "fruit" shall be held to include melons, sugar cane (koen-sok), loo-sok, water chestnuts (di-lih), lotus root (ngeu), sweet potatoes (oong-sanyui), turnips (oong-lau-bok) and Tientsin lau-bok.

Conditions.

1. The licence is not transferable.

2. The licence number plate shall be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced, and the licence shall be exhibited in a conspicuous place inside the premises.

3. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4. The neighbourhood and immediate surroundings shall be healthy.

5. The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6. The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council.

7. No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8. The walls and ceilings shall be whitewashed in April and October each year and at such other times as may be considered necessary by the Commissioner of Public Health.

9. The premises shall be provided with proper sanitary conveniences if required by the Commissioner of Public Health.

10. On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

11. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

12. Fruit which is eaten raw shall not be cut or peeled when kept, offered, or exposed for sale, or sold.

13. No spitting shall be allowed within the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

14. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any fruit be found to be bad, impure, unwholesome, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.

15. Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

16. No gratuity of any kind shall be offered or given to any employee of the Council.

17. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,
J. R. JONES,
Secretary.

MUNICIPAL ADVOCATE'S REPORT FOR FEBRUARY.

The Municipal Advocate reports that the number of cases prosecuted in the Shanghai First Special Area District Court and the Kiangsu High Court, Second Branch, during the month of February was 9,249. In petty bye-law cases 5,850 persons failed to appear and their bail was confiscated. Fifty-three cases were withdrawn on the ground that there was insufficient evidence to convict. The total number of major and minor criminal cases prosecuted to completion was 3,346; 3,134 persons were convicted, and 212 acquitted. In addition to the above, there were 134 private criminal prosecutions, 345 cases instituted by the Health and Public Works Departments for violation of Health and Public Works Regulations, and 417 cases instituted by the Traffic Department for infringements of Traffic Regulations. 93.6 per cent. of the persons charged were convicted.

Appeals.—Two appeals to the High Court were filed by the Council during February. Three appeals by the Council were heard during the month; one was dismissed and in two the sentences were increased. Appeals by the Council pending on February 28 were as follow: in the Supreme Court, 3; in the High Court, 6.

Sixty-one appeals by defendants were perfected during the month, six to the Supreme Court, 44 to the High Court, and 11 to the District Court of Appeals. Sixty-six appeals by defendants were concluded and dealt with as follow:

Accused found not guilty	2
Appeals dismissed	39
Appeals withdrawn	6
Sentences increased	4
Sentences reduced	14
Cases sent back for retrial	1

There were 141 appeals filed by defendants pending on February 28, as follow: in the Supreme Court, 75; in the High Court, 60; in the District Court of Appeals, 6.

Extradition Cases.—Eighteen applications involving 24 persons were made by the extra-Settlement authorities during the month. Prima facie cases were proved against 18 persons and they were ordered to be handed over. One person was released on security to appear later when called upon, and one was released owing to the fact that insufficient evidence was produced by the authorities making the application. Three cases involving four persons were remanded for production of further evidence. Three applications involving eight persons on remand from January were dealt with during the month, six persons being handed over and two released on security. Three other applications involving three persons are still on remand from last month.

Military Men Cases.—During the month there were six military men cases. In five of these the Court took jurisdiction and proceeded to judgment. In the remaining case, the accused was handed over to the Chinese Authorities after a prima facie case had been proved.

Cases Pending.—On February 28 there were pending in the High Court and District Court 60 cases, which, together with 150 cases on appeal, make a total of 210 cases pending. In addition to the above, there were 14 cases pending in which the accused were detained on writs of detention.

PUBLIC LIBRARY.

The Library issued 5,176 volumes to subscribers during February, 4,568 of these being fiction and 618 non-fiction. 1,381 persons made use of the Public Reading Room during the month. The Library now has 635 subscribers.

ROAD EXTENSIONS AND WIDENINGS.

Chengtu Road.

With reference to the correspondence published in the "Municipal Gazette" of November 25, 1932, on the subject of the surrender of mow 1.100 of unregistered land east of Cadastral Lot 1089 required for the scheduled widening of Chengtu Road, the Council has now come to an amicable arrangement with the owner; further reference of this case to the Land Commission is thus obviated and the case has accordingly been withdrawn. The terms arranged for this surrender provide for payment by the Council of a lump sum of Tls. 43,500 as compensation for the required area subject to removal by the owner of all buildings standing thereon on or before August 1, 1933.

MUNICIPAL NOTIFICATION

NO. 4339.

FOOD AND DRINK STALL OR STAND LICENCE.

NOTICE is hereby given that the following amended conditions for a Food and Drink Stall or Stand Licence have been approved, and will be enforced from April 1, 1933:—

Definition.

The term "Food and Drink Stall or Stand" means any stall or stand used or occupied for the sale of approved foods and/or drinks for human consumption and situated elsewhere than in any regularly constructed building, and includes any authorized structure so used or occupied, whether permanent or temporary, other than a regularly constructed building.

Conditions.

1. The licence is not transferable.
2. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.
3. The design, construction, equipment and maintenance of the stall or stand shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.
4. No stall or stand shall be so situated as to constitute an undue obstruction.
5. The size of the stall or stand together with the working space shall not exceed 36 square feet.
6. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain in the premises.
7. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any food or drink kept, offered or exposed for sale, or sold, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.
8. No intoxicating liquor shall be kept or sold.
9. The licence shall be kept ready at all times for inspection by officers of the Council charged with the inspection of licensed premises.
10. No gratuity of any kind shall be offered or given to any employee of the Council.
11. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

WATCH MATTERS.

Preliminary Departmental Estimates Presented.

The Watch Committee on March 10 examined the preliminary estimates of expenditure during 1933 of the Shanghai Volunteer Corps, the Fire Brigade, and the Police Force. The minutes of the meeting were presented to the Council on March 15, when they were endorsed, the various items of expenditure to be set down in the draft Budget for consideration by the Finance Committee.

In accordance with the usual practice, the various items of Extraordinary Expenditure were considered by the Watch Committee in conjunction with the explanatory notes thereon by the Commissioner of Public Works, and were classified as follows:—

(A). Those to which the Council was already committed or were considered urgent.

(C). Those for which, having regard to financial, and other considerations, no appropriation should be made this year.

VOLUNTEER CORPS.

Extraordinary Expenditure.

BUILDINGS.

S. V. C. Kitchen.—An appropriation of Tls. 14,380 for the erection of new S. V. C. kitchens, etc., on roof (Miniature Range) and alterations to the S. V. C. Club, was marked "A."

Warrant Officers' Quarters.—An appropriation of Tls. 20,590 for the conversion of these quarters into stores, armoury, etc., was marked "A."

Mobilization Store.—An appropriation of Tls. 6,000 to provide for a mobilization store for barracks furniture, etc., which it was proposed to erect at the P.W.D. Buildings Depot in Gordon Road was marked "A."

The following two appropriations were marked "C." Erection of new Warrant Officers' Quarters on the roof of the Administration Building, Tls. 11,000; Erection of Barracks, etc., for Russian Unit, S.V.C. on roof of Garage Block, Tls. 26,520.

Ordinary Expenditure.

The Treasurer and Controller stated that, having carefully examined the figures as originally submitted, and as a result of consultations with the Commandant, certain adjustments had been effected, with the result that the estimated requirements of the Corps for 1933, excluding stock and stores, now amounted to Tls. 266,270 for the Volunteer Units and Tls. 285,760 for the Russian Detachment. These figures represented increases over those for last year of 32.36 per cent. and 47.55 per cent. respectively.

Stock and Stores.—The Treasurer stated that certain adjustments to the items under this heading had been agreed between the Commandant and himself. As a result purchase of certain articles would be deferred, and in respect of the emergency mobilization scheme the cost of certain equipment required thereunder would be transferred to the budget of Extraordinary Expenditure.

FIRE BRIGADE.

Extraordinary Expenditure

LAND.

Sinza District Station.—Upon the Chief Officer stating that, in the event of the Headquarters Depot and Station being established at the Amoy Road Gaol, this item could be deleted, the nominal appropriation of Tls. 100 was marked "C."

BUILDINGS.

Central District Station.—An appropriation of Tls. 165,000, representing portion of cost, was reduced to Tls. 100,000 and marked "A."

Wayside District Station.—An appropriation of Tls. 100,000, representing portion of cost of the station to be erected on Cad. Lot 1923 at the corner of Ward and Paoting roads, was marked "C."

Yangtszepoo District Station.—As it might be possible to utilize a portion of Yangtszepoo Police Station when it was vacated later in the year as married quarters and as an ambulance bay and quarters, appropriations of Tls. 18,000 and Tls. 2,500 respectively were marked "C." It was noted that a small appropriation under Ordinary Expenditure might be required later in the year for the adaptation of these quarters when occupied by the Fire Brigade.

The following two appropriations were marked "A"; Covered way on west side of station, Tls. 500; extension of the engine room on east side, Tls. 2,500.

Cadets' Quarters (various stations), Tls. 7,500.—As it might be possible to accommodate cadets in the Yangtszepoo Police Station when vacated, and as it was considered desirable to defer provision of quarters at Bubbling Well and West Soochow Road stations, this total appropriation of Tls. 7,500 was marked "C."

Nanking Road Sub-Station.—An appropriation of Tls. 9,500 to provide a building of a temporary nature required to assist in serving the Central District during the construction of the new Central Station and after the removal of the Foochow Road Station, was marked "C."

Point District Sub-Station, Tls. 3,500.—This appropriation to provide for a building of temporary construction to house one machine and the necessary crew pending the erection of a permanent station in this district, was marked "A."

Pontoon (nominal Tls. 100).—Upon the Commissioner of Public Works stating that the various aspects of the question of the requirements of the Bund frontage were now under consideration and suggesting that the above provision be deferred, this appropriation was marked "C."

It was noted that a small appropriation under ordinary expenditure might be recommended during the year to provide a small cooking shed on the existing pontoon in order to obviate the risk at present run by cooking being undertaken on the firefloat.

Ordinary Expenditure.

In amplification of the detailed information contained in this report, the Treasurer and Controller stated that in conjunction with the Chief Officer it had been arranged in the interests of economy that, although the authorized establishment of 30 Sub-Officers remained unchanged, the actual working personnel would be restricted to 27 during the current year, as compared with 25 during 1932.

In respect to the Ambulance Service, the Chief Officer had agreed to the Treasurer's suggestion that the purchase of an additional ambulance be deferred.

The total amended estimated requirements of the Brigade, excluding stock and stores, amounted to Tls. 782,560 as compared with Tls. 740,830 for 1932. This represented an increase of 5.63 per cent.

Stock and Stores.—As the Chief Officer was contemplating an extensive tour of the various fire brigades in Europe and America during his long leave with a view to obtaining the latest information as to modern fire fighting appliances, etc., he had agreed to the excision of various items as enumerated in the report submitted by the Treasurer and Controller. The estimated provision of Tls. 191,540 was in consequence reduced to Tls. 109,400; of which total Tls. 76,300 representing plant, the economic life of which was of comparatively long duration, would be a charge to Extraordinary Expenditure.

POLICE FORCE.

Extraordinary Expenditure.

LAND.

Gaol Annexe.—Cad. Lot 1641, Eastern. — An appropriation to provide for the purchase of a narrow strip of land to give the Gaol Annexe an unbroken frontage to Alcock Road, was marked "A."

Western Police Depot.—An appropriation to provide for the cost of acquiring the remaining area of one mow required to round off this site, was marked "A."

BUILDINGS.

The following appropriations were marked "A:"

Central Station (portion of cost), Tls. 350,000.

South Station (portion of cost), Tls. 250,000.

Point Station (balance of cost), Tls. 180,000.

In respect to the last item, the Commissioner of Public Works stated that this figure should be increased by approximately Tls. 10,000 to provide for the removal to this station of the dog kennels from

Yangtszepoo Station. The Committee approved of the necessary adjustment to this appropriation being made by the Treasurer and Controller.

Pootoo Road Station—Extension.—Upon the Commissioner of Police expressing his agreement with the proposal put forward by the Commissioner of Public Works that this item be deferred and this provision be reviewed in all its aspects, the appropriation of Tls. 25,000, representing portion of cost, was marked "C."

Louza Station—Extension.—This appropriation of Tls. 23,000 was marked "A."

Sinza Station—Extension.—This appropriation of Tls. 10,000 to provide for a new block to contain foreign and Chinese cells, detention room and a garage for radio van and motor cycles, was marked "A," it being noted that this figure might be reduced if it were found possible to utilize the garage of the Sinza Fire Station upon its being vacated. The Commissioner of Public Works undertook to consult the Commissioner of Police as to this.

Bubbling Well Station.—Appropriations of Tls. 42,000 and Tls. 5,000 for extensions and offices respectively, were marked "C."

Kashing Road Station.—As no site was available for this building the nominal appropriation of Tls. 100 was marked "C."

Gordon Road Station.—A nominal appropriation of Tls. 100 for boundary wall was marked "C," that of Tls. 5,500 for alterations and additions being marked "A."

Hongkew Station. — Appropriations of Tls. 100 (nominal) and of Tls. 3,500 to provide for extension and garage respectively, were marked "C."

Police Hospital.—An appropriation of Tls. 17,000, representing balance of cost, was marked "A."

Barracks.—The following appropriations, representing balance of cost, were marked "A": Foreign Married Quarters, Tls. 285,000; Cell Block R/s, Tls. 45,000; Juvenile Block, Tls. 45,000; Extension to Laundry and Kitchen Block, Tls. 20,000; Gaol Hospital, Tls. 15,000; Administration Block, Tls. 25,000; Indian Warders' Quarters, Tls. 20,000.

Appropriations of Tls. 65,000 and Tls. 100 (nominal) for Extension of Administration Block and Foreign Single Quarters respectively, were marked "C."

Foreign Gaol.—An appropriation of Tls. 250,000, representing portion of cost of this building, designs for which had been prepared, was marked "A."

Chinese Quarters.—Conversion.—An appropriation of Tls. 25,000 required for remodelling the Indian Warders' Quarters for use as quarters for Chinese Warders, was reduced to Tls. 10,000 and was marked "A."

Reconstruction of Cell Block A/B.—An appropriation of Tls. 220,000 for the rebuilding in reinforced concrete of the existing brick and timber structure was reduced to Tls. 150,000, representing portion of cost, and was marked "A."

Remand and Detention Block.—An appropriation of Tls. 220,000 was reduced to Tls. 150,000, representing portion of cost, and was marked "A."

Cell Blocks F/G and H/I—Extension.—For the extension of the staircases to the roofs and the construction of parapet walls around the flat roofs to provide additional exercise and drying space, an appropriation of Tls. 11,000 was marked "A."

Recording System.—A supplementary estimate of approximately Tls. 10,000 submitted by the Commissioner of Public Works to provide for a recording system in connection with the duties of warders, etc., was marked "A."

Ordinary Expenditure.

The Treasurer and Controller reported that the preliminary estimates had been compiled on a similar basis to those of former years and, after giving effect to certain adjustments that were found to be necessary, amounted to Tls. 7,066,930, a figure approximately Tls. 392,500 in excess of the budget total for 1932. The Treasurer added that the police budget requirements were directly influenced by the authorized establishment of personnel. He had closely examined these estimates in conjunction with the Commissioner, and the adjustments which had been effected should not be detrimental to the efficiency of the Force. For comparative purposes the Treasurer stated that the cost of the Force for the current year represented an increase of 84 per cent. as compared with the expenditure incurred during 1929; in respect of the expenditure on Gaols the estimated expenditure for 1933 represented an increase of 96.5 per cent. over the figure for 1929.

During the current year the recruitment from abroad of 30 Probationary Sergeants to restore the foreign branch of the uniform personnel to its authorized strength was provided for. Compared with the figures for 1932, those for the current year in respect to the cost of engagements, passages, etc., showed an appreciable increase. Although provision was made for the maintenance of the authorized establishment of the foreign personnel, it was unlikely that the total figure budgetted for would be expended, since in practice it was found that resignations, dismissals, etc., resulted in a reduction under this heading. Before the budget was prepared in its final form the Treasurer proposed to consult further with the Commissioner in order to ascertain whether further reductions he had in mind could be effected without prejudicing the efficiency of the Force.

With regard to Stock and Stores, the Treasurer referred to an item of Tls. 28,000 for the purchase of electric refrigerators, provision therefor having been excised from the Police Estimates in 1931 on the ground of cost. If this expenditure were approved in principle he suggested, and members concurred, that the cost involved could more appropriately be borne by the Extraordinary Budget as Plant and Equipment.

In view of the fact that these installations were required to replace the old fashioned ice-boxes in police messes, members regarded their provision as advisable in the interests of health. They accordingly approved this appropriation which it was noted would involve an adjustment in the allowance for ice supplied from the Recreation Fund.

Subject to the above observations and to the usual adjustment by the Treasurer and Controller, the Estimates of Extraordinary and Ordinary Expenditure were approved for submission to the Finance Committee.

PUBLIC LIBRARY PLANS FOR NEW PREMISES.

Increase in Appropriation for Books Recommended.

The Library Committee at a recent meeting viewed the plan prepared by the Public Works Department showing the proposed layout of the new premises for the Library at the Kelly and Walsh building. Subject to minor changes, the plan was approved.

Estimates for 1933.

The Committee considered the draft estimates for the current year which had been prepared by the Finance Department, and these have now been passed by the Council for consideration by the Finance Committee.

Insurance. — The usual appropriation of Tls. 40 was inserted under this heading. For members' information, the Deputy Treasurer undertook to furnish a report showing the sums in which the books and the furniture of the Library were insured.

Books.—In respect to the appropriation of Tls. 1,900 for the purchase of books, the Chairman was of opinion that this sum was insufficient to provide for the public demand. As the Committee's aim was to popularize the Library, and as an adequate supply of new books was essential to attract additional subscribers, he regarded an increase in this appropriation as most desirable. Having regard to the increase in the number of subscribers during the past year, and as it was anticipated that upon the removal of the Library to its new premises the number of new subscribers during 1933 would exceed that for 1932, members unanimously recommended that this appropriation be increased to Tls. 2,400.

Relative to the above, the figure under the heading "Receipts" was increased from Tls. 4,400 to Tls. 4,600.

Binding.—This appropriation was increased from Tls. 600 to Tls. 700.

Fines.—In respect to fines imposed for non-return of books on due date, the Deputy Treasurer undertook to supply for members' information a statement showing the amount of income from this source during the preceding six months.

Steel Book-Shelves.—In connection with the fitting up of the new Library premises, the Librarian recommended that steel book cases be purchased to replace the existing wooden ones. She submitted an estimate of Tls. 138 per stack, it being noted that to accommodate all the books twenty-two stacks would be necessary.

In view of the difficulties which were being experienced in connection with the balancing of the 1933 Budget, the Treasurer and Controller was unable to support the proposal for the purchase of steel book-shelves and he suggested that the total cost of moving the Library be limited to the sum already authorized, i.e., Tls. 2,000.

Replying to the Chairman, the Deputy Commissioner of Public Works stated that the existing wooden book-shelves were serviceable for a further period of two years, and, upon their removal to the new premises, their top corner pieces would be removed to render their appearance more modern.

After discussion, and having regard to the existing financial stringency, members agreed to defer recommendation for the purchase of steel book-shelves during the current year.

Dewey Decimal System.

The recommendation of the Librarian, endorsed by the Treasurer and Controller, that, to replace the 1899 edition, the latest edition of the Dewey Decimal Classification and Relative Index be purchased at a cost of $70 and the cost debited to the annual appropriation for books, was approved.

Purchase of Books.

An application was made recently by the Council's London Agents to be permitted to obtain books for the Public Library. As the information furnished by Messrs. Pook & Co. relative to the terms upon which they were prepared to supply books was not sufficiently clear to enable a comparison to be made between the cost involved by obtaining books through them and that incurred by purchase locally as at present, the Deputy Secretary was requested to obtain from the London Agents a definite quotation for one modern work of fiction and one modern work of non-fiction. Pending receipt of this further information, consideration of any change in the existing arrangement for the purchase of books was deferred.

PARKS REPORT FOR FEBRUARY.

The Superintendent of Parks and Open Spaces reports:—

Jessfield Park.—Operations connected with the partial re-design of the rose garden and the incorporation of this area into the park were commenced, a bamboo fence being removed and an additional pathway laid out.

Seasonal work in the garden and the raising of areas earmarked for the planting of additional rose groups was also commenced.

The transplanting of numerous large deciduous trees in various sections of the park to prevent overcrowding and the planting of additional groups of shrubs in the Alpine and Water gardens were carried out.

Hongkew Park. — Three large Ulmus parvifolia were transplanted; this work was rendered necessary owing to the fact that the trees had become waterlogged and their loss was anticipated in consequence.

It is proposed to raise the area vacated by the above and plant a collection of the genus Quercus in the near future.

Wayside Park.—Operations were commenced in connection with the re-design of the lily pond site, additional pathways and flower beds being laid out.

Flower borders were also laid out along both sides of the main entrance pathway and several specimen trees, shrubs, and roses were transplanted.

Nanyang Road Children's Playground.—Operations in the above garden progressed favourably, sections being raised, turf laid, trees and shrubs transplanted, a matshed shelter erected, and cement verges constructed.

General. — Climatic conditions were favourable towards the end of the month for the planting of hardy annuals in the various parks and this work received attention.

Re-turfing operations were commenced in all parks and the pruning of roadside trees continued, trees in Avenue Road and Avenue Foch being spur pruned.

WORKS REPORT FOR FEBRUARY.

The Commissioner of Public Works reports progress with the bunding in Fearon Road and with the construction work at Chemulpo Wharf. Work on the second storey at the Ferry Market has been started and column steel and second floor shuttering are in progress, while the drainage work has been completed. The Gaol Extension works have been advanced as follows:—

At the Administration Block the iron doors to the Property and Armoury rooms have been fixed, and painting of grilles to ground floor is in progress. The heating, sanitary and electrical installations have been completed, and work is proceeding on the laying of sewers and connections and trenches for underground electric cables.

At the Indian Warders' Quarters the construction of underground trenches for heating pipes to the Administration Block is in hand. All work on the block is completed and the furnishings are in preparation.

At the Gaol Hospital the terrazzo shelves and tiling are being fixed and the grilles to the padded cells are being installed. The heating and sanitary installations are nearing completion and the general finishing of the building and furnishings are in hand.

At the Kitchen and Laundry Block the steel casements to kitchen have been installed, and the new north staircase has been erected. The expanded metal partitions and grilles on ground floor, first and second floors and hand lifts have been fixed. The terrazzo dado to first and second floors has been laid.

At the main entrance gates, garages, watchman's house, etc., the concrete has been poured to main entrance gate slabs and beams, and the excavation to column footings of the waiting shed has been commenced.

At the Gaol Foreign Quarters concrete to the first floor slab has been poured, and the timber shuttering for the second floor is being erected.

Work at the Point Police Station and Barracks and at the Chengtu Road Police Station has advanced considerably during the month, while at the Victoria Nurses Home the hammer dressing of the concrete and the rendering of the plaster work to the external walls are in progress. The terrazzo is being laid to the verandahs. The fixing of hardware and glazing of windows are in hand. The boilers and calorifiers have been delivered and placed in position, and the contract for wood-block flooring has been let.

At the Western District Public School for Boys, Yuyuen Road, the walls have been erected to the level of the ground floor window sills.

Wayside Public Wharf. — The following figures relate to the lifts effected by the electric crane at Wayside Public Wharf during the month:—lifts 104; weight, 153 tons; fees paid, Tls. 45.05.

Pingchiao Quarry.—The Public Works Department received 915.67 fong of materials during the month.

Cleansing and Watering.—Road sweepings collected, 2,047 tons; gully deposit removed, 2,092 tons; water used for street watering by mechanical water wagons, 157,600 gallons; water used for washing roads, 1,281,600 gallons.

House Refuse.—82 tons of house refuse were removed by motor trucks and 3,075 tons by barrows, etc., to Western and Eastern districts for land raising. 11,771 tons of house refuse were taken away by contractor's boats. 3,755 tons of house refuse and 315 tons of road sweepings were sent to Muirhead Road Incinerator. 3,650 tons of house refuse and 996 tons of road sweepings were sent to Penang Road Incinerator.

Labour.—The average number of labourers employed by highways, sewerage, and parks was as follows: —coolies, 6,017; artisans, 482; foremen, 418.

Concreteware. — The following have been produced during the month: hand made, 4,929 pieces; machine made, 3,120 pieces.

Work Shelters.—There were 656 admissions during the month and 250 cubic feet of stone broken and 23 bundles of wood chopped.

New Buildings.—During February there were 342 blocks of buildings under construction, 180 plans were submitted for approval, and 80 approved. 29 valuations of blocks of buildings for assessment purposes were made, and 3,505 inspections made by inspectors.

FRUIT SHOP OR FRUIT STALL LICENCE.

NOTICE is hereby given that the Fruit Shop and Stall Licence will, with effect from April 1, 1933, be known as the Fruit Shop or Fruit Stall Licence, and that the following Definition and Conditions will be applicable from the same date:—

Definition.

This licence applies to all premises where "fruit" as hereinafter defined is kept, offered or exposed for sale, or sold, for human consumption. The term "premises" shall be held to include a fruit shop or a fruit stall. The term "fruit" shall be held to include melons, sugar cane (koen-sok), loo-sok, water chestnuts (di-lih), lotus root (ngeu), sweet potatoes (oong-san-yui), turnips (oong-lau-bok) and Tientsin lau-bok.

Conditions.

1. The licence is not transferable.

2. The licence number plate shall be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced, and the licence shall be exhibited in a conspicuous place inside the premises.

3. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4. The neighbourhood and immediate surroundings shall be healthy.

5. The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6. The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council.

7. No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8. The walls and ceilings shall be whitewashed in April and October each year and at such other times as may be considered necessary by the Commissioner of Public Health.

9. The premises shall be provided with proper sanitary conveniences if required by the Commissioner of Public Health.

10. On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

11. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

12. Fruit which is eaten raw shall not be cut or peeled when kept, offered, or exposed for sale, or sold.

13. No spitting shall be allowed within the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

14. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any fruit be found to be bad, impure, unwholesome, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.

15. Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

16. No gratuity of any kind shall be offered or given to any employee of the Council.

17. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

HEALTH REPORT FOR FEBRUARY.

The Commissioner of Public Health reports:—

The foreign death rate was 14.21 as compared with 13.07 last month, and the Chinese death rate was 16.99 as compared with 14.79.

The increase of 1.14 in the foreign death rate over last month is due mainly to an increase in deaths from tuberculosis and pneumonia. The total number of deaths from pneumonia was 14 and it was ascertained that he number of admissions for pneumonia was above the average during the month.

There were 11 deaths from communicable diseases.

The deaths of 1,489 Chinese residents have been recorded. This figure is larger by 262 than the total for last month. Whilst deaths from tuberculosis also increased slightly, the increase in the main is due to the discovery of a larger number of unclaimed exposed corpses than usual.

Births.—32 resident foreign birth notifications were received during the month.

A total of 153 Chinese birth certificates were received, of which number 114 related to the Settlement. Improvement in regard to this section of statistical information must await the registration of hospitals and midwives.

There were 10,909 smallpox vaccinations performed during the month, 7,323 being performed by the Mobile Squad and 2,686 at the various Branch Health Offices. These figures show an increase over the previous month, several commercial firms having applied for vaccination of their staff, while the quarantine regulations of neighbouring countries have resulted in many requests for certificates of vaccination.

Communicable Diseases.—Statistical information will be found in the tables, at the end of the report, but it is noted that the chief communicable diseases were scarlet fever, tuberculosis, smallpox, diphtheria and cerebrospinal fever, whilst influenza, the typhoids and dysenteries, and measles were also recorded.

The recent increase in cases of influenza is worthy of note, and a repetition of what is to a certain extent common knowledge seems appropriate at the present time.

In general it may be said that although the disease manifests wide divergence in severity in individual cases, the main danger resides in the possible development of a pneumonia, which frequently proves fatal. Furthermore, there is almost invariably some depression of physical and, more especially, mental powers during convalescence, and general efficiency is decreased thereby sometimes for weeks or months. It is advisable therefore not to regard influenza as a variety of the common cold, but to treat it with the respect it demands.

Pathological Laboratory.

The total number of general pathological examinations numbered 1,577. Outstanding figures are 555 diphtheria with 72 positive results, 355 ova of helminths with 99 positives, 153 tuberculosis with 21 positives. 278 Wassermann tests were also performed.

Pasteur Treatment.—39 persons, including two from outports, called for advice, cauterization and/or treatment, and in 37 cases treatment was advised.

Hospitals Division.

The definite increase in the number of cases admitted to the foreign and Chinese isolation hospitals is due to scarlet fever, though in the Chinese Isolation Hospital the most noteworthy disease was cerebrospinal fever.

The tuberculosis ward was full all the time, and this disease was responsible for five deaths.

Two cases of leprosy in the Chinese Isolation Hospital do not seem to make any improvement in spite of treatment.

Veterinary Surgeon's Report.

Milk Supply.—The average daily milk production was 26,170 lbs., a slight decrease (0.2 per cent.) as compared with last month's figure.

The number of samples taken for chemical analysis and bacteriological examination was slightly higher than usual, which is accounted for by the licensing of the new Li Yuen Dairy, Chun-san Road, and re-opening of the former Wei Lee Dairy, now known as the Wei Lee Hoh Kee Dairy, under new management. In addition, several special samples—buffalo and native cows milk—have been dealt with. The results of the analysis and examinations were satisfactory; details may be seen in the report form.

Cattle Diseases.—In addition to the now common communicable diseases—contagious pleuro-pneumonia, rinderpest, tuberculosis, and anthrax which claimed 19 animals,—an outbreak of piro-plasmosis, showing the characteristics of Texas fever, occurred during the month. The outbreak was easily checked by specific treatment, and only six animals succumbed.

Twenty-seven animals were disposed of at the Municipal Disposal Plant, for which a compensation of $377.97 was paid.

Markets, Bakeries and Food Shops.

Markets.—Constant supervision of the markets has maintained these supply centres at a very satisfactory standard. Business showed a depression after the Spring holidays, but trade picked up about the middle of the month.

Scales and weights were regularly tested, and only in one case was a summons necessary.

Sanitation Division.

The inspectorial staff of this Division have been kept busy checking up on communicable diseases notifications, and also in the vaccination campaign work against smallpox.

The work of renovating and cleansing the Open Air Swimming Pool is in hand.

Departmental inspection of schools and factories has proceeded without interruption.

Here follow tables of Vital Statistics, Communicable Diseases, and of the work of the Food and Dairies, and Markets and Bakeries Division; Tuberculosis and Venereal Diseases Clinics; Municipal laboratories, Hospitals and Slaughterhouse.

Laboratory Report on Water

Sample of Shanghai Waterworks water

Sample received.—February 27, 1933.
Report sent out.—March 1st 1933.

Physical Characters.—Faint yellowish green colour with very slight opacity.
pH value 7.0.
Chemical Examination:—

	Parts per 100,000
Solid matter in solution	18.2
Appearance on ignition	slight charring
*Total Hardness :	10.0
(a) Carbonated (temporary)	8.5
(b) Non-carbonated (permanent)	1.5
Chlorine in Chlorides	3.7
Nitrogen as Nitrates	0.0486
Saline ammonia	0.0599
Albuminoid ammonia	0.0135
Poisonous metals	Absent.
Nitrites	Faint trace
Phosphates	Absent.
Sulphates	Trace
Oxygen absorbed in 1 hour at 37° C.	0.0666

*Hardness determinations are by acid and alkali ; not by soap method.

Chlorine in chloride figures have varied between 2.6 and 5.0 parts per 100,000, the higher figures appearing during the middle period of the month. Ammonia figures have been higher than normal and nitrites occasionally present in traces. Free chlorine has varied from 0.10 to 0.20 parts per million in samples taken from the laboratory taps and from 0.05 to 0.4 parts per million in samples taken at other points.

Bacteriological Examination:—

During the month 32 samples were examined, 28 from taps in various parts of the Settlement and 4 from hydrants, all of which contained less than 10 organisms of the B. Coli group per litre.

Report on Analysis:—

Samples showed highly satisfactory purity in mains and taps.

REGULATIONS FOR THE REGISTRATION OF MEDICAL PRACTITIONERS, DENTISTS AND VETERINARY SURGEONS

執業醫師牙醫及獸醫註册條例 (華文詳後)

PART I.

1. A Medical Board to be termed The Shanghai Medical Board shall be established by the Shanghai Municipal Council in consultation with the principal national medical societies.

2. Such Medical Board shall, on election, serve for a period of two years with effect from April 1, 1931 and in all respects function as a Special Committee.

3. The Medical Board consists of :—

(a) The Commissioner of Public Health.
(b) One medical practitioner to be nominated by the Municipal Council.
(c) Seven medical practitioners, dentists or veterinary surgeons nominated by :
The Shanghai Medical Society
The China Medical Association
The National Medical Association of China
The Japanese Medical Society
The German Medical Society
The Russian Medical Society and
The Medical Practitioners' Association of Shanghai respectively.

The Shanghai Municipal Council may, by Notification in the "Gazette", increase the number of members of the Medical Board and may provide in what manner the additional members shall be appointed.

4. The Commissioner of Public Health shall be the Chairman of the Medical Board and shall have a casting vote.

5. The Medical Board shall meet from time to time as the Chairman may direct and four members shall form a quorum.

6. The Medical Board may frame rules for the conduct of its business.

7. If a vacancy occurs on the Board, the members may co-opt any medical practitioner, dentist or veterinary surgeon approved by the Shanghai Municipal Council to fill the vacancy.

8. A Register of medical practitioners, dentists and veterinary surgeons shall be kept by the Registrar, who will be appointed by the Shanghai Municipal Council, on the recommendation of the Commissioner of Public Health. The Registrar will also act as Secretary to the Board.

9. A fee of $2 shall be charged for each registration. No fee shall be charged for the registration of any medical practitioner, dentist or veterinary surgeon in the service of the International or French Municipal Councils, or Chinese Government, provided the application is made by a responsible authority.

10. The Registrar shall, at least once in every year, as soon as convenient after the first day of January, publish in the "Gazette" a list showing the names, sex, nationalities and qualifications of all registered medical practitioners, dentists and veterinary surgeons.

11. The publication of such list shall be prima facie evidence that the persons named therein are registered medical practitioners, dentists and veterinary surgeons, approved by the Shanghai Medical Board.

The absence of the name of any person from such list shall be prima facie evidence that such person is not so registered.

12. The following persons shall be entitled to registration under these Regulations :—

The holder of any degree, diploma or licence in Medicine, of any Medical, Dental or Veterinary School of Europe, the U.S.A., British Colonies, South America, China or Japan, the degrees, diplomas and licences of which are recognized by the Registration Authority of the nation concerned, but in the case of Foreigners, subject to the approval of the Consul having jurisdiction; and in the case of Chinese or Foreigners having no Consular representation, subject to the approval of the Department of Health of the National Government.

13. If any person applying for registration has been convicted of any heinous offence, or, after due enquiry by the Medical Board, is deemed by it to have been guilty of unprofessional conduct, the Medical Board may refuse to enter the name of such person upon the Register.

14. Upon any such enquiry the person against whom such offence or conduct is alleged shall be entitled to appear and be heard.

15. If any person applies for registration whose credentials are not completely in conformity with Paragraph 12, the Medical Board shall consider such application on its own merits. Should the Medical Board, for this or other reasons, refuse registration, the person concerned may appeal to the Municipal Council through his Consular Authority, or in the case of Chinese or Foreigners having no Consular Authority, the Department of Health of the National Government.

16. Every person registered under these Regulations who has obtained any higher degree or qualification other than that in respect of which he has been registered shall be entitled to have such higher degree or additional qualification inserted in the Register substituting, or in addition to, qualifications previously registered without further payment.

17. No certificate or other documents ordinarily signed by a duly qualified medical practitioner permitting interment or cremation of a body will be accepted by the Shanghai Municipal Council unless signed by a person registered under these Regulations.

18. All Army, Navy or Government Medical Officers, Dentists or Veterinary Surgeons temporarily residing within the limits of the International Settlement, and all ships' Surgeons while in the discharge of their duties shall be entitled to the privileges of persons registered under these Regulations, subject to the approval of the Shanghai Medical Board.

19. If any medical practitioner registered under these Regulations is convicted of any heinous offence or is, after due enquiry by the Shanghai Medical Board, deemed by it to have been guilty of unprofessional conduct, the Medical Board may order the name of such person to be struck off the Register.

Upon any such enquiry the person against whom such offence or conduct is alleged shall be entitled to appear and be heard, and any person whose name has been struck out from the Register may appeal

to the Shanghai Municipal Council through his Consular Authority, or in the case of Chinese, or Foreigners having no Consular Authority, through the Department of Health of the National Government.

20. The Registrar shall erase from the Register the names of all deceased medical practitioners and of such persons as are ordered by the Medical Board to be struck out.

21. Medical practitioners on the Register shall comply with the Regulations of the Public Health Department as set out in the attached Schedule.

上海公共租界執業醫師牙醫及獸醫註冊條例

第一章

第一條 上海公共租界工部局經與主要各國醫學會商議。設立醫務委員會。名爲上海醫務委員會。

第二條 本委員會委員經選舉後。任期兩年。自一九三一年四月一日起。執行其特別委員會之職務。

第三條 本委員會由下列各員組織之。

(甲) 工部局衛生處處長。

(乙) 由工部局推舉之醫師一人。

(丙) 由上海醫學會、博醫會、中華醫學會、上海市醫師公會、日本醫學社、德國醫學會、及俄國醫學會推舉之執業醫師牙醫或獸醫七人。

工部局得隨時在公報內刊登布告。增加本委員會委員人數。並得訂定增加委員之推舉方法。

第四條 工部局衛生處處長爲本委員會主席。并有投票表決權。

第五條 本委員會得由主席隨時召集會議。以委員四人爲開會法定人數。

第六條 本委員會得訂定辦事細則。

第七條 本委員會遇有委員出缺時。得推舉經工部局核准之任何執業醫師牙醫或獸醫補充之。

第八條 本委員會設註冊員一人。由工部局衛生處處長聘請工部局任用。其職務爲掌管執業醫師牙醫及獸醫之註冊簿。並兼任本委員會祕書。

第九條 每次註冊。收註冊費銀元二圓。但在上海公共租界工部局法租界工部局或上海市政府服務之醫師牙醫及獸醫。由其負責當局代爲陳請註冊者。不收註冊費。

第十條 註冊員在每年一月一日以後。應將業經註冊之執業醫師牙醫及獸醫之姓名性別國籍及資格。及早在工部局公報內列單刊布。至少每年一次。

第十一條 上項名單之刊布。即係顯然證明。列名單內之人。爲工部局核准註冊之醫師牙醫及獸醫。

第十二條 凡未列名單內之人。即爲未經註冊之顯然證據。

凡有左列資格者。得依照本條例註冊。

「執有左列各學校國。北美合衆國。英吉利殖民地。南美洲。中國或日本之任何醫學校牙醫或獸醫學校之資料學位。文憑或執照。經各該國當局承認者。倘係外僑。須經該管領事承認。倘係華民或無該管領事之外僑。須經該國民政府衛生署承認」。

第十三條　無論何人，陳請註冊，如經證明曾犯重大罪過，或經本委員會調查，認爲有非業務之行爲者，本委員會得拒絕其註冊。

第十四條　無論何人，經上項調查，認爲有犯罪或有非業務之行爲者，得到會申辯。

第十五條　無論何人，陳請註冊，如其所有證書，與本條例第十二條不能完全符合，本委員會得依照該陳請書自有之價值而考量之。倘本委員會因有某種理由拒絕其註冊，該陳請人得經由該管領事向工部局申訴，倘該陳請人係華民或係無該管領事之外僑，則經由國民政府衛生署代向工部局申訴。

第十六條　無論何人，經按照本條例註冊後，如復獲得學位或資格，比註冊時所登記之原有學位或資格爲高者，得請將此項更高學位或資格登記註冊簿，以代替或增加於原有之資格，不另收費。

第十七條　准許屍體埋葬或火葬之證書，或其他文件，尋常由有相當資格之醫師簽字者，現在如非經依照本條例註冊之醫師簽字，工部局概不接受。

第十八條　凡在上海公共租界暫時居留之海軍陸軍或政府之醫官，外醫或獸醫，或正在各項船隻上執行職務之醫師，得與依照本條例註冊之醫師享同等權利。但須經工部局核准。

第十九條　凡依照本條例註冊之醫師等，如經證明犯有重大罪過，或經本委員會調查，認爲有非業務之行爲者，本委員會得在註冊簿內將其除名。

（甲）　凡經是項調查，認爲有犯罪或有不名譽之行爲者，得到會申辯。註冊簿內被除名之人，得經由各該管領事向工部局申訴。倘爲華民，或無該管領事之外僑，得由國民政府衛生署代向工部局申訴。

第二十條　註冊員得將註冊簿內已故之醫師等姓名刪除。並得將本委員會所合其除名者之姓名除去。

第廿一條　業經註冊之執業醫師等，須遵照本條例第二章所載工部局衛生處所定之規則。

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, MARCH 31, 1933. No. 1418

UNIVERSITY OF CAMBRIDGE LOCAL EXAMINATIONS.

The Secretary to the Council has received the following letter from Mr. W. Nalder Williams, M.A., General Secretary, University of Cambridge Local Examinations Syndicate. It is dated London, February 6, 1933:—

"Now that we are once more in receipt of the scripts of the candidates who have taken our December Examinations in Shanghai, I should like to take this opportunity of expressing, through you, to the Shanghai Municipal Council our appreciation of their willingness to co-operate in this work by allowing the use of buildings under their control for purposes of our examinations. We have always understood from successive Local Secretaries in Shanghai that the accommodation provided for the candidates has been excellent, and we were much impressed with some photographs sent to us on one occasion showing the halls actually in use. The proper conduct of our examinations in Centres remote from this country must largely be conditioned by the degree of local co-operation on which we can depend, and it is a matter of great satisfaction to us to know that the arrangements at Shanghai are so good."

ICE CREAM AND ICED DRINKS LICENCE.

NOTICE is hereby given that the following amended conditions for an Ice Cream and Iced Drinks Licence have been approved, and will be enforced from April 1, 1933:—

Definitions.

The term "Ice Cream" shall be held to include any frozen or iced product, other than a liquid, which contains milk or any milk preparation and is intended for human consumption.

The term "Iced Drinks" shall be held to include any iced, frozen or cooled liquid intended for human consumption.

Conditions.

1.—The licence is not transferable.

2.—The licence shall be placed in a conspicuous position inside the premises.

3.—The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4.—The neighbourhood and immediate surroundings shall be healthy.

5.—The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6.—The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council

7.—No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8.—The walls and ceilings shall be whitewashed or painted in May of each year, and at such other times as may be considered necessary by the Commissioner of Public Health.

9.—No one shall eat, sleep or dwell in the premises which shall not be in direct communication with a dwelling house.

10.—The premises shall be provided with proper sanitary conveniences.

11.—On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

12.—No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

13.—The workers and their families shall be vaccinated and shall submit to any other prophylactic measure required by the Commissioner of Public Health.

14.—The workers and their clothing shall be clean.

15.—The ice cream shall be made of pure materials which shall be boiled, or pasteurized by being kept at a temperature of 150° Fahrenheit for a period of not less than 30 minutes, a short time before freezing.

16.—The ice cream at any time after such boiling or pasteurization and during delivery shall not contain more than 200,000 organisms per cubic centimeter or any Bacillus Coli in 1/300th of a cubic centimeter.

17.—All the utensils and containers used in the preparation or delivery of ice cream shall be boiled or otherwise sterilized immediately before use.

18.—Only pure ice from a source approved by the Commissioner of Public Health shall be used, and none shall come into contact with the ice cream.

19.—No foul matter or thing, no bed or body clothing shall be placed, or kept in, or carried through any premises where food is manufactured or sold for human consumption.

20.—Proper care shall be taken to prevent contamination of the products during delivery, and all vehicles, baskets, bags or other containers shall be kept clean and used for no other purpose.

21.—No spitting shall be permitted on the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

22.—A proper supply of pure water sufficient for all purposes shall be provided from a source approved by the Commissioner of Public Health.

23.—Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any of the products, or materials used in their manufacture, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption they will be seized and the licensee be liable to prosecution.

24.—Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

25.—No gratuity of any kind shall be offered or given to any employee of the Council.

26.—On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

POLICE REPORT FOR FEBRUARY.

The Commissioner of Police reports:—

The total crime recorded for the month of February is contained in the following table:—

Nature of offence	Reported during the month	Reported during previous month	Reported during corresponding month last year
Murder	1	3	3
Attempted murder	1	3	6
Manslaughter	1	Nil	2
Armed kidnapping (2 attempts)	3	Nil	1
Abduction	7	4	1
Armed robberies	44	89	79
Other robberies	10	12	17
Being member of a criminal gang.	1	3	4
House, office, shop-breaking, etc.	40	59	63
Burglary	29	47	12
Thefts	647	709	438
Receiving stolen Property	23	12	2
Snatching	44	47	28
Opium offences	227	160	7
Gambling offences	89	97	3
Other crimes	224	206	114
Total	1,400	1,451	782

There is a total of 1,400 cases of reported crime which is a decrease of 51 in comparison with the figure for January and 618 more than for the corresponding period of last year, when owing to the Sino-Japanese hostilities there was a big decrease in cases of reported crime. "A" Division shows a decrease of 10 and "B" Division a decrease of 67 cases, while there is an increase of 12 and 14 cases respectively in "C" and "D" Divisions. The large decrease in "B" Division is chiefly accounted for by decreases under the headings, Thefts, Armed Robberies, Burglaries, Snatching and Gambling. The cases were distributed as follows:—

	February	January
"A" Division (Central and Louza)	388	398
"B" Division (Sinza, Bubbling Well, Gordon and Pootoo Roads)	297	364
"C" Division (Hongkew, West Hongkew and Dixwell Road)	284	272
"D" Division (Wayside, Yangtszepoo, Yulin and Kashing Roads)	431	417

Arrests for crime committed during the month show an increase, 2,631 having been arrested in February as compared with 1,656 in January and 2,115 in December. In addition 99 persons were arrested for crimes committed in previous months. 46 persons were arrested on behalf of other authorities.

One case of murder was recorded during the month. Armed robbers entering a dwelling house stole a gold ring from the hand of a female, wounding her and fatally wounding her husband.

There was one case of attempted murder, following an armed robbery, when a Chinese employee of a dwelling house upon raising an alarm was wounded by one of the robbers, who was himself later fatally wounded by police giving chase.

Two cases of armed kidnapping (including one attempt) occurred during the month, and one case of attempted armed kidnapping in December, 1932, was brought to light as the result of arrests made. Two Chinese, one in possession of a loaded pistol and the other a leader of a gang of kidnappers and a notorious criminal wanted by the police, were arrested while preparing to kidnap a certain person in Avenue Edward VII. A two years old child was kidnapped from his home in Yulin Road District by four Chinese, one of whom was armed with a pistol. As a result of three arrests effected in Louza District, investigations made during the month proved that an attempted armed kidnapping occurred in Wayside District on December 24, 1932, and was not reported to the Police. One prisoner was sentenced to 16 years and the two others to 13 years imprisonment. There were 17 cases of simple abduction as against four in January.

There was one case of manslaughter in which a Chinese loafer, during a quarrel in Yangtszepoo District with his accomplice, received a blow on the head, succumbing to his injury.

Three further cases were reported during the month in which intimidation was effected by depositing bombs. In two instances bombs were found at a cinema in Chekiang Road and in 701 Sinza Road. A letter accompanying the bomb at the last mentioned place demanded a percentage of the takings for the North Eastern Volunteer Armies. In the third instance a bomb was found on February 2 in a building contractor's yard in Penang Road accusing him of using Japanese cement and demanding $40,000 towards the Anti-Japanese Volunteers. Two further letters were received by the complainant on February 3 and 15.

All Divisions show a decrease in the number of armed robberies, the total being 44 as against 89 in January. The cases were distributed as follows:—

		February	January
Division	"A"	9	26
,,	"B"	12	29
,,	"C"	5	7
,,	"D"	18	27

There were 10 cases of other robberies. The number of burglaries was 29 as against 47 in January, a decrease of 18. The cases were distributed as follows:—

		February	January
Division	"A"	2	2
,,	"B"	10	22
,,	"C"	2	9
,,	"D"	15	14

The number of housebreakings was 49 as against 59 in January, a decrease of 10 cases which were distributed as follows:—

		February	January
Division	"A"	11	13
,,	"B"	12	10
,,	"C"	9	16
,,	"D"	17	20

The 647 cases of simple theft showing a decrease of 62 as compared to January were distributed as follows:—

		February	January
Division	"A"	191	216
,,	"B"	149	186
,,	"C"	156	150
,,	"D"	151	157

"A" Division recorded 25 cases of shoplifting and 23 arrests. There were 35 cases of pocketpicking in all Divisions and 29 arrests. Out of 57 bicycles, seven ricshas, three barrows and one car stolen in all Divisions, 13 bicycles, two ricshas, the three barrows and the car were recovered, while a total of 30 arrests was made.

Twenty-three cases of receiving stolen property were recorded during the month as against 12 in January. There were 44 cases of snatching as against 47 in January. These were distributed as follows:—

		February	January
Division	"A"	21	22
,,	"B"	6	12
,,	"C"	13	10
,,	"D"	4	3

A total of 41 arrests were made in connection with this type of crime. There was an increase of 67 cases in opium offences. The Headquarters Narcotic Section carried out 11 raids and effected the arrest of 71 persons including five shoplifters. Twenty of the total number had criminal records and 50 were sentenced to various terms of imprisonment, in 18 cases of which imprisonment sentences were supplemented by fines and in 14 cases sentences were suspended for two years. 101¼ ozs. opium, 990 ozs. of pills, 9 ozs. of heroin, ¼ oz. of morphine, 18 opium pipes with paraphernalia, 30 pill pipes with paraphernalia as well as ingredients and pill manufacturing paraphernalia were seized. The total amount of fines inflicted during the month in connection with the above offences is $11,370. The number of gambling offences decreased from 97 to 89. Other forms of crime show little variation.

Notable work in "A" Division included: (1) the arrest of the leader and one other member of a gang of armed kidnappers and the seizure of a loaded pistol.

Notable work in "B" Division included: (1) the arrest of several members of a criminal gang and the seizure of three loaded pistols, one of which was found to have been stolen from a French Police Station in October 1932. Six of the gang were charged with possession of arms; two of them were found guilty and sentenced and ordered to be handed over to the French Police while four were acquitted. (2) The arrest of a gang of eight persons of whom several members were charged with 12 cases of ricsha thefts and one of a bicycle in various districts. Four charges of receiving were also preferred and several ricshas and the bicycle were recovered.

Notable work in "D" Division included: (1) the arrest of a criminal gang of nine including two females, and the seizure of two loaded automatic pistols. Charges of attempted armed robbery and attempted murder, three charges of armed robbery and one charge of

sending threatening letters and unlawful possession of arms were preferred against them. (2) The arrest of six Chinese and the seizure of one imitation pistol when two charges of armed robbery, one of sending threatening letters and being members of a criminal gang were preferred against them. (3) The arrest of two Chinese burglars and the seizure of a burglar's outfit resulting in the clearing up of nine burglaries and one shopbreaking in the Settlement.

The following cases which were included in the month's figures in "B" Division occurred outside Settlement limits in houses on or abutting on Council roads:—Theft, 23; Housebreaking, 2; Burglary, 2; Miscellaneous, 7.

The Headquarters Crime Branch Detectives conducted investigations into 20 cases. In addition enquiries were continued in five cases previously reported.

Stolen Property.—Property valued at $98,967.02 was alleged to have been stolen during the month as against property valued at $134,374.64 in January. The total value is made up as follows:—

"A"	Division	$37,558.45
"B"	"	$33,001.14
"C"	"	$16,173.25
"D"	"	$12,232.18

Property valued at $32,826.83 was recovered during the month.

Finger Print Bureau.—During the month of February the total number of records received by the Bureau from all sources was 2,172. This shows an increase of 1,006 as compared with last month and an increase of 1,914 by comparison with the corresponding period of last year.

3,094 gaol cards were received and checked during the month, 1,199 being for verification of prisoners' identity on admission to gaol, 73 for checking of appeal decisions, etc., 1,140 for verification of identity on release from gaol, and 682 for checking of sentences and completing of records according to execution orders issued by the Court.

Investigations were made into 27 reported cases of the following nature:—9 armed robbery; 6 burglary; 1 factory breaking; 1 housebreaking; 5 shopbreaking; 1 garage breaking; 2 larceny; 1 office breaking; 1 robbery.

Finger prints were secured in ten instances.

With a view to establishing their identity, the bodies of 14 unknown Chinese, who had met their deaths under various circumstances, were fingerprinted and/or photographed at the Public Mortuary. Successful results were obtained in four instances.

During the month the Crime Branch Studio took 271 photographs and printed 1,062 copies.

Released under Amnesty. — The number of prisoners released under Government Amnesty during February was 94

Number of habitual criminals released	36
Number of persons having previous convictions, but who are not habitual criminals	19
Number of first offenders released	39

The total number released since the commencement of the Amnesty is 2,138 of whom 353 have been rearrested for offences committed since their release.

Communism. — Accused charged with murder during the month included a Communist named Chiang Vee Sing, who at the Shanghai Special District Court on February 16 was sentenced to life imprisonment. The evidence showed that Chiang was a member of a group of Communists who had at No. 1040 Sz Yung Lee, Tatung Road, on November 25, 1932, shot and wounded four persons, one of whom subsequently succumbed.

Eight other Communists were prosecuted during the month. Five of these were extradited to the Chinese authorities, two were released and one is still on remand.

Two of the prisoners transferred to the Chinese Authorities named Sung Chi Ming, alias Karloloff, and Wong Yung Zung had studied in Moscow and at the time of their arrest held the respective positions of Secretary and Chief of the Organization Department in the Chinese Communist Youth League. The house in Medhurst Road where they were arrested was the National Headquarters of that Branch of the Communist Organization and contained among other incriminating documents, 150 reports by "Red" inspectors on the progress of the Communist movement in various parts of the country.

The Communist documents, books and handbills seized during the month comprised 3,730 copies, and in the case of the handbills included 31 different kinds which had not been seen previously. Part of this literature was found on the streets or was obtained otherwise, but the bulk of it came from the house on Medhurst Road and three other addresses. The handbills dealt with the anniversary of the massacre of the Peking Railway workers by the Hupeh Military Authorities (February 7), the anniversary of the International Unemployment Movement Day (February 25), the dispute between the Shanghai Waterworks Company and water consumers over the introduction of the meter system for calculating charges, and the explosion in the Tsung Tai Rubber Shoe Factory.

Anti-Japanese Movement.—The appeals to the public to contribute funds to assist the volunteers in the North-East continued during the month. Two bodies styling themselves the "Spiritual National Defence Group" and the "Blood and Soul Corps for the Extermination of Traitors" indulged in intimidation which was directed against places of entertainment, principally cinema houses, and took the form of threatening letters which in some cases were delivered by hand and in others by mail. The letters demanded that a percentage of the takings of the establishments should be contributed to the North-Eastern Volunteer Armies and stated that drastic measures would be taken against the recipients if they failed to reply. In three cases bombs were left at the addresses of the people threatened.

Labour.—Apart from disputes which resulted in strikes, agitation against employers appeared among the employees or discharged workers of the Shanghai Printing and Dyeing Company, the China Merchants' Steam Navigation Company, one tobacco factory, one knitting factory and various shops.

In the case of the Shanghai Printing and Dyeing Company efforts were made by former employees of that firm who lost their positions as a result of trade depression to intimidate employees whose services had been retained. The efforts of the police to check the movement resulted in the arrest of seven of the persons alleged to have taken an active part in it. Of these six were sentenced to three months' imprisonment each and one was acquitted.

The unrest which affected the China Merchants' Steam Navigation Company resulted from demands for compensation from employees who were compulsorily retired, and was settled on February 6 by the payment to them of a retiring allowance of one month's wages.

Strikes.—Two strikes, which occurred in the Settlement during February, affected 220 workers and resulted in a loss of 155 working days. The concerns affected were the Sung Sing Cotton Mill, 2/5 Ichang Road, and the Nyi Sung Rubber Factory, 83 Penang Road. Statistics of strikes for the month are as follow:—

Area	No. of strikes.	No. of hands.	No. of working days lost.
Settlement	2	220	155
French Concession	2	73	75
Chinese controlled territory	7	1,105	540
Total	11	1,398	770
Total for February 1932	5	862	791

Agitation against Shanghai Waterworks Company.—Agitation against the meter system became marked during the month.

Film Censorship. — Forty-seven feature films and 62 short introductory films and newsreels were censored in theatres in the Settlement and French Concession during the month. Of the feature films, 43 were passed without question, two were only passed after cuts and revision had been made, while the remaining two films, which the police censors considered to be unsuitable for local exhibition, were not approved. With the exception of two, which were cut and revised, all the introductory films were passed without question.

Newspaper Advertisements re Medicines used for illegal purposes. The editors of six mosquito newspapers were prosecuted during the month at the Shanghai Special District Court for publishing advertisements promoting the use and sale of drugs and other specifics for procuring abortion. Three were fined $50 each, one was fined $40 and the cases against the other two were still on remand at the end of the month.

Indecent Articles.—Cases against the editors of two mosquito newspapers, who had published indecent articles, were concluded during the month. One was fined $200 and the other $50.

Traffic.—Court proceedings were instituted in 396 (37 foreigners and 359 Chinese) of 4,837 reports of traffic offences received during the month against owners and or drivers of vehicles. The remainder were dealt with by letter of warning or entry of caution on their records.

Accidents. — Accidents coming under police notice during the months of February, 1933, and February, 1932:—

Bicycles were involved in 131 accidents during the month and in 55 cases the cyclists were known to have been at fault.

Safety First.—During the month the professional story-teller visited various districts and gave 72 addresses in teashops and mills, etc., on "Safety First" themes. His audience roughly totalled 5,250 persons.

Motor Horn Nuisance. — There were 24 prosecutions for this offence during the month.

Rickshas.—1,364 ricsha pullers were charged in the Central and Louza districts during the month for various breaches of Traffic Regulations including 12 pullers of private rickshas found plying for public hire.

Identification Office. — During the month 2,719 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 751 were identified as having a previous conviction or convictions, In addition to the above 178 records were received from the French Police out of which number 67 were identified in the records of this office, making the total for the month:—

MUNICIPAL NOTIFICATION NO. 4339.
FOOD AND DRINK STALL OR STAND LICENCE.

NOTICE is hereby given that the following amended conditions for a Food and Drink Stall or Stand Licence have been approved, and will be enforced from April 1, 1933:—

Definition.

The term "Food and Drink Stall or Stand" means any stall or stand used or occupied for the sale of approved foods and/or drinks for human consumption and situated elsewhere than in any regularly constructed building, and includes any authorized structure so used or occupied, whether permanent or temporary, other than a regularly constructed building.

Conditions.

1. The licence is not transferable.
2. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.
3. The design, construction, equipment and maintenance of the stall or stand shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.
4. No stall or stand shall be so situated as to constitute an undue obstruction.
5. The size of the stall or stand together with the working space shall not exceed 36 square feet.
6. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain in the premises.
7. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any food or drink kept, offered or exposed for sale, or sold, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.
8. No intoxicating liquor shall be kept or sold.
9. The licence shall be kept ready at all times for inspection by officers of the Council charged with the inspection of licensed premises.
10. No gratuity of any kind shall be offered or given to any employee of the Council.
11. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,
J. R. JONES,
Secretary.

Duty at places of amusement amounted to 9,674 hours.

The more noteworthy fires attended by the Brigade during the month were:—

February 14, Hrs. 23.39, Oil Mill; No. 36 West Soochow Road.—West Soochow Road Station responded to this call and found the north-east section of the Ta Yu Yue Oil Mill, comprising the cotton seed godown and cleaning-room and a press-room, well alight. The roofs had already collapsed in parts and the flames, aided by the inflammable nature of the structures and their contents, were making rapid headway and threatening to involve the whole of the extensive mill. Consequently, a call for two additional pumps was sent to Sinza Station.

Efforts were concentrated mainly on checking the spread of the fire towards the west, on which side were located the engine and boiler room and two press-rooms, as well as six large oil tanks, while lines of hose were worked to the north to provide covering jets as a protection for the Poh Yih Cotton Mill, sections of which were separated from the fire only by a narrow alleyway and were consequently in grave danger of becoming involved.

The combined Divisions succeeded in bringing the fire under control and confining it to the north-east section of the oil mill.

One officer and one fireman were slightly injured.

February 21, Hrs. 09.43, Rubber Shoe Factory; Tongshan Road.—This proved to be the most serious catastrophe of its kind in the history of the Brigade—an explosion and fire in a rubber shoe factory, which resulted in the loss of 81 lives, the largest number ever recorded in a single disaster in the Settlement, and injury to more than 50 persons.

Yangtszepoo Station turned out in response to a telephone call and when the first machines turned into Dalny Road, from Yangtszepoo Road, a huge cloud of rapidly-rising black smoke was seen in the vicinity of the junction of Dalny and Tongshan Roads, and soon after the dull sound of an explosion was heard. On arrival, the vulcanizing and rolling rooms of the Tsin Tai Rubber Shoe Factory, a two-storeyed building of brick construction situated at No. 1025 Tongshan Road, were found to be a mass of flames. The fire had jumped an alleyway on the west side and ignited the roof, eaves and window frames of the first floor of the Chung Ho Tobacco Factory, while crates of glass, etc., were alight in the compound of the builders' supply department of Messrs. Reuter, Brockelmann & Co. on the east.

The Division got to work with jets on all sides. No one had informed the Division that a large number of the employees had been killed or injured and at this stage there was no indication that there had been a serious catastrophe, apart from the fire, for, although the demolition of the walls and the presence of quantities of bricks and masonry in the surrounding alleyways pointed to an explosion, its extent or effects could not be discerned on account of the fact that the premises were entirely enveloped in smoke and flame. After some time had elapsed, however, an injured man was found in a watchman's hut near the outbreak and a message was despatched for the emergency ambulance; it was later reported that numerous injured persons were sheltering in neighbouring houses and three additional ambulances were called out.

The fire was successfully brought under control and when the smoke and flames had sufficiently subsided to permit entry into the affected rolling and vulcanizing rooms of the factory, a large number of charred and mutilated bodies were seen amongst the wreckage and debris, and it was realized that there had been a very serious explosion (or explosions).

After it had been ascertained beyond doubt that there was no possibility of any of the victims being alive, the final extinction of the fire was carried out prior to the extrication of the bodies from the ruins. Parties of officers and men were detailed and by dusk the remains of 76 victims (74 female and two male) had been extricated. Piles of masonry and other debris were removed and, after a thorough superficial search for further bodies, steps were taken to render the premises reasonably safe by the demolition of tottering walls and dangerous overhanging beams.

At daybreak the following day, parties continued the search of the ruins and the bodies of four more victims (all male) were discovered; this brought the total number of deaths to 81, one female having succumbed to injuries in hospital on the night of the disaster. Although it is impossible to state definitely how many others were injured, 50 were conveyed to Hospital, 35 in brigade ambulances and the remainder by police and other conveyances; of this number, 20 were detained.

On the morning of the catastrophe, 411 people were working in the factory—276 women and 101

men in the manufacturing sections and 34 in the offices. Of this number 156 women are reported to have been working on the first floor immediately above the vulcanizing shop wherein the first explosion is believed to have occurred.

From the evidence available it is impossible to state definitely how the disaster occurred, but it is presumed that a vulcanizer first exploded and that, as the result of the explosion, fire broke out.

On account of the absence of specific information on numerous vital features of the case, it has been impossible to arrive at any definite theory as to the cause of the explosion (or explosions).

MUNICIPAL NOTIFICATION

No. 4330.

FRUIT SHOP OR FRUIT STALL LICENCE.

NOTICE is hereby given that the Fruit Shop and Stall Licence will, with effect from April 1, 1933, be known as the Fruit Shop or Fruit Stall Licence, and that the following Definition and Conditions will be applicable from the same date:—

Definition.

This licence applies to all premises where "fruit" as hereinafter defined is kept, offered or exposed for sale, or sold, for human consumption. The term "premises" shall be held to include a fruit shop or a fruit stall. The term "fruit" shall be held to include melons, sugar cane (koen-sok), loo-sok, water chestnuts (di-lih), lotus root (ngeu), sweet potatoes (oong-sanyui), turnips (oong-lau-bok) and Tientsin lau-bok.

Conditions.

1. The licence is not transferable.

2. The licence number plate shall be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced, and the licence shall be exhibited in a conspicuous place inside the premises.

3. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4. The neighbourhood and immediate surroundings shall be healthy.

5. The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6. The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council.

7. No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8. The walls and ceilings shall be whitewashed in April and October each year and at such other times as may be considered necessary by the Commissioner of Public Health.

9. The premises shall be provided with proper sanitary conveniences if required by the Commissioner of Public Health.

10. On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

11. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

12. Fruit which is eaten raw shall not be cut or peeled when kept, offered, or exposed for sale, or sold.

13. No spitting shall be allowed within the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

14. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any fruit be found to be bad, impure, unwholesome, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.

15. Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

16. No gratuity of any kind shall be offered or given to any employee of the Council.

17. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,
J. R. JONES,
Secretary.

Council Chamber,
Shanghai, March 2, 1933.

TENDERS FOR PUBLIC WORKS AND OTHER REQUIREMENTS

CONDITIONS GOVERNING TENDERS

1. The Council reserves to itself the right to accept the whole or part of any tender.

2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.

3. The contractor whose tender is eventually accepted may be required to give satisfactory security for the performance of the contract.

4. The names of tenderers, with prices quoted, will be published in the Municipal Gazette.

5. A fee may be charged for specifications to be returned upon receipt of *a bona fide* tender.

6. All tenders, sealed and labelled on the outside as to their contents, should be delivered preferably by chit book or registered letter, to "The Secretary, Municipal Council, Room 150, Administration Building, Kiangse Road," to reach him not later than 11 a.m. on the day fixed for their receipt.

7. Tenders will be opened immediately after the closing hour, 11 a.m., on the day fixed for their receipt. Tenderers may attend the opening of tenders.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, APRIL 7, 1933. No. 1420

MUNICIPAL NOTIFICATION

No. 4343.

ANNUAL MEETING OF RATEPAYERS.
SPECIAL MEETING OF RATEPAYERS.

NOTICE is hereby given that a Public Meeting of Ratepayers will be held in the Grand Theatre, Bubbling Well Road, or at a place to be designated hereafter, on Wednesday, April 19, 1933, at 4 o'clock p.m., precisely, to devise ways and means of raising the requisite funds for Municipal purposes, to pass resolutions in reference thereto and to deliberate and decide upon other Municipal matters and business. At such meeting the accounts of the Council for the year ended December 31, 1932, will be submitted for the sanction and approval of the Ratepayers.

That a Special Meeting of Ratepayers will be held at the same place and on the same date commencing at 5 o'clock p.m., to consider and approve resolutions upon various matters whereof due notice will be given.

By order,
J. R. JONES,
Council Chamber, *Secretary.*
Shanghai, March 31, 1933.

MUNICIPAL NOTIFICATION

No. 4344.

ANNUAL MEETING OF RATEPAYERS.
RESOLUTIONS.

NOTICE is hereby given that the following resolutions will be brought forward by the Council at the Annual Meeting of Ratepayers to be held in the Grand Theatre, Bubbling Well Road, or at a place to be designated hereafter, on Wednesday, April 19, 1933, at 4.00 o'clock p.m.:—

Resolutions I, II and III.—Appointment of Chairman and Secretary and Adoption of Rules of Procedure.

Resolution IV.—That the Report and Accounts for the year ended December 31, 1932, be passed.

Resolution V.—That the estimated expenditure for the year 1933 contained in the Budget proposed by the retiring Council together with the recommendations attached thereto be approved and adopted, and that the Council be hereby authorized to impose collect and recover the rates taxes dues and fees recommended therein and to raise should it be considered expedient to do so upon such terms and in such manner as the Council may in its discretion think fit a sum not exceeding Tls. 6,520,000 or the equivalent thereof for the purpose defined in the estimate of Extraordinary Expenditure.

Resolution VI.—That in the opinion of this meeting the amendment of Land Regulation XVIII is desirable and that the Council be hereby authorized and instructed to make representations to the Powers concerned with a view to securing the following amendments to the said Regulation:—

(1) After "attend at" for "the place" read "each place."

(2) Omit the words "signed by himself with his own name."

(3) For "10 a.m. to 3 p.m." read "8 a.m. to 6 p.m."

(4) Before "scrutineers" omit the word "two."

(Present form.)

On the day appointed for the election, should the number of Ratepayers proposed for election as Councillors exceed nine, two officers appointed by the existing Council for the purpose shall attend at the place appointed for the election, to receive the votes of the Ratepayers. These officers shall be provided with a list of all the Ratepayers duly qualified to vote, and shall give to each such Ratepayer as may be present and may require it, a voting card or paper containing a list of the Ratepayers proposed for election. The voter shall then mark on such voting lists the names of any number of persons, not exceeding nine, for whom he intends to vote, and shall deposit the list **signed by himself with his own name** so marked, in a closed box provided for the purpose of receiving such list.

The poll shall remain open for two consecutive days, from **10 a.m. to 3 p.m.**, at which hour on the second day the poll shall be closed. Immediately upon the close of the poll **two scrutineers** appointed by the Council shall without delay proceed to open the box or boxes, examine the voting lists, and declare the names of the nine Ratepayers who have the greatest number of votes, and who shall thereupon be considered duly elected as the Council for the ensuing Municipal year.

(Proposed amendment.)

On the day appointed for the election, should the number of Ratepayers proposed for election as Councillors exceed nine, two officers appointed by the existing Council for the purpose shall attend at **each** place appointed for the election, to receive the votes of the Ratepayers. These officers shall be provided with a list of all the Ratepayers duly qualified to vote, and shall give to each such Ratepayer as may be present and may require it, a voting card or paper containing a list of the Ratepayers proposed for election. The voter shall then mark on such voting lists the names of any number of persons, not exceeding nine, for whom he intends to vote, and shall deposit the list so marked, in a closed box provided for the purpose of receiving such list.

The poll shall remain open for two consecutive days, from **8 a.m. to 6 p.m.**, at which hour on the second day the poll shall be closed. Immediately upon the close of the poll **scrutineers** appointed by the Council shall without delay proceed to open the box or boxes, examine the voting lists, and declare the names of the nine Ratepayers who have the greatest number of votes, and who shall thereupon be considered duly elected as the Council for the ensuing Municipal year.

Resolution VII.—Election of Land Commissioner for the ensuing year.

Resolution VIII.—Election of four Governors of the General Hospital for the ensuing year.

Ratepayers intending to ask questions in regard to the Accounts or other matters connected with the foregoing Resolutions are requested to give notice of such intention at least 24 hours before the meeting.

Ratepayers desirous of bringing forward additional motions or of nominating duly qualified persons willing to serve under Resolutions VII and VIII are required to give notice thereof to the undersigned before 4 p.m., on April 11, for due publication.

SPECIAL MEETING OF RATEPAYERS.

At the meeting of the Council on March 29 amendments proposed by the Secretary to Bye-law XXXIV to provide for the licensing of factories, and to Land Regulation XVIII in order to modernize to some extent the procedure for polling at the annual election of Councillors, were approved for submission to ratepayers at the forthcoming Annual and Special Meetings. The proposed change in Land Regulation XVIII provides for the omission of the stipulation that the voter shall sign his ballot paper. It also provides that the poll shall be open from 8 a.m. to 6 p.m., while provision is made for the appointment of more than two scrutineers to ensure a speedy declaration of the poll.

H. O. WHITE BURSARY.

The Superintendent of Education recently reported to the Education Board that owing to the fact that no H. O. White Bursary was awarded in 1931, surplus funds were available which would permit two awards of $100 annually for the next two years. He recommended that the Headmaster of the Public and Thomas Hanbury School for Boys be requested to recommend two awards annually during 1933 and 1934, provided a reasonable degree of merit had been attained by the candidates. This proposal was unanimously endorsed by the Board.

Upon the retirement of Mr. E. L. Allen, Advisor on Revenue Matters, after 44 years' service with the Municipal Council, the Council sent a letter to him conveying its appreciation of his long and valuable services.

COUNCIL MEETING.

Regular fortnightly meeting held on March 29:—Present: Messrs. A. D. Bell (*Chairman*), H. E. Arnhold (*Vice-Chairman*), B. D. F. Beith, Capt. J. J. Bahnson, Messrs. S. L. Hsu, N. Leslie, P. W. Massey, O. Okamoto, T. Funatsu, F. J. Raven, T. D. Woo, Yu Ya Ching, L. T. Yuan. Absent: Mr. O. S. Lieu.

MUNICIPAL ELECTION.

The Secretary to the Council has conveyed to Messrs. A. J. Welch and J. G. Clay the Council's thanks for acting as scrutineers of the poll in connection with the election of Councillors. He says: "The Council very much appreciates the time, labour and responsibility involved and the public service rendered by you in this matter."

FEE FOR VACCINATION CERTIFICATES.

In a report submitted to the Health Committee, the Commissioner of Public Health stated that he had received a request from a well known local firm that individual certificates be supplied to employees of the firm to the effect that vaccination against smallpox had been performed by a member of the Department. Hitherto such certificates had been issued free of charge on request to those vaccinated at Branch Health Offices or elsewhere, and it had been realized that this concession should be applicable to individuals who were unable to pay doctor's fees.

In order to safeguard medical practitioners, who rightly regard vaccination and the issuing of the corresponding certificates to be within the scope of their practice, he considered that a small charge for a vaccination certificate might be a useful protection for all concerned. He, therefore, requested a ruling as to this.

After brief discussion, members concurred as to the propriety of a small charge being imposed for the issue of these certificates. Accordingly it was recommended that a fee of $2 be charged by the Council for the issue of individual vaccination certificates: in indigent cases this fee to be waived at the discretion of the Commissioner of Public Health.

The Council has approved this recommendation.

SHANGHAI WATERWORKS COMPANY'S TARIFF.

Measure of Relief For Poorer Class of Consumer.

The Council has recently given consideration to the question of meter charges for water supplied to domestic consumers and to the necessity of implementing in a satisfactory manner the undertaking previously given with regard to a measure of relief being afforded the poorer class of consumer.

Negotiations have taken place between representatives of the Company and officials of the Council. Mr. Feng Ping Nan has participated in these negotiations from an independent standpoint and has rendered valuable assistance in the arrangements which have been made.

In view of the recent introduction of general metering and of the consequent lack of experience of its operation, the compilation at the present time of a permanent tariff appeared to be inadvisable and it was agreed that Mr. Feng's suggestion with regard to the adoption of an experimental period afforded the best method of dealing with this matter.

It is anticipated that during this experimental period sufficient data and experience will be acquired for the assessment of a meter tariff that will afford a reasonable measure of relief to the poorer section of the community and will be equitable as between the different classes of consumers.

The quantities of water which it is considered are necessary for the different classes of consumers have been assessed, and during the experimental period these quantities will be supplied in return for a varying minimum charge. In the case of higher rented properties this will be based on a meter rate slightly in excess of that now in force; it will vary in approximate relation to the rents of the properties concerned so that in the case of very low rented houses the charge for the fixed allowance of water will be based on a meter rate appreciably below that now ruling. Water consumed in excess of the fixed allowances will be charged for at the rate on which the minimum charge is based.

The general effect of the above method is that all classes of domestic consumers will be supplied with a quantity of water which has been estimated as necessary for their requirements in return for a payment which in the case of the lower rented properties will be the same as that paid prior to the introduction of metering and as regards higher rented properties will be less than the percentage on rental previously paid.

The following are examples of the practical effect of the method of charging for water to be adopted during the experimental period:—

(1).—Rentals between $125 and $150.
Allowance per house per month 11,000 gallons.
Minimum charge $8.25.
Excess consumption to be charged for at $0.75 per 1,000 gallons.

(2).—Rentals between $70 and $80.
Allowance per house per month 9,500 gallons.
Minimum charge $5.63.
Excess consumption to be charged for at $0.59 per 1,000 gallons.

(3).—Rentals between $45 and $50.
Allowance per house per month 7,700 gallons.
Minimum charge $3.56.
Excess consumption to be charged for at $0.46 per 1,000 gallons.

(4).—Rentals under $10.
Allowance per house per month 3,500 gallons
Minimum charge $0.60.
Excess consumption to be charged for at $0.178 per 1,000 gallons.

During the experimental period, which began on April 1, it is considered that the settlement of any question of particular difficulty that may arise would be facilitated by the existence of a Committee or Board of Reference and steps will be taken with regard to the constitution of such a body.

EDUCATION BOARD.

In a letter acknowledging the resignation of Mrs. N. Leslie from the Education Board, the Secretary to the Council says: "The Council greatly regrets that your departure from Shanghai necessitates your resignation, and I have to express to you its keen appreciation of the great personal interest which you have taken in educational activities and of the very valuable assistance which you have rendered during your association with the Board."

BUDGET, 1933.

At a meeting of the Finance Committee of the Council on March 17, the Treasurer and Controller made a statement on the financial results for 1932 and the Budget for 1933. In the course of his remarks the Treasurer said that the preliminary estimates of expenditure of all Departments under the general section of the Budget amounted to approximately Tls. 16,475,000, while educational requirements, including a deficit of Tls. 56,000 brought forward from 1932, amounted to Tls. 1,623,000, so that the grand total estimated expenditure was approximately Tls. 18,100,000.

The estimates of ordinary income totalled approximately Tls. 16,720,000, from which it was necessary to deduct the comparatively small deficit carried forward from 1932 of Tls. 53,000, leaving a net income figure available of Tls. 16,670,000. There was thus a shortage of Income on the ordinary budget for 1933 of over Tls. 1,420,000. This figure is approximately equivalent to a rate of two per cent. for a period of nine months.

While at this stage the Treasurer did not deal in detail with the figures submitted, he drew the Committee's attention to certain aspects of his proposals for the balancing of the 1933 Budget, and the measures he suggested should be adopted to make good the estimated deficit of Tls. 1,420,000. Having regard to the prevailing depression and to the fact that the business community had not yet fully recovered from the effects of the political disturbances which occurred last year, he considered ratepayers were perhaps in a no more favourable position to meet increased taxation than they were during 1932. Moreover, world conditions generally would have a material bearing on the prosperity of Shanghai. He, therefore, considered it expedient to finance this shortage by other means than increased taxation. Fortunately, the Council had reserves at its disposal to balance the 1933 Budget without reverting to the 16 per cent. rate of municipal taxation during the year. The Treasurer desired it to be understood, however, that if his proposal were adopted such course must be regarded merely as a postponement, as it was inevitable that rates must ultimately be raised. During the past five years the Council's financial position had been very favourably affected by the sale of the Electricity Department. In his opinion the transfer of certain accumulated funds which had been released as a result of this transaction was in order, and he proposed with the Committee's approval to hypothecate an amount of Tls. 1,500,000 to make good the deficit on the 1933 Budget. By adoption of this proposal the Treasurer considered the Council's financial position for the current year to be such that a reversion to a 16 per cent. rate could be avoided.

The Treasurer emphasized that municipal expenditure was growing and although Heads of Departments had co-operated and realised the necessity for retrenchment, it was inevitable that, in the absence of increased revenue, progress could not be made with schemes regarded as essential in the interests of the community. The activities of the Public Health Department were expanding rapidly, and under the existing programme the annual demands on the Budget for education purposes would be increasingly heavy. He, therefore, submitted that major schemes involving heavy and recurring expenditure should only be embarked upon with the utmost caution.

As stated in the Treasurer's report, the total estimated Extraordinary Expenditure is approximately Tls. 29,920,000, inclusive of a deficit of Tls. 1,316,600 brought forward from 1932 but exclusive of a sum of Tls. 526,150 required to finance capital projects of the Education Department. On the other hand the total Extraordinary Income, excluding education and allowing for a public loan issue of approximately Tls. 6,500,000, amounts to Tls. 29,960,090, thus leaving a small surplus on the Extraordinary Budget of some Tls. 40,000.

The minutes of the Finance Committee meeting were adopted by the Council on March 29, when the Treasurer and Controller, supplementing the statement he made to the Finance Committee upon the Budget for 1933, emphasized that the stabilizing of taxation was an essential feature of public finance, and said that the need for assuring that the basis of taxation levied was fair and equitable throughout the city was of the utmost importance. This principle was covered by the proposals submitted at the Committee's last meeting.

In conformity with the policy already approved by the Council, he had arranged to transfer the final balance of the purchase price to be received from the Power Company on December 30 next, a sum of nearly Tls. 4,000,000, to a loan suspense account as cover for the repayment of loans falling due for redemption after 1933. This fund should not necessarily be regarded as solely for that purpose, but considered as a special fund to be made use of in the event of unforeseen contingencies arising.

RATES, TAXES, DUES AND FEES FOR 1933.

Proposed Changes Before the Finance Committee.

The Finance Committee of the Council considered several questions bearing upon rates, taxes, etc., at a meeting on March 17. Reference is made in another column to the Budget for 1933. The minutes presented to and confirmed by the Council on March 29 included the following. The Schedule of Rates, Taxes, Dues and Fees for 1933 was approved by the Council subject to agreement being reached with the French Municipal Authorities as to applying the amended scale for cinemas.

A report by the Treasurer and Controller outlining details of the proposed changes to be effected in the Schedule of Rates, Taxes, Dues and Fees for 1933 was submitted.

A proposal to assess the fee for Chinese Lodging Houses on the number of beds and bunks in addition to that for the room was put forward as a result of the views expressed during the consideration of last year's schedule.

The Treasurer stated that he had carefully considered this question and concluded that the increases imposed by adoption of the proposal submitted appeared to be somewhat excessive. As an alternative, he suggested that the existing maximum fee of Tls. 200 per quarter might be increased to Tls. 300 and the details of the method of assessment omitted. This would permit the Revenue Office, after careful examination and consideration, more latitude in assessing the fees in cases where it was obvious that the premises concerned were not bearing their fair share of taxation.

A member pointed out that last year the maximum fee per quarter was increased from Tls. 80 to Tls. 200; it was now proposed that this latter fee be increased by 50 per cent. He was not in favour of adoption of a system which involved a double basis of taxation, since he felt that this course might inflict undue hardship on the poorer type of these premises. He suggested that the latter class type might be classified as hotels.

The Treasurer stated that this type of house did not require a hotel (bar) licence. For purposes of taxation officials of the Revenue Office took particular pains to ensure that they were equitably classified and if the maximum quarterly fee were increased as he proposed they would continue to exercise the utmost caution to ensure that hardship was not inflicted.

After further discussion, members adopted the proposal that in lieu of the suggested figure of Tls. 300 the maximum quarterly fee be increased to Tls. 250.

In regard to the tentative modification which had been made to provide for an increased contribution to municipal funds from places of public entertainment, the Treasurer stated that this proposal followed the recommendation of the Hospitals Commission that an entertainment tax be levied. He suggested, however, that this question, both from the point of view of principle and the method of application, required the most careful consideration.

The Secretary pointed out that the schedule required that the maximum fees be stated for authorization by the ratepayers.

Members approved the suggestion that the Treasurer and Controller and the Secretary should confer as

to the most practical manner of presenting to the ratepayers the proposal for an increase in the fee imposed on these types of undertakings.

Subject to the above observations the schedule of Rates, Taxes, Dues and Fees for 1933 was approved.

Estimates, 1933.

The estimates of expenditure for the Finance Department (including the Revenue Office), Press Information Office, Municipal Advocate's Office, Secretary-General's Office, and the Secretary's Office were submitted and, subject to the following observations, were approved:—

Finance Department.—In connection with the transfer to the Education Budget of a sum of Tls. 10,000, representing the cost of the Staff maintained solely for the purpose of the Education Department, the Treasurer stated that this transfer was in conformity with a recent expression of view that the full cost of maintaining the Council's educational policy be shown in the Education Budget.

The Chairman stated that, while he did not oppose the transfer of this particular charge, adoption of this policy, if carried to its logical conclusion, might result not only in charges being transferred to the Education Budget from all Departments, but would appear to permit certain Departments to spread their whole cost over other departmental budgets.

The Treasurer said that his proposal was solely due to the fact that the Education Budget was shown separately from the inclusive budget of other Departments. The charge transferred represented only the cost of the services of the less senior employees of his Department, and in conformity with the policy that the cost of the Council's educational programme should be clearly stated for the information of ratepayers, he submitted that the transfer of this amount was in order.

After discussion, the transfer of this charge to the Education Budget was approved, provided it was made clear that this sum did not represent new expenditure incurred by the Education Department.

Revenue Office.—The Treasurer stated that since these estimates were prepared, he had, in conjunction with the Assistant Treasurer, further considered proposals for expediting and facilitating the collection of revenue. In his opinion this object could be achieved if the existing staff were supplemented by the engagement of additional staff possessing a certain amount of technical knowledge on rating and cognate matters. He, therefore, recommended that a sum of Tls. 5,000 or a slightly larger amount be included in the estimates to provide for such appointments as might subsequently be recommended and approved.

As this measure was regarded as being in the interests of revenue collection, members unanimously endorsed the Treasurer's proposal.

Secretariat.—The Secretary reported that the increase in the total of his departmental estimates of expenditure was mainly attributable to provision being made for the appointment of a specialist for work in connection with matters appertaining to industrial regulations and factory inspection.

Royal Asiatic Society.

Relative to the discussion at the last meeting, a further letter from this Society was submitted outlining the efforts it had made to secure financial support. As a result of its further efforts additional contributions had been forthcoming for the current year, but the deficit for running expenses stood at approximately Tls. 2,000.

As it appeared that the Society had exhausted all possible sources of income, the Committee recommended that an additional grant of Tls. 2,000 to the Royal Asiatic Society be authorized for the current year, the Society to be informed that the grant is of a special nature and will not necessarily be continued.

School Medical Inspection.

Following discussion at the last Council meeting of the question of school medical inspection, a report prepared by the Commissioner of Public Health had been furnished to members. This showed that inauguration of this scheme would involve during the current year an estimated expenditure of Tls. 40,000.

Replying to the Chairman, the Commissioner of Public Health stated that this service was regarded as one of the normal functions of municipalities organized on modern lines, and that it was becoming increasingly popular in Chinese municipalities. He, therefore, considered it regrettable that the Council should not keep pace with other municipalities in this respect.

A member observed that the Council was already spending approximately 10 per cent of its income on education. It was inevitable that if the proposed scheme was embarked upon expenditure thereon would increase very materially in each succeeding year.

The Treasurer and Controller referred to the view already expressed by him that, although it had been possible to balance the current budget, the utmost caution was necessary in embarking on new and major schemes however desirable they might appear to be. He, therefore, suggested that consideration of the scheme be deferred until the budget for 1934 was under review.

A member referred to the amount which was expended by the Council in the form of grants-in-aid; in his opinion the introduction of a scheme of school medical inspection was so desirable that if it could be undertaken only by a reduction in the grants-in-aid he would prefer that this course be followed. Although reference had been made to the cost of the educational programme, he observed that the fact that the education budget was now prepared separately might convey the impression that the cost thereof was increasing more rapidly than actually was the case. In the absence of any such scheme as was proposed he considered the Council's prestige might suffer owing to the fact that it made no provision for a service which was provided by Chinese municipalities.

Another member pointed out that this service by other municipalities was a comparatively modern innovation, and that experience had shown that once embarked upon the cost involved very rapidly increased. Like many other civic amenities, a service of school medical inspection could be regarded as most desirable; the fact, however, could not be overlooked that the introduction of such amenities in more favourable times was now seriously embarrassing the budgets of their initiators.

After further discussion, during which the view was recorded that, if finances permitted, the introduction of this scheme was highly desirable, it was recommended that no provision be made for the inauguration of the scheme of school medical inspection during the current year.

THE FILM CENSORSHIP COMMISSION'S REPORT.

Recommendations by the Watch Committee Adopted.

The Report of the Commission appointed by the Council to examine the question of film censorship in the International Settlement has been given careful consideration by the Watch Committee and the Council. Subject to the following observations, the Report has been adopted by the Council.

The Commission's Report was published in the "Municipal Gazette" on October 14, 1932, and departmental comments upon it were before the Watch Committee early in December, when the Committee concurred in the view expressed by the Commissioner of Police that the majority of the criticisms which had been levelled at the Board of Censors emanated from persons who had in mind more the quality of the films shown than the standard of censoring. The Committee also decided that it was not possible to adopt the recommendation of the Commission that the Board of Censors should assume final responsibility for films exhibited, inasmuch as the Council is not empowered to delegate this responsibility. As the Commission did not adversely criticize the system of censorship obtaining, members of the Committee inclined to the opinion that any drastic change in this system was not called for. Furthermore, as no difficulty had been experienced in securing persons to serve on the Board of Censors without remuneration, the Committee was unable to support the proposal of the Commission

that paid censors should be appointed.

In the interests of the Film Censors and Film Distributors, the Committee at that time was favourably disposed towards the Commission's recommendation that a preview room for centralizing the work of censorship be provided, but at its last meeting, after debating further reports on this proposal and the offer of Mr. L. D. Britton to provide a projection room for Council use, the Committee found itself unable to support the Commission's recommendation.

Police Action Approved.

Pending submission of further information in regard to the proposed central projection room and of a further report by the Police Department on the Commission's recommendations generally, the Committee recorded its preliminary view that adoption of the Commission's Report was desirable insofar as it was considered practicable by the Commissioner of Police, but deferred a definite recommendation to the Council on the Report. At the Committee's meeting on March 23 the Commissioner of Police presented a supplementary report, giving his views on the merits of the Commission's various recommendations and suggestions. The Committee again carefully reviewed the Commission's proposals in the light of the comments by the Police Department and decided to recommend for approval by the Council the action either already taken or contemplated by the Police Department. In order to make clear what has been done, the various recommendations and suggestions advanced by the Commission not previously dealt with in detail, and the Police departmental observations thereon, are set out below in full. The paragraphs referred to are those of the Commission's Report.

Paras. 8 and 9k.—The Commission suggests that all information collected by the Police Censorate be communicated to the Board of Censors and that members of the Board be furnished with copies of all reports addressed by the Police Censors to the Assistant Commissioner (Film Censorship).

Observations of Police Department.—Arrangements are being made to send each member of the Board of Censors a copy of th Monthly Report of the Police Censorate. This report contains a summary of the pictures censored during the month, details of cuttings made, and particulars of the pictures which were referred to the Board and the reasons for doing so.

Para. 9b.—The Commission is of opinion that there should be the fullest collaboration between Authorities of the Settlement and of the French Concession.

Observations of Police Department.—Close and satisfactory cooperation is maintained between the authorities of the Settlement and of the French Concession.

Para. 9c.—The Commission agreed that decisions regarding prohibition of films for political reasons should rest with the Commissioner of Police of the Settlement and Chief of Police of the French Concession.

Observations of Police Department.—Any film that has political significance is invariably made the subject of a report by the Officer in Charge of the Special Branch to the Commissioner of Police before approval is given for its exhibition.

Para. 9e.—The Commission formed the opinion that Police Censors when in doubt over a film appear to be inclined to favour the film distributors by giving them the benefit of the doubt.

Observations of Police Department.—This is not correct. When the Police Censors are in doubt about any part of a film, they insist that that part be cut out and if this is not done, they refer the matter to their superiors and the Film Censorship Board.

Para. 9f.—The Commission considers that in view of the large number of films dealt with and the strain of censoring them from the censors' point of view, the present experienced personnel is insufficient.

Observations of Police Department.—The system adopted to meet the requirements of the films trade obviates extraordinary strain on the present staff or the necessity of increasing it.

Para. 9g.—The Commission considered that at each preview of films, a member of the Board of Censors should be present. This member would not influence the decision of the Police Censors, but on learning it would either approve, thereby releasing the film for exhibition on behalf of the Board, or require the film or parts thereof to be submitted to the Board itself.

Observations of Police Department.—Each member of the Board of Film Censors is at present notified of all previews and is aware that any comment submitted in connection with films to the Assistant Commissioner (Film Censorship) either by telephone or by note receives prompt attention.

Para. 9i.—The Commission recommends that certificates for the exhibition of films be signed by a member of the Board and initialled by the Police Censor before being issued. Also that the fact that the film has been passed by the Board of Film Censors be shown on the theatre screens when the film is exhibited.

Observations of Police Department.—(1) The present procedure to have film permits signed by a Police Officer seems correct as the permits are issued in the name of the Commissioner of Police. (2) The Police are now drawing up permits for the exhibition of films which will be of a more explicit character than those hitherto in use, and the proprietors of theatres have promised to display these permits near the Booking Office in the theatre where the pictures to which they refer are being exhibited.

In respect to the Commission's first recommendation, the Secretary pointed out to the Committee that adoption thereof was impracticable since the Board of Film Censors, being an advisory body, was not invested with executive authority.

Part II.

Principles Governing Censorship.—The Commission approves of the rules for guidance of Film Censors, and recommends greater discretion in censoring films which affect national feeling and prestige.

Observations of Police Department.—The rules for guidance of Film Censors are observed at all times by Police Censors, special attention being given to the question of national feeling and prestige.

Part IV.

Classification of Films.—The Commission recommends the classification of films by the Censorate under specially defined certificates for their exhibition in order that the public may know which films are suitable for children to see.

Observations of Police Department.—Although no special form of classification of films has been adopted, when the Police Censors consider a film unsuitable for juveniles they advise the exhibitors to advertise accordingly, and their wishes in this respect are invariably observed.

Registration of Film Distributors.—The Commission suggests that a system be instituted whereby all film distributors would be required to register their business with the Council.

Observations of Police Department.—The Council's power to deal with films does not extend to any form of control over firms of distributors.

Central Projection Room.

With regard to the proposal that a centrally located preview room be provided a further letter from Mr. L. D. Britton detailing his proposal was submitted, together with comment thereon by the Commissioner of Police and a report by the Commissioner of Public Health on the alternative proposal to utilize the projection room in a Branch Health Office.

As, in the opinion of the Commissioner of Police, the existing arrangement for previewing films was entirely satisfactory and as up to this time no objection thereto had been advanced by members of the Board, members of the Committee were of the opinion that the comparatively heavy expenditure involved by providing this additional facility was unjustified. They, therefore, were unable to support the proposal for the provision of a central projection room for previews.

ORCHESTRA AND BAND ESTIMATES, 1933.

Slightly Higher Expenditure Contemplated this year.

The Council passed for consideration by the Finance Committee the preliminary estimates of expenditure upon the Orchestra and Band during 1933.

The estimates for the current year submitted to the Orchestra and Band Committee showed a total estimated expenditure for the current year of Tls. 176,460 as against an estimated total of Tls. 156,490 for the past year. The Treasurer and Controller stated that this increase was mainly attributable to the increased requirements under "Pay" and "Passages". On account of the prevailing financial stringency the long leave of certain of the personnel was deferred last year, which resulted in an increased appropriation for the current year under this heading. The appropriation of Tls. 4,460 for advertising represented an increase of approximately 50 per cent. over the expenditure last year.

The Conductor stated that this figure had been inserted to permit of additional advertising of the performances to be held in the new Grand Theatre. He did not, however, propose to incur additional expenditure under this heading until this improved accommodation for the orchestral concerts was available.

This appropriation was reduced to Tls. 4,000. The Conductor's proposal was endorsed that advertisements should be inserted in the Chinese and Japanese press.

It was noted that provision was included for the engagement temporarily of a musician to replace the Assistant Conductor while on long leave. The Committee unanimously concurred as to the necessity for this appointment.

In respect to the appropriation of Tls. 2,500 for new music, the Treasurer, in drawing attention to the fact that the estimated expenditure under this heading for the past year was Tls. 800, suggested that this appropriation might be reduced.

The Conductor stated that no new music was purchased during 1932, the appropriation being utilized solely for copying purposes. In his opinion, the purchase of new works was essential in order to attract audiences.

After discussion, members concurred in this view, the figure inserted by the Conductor being reduced, however, to Tls. 2,000.

The Conductor stated that upon utilization of the new Grand Theatre the total appropriation of Tls. 1,200 for "Maintenance and Repairs" might not be required, and this figure was reduced to Tls. 800.

Upon the Conductor suggesting that the purchase of a pair of kettle drums be deferred until next year in order to permit one of the musicians, who was then proceeding on long leave, personally to select these instruments, the appropriation of Tls. 500 therefor was deleted.

Subject to the above observations and to adjustment by the Treasurer and Controller, the annual estimates were approved for submission to the Finance Committee.

MUNICIPAL NOTIFICATION

No. 4338.

ICE CREAM AND ICED DRINKS LICENCE.

NOTICE is hereby given that the following amended conditions for an Ice Cream and Iced Drinks Licence have been approved, and will be enforced from April 1, 1933:—

Definitions.

The term "Ice Cream" shall be held to include any frozen or iced product, other than a liquid, which contains milk or any milk preparation and is intended for human consumption.

The term "Iced Drinks" shall be held to include any iced, frozen or cooled liquid intended for human consumption.

Conditions.

1.—The licence is not transferable.

2.—The licence shall be placed in a conspicuous position inside the premises.

3.—The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4.—The neighbourhood and immediate surroundings shall be healthy.

5.—The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6.—The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council

7.—No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8.—The walls and ceilings shall be whitewashed or painted in May of each year, and at such other times as may be considered necessary by the Commissioner of Public Health.

9.—No one shall eat, sleep or dwell in the premises which shall not be in direct communication with a dwelling house.

10.—The premises shall be provided with proper sanitary conveniences.

11.—On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

12.—No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

13.—The workers and their families shall be vaccinated and shall submit to any other prophylactic measure required by the Commissioner of Public Health.

14.—The workers and their clothing shall be clean.

15.—The ice cream shall be made of pure materials which shall be boiled, or pasteurized by being kept at a temperature of 150° Fahrenheit for a period of not less than 30 minutes, a short time before freezing.

16.—The ice cream at any time after such boiling or pasteurization and during delivery shall not contain more than 200,000 organisms per cubic centimeter or any Bacillus Coli in 1/300th of a cubic centimeter.

17.—All the utensils and containers used in the preparation or delivery of ice cream shall be boiled or otherwise sterilized immediately before use.

18.—Only pure ice from a source approved by the Commissioner of Public Health shall be used, and none shall come into contact with the ice cream.

19.—No foul matter or thing, no bed or body clothing shall be placed, or kept in, or carried through any premises where food is manufactured or sold for human consumption.

20.—Proper care shall be taken to prevent contamination of the products during delivery, and all vehicles, baskets, bags or other containers shall be kept clean and used for no other purpose.

21.—No spitting shall be permitted on the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

22.—A proper supply of pure water sufficient for all purposes shall be provided from a source approved by the Commissioner of Public Health.

23.—Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any of the products or materials used in their manufacture, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption they will be seized and the licensee be liable to prosecution.

24.—Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

25.—No gratuity of any kind shall be offered or given to any employee of the Council.

26.—On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,

J. R. JONES,
Secretary.

Council Chamber,
Shanghai, March 30, 1933.

ANNUAL LICENSING SESSION.

The Watch Committee of the Council held its annual Licensing Session in the Council Chamber on March 23, when applications for hotel, tavern, restaurant and beer licences were considered. The public having been notified that protests against the issue of licences would be heard, Major W. Darby, representing the Salvation Army, Mr. Wilbur Judd, District Executive Secretary of the Army and Navy Y.M.C.A., and Dr. Howard G. Barrie attended.

Major Darby submitted that the existing number of establishments licensed for the sale of liquor was adequate. While he did not wish to advocate a reduction in this number, he expressed the hope that the Committee would see its way to recommend the granting of as few new licences as possible.

In supporting this request, Mr. Judd stressed the undesirability of any widespread increase in the number of existing licences.

Dr. Barrie also endorsed this view, and, on behalf of the bodies he represented, requested that the number of licences be kept as low as was consonant with the rights of the individual.

On behalf of the Committee, the Chairman thanked these representatives for their attendance and assured them that the Committee would give their views due weight. He added that the Council was equally desirous of regulating the issue of such licences in the interests of the welfare and good order of the Settlement.

Hotels:—Three applications were submitted:—

1. Wu Zay Sung,
   85 Shanse Rd.
2. S. S. Mishunich,
   931, 939, 941 Bubbling Well Rd.
3. Basil K. Kazanjoglou,
   95, 97, 101 Seward Rd.

Application No. 3.—On behalf of the licensee, who held a restaurant licence, Mr. N. A. Ivanow attended and, in addition to the information furnished in his letter, stated that his client desired a hotel licence primarily in order to enable him to supply liquor to his resident guests between meal hours. At the present time he was unable to do this, with resultant inconveniences to residents. Although a hotel licence would permit his client to establish a bar, he did not particularly desire to do this.

After Mr. Ivanow had withdrawn, the Commissioner of Police stated that similar applications by this licensee had been refused on two previous occasions. In the opinion of the Police Department, the number of bar licences in this vicinity was adequate.

After brief discussion, this application was recommended for disapproval. Applications Nos. 1 and 2 were approved.

Taverns:—Seven applications for tavern licences were submitted.

1. Mrs. M. D. C. de Zeidt,
   8, Central Road and 15 Edward Ezra Rd.
2. S. D. Keswick,
   11, 13 Edward Ezra Rd.
3. S. C. Chow,
   61 Thibet Rd.
4. Wong Hsin Wo,
   80 Love Lane.
5. M. Martinson,
   431 Race Course Rd.
6. B. S. Loo,
   19 Haining Rd.
7. O. Barbey,
   145 Broadway East.

Nos. 1, 5 and 7.—As in the opinion of the Police Department the localities in which the above three establishments are situated are adequately supplied with taverns, these applications were recommended for disapproval.

No. 4.—As, with the exception of that of the Police Department, which advanced no objection, the final Department reports were not available, it was recommended that this applicant be granted a provisional licence pending receipt of further reports that the various departmental requirements have been complied with.

The remaining applications were approved.

Restaurants (Liquor at meals).—Fifteen applications for restaurant licences were submitted.

1. Tong Chi Sang,
   19 Canton Rd.
2. Tsai Chien Ching,
   577, 579, 583 Nanking Rd.
3. A. Koozmin,
   233 Szechuen Rd.
4. A. H. F. van Herwijnen,
   931, 939, 941 Bubbling Well Rd.
5. Mrs. A. S. Novitsky (and Mrs. Ivanoff),
   741 Bubbling Well Rd.
6. Maria Huebler,
   874 Bubbling Well Rd.
7. L. M. Brizell,
   99 Seymour Rd.
8. Eikichi Morita,
   75 Boone Rd.
9. Victor Lague,
   A.248 Broadway.
10. Mrs. Aiko Kato,
    1254 Hanbury Rd.
11. Toshio Ohtsu,
    FF. 55 Lou Kwan Rd.
12. Soichi Kohima,
    131 Range Rd.
13. T. Wakitani,
    3, 5 Yalu Rd.
14. Zenzo Nakamura,
    Lane 44 CC. 9 Yuhang Rd.
15. G. Irrera,
    139 Broadway East.

Nos. 1, 3 and 7.—As these localities are adequately served by establishments for the sale of liquor, these applications were recommended for disapproval.

No. 4—Pending compliance with departmental requirements as to which reports were not yet available, the issue of a provisional licence was approved.

No. 9.—Subject to this licence being endorsed that light wines only are served with meals, this application was approved.

No. 13.—In respect to this application, a protest by Mr. W. Goulbourn against the issue of this licence was considered. Subject to a further report that the licensing of these premises will not constitute a nuisance to adjoining properties and pending the submission of further reports that departmental requirements have been complied with, members approved the issue of a provisional licence.

No. 14.—Pending submission of further reports that departmental requirements have been complied with, the issue of a provisional licence was approved.

The remaining applications were approved.

Beer and other Malt Liquor.—Twenty applications for beer and other malt liquor licences were submitted.

1. A. S. Kleinerman,
   104 Central Arcade.
2. Lee Yung Moo,
   337 Kwangse Rd.
3. Loh Sze Zeng,
   387 Nanking Rd.
4. Zee Se Cheng,
   4 Carter Rd.
5. T. Yamamoto,
   26 Carter Rd.
6. Mrs. Yeiko Seto,
   27 Carter Rd.
7. Cheng King Hai,
   UU. 246/7 Moulmein Rd.
8. S. Efimoff,
   77 Sun Avenue.
9. Shigei Nakayama,
   12a Haining Rd.
10. Mrs. Nom Shong Ling,
    PD. 34 Haining Rd.
11. S. Shigematsu,
    R. 1221 Hanbury Rd.
12. Hunu Karabachevsky,
    138 Haining Rd.
13. Lee King Hung,
    807 North Szechuen Rd.
14. Mrs. Ise Murasato,
    89 Quinsan Rd.
15. Shinkichi Hanawa,
    188 Quinsan Rd.
16. Mrs. Tsuya Yamada,
    125 Range Rd.
17. Genzabro Kudo,
    147, 149 Seward Rd.
18. Kihei Nishioka,
    82, 83 Woosung Rd.
19. Jue Yoh Shing,
    A. 318/9 Broadway East
20. Boris Medovoy,
    600a Broadway East.

Nos. 1, 9, and 12.—As it was considered that there is a sufficiency of such establishments in these localities, these three applications were recommended for disapproval.

No. 5.—As this applicant had failed to comply with the requirements of the Health Department, this application was recommended for disapproval.

No. 6.—Pending submission of reports from the Public Works Department and the Fire Brigade that their requirements have been complied with, the issue of a provisional licence was approved.

No. 17.—Pending the submission of further reports that departmental requirements have been complied with, the issue of a provisional licence was approved.

No. 20.—On the ground that this locality is adequately served by existing establishments, the Police Department was unable to support this application.

On behalf of this applicant, Mr. P. Faison attended and stated that his client operated a small restaur-

ant which was the main support of himself and his family. Unless he were permitted to serve beer to his customers, he did not consider that the income derived from this business would be sufficient to support him. He, therefore, appealed to the Council to issue this licence for one year to enable him to demonstrate his ability to hold this licence to the satisfaction of the Police Department. In appreciating that there are a number of bars and dance halls in this locality, Mr. Faison submitted that this factor should not be given undue consideration since his client was convinced that during the trial period of one year the Police Department would have no cause for complaint against the manner in which his business was conducted.

After Mr. Faison had withdrawn, and replying to the Chairman, the Commissioner of Police stated that he was unable to modify his recommendation. This locality was adequately supplied with similar establishments, and, while he sympathized with the position in which this applicant found himself, the fact should not be overlooked that there were many others similarly placed. Accordingly, if an exception were made in this case, the Council would find it difficult to justify refusal of other similar applications.

In concurring that the Council's policy must in this respect be consistent, members recommended that this application be disapproved.

The remaining applications were approved.

The renewal of existing licences in respect of the four classes of establishments were approved.

The Council on March 29 adopted the Committee's recommendations.

FRUIT SHOP OR FRUIT STALL LICENCE.

NOTICE is hereby given that the Fruit Shop and Stall Licence will, with effect from April 1, 1933, be known as the Fruit Shop or Fruit Stall Licence, and that the following Definition and Conditions will be applicable from the same date:—

Definition.

This licence applies to all premises where "fruit" as hereinafter defined is kept, offered or exposed for sale, or sold, for human consumption. The term "premises" shall be held to include a fruit shop or a fruit stall. The term "fruit" shall be held to include melons, sugar cane (koen-sok), loo-sok, water chestnuts (di-lih), lotus root (ngeu), sweet potatoes (oong-san-yui), turnips (oong-lau-bok) and Tientsin lau-bok.

Conditions.

1. The licence is not transferable.

2. The licence number plate shall be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced, and the licence shall be exhibited in a conspicuous place inside the premises.

3. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4. The neighbourhood and immediate surroundings shall be healthy.

5. The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6. The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council.

7. No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8. The walls and ceilings shall be whitewashed in April and October each year and at such other times as may be considered necessary by the Commissioner of Public Health.

9. The premises shall be provided with proper sanitary conveniences if required by the Commissioner of Public Health.

10. On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

11. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

12. Fruit which is eaten raw shall not be cut or peeled when kept, offered, or exposed for sale, or sold.

13. No spitting shall be allowed within the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

14. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any fruit be found to be bad, impure, unwholesome, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.

15. Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

16. No gratuity of any kind shall be offered or given to any employee of the Council.

17. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

REPORT TO COUNCIL ON TSENG TAI RUBBER FACTORY EXPLOSION.

CONDITIONS RULING IN RUBBER FACTORIES IN THE SETTLEMENT.

(Upon the occurrence of the explosion and fire in the Tseng Tai Rubber Factory, the Council asked for a report from officials of Departments concerned. The following report was presented on March 15. It is based on material obtained by and analyses made by Departments, and upon information placed at the disposal of Council officials by competent members of the community.)

1.—Possible Causes of Explosion in the Tseng Tai Rubber Factory.

1.—On February 21, 1933, an explosion took place in the Tseng Tai Rubber Factory, Tongshan Road, resulting in the death of 81 persons, 76 women and 5 men. 411 people were working in this factory on the morning in question: 276 women and 101 men in manufacturing processes, 34 in the office. In the room above which the explosion took place 156 women were employed, of whom one half met death.

2.—It is the view of the Chief Fire Officer that the primary explosion and cause of fire was in a vulcanizer, whose lid was blown thereby forward some forty feet. He deduces his opinion from the fact that the bodies of four men were found buried beneath shoe frames, shoe trees and shoes from the vulcanizer in question, and were near the place where the lid came to rest. He assumes they were overcome by the force of the blow. Debris from the subsequent fire covered them completely.

Among other possible causes the Chief Fire Officer advances the view that the explosion in the vulcanizer took place through a spark igniting the explosive mixture of air-benzine vapour present as a result of the vulcanizing process. The origin of this spark is not apparent. A temperature of approximately 390° C. would be needed to ignite the mixture.

3.—A statement was made by two witnesses examined by the police to the effect that they saw a flash from electric wiring prior to the enveloping of the room in flame. If, in an air-benzine vapour mixture containing the requisite volume per cent. of benzine fumes, a spark should occur, an explosion would result, flames would be propagated quickly through the atmosphere, and the room quickly enveloped in fire. The vulcanizer might later explode. Sufficient heat might be engendered to cause the pressure of vapours in the vulcanizer to rise to a point when the lid would be blown off. A temperature of 600° C. would be necessary, and a pressure of 80 to 90 pounds per square inch. A considerable time would be involved in reaching this condition: and it would appear that the explosion took place early in the fire. Otherwise some entry might have been obtained by the flame to the explosive mixture in the vulcanizers.

Both the possibility of a primary explosion in a vessel under pressure and the failure of electrical apparatus should be taken into consideration when safeguards for rubber factories are considered.

2.—Preliminary Note on Properties of Benzine.

4.—The hazard in rubber factories in Shanghai is predominantly that associated with benzine. Commercial benzine is used as a solvent to make both rubber cement and the varnish used in overshoes. There is apparently too little understanding of the explosive possibilities of a benzine-vapour air mixture.

5.—Commercial benzine consists of some twenty to thirty hydrocarbons, organic chemical substances containing hydrogen and carbon. Inflammable vapour begins to be given off at a temperature considerably below freezing point. There is thus always an evolution of vapour into the atmosphere when liquid benzine is present. The average temperature in the workroom of a factory being about 30° C., exposed benzine in factories produces a considerable emanation of vapour. If benzine is subject to higher temperatures, vapour is more freely given off, until a point is reached when the hydrocarbon component of lowest boiling point begins to boil. This is known as the "initial boiling point" of the commercial product. One volume of liquid benzine would yield some 150 volumes of gas.

6.—Some commercial benzines contain many low boiling components, in which case the "initial boiling point" of the mixture is low. Certain grades of benzine have many hydrocarbons whose initial boiling point is below 100° C. Chemical analyses made in the Health Department of various benzines in use in rubber factories gives an average initial boiling point of 43° C. The "end point" in distillation was reached at an average of 180° C.

7.—Notwithstanding the low vapourization temperature of benzine, a high temperature is needed to cause the vapour to inflame. It will not burn spontaneously. Its "ignition point," in the case of commercial benzine, is about 390° C. Such a temperature is occasioned in a focal area if a spark is emitted from electrical apparatus. The flame is then rapidly propagated through the air-vapour mixture with explosive force.

8.—Benzine mixed with air is inflammable only when present in certain well defined volumes percent. This proportion is dependent to an extent on the actual hydrocarbons present and may be as low as 1.6 per cent., and as high as 5.3.

9.—Gas analyses have been made by the Health Department of specimens of air-benzine vapour mixtures taken from various parts of rubber factories. Though in no case did the analysis reveal the presence of explosive proportions, further experimentation is necessary.

10.—With the foregoing properties of benzine-air mixtures existing, however, it is clear that a spark from any electrical installation, or mechanical striking of iron tool on iron, or introduction of a naked light, in an atmosphere of explosive proportions of benzine and air, will result in explosion.

11.—The analysis of conditions ruling in the rubber factories in the International Settlement which follows shows the urgent necessity for a measure of control over the fume process used. Specific direction as to how safety may be achieved is needed in order to safeguard the lives of those who work in them.

3.—Rubber Factories in the Settlement.

1.—Buildings.

12.—There are 27 known rubber factories in the International Settlement. A total of some 3,000 workers is employed in them. The records of the Fire Department show that only one existed in 1927. Their development is therefore a feature of the past five years. Out of 27 factories, 18 have submitted initial plans to the Public Works Department. Seven are operating in converted Chinese houses for alterations to which no permit was sought from the Council. Twelve of the factory premises show unauthorized additions, many of them constituting hazards. Fifteen of the factories are in two storied buildings, three in three storied, nine one storied.

13.—Buildings with which the greatest hazard is associated are those which have been converted from Chinese houses. In these groups of 16 to 20 houses of light construction, interior walls have been removed. The steep wooden stairways common in these houses are the only exits from the upper floor, on which it is customary to employ large numbers of women. As a rule only two of these stairways are left for exit. The heavy machinery consisting of vulcanizers, dough mixers and rolling machines, is usually situated on the ground floor in two storied buildings, while many women work above. Of the 18 buildings of more than one floor, vulcanizers are placed on the ground floor in 11. Of the nine one story buildings, six have the vulcanizer in the same building as the workers. Very few have vulcanizers in detached premises. In 21 of the factories dough mixers for mixing rubber cement are

inside the buildings. This cement contains approximately 40 per cent. by weight of benzine.

14.—Window space in buildings not designed for factory premises is insufficient, with the result that lighting is poor. The use of artificial light is very common throughout the day. In view of the fume process in rubber manufacture this adds to the risk. Insufficient window space means also lack of sufficient air entering the room, thus contributing to the rise of the volume per cent. of benzine vapour to the potential explosive range. No rubber factory in the Settlement has taken account of the fact that benzine vapour is heavier than air and that, therefore, outlets for its escape must be provided at the floor level.

15.—To minimize hazards in respect of premises:—

1.—Before plans are submitted to the Public Works Department the site for a rubber factory should be approved.

2.—New buildings for use as rubber factories should have special consideration, should be of fire resisting structure and should provide for separate rooms for fume processes, isolated in an approved manner.

3.—Owners of rubber factories in unsuitable premises should be required to bring them into line with requirements, or to move within a stated time.

4.—Workrooms in which large numbers of workers are employed should not be situated on floors above processes where explosion is a potentiality.

II.—Electrical Installations.

16.—Dangerous electrical installation in one or other respect is evident in almost all rubber factories, and in some cases a condition of positive danger exists throughout at all times. The ordinary precautions elsewhere observed in fume processes seem to be unknown. Certain inherent dangers are almost universally present.

1.—Open knife switches are used, placed often in rooms where fume process is carried on. In some cases closed switches are used: contrary to current idea these do not preclude danger of explosion.

2.—Ordinary electric light bulbs are used where there may be potentially explosive air mixture. The glass of these bulbs is easily broken.

3.—Ordinary electric wiring, frequently with yards of flex, is used. Extensions are often made by inexperienced employees resulting in badly insulated joins.

4.—Motors drive air compressors in vulcanizing rooms in part of which the varnishing fume process is usually carried on. Belts are joined by hard metal thongs. Sparks are produced which could ignite the explosive mixture formed by gasoline vapour and air.

5.—Electrical installations are not always properly earthed.

6.—A few factories have installed fans for ventilation. These constitute in their present form an electrical hazard. Sparks from them could ignite gases.

17.—To minimize hazards arising from electrical installation:—

1.—All electric motors, switches, starters and fuses, and lamps and other electrical apparatus, unless of special design, should be excluded from areas in which gasoline fumes of liquid are present. Vapour proof apparatus should be used, if essential in a room where a fume process is carried on.

2.—Wiring in these areas should be drawn into heavy gauge screwed metal conduit, electrically continuous.

3.—Where possible three way wiring should be used so as to bond electrical circuits to earth.

18.—These suggestions taking into consideration the existing conditions in rubber factories, are revolutionary. By no other method however, in view of the possible presence of an explosive mixture, can the risk of explosion through electrical installation be removed.

III.—Benzine in use.
Bulk Storage.

19.——Though where the existence of rubber factories was known precautionary measures have been taken by the Fire Department to ensure safe storage of benzine, rubber factory proprietors frequently ignore the basis of these requirements. Where underground tanks for pumps are installed for storage it is common for benzine to be delivered in tins and stored in tins without making full use of the tank. Where reinforced concrete store houses are built, benzine in excess of its holding capacity is stored in unsafeguarded places.

Open Stocks.

20.—Tins of benzine are at times opened and allowed to stand in a room near its later use.

Process.

21.—Benzine is used in several processes with attendant possibility of its gases forming an explosive mixture with air.

(a) **Cement making.**—Benzine is introduced into dough mixers with rubber in order to make rubber cement and paste with which to impregnate cloth. Dough-mixers are driven by belts and pulleys: as a rule belts are joined by hard metal fasteners which create a spark when passing over the wheel of the pulley. Further, rapidly moving leather belts develop static electricity, whose sparks may attain 20 cm. in length. The atmosphere may become potentially explosive when the process of cement mixing with benzine content 40 per cent. by weight is continued for a period. In this case the spark for explosion may be present associated with the belt.

(b) **Varnish making.**—Varnish for glazing overshoes is made with linseed oil heated to over 200° C. While some factories use electric stoves to heat the oil, many use glowing coals on ordinary Chinese stoves, it being claimed that better results are obtained thereby. Hot coals may adhere to the bottom of a vat which has been heated over an open stove, which may become fanned into flame on being carried to another room. If oil is contaminated by water, water will boil at its own boiling point, and cause a fire through the whole mixture boiling over.

Subsequently some factories do not recognize the danger associated with mixing benzine with the hot oil, involving a rapid evolution of fumes. In some cases this process is properly done in the open air. In others the drying stage of a Chinese house is used, and the proximity of neighbouring chimneys may provide flame.

(c) **Varnish dipping.**—Varnishing dipping is the process by which varnish is applied to the overshoes before vulcanizing. It concentrates in one place several large vats of varnish from which there is a continuous emanation of fumes. An analysis of the benzine content of varnish made by the Health Department laboratory reveals 70 per cent. by weight. Shoes are allowed to dry in the room, and further fumes rise in the process. Accumulation of dried varnish constitutes a hazard.

(d) **Vulcanizing.**—Vulcanizing is done in large cylinders of wrought iron or mild steel lined with steam pipes or a steam jacket into which frames are wheeled on which shoes recently varnished are hung. Better type vulcanizers are lapjointed and rivetted, but others are only welded with butt joints. Shoe frames are made of iron, and run on iron railings slightly raised on the floor, which are coupled to similar rails in the floor of the vulcanizer. The possibility of a mechanically emitted spark occurring, especially at the junction of the rails, is high. The frame being in place, the vulcanizer is closed with a steel or wrought iron door. The door is tightened on to a rubber fillet in order to make the vulcanizer vapour proof and to maintain the necessary pressure. It is fastened sometimes by a bayonet bar, in others by many steel or wrought iron hand clamps. A heavy iron bar, striking the iron of the vulcanizer with force is used in the opening and closing process.

Manufacturers of locally made vulcanizers claim that these are tested hydraulically at 100 lbs. per square inch. This is more than they carry in working practice except where a steam pipe might burst. Safety valves are attached but whether fully efficacious or not cannot be stated. In any case the valve is usually of brass, which exposed in a humid atmosphere becomes clogged. Maintenance of even pressure throughout the vulcanizing process is claimed to be essential to obtain an even glaze: hence cold air under pressure is introduced usually from a cylinder filled by an air compressor driven by a motor. The motor often operates in the same room as the varnishing process is carried on. A pressure of 20-35 pounds being obtained, steam under pressure of 100 pounds is then introduc-

ed into the pipes which line the vulcanizer. No reducing valve is present to ensure automatic control of the pressure. Control is left in the hands of an operator who is humanly fallible. A temperature of 100-120° C. is induced. The fumes from the varnished shoes are freely given off into the vulcanizer at this temperature, the resultant potentially explosive mixture being the more hazardous due to the pressure maintained.

In the absence of routine test by the Settlement authorities of boilers and vessels under pressure, it is doubtful whether the gauges of vulcanizers reveal a correct state of affairs. In order to maintain equal pressure throughout provision is made for the escape of gases from the cylinder through the safety valve when through heating, the pressure rises. Thus the potentially explosive mixture of gases is regularly sent out into the atmosphere of the vulcanizing room.

(e) **Shoe making.** — On work benches in most factories each woman has two small open pots one of rubber cement containing benzine, and one of benzine. Steam pipes run in the benches to facilitate the work, heat produced adding to the evaporation of the benzine. One factory seeking to avoid this exposure of open gasoline has used glass bottles ignorant of the fact that in pouring the benzine from glass bottles friction develops electricity.

The air seems to the ordinary observer to be heavily laden with benzine vapour, though tests made have not yet revealed a proportion reaching explosive potentiality. Additional tests, however, should be made.

(f) **Outside fumes.**—In one rubber factory it was found that during the last month liquid benzine from the process entering the drains had given off fumes causing a manhole cover to be blown fifteen feet into the air hitting the roof of a gateway in a lee. Two explosions are stated to have occurred at this place. One child died, a man was burnt.

22.—To minimize hazards in the fume process:—

1.—Rooms in which processes involving use of benzine are carried on should be of approved type of construction and isolated from rooms where other processes are carried on.

2.—A drying room with ventilation to the open air should be provided in order to allow escape of benzine fumes before overshoes are introduced into the vulcanizer.

3.—There should be no meeting of iron on iron or steel. No iron tool should be used in the building. The wheel of the shoe frame which runs on iron rails should not be of iron or steel. Copper or rubber should be used. Scraping of varnish from any surface or receptable should be by a non-ferrous instrument.

4.—To safeguard against static electricity on belting, "endless belts" should be used or cone collectors should be employed. Belts should be joined with glue, not with metal thongs. The drawback to this is that the glue takes as a rule 24 hours to dry, and in the event of an unexpected belt break, delay may occur.

The inside surface of the belt should be covered with a paste of graphite and resin, making it conducting sheet.

5.—Benzine vapour being heavier than air, provision should be made for high intake of air, and outlet by mechanical means at the floor level, in rooms where fume processes are carried on.

Ventilating motors in common with all motors should be outside the room, and fan blades should be either outside, or separated from the room by screen.

Vents should carry the fumes to a specified distance above the roof of the building.

6.—Containers for benzine of a pattern which will permit of their being closed when the contents are not required should be used at the shoe benches. Glass bottles or containers should not be used.

7.—Rags which have been used for wiping up surplus benzine or lubricating oil should be placed in iron containers with lids, and kept outside workrooms. Otherwise their spontaneous combustion might provide the agent which would cause explosion of the fume laden air.

8.—Bulk supplies of benzine should be stored as at present required. Open stocks needed for work in hand should not exceed one day's use, and such stocks when not in use should be kept in approved stores adjacent to workrooms.

4.—Other Hazards.

23.—Hazards, other than those arising from explosive possibility of fumes, occur at various stages in the manufacturing process.

The following substances in powder form are incorporated into crude rubber at the rolling machines:—

Chalk
Sulphur
Oxide of Lead
Zinc Oxide
Barium Sulphide
Zinc Sulphate
Calcium Carbonate
Magnesium Carbonate

No precautions are taken in the handling of the lead salts which, in finely divided state, set up poisoning whether introduced into either the breathing or alimentary system. Lead poisoning results in paralysis of wrist and hands, degeneration of the arterial walls, of the kidney, lungs and liver. Serious nervous derangements occur.

24.—The atmosphere which workers breathe is heavily charged with benzine fumes. While the hydrocarbon solvents are not so toxic as are others, there is reason to believe that the continued breathing of benzine fume vapour laden air has untoward effects. Headache, disordered vision, malaise, even to loss of consciousness is known. Fairly serious gastro-intestinal disorders have been known, with nausea and jaundice.

25.—To minimize health hazards:

1.—An efficient exhaust draught should be installed so constructed as to operate on dust or vapour as nearly as possible to point of origin, and to prevent it entering room where persons work. There should be also suitably placed inlets for air.

Where lead and fume process are localized, fume cupboards should be installed.

2.—It should be explained to workers that general cleanliness may prevent lead poisoning. Hands should be washed before meals. No meals should be taken in rooms where lead or fume process is carried on.

26.—Dust Explosion Hazards:—In the room where incorporation rolls are found there is a constant cloud of dust. This has been known to explode upon a spark being provided, causing thereby damage of the same kind as is associated with a fume explosion.

To minimize hazards:—The same precautions should be taken in respect of electrical installation in rooms where there is a dust process as in those where there is a fume process.

5.—General Conditions Ruling.

27.—**Maintenance.**—Despite initial requirements by the Public Works, Health and Fire Departments, rubber factories depart from them in the majority of cases. Unauthorized additions are built, at times rendering totally ineffective the original precautions taken. Outside stairways become inside stairways, passages become blocked. Loft floors are built and partitions erected in workrooms. General lack of maintenance of good repair and cleanly condition forms a serious hazard.

28.—**Cleanliness.** — Specifically where varnish is allowed to collect, a fire or explosion hazard exists. The presence of much waste material and a general lack of cleanliness and tidiness is a contributing factor to lessening safety.

29.—**Overcrowding.** — There is serious overcrowding in many of the workrooms where women work at benches. Benches are set too closely together.

30.—**Exits.**—Exits are frequently blocked up by work benches or other gear. Exit doors except where used for entrance purposes are generally locked. In many factories escape from top story workrooms would prove absolutely impossible, should there be interference with the entrance door.

31.—**Sanitation.**—Placing of latrines and rubbish bins in passageways is frequently met with, badly interfering with the space provided for escape in case of panic. They are otherwise sometimes unsuitably placed, constituting a nuisance.

32.—**To minimize hazards.**—Many of these factors are matters in which only continuous routine inspection of rubber factories could ensure an adequate measure of safety.

ANNUAL MEETING OF RATEPAYERS.

SPECIAL MEETING OF RATEPAYERS.

NOTICE is hereby given that a Public Meeting of Ratepayers will be held in the Grand Theatre, Bubbling Well Road, or at a place to be designated hereafter, on Wednesday, April 19, 1933, at 4 o'clock p.m., precisely, to devise ways and means of raising the requisite funds for Municipal purposes, to pass resolutions in reference thereto and to deliberate and decide upon other Municipal matters and business. At such meeting the accounts of the Council for the year ended December 31, 1932, will be submitted for the sanction and approval of the Ratepayers.

That a Special Meeting of Ratepayers will be held at the same place and on the same date commencing at 5 o'clock p.m., to consider and approve resolutions upon various matters whereof due notice will be given.

By order,
J. R. JONES,
Council Chamber, *Secretary.*
Shanghai, March 31, 1933.

ANNUAL MEETING OF RATEPAYERS.

RESOLUTIONS.

NOTICE is hereby given that the following resolutions will be brought forward by the Council at the Annual Meeting of Ratepayers to be held in the Grand Theatre, Bubbling Well Road, or at a place to be designated hereafter, on Wednesday, April 19, 1933, at 4.00 o'clock p.m.:—

Resolutions I, II and III.—Appointment of Chairman and Secretary and Adoption of Rules of Procedure.

Resolution IV.—That the Report and Accounts for the year ended December 31, 1932, be passed.

Resolution V.—That the estimated expenditure for the year 1933 contained in the Budget proposed by the retiring Council together with the recommendations attached thereto be approved and adopted, and that the Council be hereby authorized to impose collect and recover the rates taxes dues and fees recommended therein and to raise should it be considered expedient to do so upon such terms and in such manner as the Council may in its discretion think fit a sum not exceeding Tls. 6,520,000 or the equivalent thereof for the purpose defined in the estimate of Extraordinary Expenditure.

Resolution VI.—That in the opinion of this meeting the amendment of Land Regulation XVIII is desirable and that the Council be hereby authorized and instructed to make representations to the Powers concerned with a view to securing the following amendments to the said Regulation:—

(1) After "attend at" for "the place" read "each place."

(2) Omit the words "signed by himself with his own name."

(3) For "10 a.m. to 3 p.m." read "8 a.m. to 6 p.m."

(4) Before "scrutineers" omit the word "two."

(*Present form.*)

On the day appointed for the election, should the number of Ratepayers proposed for election as Councillors exceed nine, two officers appointed by the existing Council for the purpose shall attend at the place appointed for the election, to receive the votes of the Ratepayers. These officers shall be provided with a list of all the Ratepayers duly qualified to vote, and shall give to each such Ratepayer as may be present and may require it, a voting card or paper containing a list of the Ratepayers proposed for election. The voter shall then mark on such voting lists the names of any number of persons, not exceeding nine, for whom he intends to vote, and shall deposit the list **signed by himself with his own name** so marked, in a closed box provided for the purpose of receiving such list.

The poll shall remain open for two consecutive days, from **10 a.m. to 3 p.m.**, at which hour on the second day the poll shall be closed. Immediately upon the close of the poll two scrutineers appointed by the Council without delay proceed to open the box or boxes, examine the voting lists, and declare the names of the nine Ratepayers who have the greatest number of votes, and who shall thereupon be considered duly elected as the Council for the ensuing Municipal year.

(*Proposed amendment.*)

On the day appointed for the election, should the number of Ratepayers proposed for election as Councillors exceed nine, two officers appointed by the existing Council for the purpose shall attend at each place appointed for the election, to receive the votes of the Ratepayers. These officers shall be provided with a list of all the Ratepayers duly qualified to vote, and shall give to each such Ratepayer as may be present and may require it, a voting card or paper containing a list of the Ratepayers proposed for election. The voter shall then mark on such voting lists the names of any number of persons, not exceeding nine, for whom he intends to vote, and shall deposit the list so marked, in a closed box provided for the purpose of receiving such list.

The poll shall remain open for two consecutive days, from **8 a.m. to 6 p.m.**, at which hour on the second day the poll shall be closed. Immediately upon the close of the poll scrutineers appointed by the Council shall without delay proceed to open the box or boxes, examine the voting lists, and declare the names of the nine Ratepayers who have the greatest number of votes, and who shall thereupon be considered duly elected as the Council for the ensuing Municipal year.

Resolution VII.—Election of Land Commissioner for the ensuing year.

Resolution VIII.—Election of four Governors of the General Hospital for the ensuing year.

Ratepayers intending to ask questions in regard to the Accounts or other matters connected with the foregoing Resolutions are requested to give notice of such intention at least 24 hours before the meeting.

Ratepayers desirous of bringing forward additional motions or of nominating duly qualified persons willing to serve under Resolutions VII and VIII are required to give notice thereof to the undersigned before 4 p.m., on April 11, for due publication.

ANNUAL AND SPECIAL MEETINGS OF RATEPAYERS.

At the meeting of the Council on March 29 amendments proposed by the Secretary to Bye-law XXXIV to provide for the licensing of factories, and to Land Regulation XVIII in order to modernize to some extent the procedure for polling at the annual election of Councillors, were approved for submission to ratepayers at the forthcoming Annual and Special Meetings.

If the amendment to be proposed by the Council at the Special Meeting of Ratepayers to be held on April 19 is adopted, Bye-Law XXXIV will then read:—

"No person shall **own occupy or operate a factory or workshop or carry on an industrial undertaking** or keep a fair market etc. . . . . without a licence first obtained from the Council and in the case of foreigners countersigned by the Consul of the nationality to which such person belongs. . . . . ."

The proposed change in Land Regulation XVIII provides for the omission of the stipulation that the voter shall sign his ballot paper. It also provides that the poll shall be open from 9 a.m. to 6 p.m., while provision is made for the appointment of more than two scrutineers to ensure a speedy declaration of the poll.

COUNTRY HOSPITAL.

Superintendent's Report for 1932.

Governors.—Drs. R. J. Marshall, E. Birt and J. C. McCracken have resigned from the Board of Governors on proceeding on long leave and Drs. E. L. Marsh, H. Mertens and J. R. B. Branch have been appointed to fill their places. Mr. T. Morioka has been appointed to the vacancy caused by the death of Mr. T. Kikuchi.

The Committee for the Victoria Nurses' Home was formed during the year and Mr. V. Meyer and Dr. R. J. Marshall were appointed as representatives of the Hospital.

Staff.—The following members of the Staff were on long leave during the year:—Mr. J. Cornfield, Treasurer, Miss F. Mathews, Admission Office, and Miss E. E. Virden, Operating Room Sister. Mr. M. Hay Thorburn acted as Treasurer during Mr. Cornfield's absence.

Resignations from the Nursing Staff were received from the Misses L. E. Lyons, A. M. Campbell, E. Kock, C. M. Morrison, W. Hunton, E. M. Kitchener, W. Ryall, A. H. Kilgour, G. Spaeth, O. A. Luck, S. R. Ash (Sisters) and K. Mason and N. Saunders (Staff Nurses).

The following were appointed as Sisters: Misses B. Lange and M. Gerdau, and as Staff nurses; Misses N. Saunders, M. C. Green, D. E. Gauld, E. M. Pearse, D. E. A Hicks, I. J. Beck, I. Bie, M. K. Oatway, E. M. Snowden and L. Hardt.

Having passed their qualifying examination and the reports on their work being satisfactory, Misses I. Whitgeb and M. Wagstaff were promoted from Probationers to Staff Nurses.

The Hospital Pharmacist, Mr. Lee, had to resign owing to ill health and his place was filled by Mr. M. Goursky, American Registered Pharmacist.

Statistics.—See table. It will be noted that there was a considerable falling off in admissions to the Hospital and this has naturally had an effect on the work done in the special Departments.

Operating Room.—Miss Virden, Sister in Charge, was on long leave for seven months: during this time Miss Arnold acted. As was to be expected from the decrease in admissions to the Hospital, fewer operations were performed during the year; the fall in major operations was in the circumstances very slight. The operative procedures most frequently done during the year were Appendectomy 208, Tonsillectomy 123, D. and C. 73, Cystoscopy 39, P. V. Examination 36, Mastoidectomy 33, Fractures 33, Hernia 31. Included among the more serious operations were Hysterectomy 24, Cholecystectomy 15, Ruptured Ectopic 5, Ovarian Cyst 10, Caesarian Section 3, Trephine for Fracture of Skull 1, Gastro-Jejunostomy 1, Ruptured bowel 1, Cancer of Rectum 1. Radium needles were inserted on 14 occasions.

Hydrotherapy Department.—The Staff of this Department was changed during the year, Miss Lange being appointed Sister in Charge and Miss Bie assistant. The number of treatments given during the year decreased considerably in number. The falling off is noted in Ultra Violet Light treatments: this is apparently due to the practice of hiring or buying lamps and taking these treatments at home: treatments by other modalities showed an increase. Very good work has been done in this department during the year especially in the after treatment of fracture cases. The number of the various treatments given was Ultra Violet Light 1,943, Diathermy 1,497, Diathermy (Fulguration) 5, Massage 1,396, Electric Massage 38, Exercises 104, Galvanism 471, Ionisation 15, Light Box 382, Sollux Lamp 59, Inhalation 145, Douche 56, Pine Baths 151, Carbonic Acid Baths 109, Hot Air Baths 48, Sulphur Baths 178, Suda Baths 27.

X-Ray Department.—The work of this Department showed a small increase over that done the previous year. Bone work as usual consisted chiefly in a search for fractures of which 118 were found: fracture of the jaw comprised a larger number than usual. Unreduced dislocations are seldom seen but this year produced quite a number of which the acromio-clavicular as usual formed the majority. Among the comparatively few diseases of bone two of widely disseminated malignant secondaries and two of bone cyst were included.

Apart from fracture work the major portion of the diagnostic cases were Gastro-intestinal and chests. Of the former the chief findings were Chronic Appendicitis 98, Gastric Ulcer 23, Duodenal Ulcer 25, Colitis 33, Adhesions 16, Diverticulosis 2. Only three cases of malignant disease, one each of oesophagus, stomach and colon were seen. Chests gave Tuberculosis 53, Enlarged Glands 19, Pneumonia 12, Pleurisy with Effusion and Empyema 14 and Bronchiectasis 13.

Due to the introduction of intravenous injections for visualizing the urinary tract this type of work has considerably increased, the procedure being simpler and less trying for the patient, but this method of examination has by no means rendered retrograde pyelography unnecessary.

Other examinations which showed a noteworthy increase were those for mastoids and for pregnancies. Several examinations of uterus and tubes after injection of opaque oil were also carried out.

Treatments were chiefly for cases of malignant disease most of them being post operative or combined with Radium treatment. Radium treatment continued to increase and some very good results have been obtained. In addition to the cases in which Radium needles have been

inserted into the tissues, included in operating room report, surface applications (two on wax) have been made on three occasions.

Clinical Laboratory.—This department showed a slight increase over the work done in 1931. The following is a table of the results:—

Engineering Department. — The refrigerating plant has been thoroughly overhauled during the year. Various coils which were leaking were repaired and new metallic packing was fitted to compressor. It was fortunate that this work was finished early in the year as owing to the exceptionally hot summer more ice was needed and the cold air was working for longer periods than usual. This plant is now in good working condition.

The various plants have given entire satisfaction during the year. Special mention is made by the Consulting Engineer of the water treatment which has eliminated the formation of scale in the high pressure boilers.

The artesian well and machinery have given very good results and the quality of the water is excellent. It is considered one of the best working wells in Shanghai.

A new heating circuit was installed during the year to supply the electric toasters formerly worked off the light circuit. This has resulted in a considerable saving and the installation has already paid for itself.

The Coal supplied by the contractor during the year was satisfactory except for the period of the fighting in Chapei. The contractors realising that the coal was not up to standard during that time made us an allowance to cover this.

MUNICIPAL ADVOCATE'S REPORT FOR MARCH.

The Municipal Advocate reports that 10,479 cases were prosecuted in the Shanghai First Special Area District Court and the Kiangsu High Court, Second Branch, during March, as compared with 9,249 cases in February. 7,135 persons failed to appear in petty bye-law cases and their bail was confiscated, as compared with 5,850 persons during February. Eighty-four cases were withdrawn on the ground that there was insufficient evidence to convict, as compared with 53 in February. The total number of major and minor criminal cases prosecuted to completion was 3,530, as compared with 3,346 during February. 3,331 persons were convicted and 199 acquitted, as compared with 3,132 persons convicted and 212 acquitted during February.

In addition to the above, there were 170 private criminal prosecutions, 448 cases instituted by the Health and Public Works Departments for violation of Health and Public Works regulations, and 667 cases instituted by the Traffic Department for infringement of traffic regulations, as compared with 134 private criminal prosecutions, 345 Health and Public Works cases and 417 traffic cases in February.

94.3 per cent. of the persons charged were convicted, as compared with 93.1 per cent. and 93.6 per cent. for January and February respectively. The percentage of convictions for the first three months of this year is 93.66 per cent., as compared with 91.56 per cent. for the first three months of last year.

Appeals.—(a) By the Council: One appeal to the Supreme Court was filed by the Council during the month of March. One appeal by the Council was heard during the month, with the result that the sentence was increased. The total number of appeals by the Council pending as of March 31 was as follows: in the Supreme Court, 4; in the High Court, 5.

(b). Appeals by Defendants: Sixty-one appeals were perfected during the month, three to the Supreme Court, 51 to the High Court, and seven to the District Court of Appeals. Ninety-three appeals by defendants were concluded and dealt with as follows:

Accused found not guilty	5
Appeals dismissed	53
Appeals withdrawn	4
Sentences increased	4
Sentences reduced	20
Cases sent back for retrial	5
Cases not accepted	1
Accused exempted from prosecution	1
	93

There were 109 appeals filed by defendants pending on March 31, as follows: in the Supreme Court, 58; in the High Court, 47; in the District Court of Appeals, 4: Total, 109.

Extradition Cases.—Twenty-four applications involving 38 persons were made by the extra-Settlement Authorities during the month. Prima facie cases were proved against 32 persons and they were ordered to be handed over. One Russian female was released on security pending the production of further evidence. In one application made by the Shanghai Public Safety Bureau, the accused claimed Formosan nationality and was ordered to be handed over to the Japanese Consular Police. Four persons were remanded pending further trial. Two persons on remand from last month were ordered to be handed over, and one was released owing to lack of prosecution by the authorities concerned.

Cases Pending.—On March 31, there were pending in the High Court and District Court 62 cases, which, together with 118 cases on appeal, makes a total of 180 cases pending. In addition to above, there were 22 cases pending in which the accused were detained on writs of detention.

Suspended Sentences.—Seventy-seven sentences of imprisonment were suspended in new cases, and two sentences were suspended on appeal.

Criminal Processes.—8,834 criminal processes were forwarded to the Shanghai Municipal Police for service. 492 criminal processes were dealt with by the Judicial Police.

Civil Processes. — 10,528 civil processes were dealt with by the Process Servers.

PEACE MEMORIAL SCHOLARSHIPS.

The Trustees of the Peace Memorial Scholarships Fund offer two scholarships of a triennial value of £1,350 each, subject to the conditions of the Trust and with the object, as stated by the donor, of encouraging British boys to turn to the laboratory, the workshop or the land, in preference to the counting-house and the office. The award will be made by the Trustees on the recommendation of the Examination Syndicate of Cambridge University on the result of the School Certificate Examination to be held in December 1933.

These Scholarships are open to British boys of pure white descent who have been resident in China or Hongkong for a period of not less than three years immediately preceding the examination, and whose parents (or one of them) have resided in China or Hongkong for a period of at least three years. Candidates must be below the age of 20 years on July 1, 1933.

The prizemen will be required to select from the following courses of study:

(1) Electrical Engineering and/or Synthetic Chemistry,

(2) Practical Farming and/or Horticulture,

being allowed the option of choosing any one subject or group of two subjects as indicated above.

No restraint will be placed on prizemen as to the countries in which they may desire to prosecute their studies, but at least one year must be devoted to practical work in the laboratory, the workshop, or the field. The names of the Universities, Colleges, or other places at which the scholar proposes to study are to be submitted to the Trustees for approval.

The sum of £1,350 will be allocated as follows:

(*a*) A first-class passage from China to the country in which the prizeman elects to commence his studies.

(*b*) The sum of not more than £350 per annum, for three years, in quarterly instalments from the date of landing in such country.

(*c*) Any balance on the completion of the three years (subject to progress satisfactory to the Trustees being shown) to the prizeman.

The subjects prescribed for the examination are:

Group I	Subject	1	English
	,,	4	Geography
Group II	Subject	5	Latin, together with one other language.
Group III	Subject	12	Elementary Mathematics.

TOGETHER WITH TWO OF THE FOLLOWING:

Group III	Subject	13	Additional Mathematics, Papers, I, II, and III.
	,,	14	Chemistry
	,,	15	Physics
	,,	17	Botany

Candidates for these Scholarships are required to fill in a Special Application Form in addition to the usual Examination Entry Form. The necessary forms and any further information with reference to these Scholarships may be obtained from L. C. Healey, Esq., Superintendent of Education, Administration Building, Shanghai Municipal Council.

MUNICIPAL NOTIFICATION

No. 4330.

FRUIT SHOP OR FRUIT STALL LICENCE.

NOTICE is hereby given that the Fruit Shop and Stall Licence will, with effect from April 1, 1933, be known as the Fruit Shop or Fruit Stall Licence, and that the following Definition and Conditions will be applicable from the same date:—

Definition.

This licence applies to all premises where "fruit" as hereinafter defined is kept, offered or exposed for sale, or sold, for human consumption. The term "premises" shall be held to include a fruit shop or a fruit stall. The term "fruit" shall be held to include melons, sugar cane (koen-sok), loo-sok, water chestnuts (di-lih), lotus root (ngeu), sweet potatoes (oong-sanyui), turnips (oong-lau-bok) and Tientsin lau-bok.

Conditions.

1. The licence is not transferable.

2. The licence number plate shall be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced, and the licence shall be exhibited in a conspicuous place inside the premises.

3. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4. The neighbourhood and immediate surroundings shall be healthy.

5. The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6. The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council.

7. No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8. The walls and ceilings shall be whitewashed in April and October each year and at such other times as may be considered necessary by the Commissioner of Public Health.

9. The premises shall be provided with proper sanitary conveniences if required by the Commissioner of Public Health.

10. On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

11. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

12. Fruit which is eaten raw shall not be cut or peeled when kept, offered, or exposed for sale, or sold.

13. No spitting shall be allowed within the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

14. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any fruit be found to be bad, impure, unwholesome, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.

15. Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

16. No gratuity of any kind shall be offered or given to any employee of the Council.

17. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,
J. R. JONES,
Secretary.

Secretary.

Council Chamber,
Shanghai, March 30, 1933.

MUNICIPAL NOTIFICATION

NO. 4339.

FOOD AND DRINK STALL OR STAND LICENCE.

NOTICE is hereby given that the following amended conditions for a Food and Drink Stall or Stand Licence have been approved, and will be enforced from April 1, 1933:—

Definition.

The term "Food and Drink Stall or Stand" means any stall or stand used or occupied for the sale of approved foods and/or drinks for human consumption and situated elsewhere than in any regularly constructed building, and includes any authorized structure so used or occupied, whether permanent or temporary, other than a regularly constructed building.

Conditions.

1. The licence is not transferable.
2. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.
3. The design, construction, equipment and maintenance of the stall or stand shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.
4. No stall or stand shall be so situated as to constitute an undue obstruction.
5. The size of the stall or stand together with the working space shall not exceed 36 square feet.
6. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain in the premises.
7. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any food or drink kept, offered or exposed for sale, or sold, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.
8. No intoxicating liquor shall be kept or sold.
9. The licence shall be kept ready at all times for inspection by officers of the Council charged with the inspection of licensed premises.
10. No gratuity of any kind shall be offered or given to any employee of the Council.
11. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,
J. R. JONES,
Secretary.

Council Chamber,

S.M.P. SPECIALS.

The Council has approved the recommendation of the Commissioner of Police to create two more posts of Assistant Commissioner (Specials) and to fill them by the promotion of one foreign Superintendent and one Chinese Superintendent. It also decided to raise the status of the senior Assistant Commissioner (S) to that of Deputy Commissioner (S). Accordingly, the Commissioner of Police recommended the promotion of Mr. R. G. MacDonald, the present Assistant Commissioner (S) in charge of the Specials, to the rank of Deputy Commissioner (S). Mr. MacDonald has been a member of the Specials since the inception of this branch of the Force and has been in command since 1922. The Commissioner also recommended the promotion of Mr. R. G. Herbert, and Mr. C. C. Tao, both present Superintendents to the rank of Assistant Commissioner (S). These recommendations have also been approved.

(2) Omit the words "signed by himself with his own name."

(3) For "10 a.m. to 3 p.m." read "8 a.m. to 6 p.m."

(4) Before "scrutineers" omit the word "two."

(*Present form.*)

On the day appointed for the election, should the number of Ratepayers proposed for election as Councillors exceed nine, two officers appointed by the existing Council for the purpose shall attend at **the** place appointed for the election, to receive the votes of the Ratepayers. These officers shall be provided with a list of all the Ratepayers duly qualified to vote, and shall give to each such Ratepayer as may be present and may require it, a voting card or paper containing a list of the Ratepayers proposed for election. The voter shall then mark on such voting lists the names of any number of persons, not exceeding nine, for whom he intends to vote, and shall deposit the list **signed by himself with his own name** so marked, in a closed box provided for the purpose of receiving such list.

The poll shall remain open for two consecutive days, from **10 a.m. to 3 p.m.**, at which hour on the second day the poll shall be closed. Immediately upon the close of the poll **two** scrutineers appointed by the Council shall without delay proceed to open the box or boxes, examine the voting lists, and declare the names of the nine Ratepayers who have the greatest number of votes, and who shall thereupon be considered duly elected as the Council for the ensuing Municipal year.

(*Proposed amendment.*)

PROCEEDINGS.

Mr. A. D. BELL.—Ladies and gentlemen, as it is past the hour for which this meeting has been called, I beg to propose:—

Resolution I.—That our esteemed fellow-ratepayer, Mr. A. W. Burkill, be invited to take the Chair.

Mr. H. E. ARNHOLD.—Ladies and gentlemen, I beg to second the resolution.

Mr. A. D. BELL.—Those in favour of the resolution will please signify in the usual way? Those opposed? Carried unanimously.

Mr. A. W. BURKILL then took the chair, and called upon Mr. A. D. Bell to move Resolution II.

Mr. A. D. BELL.—Mr. Chairman, ladies and gentlemen, I beg to propose:—

Resolution II.—That Mr. J. W. Fraser be appointed Secretary to the Meeting.

Mr. H. E. ARNHOLD.—Mr. Chairman, ladies and gentlemen, I beg to second that resolution.

The CHAIRMAN.—It is proposed that Mr. J. W. Fraser be appointed Secretary of this meeting. Those in favour will signify in the usual manner? Those against? Carried unanimously. Before calling for Resolution No. III, I will read the Notice convening the Meeting. (The Notice was read.) I will now call upon Mr. A. D. Bell to move Resolution No. III.

Mr. A. D. BELL.—Mr. Chairman, ladies and gentlemen, I beg to propose:—

Resolution III. — That the annexed rules of procedure be adopted for use at this meeting and other public meetings until the next annual meeting.

Mr. H. E. ARNHOLD.—Mr. Chairman, ladies and gentlemen, I beg to second that resolution.

The CHAIRMAN.—It is proposed that the rules of procedure annexed to this Resolution be adopted for the use of this meeting, and remain in force until the next Annual Meeting. Those in favour will signify in the usual manner? Those against? Carried unanimously. I will now call upon Mr. A. D. Bell to propose Resolution No. IV. that the Report and Accounts for the year 1932 be passed.

Mr. A. D. BELL.—Mr. Chairman, ladies and gentlemen: Following the practice of my predecessors I shall endeavour not to trespass unduly upon your time and patience by addressing you in regard to routine municipal matters which are dealt with at length in the Annual Report of the Council, but will try to confine my remarks in so far as practicable to such subjects as may appear to be deserving of special comment or elaboration.

POLITICAL SITUATION.

It has been customary for the Chairman of Council, in addressing the Ratepayers at their Annual Meeting, to review in outline the developments of the local political situation during the preceding year, with particular regard to its bearing and effect upon the peace and good order of the Settlement.

The trend of events during the past year at Geneva and the portentous situation in North China naturally have their repercussion in the international community of Shanghai.

The international character of the Settlement which lies at the very root of its existence imposes not only upon the Council but upon all the residents of the Settlement irrespective of nationality the imperative duty of recognizing and appreciating the importance of refraining from acts or conduct within the Settlement which are calculated to offend or wound the national susceptibilities of the peoples of the two great nations which as principals are now so vitally involved in the present imbroglio.

The dangers to which the Settlement is exposed under existing conditions are obvious and as a single spark may kindle a great conflagration so may inconsiderate and impolitic acts upon the part of radical or impulsive elements of the community lead to deplorable consequences.

Aside from sounding this note of warning I refrain from any comment upon the political aspect of the situation which confronts us, but, for the information of those interested, may state that the Annual Report contains a narrative of the events which led up to the critical situation of last year and the results which followed in so far as these matters came within the scope of the Council's observation and knowledge.

EXTRA SETTLEMENT ROADS.

In July, 1930, the Council, with the tacit approval of the local representatives of the principal foreign Powers, or at least some of them, again resumed its efforts to open negotiations with the Chinese Authorities with the object of attempting to find some practical basis for a solution of the many vexed problems connected with the extra Settlement areas.

The Chinese Authorities responded to the Council's overtures in a far more conciliatory manner than upon former occasions and after somewhat extended preliminary discussions, it was agreed upon both sides to appoint special representatives to meet and discuss details and to report periodically to their respective principals the result of their deliberations.

These discussions proceeded smoothly though at times in a somewhat desultory manner due in a great measure to interruptions resulting from Sino-Japanese political developments, until July, 1932, at which time the representatives had succeeded in reaching an agreement upon the principal points of a *modus vivendi* which it was thought stood a fair chance of receiving the approval of the Council and the Chinese Government and ultimately of the Ratepayers and public generally.

At this point it developed that the Sino-Japanese situation had injected further complications into a problem already bristling with difficulties and complexities.

The Japanese authorities made it known that they felt that Japanese interests had not been considered to the extent they should have been in arriving at the basic principles of a *modus vivendi*.

In the hope of eventually reconciling the Japanese point of view, negotiations between the representatives of the Council and the Chinese Authorities were suspended in order to enable the Council to make an attempt to iron out the difficulties and explain certain objections raised by the Japanese.

Discussions were promptly opened between the Council and the Japanese Consular Authorities but owing to the nature of the interests involved, progress has been very slow and it is impossible to forecast at this time what the result of these negotiations is likely to be. The Council has not, however, given up hope of a successful issue to these protracted negotiations.

SPECIAL DISTRICT COURT.

In view of the fact that the Special District Court Agreement of February 17, 1930, by its terms would expire on March 31, 1933, unless extended for a further period by mutual consent of the parties, the Chairman of Council in the course of his speech at the Annual Meeting of Ratepayers last year voiced the hope that the incoming Council might be able to accomplish something definite toward securing a more satisfactory agreement regarding these Courts.

Unfortunately this hope has not been realized. On February 8 of this year the agreement in its original form was extended by mutual consent for a further period of three years.

Some satisfaction may be gained from the fact that in an exchange of Notes supplemental to those extending the original agreement, there is a statement to the effect that measures are now under contemplation by the Chinese authorities for checking undue delay in Civil proceedings, with special reference to matters of appeal and execution of judgment.

It is to be hoped that these contemplated measures will become realities.

Disappointing as it may be that the hope of securing a more satisfactory agreement is again deferred to the indefinite future, I think we may rest assured that the representatives of the foreign Powers have done their utmost, taking into consideration existing political and other conditions.

PUBLIC UTILITIES.

Protracted negotiations and discussions between the local Chinese Authorities and representatives of the Telephone, Waterworks and Power Companies regarding extension of services to extra-Settlement areas, in which the Council has assisted in every possible way, have been carried on throughout the year without achieving much in the nature of tangible results with the exception of the Telephone Company which has made very considerable progress toward reaching a tentative agreement with the Chinese Authorities. I may say that this morning an agreement between the Telephone Co. and the Chinese Authorities was signed. The details of questions involved in the negotiations of the Telephone Company are fully set forth in the Annual Report.

Aside from the inherent difficulties, under present conditions, of conducting negotiations regarding extra-Settlement areas the Waterworks Company has encountered serious opposition in its efforts to install general metering in the Settlement.

The application of general metering has given rise to a number of problems far too intricate and complicated for me to attempt to explain them in detail in the limited time at my disposal. These matters including many others relating to public utilities generally are dealt with at length in the Annual Report to which I invite your attention, and in particular to that section which deals with an alteration in the arrangement for financing the sale of the electricity undertaking to the Shanghai Power Company.

EDUCATION.

In his speech last year my predecessor told you that Tls. 150,000 had been set apart for the purpose of making grants-in-aid to deserving non-Municipal Schools. This sum was duly allotted in the proportion of 55 per cent. to schools for Chinese children and 45 per cent. to schools for foreign children. He told you also that two new primary schools for Chinese children were in course of construction: these two schools have since been completed and opened, while a third primary school for Chinese children has been established in leased premises. A Hostel for foreign children, under the terms of the Hanbury Trust, was completed and opened during 1932.

In 1933 for the first time in the history of the International Settlement the ordinary expenditure on Chinese education will exceed the ordinary expenditure on schools for foreign children. The proportion will be roughly 51 per cent. and 49 per cent.

The expenditure on education in 1933 will be about 10 per cent. higher than it was in 1931 or 1932 and the excess will be spent almost entirely on the education of Chinese children. The interests of foreign children, however, are not being forgotten and the building programme for this year comprises two new schools for foreign children, one for boys in Tifeng Road and one for girls in Range Road. It is not proposed to proceed this year with the building of any new primary school for Chinese children, but new premises in Singapore Road for the existing secondary school for Chinese Girls will be commenced shortly.

The expenditure on education now represents about 10 per cent. of the Municipal Revenue and I would repeat my predecessor's remark that "it will be a matter of serious consideration in the future as to whether a specific proportion of Municipal Revenue shall be definitely allocated for educational purposes."

ACCOUNTS.

Turning now to the subject of the Accounts for the year 1932, the Financial Statement for 1932 together with the Treasurer and Controller's report thereon have been in your hands for the requisite period and I do not consider that it is necessary for me to make more than a brief reference to the financial events of the year.

The Ordinary Budget discloses a deficit of Tls. 53,480 as compared with an estimated surplus of Tls. 11,120. It will be readily understood that the Sino-Japanese disturbances had a marked effect on the Council's revenue and it was deemed equitable to accord relief to taxpayers in the Northern and Eastern Districts who were directly affected by these disturbances. The actual amount of relief accorded was approximately Tls. 390,000. Apart from this, Ordinary Income showed a deficiency of Tls. 565,840 as compared with the estimates, and it was only by the exercise of strict economy by Departments and the curtailment of the roads maintenance programme that the financial result of the year's working has on the whole proved satisfactory.

You will observe that the accounts of the Education Department have been separated from the General Budget, and are now designed so far as possible to show the full cost of this service. The deficit on the Education Budget to be carried forward amounts to Tls. 56,343 and is primarily due to the fact that payment of grants-in-aid relating to 1931 were actually distributed in 1932. Reference to this matter is contained in the Treasurer and Controller's report.

Turning to the Extraordinary Income and Expenditure accounts, you will notice that both income and expenditure are much below the estimated figures. This result is mainly due to the decision to defer redemption of the Loan of 1922 until the current year. The fact that certain areas of land earmarked for sale were not disposed of also had a considerable bearing on the amount of extraordinary income available.

As regards Education, the capital sums set aside were not fully expended as it was not possible to proceed with the construction of the Public School for Boys—Western District—during the year. The surplus under this heading amounting to approximately Tls. 100,000 is being carried forward to enable the work to be proceeded with in 1933.

RETIREMENT OF MR. E. L. ALLEN.

I desire to take this opportunity of expressing publicly the Council's appreciation of the long and valuable services of Mr. E. L. Allen, Ex-Commissioner of Revenue. Mr. Allen joined the Council's service in March, 1889, and had thus served for over 44 years, the longest recorded period of service completed by any foreigner in the Council's employment. (Applause) Mr. Allen also for many years acted as Secretary to the Annual Meetings. I feel sure I voice the feelings of all ratepayers in wishing him many years of good health and happiness in his retirement. (Applause).

With these remarks, I beg to propose:—

Resolution IV.—That the Report and Accounts for the year ended December 31, 1932, be passed.

MR. H. E. ARNHOLD.—I have much pleasure in seconding that resolution.

DR. H. C. PATRICK:—Mr. Chairman, ladies and gentlemen: In the annual report there is a reference on page 144 to a matter dealing with the Health Department. It is mentioned that a Medical Board has been constituted by the Council for keeping a record of the medical profession, dentists, and veterinary surgeons working in Shanghai, and that on that Board there are representatives from the Council and from various medical societies. They have produced a register of the medical profession of Shanghai, which has been published in its latest issue in the "Municipal Gazette" of March 31, 1933, showing that there are now more than 600 doctors practising in Shanghai, of whom 228 are foreigners—a large advance on the register which was produced by a local chemist in 1907, when only 13 doctors were registered. It is very satisfactory that the Council should have taken steps to produce this register. Unfortunately, up to the present the register is a voluntary one, and carries with it no legal authority. It has been suggested to the Council that it would be desirable that the register should include names under a system of compulsory registration. That idea has been introduced in all civilised countries. The Shanghai district under the authority of the Chinese Government has imposed legal registration upon the medical profession. In the French Concession registration in a legal way has been imposed by the French authorities, but in the International Settlement it has been found impossible up to the present to impose this legal qualification. That requires dealing with by special regulations which

are not under the authority of the Council at the present time. It would require, we are told, an amendment to the Land Regulations. It has been suggested that the Council should take advantage of this special meeting which is taking place here to-day, to introduce such special regulations, but that has not been conceded by the Council. It is unfortunate that the Council do not realize that this is a matter of considerable importance, and that it cannot be done now at this meeting. The Council, in introducing the system of voluntary registration, have challenged the medical profession to show its willingness to submit to registration, and for the benefit of the public to have a legal registration. The profession has accepted that challenge to the extent that I have detailed to you, that over 600 doctors have given in their names for voluntary registration. The challenge is now passed to the Council to bring the Shanghai International Settlement into line with all other civilized communities and have legal registration for the medical profession. That is all, Mr. Chairman, that I have to say. (Applause).

The CHAIRMAN.—Those in favour of the Resolution kindly signify in the usual way?—Those against?—Resolution IV is carried unanimously. I will now ask Mr. Bell to propose Resolution V.

BUDGET.

Mr. A. D. BELL.—Mr. Chairman, ladies and gentlemen: The Budget for 1933 together with full explanatory notes thereon has been in your hands for some days, and in accordance with the practice of former years I propose to confine my remarks to matters of major interest and financial policy.

You will have noticed that the total income for the year after providing for the small deficit carried forward from 1932 is estimated at Tls. 16,484,620, which represents an increase of approximately 7½ lakhs over the relative figure for last year. The principal increases appear under Land Tax and General Municipal Rate. As you are aware, land values in Shanghai have, generally speaking, increased since the last assessment, and in order that the appropriate amount of revenue may be derived from this source a reassessment of values is now nearing completion. Land tax will be collected on the new assessed values with effect from July 1 next.

With regard to the General Municipal Rate, I would mention that a reassessment of owner-occupied premises has been proceeding for some time past and it is proposed to expedite this measure in order to ensure that this class of property is contributing its fair proportion to the Municipal revenues.

Other items on the income side in most cases show increases due to normal development, the main exception being Wharfage Dues which are estimated to produce Tls. 260,000 less than the anticipated figure for 1932. The reason for this shortage is disclosed in the explanatory notes accompanying the Budget.

An amount of Tls. 1,623,490 has been allocated to the Education Budget. This sum represents approximately 10 per cent. of the total Municipal income for the year, and as under the existing programme the annual demands for education purposes are likely to become increasingly heavy, it may be necessary in the near future to review the whole subject of education policy and costs.

Expenditure on the Ordinary Budget, excluding Education, is estimated at Tls. 16,247,400. Every endeavour has been made to keep expenditure within due bounds, but so long as Shanghai continues to develop Municipal activities must keep pace with such development and if security and efficiency are to be maintained it is evident that the cost of the Municipal Service must increase. All Departments realize the necessity for retrenchment and I am sure you will appreciate that projects involving heavy and recurring expenditure should be embarked upon only with the utmost caution.

The shortage of income on the Ordinary Budget amounts to Tls. 1,386,270 which is approximately equivalent to a rate of 2 per cent. for a period of 9 months. Under normal conditions an increase in rates of this amount would have been essential if the Budget was to be balanced. Having regard, however, to the prevailing depression and to the fact that the business community has not yet fully recovered from the effects of the political disturbances which occurred last year, it has been considered expedient to balance the Budget without recourse to increased taxation. Fortunately the Council has reserves at its disposal sufficient for this purpose, and is allocating an amount of Tls. 1,500,000 to make good the deficit on the 1933 Budget. It should be clearly understood, however, that these reserves—which have accumulated during the past few years and are directly attributable to the sale of the Electricity Department—are not inexhaustible and the course adopted this year for balancing the Budget must be regarded merely as a postponement of a necessary increase in the Municipal Rate.

Turning to the Extraordinary Budget, you will notice that our capital requirements amount to Tls. 30,448,570 including Tls. 526,150 for Education purposes. Loan Redemption will absorb no less than Tls. 21,566,250 of the total, and, whilst the sum of approximately 27 lakhs is required to complete work already in hand and to provide for normal progression, an appropriation of slightly over Tls. 4,000,000 is included to cover the estimated cost of capital projects considered to be absolutely essential in the interests of the community.

With regard to the Extraordinary Income, the balance of the purchase price for the Electricity Department will be paid during the year. Out of the funds received from this source it is proposed to allocate to Loan Suspense Account the balance of Tls. 4,000,000, which sum closely approximates that which it will be necessary to provide as cover for Sinking Fund Instalments in respect to Loans which at the end of the year will still be unredeemed. Owing to the local disturbances last year, it was not possible to dispose of all the areas of surplus land earmarked for sale and provision is again included in anticipation of the sales being effected this year.

To complete the amount necessary to finance the Extraordinary Budget we ask for your authority to raise a sum not exceeding Tls. 6,520,000 by the issue of debentures or by such other measures as may appear to be desirable. With these remarks, I beg to propose:—

Resolution V.—That the estimated expenditure for the year 1933 contained in the Budget proposed by the retiring Council together with the recommendations attached thereto be approved and adopted, and that the Council be hereby authorized to impose collect and recover the rates taxes dues and fees recommended therein and to raise should it be considered expedient to do so upon such terms and in such manner as the Council may in its discretion think fit a sum not exceeding Tls. 6,520,000 or the equivalent thereof for the purpose defined in the estimate of Extraordinary Expenditure.

Mr. H. E. ARNHOLD.—I have much pleasure in seconding that resolution.

The CHAIRMAN.—Will those in favour kindly signify in the usual way?——Those against?——Carried. I will now ask Mr. Bell to propose Resolution VI.

AMENDMENT OF LAND REGULATION XVIII.

Mr. A. D. BELL.—Mr. Chairman, ladies and gentlemen: Land Regulation XVIII prescribes the procedure to be followed in the election of members of Council.

This Regulation came into being in the early days of the Settlement and while it may have been suitable and adequate for the conditions of those days, it has become somewhat antiquated and is not well adapted to the needs of the present day.

The proposed amendment, if adopted, will enable the Council in the future to establish as many polling places as may be necessary to provide for the convenience of voters.

The Regulation as it now stands makes it mandatory upon voters to sign their ballots themselves in their own names.

While this practice is not in accord with modern ideas of a secret poll I am certain that you may rest assured that the poll in the past has been to all intents and purposes a secret poll.

The amendment proposes to delete from the Regulation the words

"signed by himself with his own name" which should remove any possible doubt as to the poll being entirely secret.

The Regulation in its present form also makes it mandatory that the poll shall open at 10 a.m. and close at 3 p.m. It is thought that the hours from 8 a.m. to 6 p.m. would better suit the convenience of a considerable number of voters and the amendment provides for this alteration in the hours.

The final alteration provides in effect for increasing the number of scrutineers in proportion to the increase in the number of polling places so that the result of the poll can be ascertained on the evening of the last day of the poll.

The resolution which I am about to propose may raise a query in the minds of the Ratepayers as to why the Council in seeking to secure an amendment to Land Regulation XVIII does not at the same time endeavour to secure more important amendments to other Regulations.

In explanation I may state that the proposed amendment to Regulation XVIII in no way affects the sovereign rights of China and it is thought will not meet with opposition on the part of the Chinese, while other and more important amendments would meet with the uncompromising opposition of the Chinese Authorities whose consent to an amendment of the Land Regulations is necessary to make it legally valid.

I therefore propose:

Resolution VI.—That in the opinion of this meeting the amendment of Land Regulation XVIII is desirable and that the Council be hereby authorized and instructed to make representations to the Powers concerned with a view to securing the following amendments to the said Regulation:—

(1) After "attend at" for "the place" read "each place."
(2) Omit the words "signed by himself with his own name."
(3) For "10 a.m. to 3 p.m." read "8 a.m. to 6 p.m."
(4) Before "scrutineers" omit the word "two."

Mr. H. E. ARNHOLD.—I have much pleasure in seconding that resolution.

The CHAIRMAN.—Those in favour kindly signify in the usual way? ——Those against?——Carried unanimously.

Resolution VII. — That Mr. S. H. Peek be elected a Land Commissioner for the ensuing year.

The CHAIRMAN.—It is proposed by Mr. R. Calder Marshall and seconded by Mr. C. M. G. Burnie that Mr. S. H. Peek be elected a Land Commissioner for the ensuing year. As his is the only name put up, I will put it to the meeting. Those in favour please signify in the usual way? ——Those against?——Carried.

Mr. S. H. PEEK.—Mr. Chairman, ladies and gentlemen: At the Ratepayers Meeting last year you did me the honour of electing me your representative on the Land Commission, and during the past twelve months I have endeavoured to carry out, in a just and proper manner, the duties then entrusted to me. Those of you who have had both the time and inclination to probe into the various sections of the Council's Annual Report, will find therein under the heading of "Land Commission" a résumé of the four cases which were dealt with during the calendar year ended 31st December last. As, however, the Commission's term of office is from the day following the Ratepayers' Meeting, I was not concerned with the first of those cases, but with the remaining three, and also the further two which have been heard since the beginning of this year. There were seven sittings in all, but in only four cases were awards made: in the other case the Council was able to effect a friendly arrangement with the owner at the third hearing, and this was withdrawn from the Commissioners. The number of cases dealt with is very much below the normal average, which usually runs to ten or a dozen. This, like so much else related to the affairs of Shanghai last year, is a consequence of the troubles of last spring and the resultant postponement of many schemes for property development, as well as a slowing up of the Council's programme of road-widenings and extensions.

As most of you know, the sphere of the Commission's activities is limited to acting as a Court of Arbitration in those cases where the Council, wishing to acquire a piece of land for road-widening or other public purposes, cannot see its way to pay the price asked for it by the Landowner.

That there may be a very considerable divergence of opinion as to what constitutes a fair value or measure of compensation for the area which is required, will be readily appreciated when I quote the following figures. A narrow strip was required from a lot in the Northern District for the purpose of widening the road from thirty to forty feet. For Land Tax purposes the lot was assessed at Tls. 30,000 in 1930; the Council's offer of compensation was on the basis of Tls. 50,000 a mow, but the Landowner, represented by one of the leading Land Valuers in Shanghai, produced figures and calculations to show the land was worth no less than Tls. 120,000 per mow, though only asking compensation on the basis of Tls. 70,000 per mow. In the 1933 Assessment Schedule this same lot appears at Tls. 35,000 per mow. I mention this case because it is one which serves very forcibly to emphasize the fact that, owing to the principles which have for many years past governed Land Assessments, values for taxation purposes are generally speaking a good way below what may be regarded as investment values. I may say that in going through the figures of past awards and subsequent assessments, I have found many similar instances where the value at which the community has been compelled to buy land for public purposes in the past five or six years, is still considerably higher than the figure on which the owner even now pays his Land Tax. This is not the time for a further discussion of this matter, but no harm can be done by drawing your attention to the anomaly.

I may here remark, that if one takes seriously the statements made before the Commission and in the correspondence which usually precedes a case, it would seem that Property Owners generally have a very distinct aversion to wide roads. So long as there is just sufficient width to give accessibility to the particular lot in which they are interested they are perfectly satisfied; and, far from conferring any betterment on their property, a wider road would seem to be definitely detrimental!

Taken individually, last year's cases were relatively unimportant, the amounts involved being small, but they have at least served to indicate that, generally speaking, the Council's offers have been more in keeping with the merits of the case (as expressed in the findings of the Commissioners) than have been the demands of the Landowners.

Those of you who were interested in the arguments advanced in support of my candidature last year regarding the composition of the Land Commission, will have noted the confirmation which these arguments have since received in connection with the authorized appointment of two Chinese Commissioners. In the correspondence exchanged with the Chinese Authorities on the subject, the Council has been careful to lay down the principle that whilst one shall be a representative of Land and Property Owners, the other shall have no professional land interests, nor shall he be the nominee of others who have; he shall definitely be a representative of the rate-paying community. This follows out the intention and spirit of the Land Regulations, which, providing only for three foreign members of the Commission, stipulate that one shall be nominated by the Council, one appointed by the Land Owners, and the third elected by the Ratepayers. When the two Chinese Commissioners join their foreign colleagues the commission will consist of one Council's nominee, one Foreign and one Chinese representing their respective land interests, and one each representing the interests of the Ratepayers and the community generally, out of whose pockets the necessary money has to come. This essential governing principle was the point at issue in last year's election, and having been endorsed by you then, and again in the official correspondence just referred to, it is to be hoped that future Ratepayers will see, in their own interests, that it is not again lost sight of.

The CHAIRMAN.—I will now call on Mr. Bell to propose Resolution VIII.

Mr A. D. BELL.—I beg to propose the election of the following four gentlemen as Governors of the General Hospital for the ensuing year:—

Resolution VIII.—That Drs. A. C. Bryson and W. K. Nance and Messrs. P. W. Massey and F. J. Raven be elected to serve on the Board of Governors of the Shanghai General Hospital.

Mr. H. E. ARNHOLD.—I have much pleasure in seconding that.

The CHAIRMAN.—Those in favour kindly signify in the usual manner.

Those against?

Carried unanimously.

MAJESTIC SITE.

The CHAIRMAN.—I will now call upon the proposer of Resolution IX.

Mr. A. J. HUGHES.—My resolution which I now wish to propose is:—

"Resolved that the Council be requested to purchase at the first favourable opportunity an area of land sufficient to provide for the erection of a City Hall for public meetings and for housing the Public Library and to make present provision for future civic and community needs and that the location the price and the immediate uses to be made of the land be left to the discretion of the Council."

I hope to convince you, ladies and gentlemen, as thoroughly as I am convinced myself that this expenditure will not be an expense, but an investment, wise and sound, and entirely in the public interest.

You have heard the Resolution which I have the privilege of proposing. Through the medium of several of our leading newspapers I have given my reasons why this proposal should be adopted. Almost everyone here present must have read and carefully considered what has been publicly said in respect of this question. The proposal has been emphatically endorsed by all daily and weekly journals with one exception. An attempt was made in one quarter to hold the proposal up to ridicule. I would not refer to this were it not for the inference it may have unintentionally conveyed that in making this proposal I am playing into the hands of interested parties intent on depositing an unwanted baby in the lap of ratepayers. The editorial comment of "Finance & Commerce" in its issue of the 12th inst. affords ample evidence that the inference is unwarranted. The syndicate which bought the Majestic property did not do so for merely speculative purposes. They believed that an International Club was needed and would confer a great public service in bringing together in a social way all the various nationalities represented in this cosmopolitan community. Before the actual transfer to the syndicate was completed the suggestion was made from a disinterested source that an opportunity be given to the Council to acquire the property for civic purposes. The syndicate agreed to treat their own negotiations as cancelled pending a submission of the proposal to the ratepayers. It was strongly opposed by the Council and turned down by the ratepayers. The syndicate then completed the purchase and proceeded with the formation of the International Club. The conditions, however, that prevented the Club from materialising considerably slowed up real estate transactions and as time went by leaving the area still intact it occurred to me that the ratepayers should be given an opportunity of reconsidering their former decision. In the event of no other site being procurable the Majestic site is indeed a last opportunity and no sane person will believe that this magnificent site is a white elephant to the owners. It will sell and at a much higher figure than now offered to the Council as soon as more normal conditions prevail. It would be a thousand pities if the decision should be prejudiced by any idea that a syndicate composed of eminent and highly respected individuals and corporations are actuated in making reconsideration possible at this time merely because they have on their hands real estate which they are otherwise unable to dispose of. I understand that an offer has recently been made to sell the land to the Council at its original cost to the syndicate plus interest at 6 per cent. less the salvaged value of the buildings demolished. The cost works out at about Tls. 66,000 per mow for the area of 59 mow with a frontage on three roads. Several sales have been negotiated for land in the same vicinity and also much further west at over Tls. 70,000 per mow. The price offered is a very fair one and that is all that concerns the Council if this resolution carries. Land in the Bubbling Well district will appreciate rapidly as soon as normal economic conditions prevail. How many of those present to-day could have had any idea say 5 or 6 years ago that Bubbling Well Road would have been almost entirely commercialized right up to a point which not so long ago was a favourite starting place for Paper Hunts.

In considering the cost of the erection of a new City Hall the fact that it will have an investment value must not be overlooked. The saving in the present cost of rented facilities which a City Hall would provide and impresario contracts which I am authoritatively assured could be arranged together with other rental opportunities make my estimate of a net return of Tls. 50,000 per annum conservative rather than fantastic as one critic suggests. It will be sufficient in any event to permit the restoration of civic facilities and amenities once enjoyed by the community with no additional burden to the present generation of ratepayers for interest on a loan of Tls. 1,000,000 assuming that it cost that sum to erect.

Economic conditions which may be of a very temporary nature have not only kept open the opportunity to buy this or other available site but are responsible for permanent financial advantages in buying it. Capital for the moment has accumulated with business stagnation and as a natural consequence interest rates have dropped rapidly. The Council can borrow for a 30 year term at a rate 2 per cent. less than would have been possible two years ago. Assuming that a loan of Tls. 5,000,000 will be required including the cost of a City Hall interest charges will be less by Tls. 100,000 per annum. At 5 per cent. the present value in this reduction in interest rates is Tls. 1,537,245 and this amount is, in effect, a reduction in the cost of land and building as compared with what it would have been two years ago. This is confirmed editorially in the "North-China Daily News" of yesterday which mentions that "it was officially stated that the annual charges upon an expenditure of Tls. 3,500,000 for the purchase of the Majestic site in 1931 would have amounted to Tls. 250,000." He is wrong in his assumption that interest at 6 per cent. would be the minimum rate at which the loan could now be placed. It would be promptly subscribed for at 5 per cent. or even less and thus an inclusive loan of Tls. 5,000,000 not only for the purchase of the site but for the erection of a City Hall will cost the taxpayers no more than a loan of Tls. 3,500,000 would have done two years ago. It will be seen, therefore, that the criticism of the "North-China" is intended to be adverse favours the proposal. The time is not inopportune as stated but opportune for putting it into effect. It does not involve an extravagance as also stated but an investment in a civic asset of far-reaching importance to the community and intrinsically worth what it will have cost to acquire.

Assuming that Tls. 5,000,000 is borrowed at 5 per cent. for 30 years to cover the cost of the land and the erection of a City Hall, the annual cost to the ratepayers will be about as follows:—

The annual sinking fund invested at 5 per cent. to retire Tls. 5,000,000 in 30 years is Tls. 75,257.17. Interest on Tls. 5,000,000 at say 5 per cent. will require a payment of Tls. 250,000 less the saving in present rental expenses and revenue estimated at Tls. 50,000 making the net amount required on account of interest Tls. 200,000. This amount added to the sinking fund will impose a total charge on the civic revenue of about Tls. 275,000 per annum. A careful calculation discloses that the annual provision for this sum would increase the Municipal rate of 14 per cent. to 14.57 in the Settlement area and from 12 per cent. to 12.49 in the Extra-Settlement area.

Assuming that it is expedient to retain Administrative Headquarters

where now situated a new administration building under modern conditions will only occupy a very small part of the 20 mow at present owned. The surplus area, worth four times the Bubbling Well site, could then be disposed of if civic finances made it absolutely necessary to do so and the proceeds applied to liquidate the balance outstanding on the purchase price of the Bubbling Well property. Thus the proposal from any point of view becomes economically sound.

Those who have been as long in Shanghai as I have and have taken an active interest in the public welfare of the Settlement must have been impressed with a reminiscent note in the "North-China" editorial. How often in the past have similar arguments about the time being inopportune and so forth been adduced to defeat proposals of great value to the Settlement. My memory goes back far enough to be able to quote several glaring instances in support of this statement and I wish time permitted me to do so. I will only say that through just such arguments as are advanced in editorial comments of the "North-China Daily News" many civic improvements which foresight and less parsimony in the past would have effected can never now be achieved. The present generation is indeed carrying the baby in the shape of a heritage of civic problems cruelly pressing upon the community born to no little extent of neglect in the past to provide in advance to meet them.

The resolution is so worded as to give as wide a latitude to the Council as possible in putting it into effect. It contains no mandate to purchase the Majestic site if any other as suitable and inexpensive is now or likely to be in the near future available. Neither does it advocate the removal of the present administrative headquarters to any other site. Nor is there any demand to remove the Drill Hall from its present site although the economic absurdity of such a building occupied for the purposes intended for an average of certainly not more than two hours daily must be apparent to all when an alternative site is available at a cost of less than one-quarter of the value of the present site. The resolution does, however, explicitly demand that the City Hall should be erected on the new site if acquired. After all that has been urged on this point in the press it is with great surprise that I read the editorial suggestion in to-day's "North-China" that a City Hall should be built on the surplus area of the downtown site. Can any rational person advocate the erection of a building of such importance to the community on land worth at least Tls. 250,000 per mow when an infinitely more suitable site can be obtained for Tls. 66,000 per mow. If the space is not required for any other civic necessity the only sound procedure would be to sell it when available and apply the proceeds against the cost of the alternative site and building. With approaches and parking space the minimum area required would be four mow. The difference between land at Tls. 250,000 per mow and Tls. 66,000 per mow is Tls. 736,000 which should be sufficient to build the City Hall free of expense to the ratepayers.

The most important consideration in respect of this proposal I can only lightly touch upon leaving it to the discernment of those present to supply what I am precluded from enlarging upon. Congestion in the Settlement has compelled the acquirement in the past of large areas of land for civic purposes outside. There is a strong probability that this will not only be very difficult and probably impossible in future but it may even be expedient to dispose of some of this land so acquired at present undeveloped and find sites in the Settlement for the purposes which it was intended to serve.

The main object of the proposal is to enable those responsible for the election of Councillors and for the general policy of the administration to put on record by means of this resolution their view that the welfare of the Settlement demands the acquisition of one or more additional sites, suitably situated, sufficient in area, and wholly within the Settlement boundaries to provide in perpetuity for future administration and community requirements and to authorize the Council to take the necessary steps to comply with this expression of opinion before the opportunity of doing so is irrevocably lost. Those who have made a careful study of the views so fully aired in the press during the last few days both for and against this resolution can come to no other conclusion than that the weight of the argument is overwhelmingly in favour of its adoption.

Mr. W. P. Lambe.—Mr. Chairman, ladies and gentlemen:—When I was asked by Mr. Hughes to second the Resolution now before you I agreed to do so with pleasure, because I recognized that it would afford me an opportunity to endorse at public meeting two policies which I believe to be in the interests of the whole body of the Ratepayers of Shanghai. The first of these policies is the acquisition of additional open spaces, and the second an early opportunity of building a City Hall to replace the one pulled down a few years ago. As regards the first point, I think there can be no one here who would have the temerity to suggest that Shanghai is sufficiently provided with open spaces (and this applies especially to the inner districts), the open spaces publicly owned being actually less than one half of one per cent. of the Settlement area. It is a fact that the City is woefully deficient in this respect, not altogether through our own or our predecessors' faults, for circumstances have largely been against us, but this is the more insistent reason why we should not miss any favourable opportunity of adding to our needs in this direction.

In regard to the building of a City Hall, it is said by some that they cannot see we have any need for such a building, and they instance other cities that have not got one. I am in total disagreement with such a view. A City Hall, apart from all other considerations, fulfills to my mind a civic want—I might almost say a "rallying point." Even the finest block of buildings devoted largely to offices but incorporating a City Hall can hardly fulfill the same ideals, unless such buildings are exceptionally fortunate as to situation and unless the City Hall forms a dominating feature. These conditions could not be economically compassed on the present Administration Building site.

As to the needs for a City Hall, first I think that the Ratepayers of the city should be able to meet as and when the necessity arises in a dignified building of their own, and we need a building for this purpose more than any city that I know of. We have now no fitting meeting place available, and to have to rent a theatre is not, I am sure, what the majority of us would wish. Next, as long as we maintain our Municipal Orchestra—and I hope this will be possible for many years yet—it is surely desirable that we should possess an adequate building where it can perform, and more frequently than at present. Through lack of accommodation we are not obtaining the full enjoyment from our Orchestra which it should afford. In the City Hall we should also house our Public Library and Reading Rooms: the need of these amenities is sure to become more and more insistent as time goes on.

To the purposes I have indicated above, can be added the needs of other activities, not forgetting our various Societies, national and otherwise; visiting musical "artistes," and various bodies who might wish to come here for conferences, some of whom, for lack of suitable accommodation, have passed Shanghai by, to our loss, both from the cultural and the financial point of view. Further, we should find such a building and its surroundings of great value to us as a centre for mobilization: and such a necessity may yet arise.

Should you pass this Resolution, as I hope you will, it will mean there will be a certain amount of open space surrounding the building, however the property bought were developed—space that would on frequent occasions be of great value to the Volunteers and the Special Police. As to the location or area of the site to be bought, the Resolution is so framed that a very wide discretion is given. The Council will be committed only to buying a site and to building a City Hall: it is of course understood that a site in the Western section of the Settlement is to be selected. So much has been written and said about the purchase of the property known as the "Majes-

tie" that I am bound to refer to it. I will do so in the fewest words. It would certainly appear that it is the most suitable site for the purposes in view when considered from all angles, but it is to be clearly understood that if you pass this Resolution, you do not bind the Council in this respect.

Beyond the building of a City Hall, which the Resolution requires, it is at present not possible, nor even desirable, to state all the specific purposes to which the site purchased could be put, but at least I am sure the purchase would be justified, even if most of the ground remained an open space. It has been objected that there are far more congested districts than the Western one that should be considered first, but this seems a weak argument against the suggested purchase. The Western district is changing with rapidity, and it is difficult to secure a large open space there to-day, and it is not likely to be easier in the future. There is no further possibility, as far as one can judge, of Settlement extension and, until conditions in China generally change a good deal for the better and until conditions outside the Settlement conform more nearly to those within, intensive development in the favoured areas is bound to continue. We have already acquired a large total area of land for public purposes outside the Settlement boundaries which appears doomed to pass very largely out of the full jurisdiction of the Council. As showing how our position may be undermined, I instance that roads have already been scheduled encroaching on Jessfield Park. And other public property, and the "Outside Roads" seem likely to be hedged in. In any case it seems we should pause before more money is expended outside the Settlement and that we should not lightly pass favourable opportunities to acquire land inside.

The passing of this Resolution would afford the Council a convenient opportunity to make a close study of the future requirements of the Municipality as regards land and buildings and the purchase we advocate would make their task an easier one. On the financial side, I will not detain you long. The cost of, say, about 60 mow of land, would not exceed Tls. 4,000,000, which could in all probability be financed by a 30 year loan at 4½ or 5 per cent. per annum, if the present favourable financial conditions are not allowed to slip by. We have practically no public debt (which is a policy of doubtful wisdom), we have large public assets, and a large income, which I believe can be augmented considerably. Under the circumstances, surely, we can afford this purchase, in addition to expenditures which face us in other directions. It has recently been suggested by a prominent writer in England that the Government there is pursuing a negative policy in finance and he asks: Is it wise? May I suggest the same thought to you? Would it not be wiser for us to embark on greater public expenditure provided it is on sound lines. A lead from the Municipality might well increase confidence and stimulate the economic situation here.

As to the cost of a City Hall and the revenue to be derived from it, this has been fully dealt with by Mr. Hughes, but I would remind you that we should derive benefits which cannot be assessed in terms of money only. A word in conclusion: judging from the expressions of opinion in the Press, both in the form of articles and letters, we believe that the weight of opinion favours our Resolution. One paper writes that the time is inopportune. I do not agree. Of all the reasons that can be advanced against the Resolution, I think that is the least weighty: the opportunity we have to-day of securing a suitable site fo. the purpose in view may not offer when we next meet, or, if it should, the financial situation may easily be far less favourable. I urge you to pass this Resolution. Do not let it be said of us in the future that we were unwilling to seize the chance now presented to us.

Ladies and gentlemen, I beg to second the Resolution before the Meeting.

Mr. E. F. Harris:—Mr. Chairman, ladies and gentlemen: It is a remarkable, and I think a happy coincidence, that on the very day when you, the Ratepayers of Shanghai, are going to authorize your Council to commence plans for the building of a City Hall worthy of our great city, that we should read in this morning's paper an account of the ceremonies attending the completion of the County Hall in London. The Prime Minister of England, speaking at this ceremony said:—"This is a day of which every Londoner ought to be very proud." Every time he came within view of that great building he was impressed by its massive grace and solid dignity and he felt how fitly it had been placed to represent the soul of London in a scene of impressive beauty and historical richness. The existence of such a building, the Prime Minister said, would make for a greater measure of civic independence and responsibility and he, for one, was not afraid of the day when municipal authorities would be trusted to govern themselves within very wide limits. The leading city of the Western World has given a lead which the leading city of the Orient would do well to follow.

When, a few years ago, the question of the Municipal Orchestra was raised at a Ratepayers Meeting, one of the speakers asked members of the audience who had attended a concert within the past six months to hold up their hands. A surprisingly large number held up their hands and the man sitting next to me held up both hands. I said:—"What are you holding up two hands for?" and he replied:—"Well, why not? Ratepayers have wives, and Ratepayers have children." That's just it. We are trustees for others who require these amenities and have to give an account of our stewardship. The talents have been given us in plenty. We must use them and not allow them to remain idle. We must build and plan a City that will be a reward and not a reproach. Now the talent that the Council is entrusted to use is the ability to turn the real credit of the Community into wealth to be used for the benefit of the community. It is not a question of spending or saving money, it is a question of circulating or hoarding money. This splendid opportunity to circulate money for the double benefit of the Community must not be lost. It is so opportune. We can provide this money as has been shown you on more advantageous terms than ever before. We can benefit business in Shanghai—your business and mine—by putting it into circulation and at the same time we can provide those civic amenities which our city so badly needs.

Two such eminent economists as Sir Josiah Stamp and Mr. J. M. Keynes have recently declared that it is the bounden duty of every municipality to promote the business of its city at this time by embarking on such building programmes as are desirable. That is positive finance, not relative, and it is real thrift, because thrift means thriving, and the ability to utilize to the full all the resources available.

Mr. Peek has told us that if we utilized our strictly legal rights only we could raise two million taels more than we do and that would pay for this proposed City Hall site in two years, and it is now up to you to see that it is done.

Last December the Municipality of Greater Shanghai approached one of our leading banks and one of our leading firms of stockbrokers to secure money. Can the International Settlement let us have Six Million Dollars? "Certainly," said our financiers, "twelve million if you want it," and we gave it them. What for? To build a civic centre somewhere down on the Whangpoo. I give all credit to the Chinese for planning for themselves that which we need and want, but say we cannot afford, and then making us pay for it. But, surely, let us not be too unselfish, because we have a duty to provide for our own citizens, especially for those who are not so privileged as some of us, those who do not belong to clubs, but who are surely entitled to those amenities and privileges which every great city provides for its citizens.

We badly need a City Hall—we certainly don't want another meeting here, where we cannot hear—an adequate Public Library, a fitting home for our magnificent Orchestra and a museum to house Oriental Art treasures—examples of the Art of both China and Japan, countries which have been the greatest con-

tributors to the Art of the world, and you have no opportunity of seeing them now. You have an opportunity to-day to vote for the forces of progress by passing this resolution or to vote for the forces of reaction by defeating it. It may not be possible by next year, but I hope in two years' time our Chairman will be able to address you from the platform of our new City Hall and to say with the Prime Minister of England. "This is a day of which every citizen ought to be proud."

Mr. O. Okamoto.—Mr. Chairman, ladies and gentlemen:—I have listened with great interest to the eloquent speeches of Mr. Hughes, Mr. Lambe, and Mr. Harris but I am not yet convinced why we should buy the Majestic site. Two years ago, the resolution for the purchase of the Majestic site was rejected by you at the Annual Meeting on financial and other grounds. The Council's financial position, as you have read in the Annual Report, is more stringent at present than it was in 1931, and on the other hand nothing has happened since then to make us change our mind and buy such an expensive land as the Majestic site.

The present resolution is very carefully worded avoiding any specific reference to the Majestic site, but it is quite plain that that particular site is aimed at and if it is adopted the Council will virtually be bound to buy that land at a huge expenditure, which will mean very heavy additional burden on the Municipal Budget and eventually on the ratepayers.

It is no doubt very nice to have a beautiful and imposing town hall, art gallery and such like, but I do not think that they are the things urgently needed by the Shanghai Community as a whole. They are, if I may call them, something in the nature of luxury, and in these days of economic stringency, we simply cannot afford it.

With regard to the lack of accommodation in the present Administration Building and the suggested removal of the Municipal Offices to a new site, the fact is that the present Administration site is most conveniently situated and you cannot find a more central and more suitable place for the Municipal activities. Moreover, as we all know, the Central Police Station and the Fire Brigade will be transferred in the near future to the new building and a large space will be relieved for utilization for various purposes including a public meeting place, a library and so forth. And I am firmly convinced that the adequacy and suitability of the present administration site cannot be questioned for many years to come.

I strongly oppose this resolution, and in doing so I am confident that I have a large majority of the Japanese ratepayers with me.

Mr. H. E. Arnhold.—Mr. Chairman, ladies and gentlemen: I did not intend to say anything on this Resolution, but I would ask you to leave sentiment out of your consideration and take the facts and realities of the financial situation. If you have read the Municipal Report, you will have realized that, to use the words of Mr. Hughes, if a baby in the shape of the sale of the Electricity Department had not fallen into the lap of the Ratepayers, you would to-day be paying 16 per cent. in rates. You have given the incoming Council authority to borrow over six million taels. You have been told by the Chairman that we may have to reconsider the education problem from the financial point of view. You have also heard that the carrying out of the Hospitals Commission's recommendations will cost about Tls. 2,500,000, and you are asked to spend this sum of money because, on Mr. Hughes's authority, you can raise so many millions at 5 per cent. I don't know what his authority is. We have with great difficulty balanced our budget by leaving out matters which should have been dealt with and in the future you will have to pay much higher rates unless you are prepared to follow the policy of economy.

Mr. A. D. Bell.—Mr Chairman, ladies and gentlemen, I am going to read you a speech in the official form, but I want to make it clear that I am not speaking with the authority of the Council behind me. The Council is perfectly willing to give a lead to the Ratepayers on any question, but in this case it is different. When we heard of Mr. Hughes's Resolution at our last meeting, it developed that some members of the Council were interested in a business way in the sale of the Majestic site. Like the scrupulously honest men that they all are, they all disinclined on that account to speak on the matter in the Council. The others in the Council who were not interested in the same way felt that it would be a shame to take advantage of these scruples. So I am speaking as a freelance and in reply to what has been said by Mr. Hughes, Mr. Lambe, and Mr. Harris.

The resolution now before the meeting carefully avoids any mention of the Majestic site and by its terms would not appear to place upon the Council any restrictions as to the selection of a site for a City Hall and civic centre, beyond the instruction that a new site is to be purchased. It is transparently clear, however, that the motive behind this resolution is to raise again, by indirect approach, the issue of the purchase of the Majestic site which as you all know was vetoed by a very large majority vote of ratepayers at their annual meeting in 1931. If this resolution is adopted it will certainly place upon the shoulders of the Council a moral obligation at least again to consider the question of the purchase of this property.

Before dealing with the principal reasons for the Council's opposition to the purchase of the Majestic site, I would like to refer briefly to some of the outstanding financial features involved in the proposal put forward in 1931 because of their bearing upon the present situation.

So far as we know the Majestic site was purchased from its owners early in May, 1930, for the sum of Tls. 2,725,000. A small area of the site and some movable effects were sold which reduced the net sum to Tls. 2,440,000, and the area to Mow 58.593.

At the end of February, 1931, a competent land valuer estimated the book value of the property at not more than Tls. 2,700,000.

In this same month the property was first offered to the Council at the price of Tls. 4,101,510 upon the condition that the present site of the Administration Building be sold to the vendors of the Majestic site at the price of Tls. 3,840,000, a sum which in the opinion of a competent valuer was Tls. 1,501,706 less than the Administration Building site was worth.

If the Majestic site had been purchased upon these terms and conditions its vendors would have made two profits, namely, one on the sale of the Majestic site of Tls. 1,401,510, and one on the purchase of the Administration Building site of Tls. 1,501,706, or a total profit of Tls. 2,903,216 which is more than the net cost of the site to the vendors.

On March 3, 1931 the first offer was withdrawn and the Shanghai Land Investment Company offered to sell the site to the Council for Tls. 3,500,000 eliminating any question of the purchase by the Company of the Administration Building site.

The Council estimated that the profit to the Company on this transaction, if consummated, would have been about Tls. 800,000 or 29½ per cent.

The property is now offered to the Council at the price of Tls. 3,910,000 which, in the opinion of persons well qualified to judge, is at least Tls. 500,000 more than the land is worth.

Further comment upon the financial aspect of these proposals as related to the expenditure of public moneys would seem to me to be superfluous except, perhaps, to mention that in certain circles the project of buying the Majestic site is jocularly referred to under the apt euphemism of "carrying the baby."

One of the principal contentions put forward by those who advocate the purchase of the Majestic site is that it is an ideal site for a civic centre, and that the Administration Building is obsolete and generally so unsuitable that the question of rebuilding cannot be much longer deferred.

This contention is based upon a complete misapprehension of the facts. As a location for a civic centre, as the term is understood in Europe and America, the Majestic site is utterly inadequate in area as may be readily demonstrated by an inspection of the scheme of a

civic centre in process of development by the Shanghai City Government at Kiangwan.

It is a gross exaggeration to state that the Administration Building is obsolete, inadequate and generally unsuitable. It is a fact which may not generally be known that there is sufficient vacant space upon the site of this building to provide for extensive expansion.

Moreover the Council is proceeding with the erection of a new Central Police Station and Central Fire Station which, when completed, will make the site of the old buildings available for a new Town Hall, if one is desired, capable of accommodating 2,000 people and which at the same time will provide for other desirable facilities.

For practical purposes the location of the Administration Building as a central site could hardly be improved. It is most conveniently situated in the actual business centre and in point of fact not far removed from the geographical centre.

It is doubtless true that the Municipal Staff could perform its duties just as well if housed in a building upon some other site as it can in its present quarters, but it is the definite and positive opinion of many persons most closely associated with the activities of the Council that the moving of the Administration Building two miles West would be a great inconvenience not only to those who frequently have to attend meetings and conferences at the Municipal Offices, but to numerous others of the community who have frequent business dealings with the Administration.

Some people seem to have a vague and nebulous idea that there is some great economic advantage to be gained by moving the Administration Offices to the Majestic site simply because of the high value of land in the central district. If this contention is sound it would apply with equal force to the owners of many other buildings located on the Bund and in the Central District.

It requires but little thought to demonstrate the fallacious grounds upon which these arguments are based. In this connection it may be a matter of interest to recall that the present site of the Administration Building was bought in several lots, at various times, and has cost the community an average price of approximately Tls. 28,000 per mow and no portion of it more than Tls. 50,000 per mow.

Opinion may differ as to the necessity or desirability of erecting an imposing Town Hall at the present time or in the immediate future.

Generally speaking while the town hall has been well adapted to the needs and requirements of towns, and particularly small towns, it has long since become an anachronism in the case of many large cities.

Many large cities in Europe and America do not provide from municipal funds halls for public meetings and social functions, but rely upon private enterprise to provide such facilities.

If the residents of these cities see nothing undignified in holding public meetings and social functions in privately owned buildings, it is rather difficult to understand why Shanghai's amour-propre should be wounded by holding its annual meeting of ratepayers in this or any other suitable building, especially during these times of severe economic depression and financial stringency.

Ornate town halls and elaborate civic centres may do very well for cities and towns in Europe and America which can afford them, and whose population or a relatively high percentage of it is in a position to obtain a measure of direct benefit from such amenities. But there is no blinking the fact that Shanghai is essentially an oriental city whose foreign population is only a very small fraction of the whole, that it will always be so, and that only an infinitesimal portion of its mass population would receive any direct benefit from a civic centre and Town Hall upon the Majestic site. What these people need most are hospitals, educational facilities, and breathing spaces on a far larger scale than can possibly be provided out of the municipal revenue at present available.

To carry out the recommendations of the Hospital Commission would require something like Tls. 2,500,000, the expenditure of which would confer far greater benefit upon the community as a whole than the purchase and development at immense expense of the Majestic site.

Among the various arguments in favour of purchasing the Majestic site is one which perhaps deserves a passing comment because it would appear to reflect the so-called "small town" or "main street" complex namely, that we should have an imposing Town Hall and civic centre for the primary purpose of impressing the casual tourist who visits us from time to time, thereby diverting his attention from the more sordid aspects of our city.

Such arguments cannot be taken seriously. I sincerely hope that you, ladies and gentlemen, assembled here to-day whatever your individual opinions may be regarding the desirability of eventually possessing a new Town Hall will record in unmistakable terms your disapproval of any action which may commit the Council in the slightest degree to embarking upon the expensive and extravagant project of purchasing the Majestic site.

I hope that speech has done its work. I will not detain you more than a moment in replying to the excellent speeches of the public-spirited men who are urging you to buy this property. Everyone will have sympathy with Mr. Hughes, Mr. Lambe, and Mr. Harris. The latter said a very true thing when he remarked that we are here as trustees. There is an old saying that the person who pays the piper calls the tune. You have the authority to call the tune, but you will not be paying all the price. You will not pay half the money, for most of it will come out of the pockets of others than yourselves. It will come from the pockets of poor Chinese, who will get a mere infinitesimal benefit from it. One looks to the Ratepayers to do what is for the greatest good of the greatest number, but I am afraid that in this case it would be for the greatest good of the smallest number to buy the Majestic site. I beg you not to enter into this extravagance. I shall be disappointed and surprised if you find it in your hearts to do so.

A RATEPAYER.—Mr. Chairman, I beg to propose that the Resolution be put to the Meeting. (Hear, hear)

The CHAIRMAN.—Mr. Hughes is coming up. Do you want to hear him?

Voices—Vote!

The CHAIRMAN.—Mr. Hughes has the right to reply.

Mr. A. J. HUGHES.—I have the right, and I intend to exercise it. Mr. Chairman, ladies and gentlemen, I can quite realise by this time—I would not be reasonable if I were not able to realise—that I am participating in what is a wasted effort, but my own self-respect demands that I should not allow statements to pass in rebuttal of my proposal that are unfair, unsound, and that put words into my mouth that neither I nor my seconder nor my supporter ever used. I call your attention to the fact that in none of my remarks did I suggest that civic headquarters should be removed from where they are now to any other site. Personally I am utterly opposed to any such removal. I merely suggested that on an economic basis a removal could be made practically without expense to the community. I have demonstrated that the purchase of this site is sound on a purely economic basis and free from all sentiment. I will not take up your time with the many points that were raised, in Mr. Bell's remarks particularly, that have practically no bearing whatever on the presentation of the case as I made it. The resolution apparently does not meet, from the evidence I have before me, with public approval, but I ask you to believe that in making it I have no idea of spending public money on some grandiose scheme of civic pride or sentiment. My proposal is absolutely sound in every respect, and I stand by my guns when I say so. If it is defeated—I hope it will not be, but it looks as though it will be—it is not because it is not sound or wise or in the public interest. I leave it to you.

The CHAIRMAN.—If nobody else wishes to speak on Resolution Number Nine, I will now put it to the meeting. Will those in favour please signify in the usual way? Those against? The resolution is lost by a large majority.

The Annual Meeting terminated at 5.50 p.m.

SPECIAL MEETING

Mr. A. D. BELL.—Ladies and gentlemen, I congratulate you on the fact that there is a quorum present and that the special meeting of ratepayers can now take place. I beg to move

Resolution I.—That our esteemed fellow-ratepayer, Mr. A. W. Burkill, be invited to take the Chair.

Mr. H. E. ARNHOLD.—I beg to second that Resolution.

Mr. A. D. BELL.—Those in favour? Against? Carried unanimously.

Mr. Burkill then took the Chair.

The CHAIRMAN.—I will now call upon Mr. Bell to propose the second resolution, to appoint a Secretary to the meeting.

Mr. A. D. BELL.—Mr. Chairman, ladies and gentlemen, I beg to propose,

Resolution II.—That Mr. J. W. Fraser be appointed Secretary to the Meeting.

Mr. H. E. ARNHOLD.—Mr. Chairman, ladies and gentlemen, I have much pleasure in seconding.

The CHAIRMAN.—Will those in favour please signify? Against? Carried unanimously. I will now call upon Mr. Bell to propose Resolution No. III of the special meeting.

Mr. AF. LOPES DE ALMEIDA.—I would ask if the amendment of Bye-Law XXXIV, which is announced to be discussed here to-day, has been submitted to or approved by the Consular Body or by the Diplomatic Body?

Mr. A. D. BELL.—I would answer, sir, that this resolution only comes up for approval by the Consular and Diplomatic Body after it is passed by the meeting of ratepayers. It is not necessary to submit it before it comes up this afternoon.

Mr. DE ALMEIDA.—Then I say that by the Land Regulation No. XI it is necessary that previous approbation of the Consuls and Ministers who represent foreign countries in the International Settlement be obtained.

Mr. A. D. BELL.—You are under a misapprehension, sir; that is not so.

LICENSING OF FACTORIES.

Mr. A. D. BELL.—Mr. Chairman, ladies and gentlemen: For many years the Shanghai Municipal Council has viewed with concern the conditions ruling in industry in the International Settlement. Many manufacturing companies, both Chinese and foreign owned, have shown a commendable interest in the well being of their employees, and have provided modern buildings and generally satisfactory conditions of work. The majority of factories, however, have taken no precautions whatever. To seek a livelihood in some of these factories is to expose helpless workers, men, women and children, to risks which no modern community should tolerate.

In certain directions, however, the specific powers of the Council under the Land Regulations have never been clearly defined. Though endowed by the Ratepayers with power to license many occupations and premises enumerated in Bye-laws 34 and 35, up till now the Council's undoubtedly existing powers in respect of industrial operations have not been specified. This omission of factories from the otherwise comprehensive list of licensed premises is only to be understood in the light of history. The last revision of the Land Regulations and the Bye-laws made under them was passed by the Ratepayers in 1898. At that time large scale modern industry in Shanghai was in very early stages of development. The first cotton mill to be established in this Settlement was opened in 1890. The significant growth in large scale industry is a feature of the last three decades. The former omission of factories from the list of licensed premises may be attributed to this. No licence to carry on ordinary handicraft industry in which no particular occupational hazard is involved was considered to be necessary either by the Council in office at the date of the last revisions, or by the Chinese governmental authorities of the day.

In Shanghai as elsewhere, however, it has been the coming of large-scale industry, with its aggregations of many people together, which has caused grave hazards which were either absent from or of lesser importance in handicraft industry. One has only to consider the forces in the power transmission machinery of a modern cotton mill to realize that a situation entirely differing from the hand-spinning and weaving of former days calls for new methods of control. The use of inflammable substances, which in certain definite combinations form with air an explosive mixture, in factory premises employing large numbers of people has only too poignantly of late shown the hazards involved. A policy of *laissez faire* with reference to the conditions under which modern industry is carried on cannot be tolerated indefinitely.

Aware as the Council has been, however, of some of these conditions, it has not been in a position to control them so long as its constitutional power to do so remained undefined. Furthermore, the fact that no effective control was exercised over factories by the Chinese Government has been a contributing factor in delaying the action so greatly needed in the Settlement. The Chinese Government of Peking indeed promulgated provisional regulations in 1923, but no attempt of any kind was made to enforce them. Within the meaning of these, the Council attempted to obtain from its ratepayers in 1925 power to regulate the conditions under which children were employed in factories. Prevented from achieving its object by other and political factors, the difficulty of acting in one part only of the industrial area of Shanghai, however, became amply clear at the time. To prevent children working in Settlement factories would be but to force them to seek work in factories in Chinese territory. The problem was not solved for the children themselves by limiting their employment in the Settlement. Applying this principle of regulation to wider issues, employers claimed that to regulate factory conditions in the Settlement, while they remained unregulated outside, would be to create unequal competition.

Important developments, however, have occurred during the years which have elapsed since the Council's former efforts to begin betterment of industrial conditions. The formation of the Municipality of Greater Shanghai in 1926, unifying for administrative purposes formerly separate areas, gave promise that, when the matter of industrial regulation should be considered by the Chinese authorities, there would exist co-ordinated machinery by which such regulation could be administered in Chinese Areas in Shanghai. In 1927 a department with reference to factories was established in the Bureau of Social Affairs. In 1929 the Chinese Government promulgated the text of its Factory Act, and in 1930 a series of regulations governing its application. When in 1931 the Act was declared in force and a Factory Inspection Act was also promulgated, the Council recognized that sufficient progress would be likely to be made in Chinese territory so that the Council might move without being faced with the contention that it was creating unequal competition.

Simultaneously, therefore, with the declaration by the Nanking Government that the Factory Act would be enforced as from August 1, 1931, the Shanghai Municipal Council published its endorsement of the principle of industrial regulation. An official statement of the Council's position was published in the Municipal Gazette dated August 7, 1931. As a practical step toward implementing its endorsement, the Council, in the issue of the Gazette dated December 9, 1931, indicated its intention of calling a Special Meeting of Ratepayers in April, 1932, in order to amend Bye-law 34, so as to give to the Council necessary power to license factories. The State of Emergency ruling during the early months of 1932, however, precluded the holding of the Special Meeting, which was postponed, therefore, until the present time.

The Council now seeks from the foreign ratepayers of the International Settlement the power to amend Bye-law 34 so as to include factories as licensed premises. As in the case of other licensed premises this means that satisfactory conditions in accordance with published requirements must exist precedent to the issue of a licence. Continued operation must be in conformity with the conditions laid down, and failure to adhere to these may result in fine, or in withdrawal of licence. Licence carries with it the right of inspection by the Council's officers.

So far as is practicable, it is hoped that the Council's conditions of factory licence may conform to those parts of the Factory Law of the Chinese Government which are being or may actually and effectively be enforced in Chinese territory. The Council regards it as desirable to reach, if possible, an understanding with the Chinese authorities by which a common series of regulations will be applied by both Administrations, in order that no differentiation or unequal competition may occur in the industrial area of Shanghai. At the same time the Council holds clearly to the position that it regards practical measures towards health and safety to be matters of first urgency. On the same principle that public health and public safety is the Council's concern in other spheres, it regards these matters in factories as of primary and initial importance. The Chinese Government Factory Act and the existing regulations, while they lay down certain broad principles in respect of health and safety, offer little or no guidance to the factory owner as to the steps he must take to conform to the Law. The conditions of licence should be quite specific on these important points. In so far as agreement can be reached with the Municipality of Greater Shanghai for concurrent application on the part of that body and of the Council of sound and universally accepted factory safeguards, the Council would desire to proceed *pari passu* with the Chinese local authorities. The Council is unwilling, however, to risk, for want of adequate definition of safety requirements, a continuance of hazards to life which exist at present. Failing agreement upon specific safety and health regulations under the Factory Act by the two authorities, the Council will proceed to include, as licence conditions, scientifically sound requirements covering the aspects mentioned.

The claim has been made by the Bureau of Social Affairs of the Municipality of Greater Shanghai that the right to inspect factories within the Settlement lies with that body. In the opinion of the Council there is no foundation for this claim. Comparatively recent court cases have done much to remove any doubt that the Land Regulations under which the Council has administered the Settlement for many years confer upon the Council full police power.

While it is not practical to define exactly what is included within the term "police power" it is now universally conceded that it is extended to include all great public needs. It covers a wide range of subjects but it especially relates to whatever affects the peace, security, health, morals and general welfare of the community.

The police power of a municipality must be responsive, in the interest of common welfare, to the changing conditions and developing needs of growing communities. What may at one time be regarded as not within such power may, at another time, by reason of changed conditions, be recognized as a legitimate subject for the exercise of the power. According to modern legal concepts some form of factory control and regulation is clearly within the inherent police power of the Council and the most effective and practical method of exercising this control and regulation is the licensing of factories under sanction of the Ratepayers.

While the Council is prepared in so far as is practical to cooperate with the authorities of the City Government of Greater Shanghai with the view of securing uniform regulations, which will apply to factories in the whole Shanghai area, it is determined at all costs to maintain unimpaired its administrative control and integrity within the limits of the International Settlement and, if sanctioned by the Ratepayers, to license Chinese and foreign owned factories alike.

The Council does not need to labour with this meeting of Ratepayers the question of the need for reform. The tragic explosions of a few weeks past can make their own appeal. While precautions cannot eliminate dangers they can minimise them. Responsibility for safety is essentially that of the factory owner, but authorities can assist by careful outlining of safety measures, and by a degree of inspection that ensures such adherence as can be secured. I therefore propose:—

Resolution III.—Amendment of Bye-law XXXIV. That Bye-law XXXIV be amended by inserting in the first line thereof after the word "shall" the words "own occupy or operate a factory or workshop or carry on an industrial undertaking."

Mr. H. E. ARNHOLD.—Mr. Chairman, ladies and gentlemen: I have much pleasure in seconding that resolution.

The CHAIRMAN. — Ladies and gentlemen, Resolution No. 3, having been duly proposed and seconded, is now before you.

Mr. OKAMOTO rose to read a Japanese translation of the resolution.

The CHAIRMAN.—If no other ratepayer wishes to speak on this resolution, I will now put it to the meeting. Will those in favour kindly signify in the usual way? Those against? The resolution is carried, I think unanimously.

Mr. A. D. BELL.—I beg to propose a very hearty vote of thanks to our esteemed fellow ratepayer, Mr. Burkill, for occupying the chair. (Applause).

The Special Meeting terminated at 6.10 p.m.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, APRIL 28, 1933. No. 1424

FIRST MEETING OF 1933—1934 COUNCIL.

COUNCIL MEMBERSHIP.

At the meeting of the Council on April 12, the Chairman alluded to the fact that it was the last meeting which Captain J. J. Bahnson, Mr. B. D. F. Beith, Mr. N. Leslie and Mr. O. S. Lieu would attend. In expressing extreme regret that these members had not been able to stand for re-election, he referred in the most appreciative terms to the outstanding services rendered by each of them in their individual capacities both on the Council and on its Committees. On behalf of those members who would continue to serve on the Council for the forthcoming Municipal year the Chairman thanked the retiring members for their services, which had been so unstintingly rendered in the interests of the community.

COUNCIL MEETING.

Regular fortnightly meeting held on April 12.—Present: Messrs. A. D. Bell (*Chairman*), H. E. Arnhold (*Vice-Chairman*), Capt. J. J. Bahnson, Messrs. B. D. F. Beith, N. Leslie, S. L. Hsu, O. S. Lieu, P. W. Massey, O. Okamoto, F. J. Raven, Yu Ya Ching. Absent: Messrs. T. Funatsu, T. D. Woo, L. T. Yuan. Messrs. C. S. Franklin and E. F. Harris, Councillors-elect, attended.

LAND COMMISSION.

Case No. 231.

Scheduled widening of Quinsan Road, Cadastral Lot 912. Heard in the Council Chamber on Thursday, March 16, 1933.

	Tls.
Owners' claim	9,450
Council's valuation ...	3,240
Award	3,539

RECORD OF PROCEEDINGS.

Mr. J. T. W. Brooke appears for the registered owners, Messrs. David Sassoon & Co., Ltd. He is accompanied by Mr. O'Shea representing the owner of the buildings on the property. The Council is represented by Mr. R. Winter.

Mr. Winter commences the proceedings by saying that the Council withdraws all offers and now asks that the required portion of the land be surrendered for an award of Tls. 3,240.

Opening his case, Mr. Brooke says there are in his opinion no special features in the case, the principal facts of which are as follow:—

A strip 10 feet wide measuring in area Mow 0.135 is required from Cadastral Lot 912—B.C. Lot 1080 on the north side of Quinsan Road for the widening of Quinsan Road.

His clients claim the sum of Tls. 9,450 being at the rate of Tls. 70,000 per mow, and the Council, in reply, had offered the sum of Tls. 4,500 only. The Council's representatives had apparently changed their minds to a considerable extent as was evident by the announcement just made by Mr. Winter.

The questions at issue are simply:—

What is the actual value of the land to the owner?

What loss will he suffer by the surrender of the strip in question; and what if any, advantage, will he gain by the widening of the road?

He would emphasize that the value to be considered is the value to the owner, and if this can be proved, other considerations, such as sales of land in the vicinity, need not enter into the question.

He submits that the real value of the land to an owner, though, perhaps not to a speculator, is the income which the owner can obtain from it when advantageously developed, capitalized at not more than seven per cent. Provided that the income is established and reasonably certain, he (Mr. Brooke) thinks there is no fairer way of ascertaining the real value of the land. In this case, it is not difficult to find the income which can be obtained from the development of this property, as the rebuilding of the property has already been begun and one apartment building has recently been completed and is now occupied so that the income obtained is definitely known.

The remainder of the land, which at present has a number of very old Chinese houses upon it, is very suitable for development with other small apartment houses similar to the one now built. (Mr. Brooke places before the Commissioners a plan of proposed development). He understands from his clients that they have had a large number of applications for the flats already built, many more than they are at present able to deal with, so that they have little doubt that other similar houses behind could be successfully let. (He will ask Mr. O'Shea to corroborate this).

The present building is on the Quinsan Road frontage and it may be suggested that it is therefore likely to produce better rents than similar buildings behind it would produce. He does not think that such contention is correct, except for the fact that on the ground story of the building there are a certain number of shops (rented by the Japanese Residents' Association) which could not be successfully let on the rear portions of the lot. He would deal with this point later on, but he realized that the whole area of the land should be taken in any calculations for development, and he had therefore prepared a rough plan showing four blocks of buildings behind the present building and of similar character, and he had estimated the return which could be got from the whole property when thus developed.

The total cost of the present building is Tls. 85,000.00, which works out at Tls. 0.35 per cubic foot. He assumes that the other buildings can be built for the same figure.

The total net rent now obtained from the present buildings, after deducting twenty per cent (20 per cent) for charge, is Tls. 13,000, per annum, which works out at 5¼ (five and a quarter) tael cents per cubic foot.

He should like to explain that as there are no lifts and as the heating, lighting and water (although cold water is included in the rentals) are paid for by the tenants, twenty per cent is considered quite sufficient to cover all outgoings. The cost of the building is therefore Tls. 0.35 per cubic foot, and the rents 5¼ tael cents per cubic foot.

In the development shown on this plan including all five blocks, there are 975,200 cubic feet, which at Tls. 0.35 cents per foot—Tls. 341,320 for the total cost of the buildings, and the net rents, at 5¼ tael cents per cubic foot would be Tls. 51,198 per annum. Capitalizing this rent at seven per cent (7 per cent) yields a sum of .....Tls. 731,400 and deducting the cost of the buildings, i.e. .. 341,320

there remains as a value of the land ..... 390,080 Mow

The area of the lot is ..... 5.177 and deducting the area of the strip to be surrendered 0.135

The net area is ..... 5.042 so that the value of the land works out at Tls. 77,366 per mow.

Continuing Mr. Brooke says he admits that the development scheme shown on this plan is rough and unfinished, but contends that it is quite sufficient to show approximately the value of the property, and in claiming only Tls. 70,000 per mow, there is a margin of Tls. 7,366 in the Council's favour, which is more than 10 per cent.

In his letter of December 24, 1932, the Deputy Secretary offers compensation at the rate of Tls. 50,000 per mow. He gives no reasons for naming this figure and in his (Mr. Brooke's) opinion there is no sound argument to support it. The value of Tls. 70,000 per mow, which is the sum being claimed, was carefully worked out on logical principles.

As regards betterment. In the same letter of December 24, 1932, the Deputy Secretary proposes to deduct one-third of the value of the strip, i.e. the sum of Tls. 2,250, for betterment accruing to the remainder of the lot by reason of the road widening. He (Mr. Brooke) would like to ask why this proportion of one-third is named, or, in other words, how the sum of Tls. 2,250 is arrived at as representing the benefit to his clients by reason of the road widening. He understands the practice of deducting one-third for betterment was an old custom, but had not been able to discover the underlying reason for it.

Quinsan Road has always been a quiet residential road, and the presence of the Quinsan Gardens and the Mission buildings and church in front, suggest that its character is not likely to change. It is suitable for flats and apartments of the type which he had mentioned but it is not suitable for offices, and although a few shops had been provided, it is not at all a good neighbourhood for shops.

It had not been found to the owners' advantage to take the buildings higher than forty-eight (48) feet, so that the widening of the road gave no advantage as regards possibilities in the height of the buildings.

If the road is being widened for the benefit of through traffic between Chapoo Road and North Szechuen Road, the benefit is to the general public, but the increased traffic and noise would indeed be a detriment to the occupants of the flats and houses in a quiet neighbourhood on Quinsan Road.

He therefore claims that in this case his clients receive no betterment from the widening of the road.

Concluding Mr. Brooke says that Mr. O'Shea can corroborate the figures submitted.

Mr. Winter reminds Mr. Brooke that at the hearing of Land Commission Case No. 229 on September 29, 1932, the latter had stated that the cost of the building on Cadastral Lot 912 was Tls. 100,000 and that the premises had already been rented. This conflicted with his present statement that the cost of the building is Tls. 85,000.

Mr. Brooke replies that while the building was completed on that date, occupation had not taken place. The exact cost of the building could not be ascertained at that time, hence he preferred to be on the safe side in giving the amount.

Mr. Winter asks if Mr. Brooke wishes seriously to suggest that four other apartment houses of similar type should be erected on the portion of land behind the present property.

Mr. Brooke replies that he has suggested such a plan to his client as a suitable, sensible and practicable development scheme.

Responding to further questions, Mr. Brooke expresses the opinion that the flats behind would command the same rentals as the ones in the building facing the road. As a space of about 40 feet is provided between each block there is no drawback because the rear blocks are not facing the road. There was no outlook on the east side, but there was an outlook at the back over some old Chinese houses. He states that in his view if the site in the rear was cleared of the seven rows of old Chinese houses standing thereon it would be worth about Tls. 70,000 per mow.

As regards Mr. Winter's suggestion that as the road is widened one-third of its original width, one-third of the required strip of 10 feet should be surrendered free of compensation, Mr. Brooke says he is unable to agree to an arbitrary proportion of one-third for betterment. Mr. Brooke agrees there is no attempt to value land in the letter of December 24, 1932, to which he referred.

Replying for the Council, Mr. Winter states that owing to the nature of the claim submitted by the owners in this case the principles governing compensation must again be emphasized. Compensation should not be based on the value of the land excised, it should not be based on the value of the area remaining after excision, but it should be based on the loss in capital value.

A strip of land 10 feet in width has been taken from the land in question without in any way impairing, but rather improving, the frontage. And from that strip, it must be pointed out that 100 square feet—the land immediately in front of the alleyway—is no loss from a building viewpoint as it could not be built upon, otherwise the only access to the property at the rear would be blocked.

If land in Shanghai were sold on a foot frontage basis it would be found that in a lot as this is with a depth of 415 feet the loss of 10 feet would not decrease the value of it, but the improved road facilities would increase the value.

The loss of this 10 feet strip is actually a loss from the "back" land as the frontage to Quinsan Road remains. Therefore, compensation must be assessed on the loss in capital value of a piece of land at the rear of the lot. That land, in fact the whole of the lot, except for the redeveloped part, is developed with Chinese houses which, according to the figures given to the Revenue Office, (puts in figures from Revenue Office) show a return of Tls. 24,000 a mow after deducting 25 per cent for landlord's out-goings, as these premises are two storied Chinese houses about 20 years old. Thus the maximum loss sustained for the area of mow 0.135 is Tls. 3,240.

The owners have redeveloped that part of Cadastral Lot 912 fronting Quinsan Road to a depth of 68 feet out of a total depth of 405 feet, which had before been the site of three old foreign style houses assessed at Tls. 2.040 per annum. They now come before the Commission asking for compensation at approximately double the proved value of the whole of the lot based on the present development, namely the apartment house on the frontage to Quinsan Road and the hongs at the rear.

The owners have also committed another fallacy—that of claiming compensation based on value after redevelopment. If such a rule were established it would be tantamount to saying that the Council shall, in addition to the paying for the improvements which it had itself effected in the locality, pay the owner for a proportion of the benefits which have accrued from such improvements. For instance, an owner of undeveloped land could, upon the Council taking surrender of a piece of that land and making considerable improvements, erect expensive buildings such as would be warranted by the improved conditions and claim compensation on the rental basis of those buildings. Any argument based on these premises is untenable.

Even if compensation were assessed on the gross return of the whole area (and Mr. Brooke had agreed that compensation should be based on the entire area) including the more highly developed frontage to Quinsan Road, either before or after improvement, the figures he is about to quote will show that the owners' claim is entirely out of all reason.

The actual rents as given to the Revenue Office prior to improvement show an annual return of Tls. 2.040 and $15,840 (less landlord's outgoings at 25 per cent and estimated cost of building) which capitalized at 7 per cent gives a value of less than Tls. 24,000 per mow or on that figure of Tls. 3,240 for the excised area.

If compensation were awarded on the gross value after improvement it could not be more than Tls. 5,382, less betterment, for the present rentals represent a value of Tls. 39,421 a mow. This calculation has also been made after deduction for landlord's outgoings, which according to Messrs. Davies & Brooke's letter of December 10, 1932, are 20 per cent.

Reference is made for the purpose of comparison with Cadastral lots 953 and 956, Haining Road, in respect of the surrender of part of which, an award was made in Land Commission Case No. 229.

The Commissioners will remember that Mr. Brooke, who appeared as expert witness in that case, made the statement, when comparing the land now under discussion with Cadastral Lots 953 and 956, that Haining Road is, in his opinion, quite as important as Quinsan Road. Although that statement is not agreed to as the particular part of Haining Road referred to is far more important being situate near the junction of four important roads, it is accepted as a basis for the present argument.

In that case the Commission made an award of Tls. 4,223 for the area of Mow 0.181 surrendered. Therefore, taking all things as equal, for the area of Mow 0.135 in this case, the award should be Tls. 3,158.

Comparison might also be made with Cadastral lots 929, 931 and 1098 (putting in plans) of all on improved sections of Woosung Road, which shows a greater land value return than does Quinsan Road. All these properties have been recently redeveloped, and all are corner sites, the first two being at the junction with Yalu Road and the last at the junction with Yuhang Road. Lot 929 shows a capital value of Tls. 35,352 a mow, lot 931 of Tls. 42,250 a mow, and lot 1095 Tls. 39,000 a mow.

But it is emphasized that these figures represent the value after improvement and are given only to show that in any event the compensation of Tls. 70,000 a mow claimed in this case is out of all proportion or reason.

With regard to betterment, the owners deny that any has accrued to the land, and also state that advantage has not been taken of the increased road width as regards the height of the building. They have overlooked two things. First, that they would not have erected the present building, which is giving a better return than the old buildings had the Council not decided to improve this locality, and secondly that the Commissioners are entitled to take into consideration the potential benefits, the benefits of which the owners may at any time take advantage. Whether or not the owners utilize those benefits at present does not enter into the question, they are at liberty to do so and would certainly increase the price of the land by the assessed amount of those benefits if they intended to sell.

The Council submits that the award in this case should be Tls. 3,240 assessed on the capital value of the back land, in which case the question of betterment does not arise. But, if the Commissioners adopt any other means of assessing betterment, then it is submitted that one-third betterment must be deducted for the improved facilities which have accrued to this land on account of the expenditure of ratepayers' money.

Mr. Brooke, referring to Mr. Winter's alleged remark that the loss of a 10 ft. strip was negligible, says he does not so consider it.

Mr. Winter replies that he is being mis-quoted as his contention was that if the loss is computed on a foot-frontage basis (as in

England) that the loss of the 10 ft. strip would be negligible.

Mr. Brooke, remarking that the land was not situated in England, says he does not agree with Mr. Winter that it makes no difference. He adds that with the 10 ft. extra length no doubt a more profitable scheme of development could have been worked out.

Mr. Winter points out that space between the buildings in the proposed scheme of development (i.e. 43 ft.) seems to be unnecessarily great, and that it appears that "houses were being sacrificed to courtyards."

Mr. Brooke replies that it "chanced to work out that way."

Referring to Mr. Winter's contention that present rentals should be taken as the basis for computing improvement, Mr. Brooke says he cannot agree as the former houses were old and dilapidated, bringing in little rental and rebuilding would have taken place irrespective of the road widening. For the type of apartment house which had been erected and which it was proposed to erect on the site a quiet neighbourhood was an asset; hence a widened road with increased traffic might prove a disadvantage. The improved facilities which the Council mentioned had not been specified or defined and in his submission the Council had not proved that the property under discussion would be benefited.

Mr. Peek remarks that it would appear the widening of the road must enhance the value of the property to some extent.

Continuing, Mr. Peek asks Mr. Brooke if in the latter's opinion the property would be developed to the best advantage by erecting buildings to a height of 48 ft. only instead of the 60 ft. which is the maximum height permitted because of the widening of the road.

Mr. Brooke replies that possibly a better development scheme might have been evolved but an increased height of the buildings would increase the expense disproportionately.

Referring to the figures given in Messrs. Davies & Brooke's letter of December 10, 1932, Mr. Peek says that, as far as the area occupied by the apartment house is concerned, the position is as follows:

The nett rentals (after allowing 20 per cent outgoings) are Tls. 13,000 per annum which capitalized at 7 per cent and deducting the cost of the building would yield Tls. 100,714 on mow 0.842, or Tls. 119,600 per mow as the value of the land. He would like to ask Mr. Brooke whether, if the land were now a vacant lot, he would be prepared professionally to advise a client to purchase it at that figure. Mr. Brooke's response to this is that if Tls. 13,000 per annum were guaranteed in perpetuity, he would be prepared to recommend a purchase at the figure mentioned.

The Commissioners announce that the award will be given in due course.

AWARD

That compensation be paid to the registered owners in the sum of Tls. 3,539 for the scheduled area.

PARKS REPORT FOR MARCH.

The Superintendent of Parks and Open Spaces reports:—

Jessfield Park.—The partial redesign of the rose garden located in the north section of the park was practically completed, over 200 additional rose bushes and a large group of bamboo being planted on the site.

The transplanting of trees and shrubs was continued, additional trees being planted to act as dust screens on boundaries.

Plants in the herbaceous border were lifted and transferred to an adjacent site with a view to affording better facilities for viewing a large group of maples, a collection of seventy varieties of sweet peas being planted on the border vacated by the above.

The Brenan Road entrance to the children's garden was closed during the month, access to the garden being provided by the erection of an entrance gate in close proximity to the Chinese garden. This work was carried out to enable children to enjoy the amenities of the garden without leaving the precincts of the park.

In the Zoological Garden, a raised platform was constructed in a cage occupied by Himalayan Bears and an evergreen hedge was planted along the western boundary of the garden.

Hongkew Park.—The area acquired for park extension was enclosed by a bamboo fence and the planting of trees and shrubs on the site was carried out, a total of 2,494 trees and shrubs being planted during these operations.

A wistaria arbour was erected at the northern extremity of the area and turfing operations were practically completed.

Playing Spaces.—Football and hockey grounds were closed at the end of the month and the renovation of lawn areas in preparation for the summer sports season, was commenced.

During the winter season 526 football and 104 hockey matches were played in the park.

Hard tennis courts were resurfaced and opened for play after March 31.

Wayside Park.—The laying out of a flower garden of formal design on the lily pond site is nearing completion; a section of a shrubbery in the north-east corner of the park was removed to provide an additional vista, and flower borders were laid out along the main entrance pathway.

Public Garden.—A stone retaining wall was erected around the flower bed section with a view to obviating the necessity for the annual returfing of the existing grass banks.

TRAFFIC REGULATIONS.

Hongkong Road.

NOTICE is hereby given that, with effect from April 17, 1933, the ranking of vehicles on Hongkong Road, between Museum and Szechuen Roads, will be prohibited between the hours of 8 a.m. and 6 p.m. In accordance therewith the relative section of Traffic Regulation No. 47 is amended to read:—

"No ranking whatever is permitted between the hours of 8 a.m. and 6 p.m. on Hankow Road between Szechuen and Kiangse Roads, on Canton Road between the Bund and Szechuen Road, and on Hongkong Road between Museum and Szechuen Roads."

By order,

Secretary.

Council Chamber,
Shanghai, April 6, 1933.

POLICE REPORT FOR MARCH.

The Commissioner of Police reports:—

The total crime recorded for the month of March is contained in the following table:—

Nature of offence	Reported during the month	Reported during previous month	Reported during corresponding month last year
Murder	3	1	7
Attempted murder	2	1	3
Manslaughter	Nil	1	Nil
Armed kidnapping	1	3	1
Abduction	4	7	4
Armed robberies	46	44	68
Other robberies	13	10	11
Being member of a criminal gang.	1	1	8
House, office and shop breaking, etc.	56	49	84
Burglary	32	29	26
Thefts	862	647	532
Receiving stolen property	34	23	13
Snatching	45	44	58
Opium offences	262	227	16
Gambling offences	66	89	9
Other crimes	258	224	148
Total	1,685	1,490	988

There is a total of 1,685 cases of reported crime, which is an increase of 285 in comparison with the figure for February and 697 more than for the corresponding period of last year when, due to hostilities, there was a large decrease in the number of minor crimes reported.

The cases were distributed as follows:—

	March	February
"A" Division (Central and Louza)	499	388
"B" Division (Sinza, Bubbling Well, Gordon Road and Pootoo Road)	406	297
"C" Division (Hongkew, West Hongkew, Dixwell Road Kashing Road)	390	284
"D" Division (Wayside, Yangtszepoo, Yulin Road)	390	431

Since March 1, Kashing Road Police Station, which was formerly incorporated in "D" Division, is incorporated in "C" Division, this being the explanation for the increase and decrease in "C" and "D" Divisions respectively.

Arrests for crime committed during the month show a decrease as compared with last month and an increase over the figure for January, 2,353 having been arrested in March as against 2,631 in February and 1,656 in January. In addition 194 persons were apprehended for crimes committed in previous months. Eighty-six persons were taken into custody on behalf of other authorities.

Three cases of murder were recorded during the month. A child aged five days was killed with a chopper by its father in Sinza Road, superstition being the motive. A male Chinese newspaper vendor was found in an alleyway off Elgin Road suffering from severe axe wounds and later succumbed to his injuries. A Chinese female was fatally wounded in Yangtszepoo District by three shots fired at her by an armed robber, when she raised an alarm.

There were two cases of attempted murder. A male Chinese boatman was found on Santai Road suffering from axe wounds. His three assailants were arrested and are awaiting trial. A young male Chinese inflicted wounds on three of his four room companions with a carpenter's axe and was later arrested.

One case of attempted armed kidnapping occurred during the month. A Chinese merchant, leaving a club in Nanking Road in the early hours of the morning was surrounded by seven men as he was entering his car. Four of the men followed him into the car and were about to start it when the victim's wife raised an alarm and the kidnappers decamped. There were four cases of simple abduction as against seven in February.

There was a total increase of two in the number of armed robberies, the figure being 46 as against 44 in February. The cases were distributed as follows:—

	March	February
"A" Division	8	9
"B" "	16	12
"C" "	6	5
"D" "	16	18

There were 13 cases of other robberies. The number of burglaries was 32 as against 29 in February. The cases were distributed as follows:—

	March	February
"A" Division	3	2
"B" "	15	10
"C" "	9	2
"D" "	5	15

The number of housebreakings was 56 as against 49 in February an increase of seven, the cases being distributed as under:

	March	February
"A" Division	19	11
"B" "	11	12
"C" "	10	9
"D" "	16	17

The 862 cases of simple theft, showing an increase of 215 as compared to February, were distributed as follows:—

	March	February
"A" Division	304	191
"B" "	237	149
"C" "	181	156
"D" "	140	151

"A" Division recorded 47 cases of shoplifting and 61 arrests. There were 64 cases of pocket-picking in "A," "B" and "D" Divisions and 59 arrests. Out of 50 bicycles and one car stolen in the above Divisions eight bicycles and the car were recovered, while a total of 10 arrests was made.

Thirty-four cases of receiving stolen property were recorded during the month as against 23 in February. There were 45 cases of snatching as against 44 in February. These were distributed as follows:—

	March	February
"A" Division	19	21
"B" "	10	6
"C" "	9	13
"D" "	7	4

A total of 38 arrests was made in connection with this type of crime. There was an increase of 35 cases in opium offences. The Headquarters Narcotic Section carried out 26 raids and effected the arrest of 88 persons. Twenty-two of the total number had criminal records and 60 were sentenced to various terms of imprisonment, in six cases of which imprisonment sentences were supplemented by fines and in 12 cases sentences were suspended for two years. Nineteen persons were discharged, one was fined, and twelve are still on remand. 127 ozs. of opium, 6,285¾ozs. of red pills, 93 lbs. of opium substitutes, 15 opium pipes with paraphernalia and a large quantity of ingredients together with a pill manufacturing outfit were seized. The total amount of fines inflicted during the month in connection with the above offences was $1,370. The number of gambling offences decreased from 89 to 66. Other forms of crime show little variation.

Notable work in "A" Division included: (1) the arrest of ten members of a gang of armed robbers and the seizure of two loaded pistols. Nine men were handed over to the Chinese Authorities and one to the French Police. (2) The arrest of an armed criminal who had escaped from the custody of the Chinese Police whilst en route to Nanking for trial on a charge of murder.

Notable work in "B" Division included: (1) the arrest of two men concerned in the murder of a watchman at a contractor's yard off Hart Road on January 7, 1933.

Notable work in "D" Division included: (1) the seizure of two pistols and the arrest of six armed robbers against whom two charges of armed robbery, three of aiding and abetting, four of receiving stolen property and one of unlawful possession of arms and ammunition were preferred. (2) The arrest of three burglars, responsible for four burglaries and seven shopbreakings and the seizure of a burglar's outfit. They were sentenced to five years imprisonment each. (3) The arrest of seven suspected armed robbers, three of whom were charged with being concerned in five armed robberies, aiding and abetting in two armed robberies and receiving stolen property in two armed robberies, and were sentenced one to nine years, one to eight years and one to three years' imprisonment, whilst four were released.

Outside Limits.—The following cases, which were included in the month's figures in "B" Division, occurred outside Settlement limits in houses on or abutting on Council roads:—Theft, 22; burglary, 5; unarmed highway robbery, 2; assault, 2; miscellaneous 6.

The Headquarters Crime Branch Detectives conducted investigations into 20 cases and effected the arrest of 22 persons. In addition enquiries were continued in two cases previously reported.

Stolen Property.—Property valued at $96,303.23 was alleged to have been stolen during the month as against property valued at $98,965.02 in February. The total value is made up as follows:—

"A" Division	$40,241.24
"B" "	29,690.41
"C" "	14,858.64
"D" "	11,512.94

Property valued at $50,454.47 was recovered during the month.

Finger Print Bureau.—During the month of March, the total number of records received by the bureau from all sources was 3,239. This shows an increase of 67 as compared with last month and an increase of 1,467 by comparison with the corresponding period of last year. 3,549 gaol cards were received and checked during the month: 1,293 for verification of prisoners' identity on admission to gaol, 107 for checking of appeal decisions, etc., 1,093 for verification of identity on release from gaol, and 1,056 for checking of sentences and completing of records according to execution orders issued by the court.

Investigations were made into 33 reported cases of the following nature:—4 armed robbery; 1 armed highway robbery; 4 burglary; 1 cargo broaching; 1 factory-breaking; 1 housebreaking; 7 larceny; 2 officebreaking; 1 godownbreaking; 11 shoplifting. Finger prints were secured in thirteen instances.

With a view to establishing their identity the bodies of ten unknown Chinese who had met their deaths under various circumstances were finger-printed and/or photographed at the Public Mortuary. Successful results were obtained in two instances.

During the month the Crime Branch Studio took 553 photographs and printed 1,015 copies.

Released under Amnesty.—The number of prisoners released under Government Amnesty during March was 48

Number of habitual criminals released	19
Number of persons released having previous convictions but who are not habitual criminals	13
Number of first offenders released	16

Classification of offences for which prisoners released during March were serving sentences:—

Armed robbery	4
Possession of firearms	1
Abduction	2
Sending threatening letters	1
Highway robbery	2
Breaking and entering premises	5
Larceny	16
Snatching	5
Pickpocket	2
Loitering	1
Members of criminal gang	1
Arson	1
Counterfeit currency	3
Offences against the State	1
Misappropriation	1
Assault	2

Anti-Japanese Movement. — The campaign against the sale of Japanese goods was continued during the month. Threatening letters were sent to five shops suspected of being engaged in this trade and a hand grenade was thrown at another. A body styling itself the Citizens' Federation appealed to shopkeepers to sign a special pledge agreeing not to deal in Japanese goods and sent representatives to canvass the shops on Nanking Road to ensure that the terms of the pledge were being observed. These representatives are alleged to have inspected the goods in some of the stores which they visited.

The raising of funds for the support of Chinese armies and volunteers who are fighting against the Japanese forces in the North East and the dispatch of comforts to the members of these forces were also continued.

Strikes.—Three strikes occurred in the Settlement during March. These affected 276 workers and resulted in a loss of 161 working days. The concerns affected were the Reyer Construction Company (American), Far Eastern Engineering Co. (Russian) and Price's Candle Factory (British). Statistics of strikes for the month are as follow:

Area	No. of strikes.	No. of hands.	No. of working days lost
Settlement	3	276	161
Chinese controlled territory	1	4,000	3,000
Total	4	4,276	3,161

On March 20 a number of workers in the packing room of the Nanyang Bros' Tobacco Company forced their way into the office of that department where, in addition to smashing furniture, they assaulted the departmental manager, the assistant manager and a clerk. One of the ringleaders was arrested at the time and four others were taken into custody later. All of these were charged before the Shanghai Special District Court and were awaiting trial at the end of the month. Investigations afforded the ground for suspicion that the assault was part of a racketeering movement which had been engineered by a section of the workers with the support of certain outsiders and which aimed at forcing the Company to conform to certain ideas entertained by the trouble makers as to the manner in which the business of the factory should be conducted.

Apart from disputes which resulted in stoppage of work and the dissatisfaction in the Nanyang Bros' Tobacco Co., unrest for various reasons existed during the month among the employees of the following concerns:—

1. Mei Fong Silk Weaving Factory, 17 Meichow Road.
2. S. Nyi Silk Weaving Factory, 717 Point Road.
3. Wah Sung Electric Factory, 2861 Point Road.
4. Dah Kong Cotton Mill, 2 Tengyueh Road.
5. Doong Shing No. 2 Mill, 2086 Yangtszepoo Road.
6. Shanghai Printing and Dyeing Factory, 1382 Ward Road.

Unemployment.—Owing to trade depression or other reasons, one Chinese weaving factory closed down during the month, one British mill stopped operating its blanket weaving department, one Japanese mill suspended night work on Saturdays and Sundays, one Chinese knitting factory decided to allow its operatives to work only one day in three, and two Japanese and Chinese mills each discharged a small number of workers. As a consequence of this action, 4631 workers lost their employment and the earning capacity of 10,663 others was reduced by amounts varying from 14 to 66 per cent.

Funds For Aviation.—Between March 1 and March 25 the China Aviation Co-operative Association raised about $556,709 from the local Chinese community to promote aviation construction in China. During the same period the Ningpo Fellow Countrymen's Association secured $71,547 for the same purpose. The campaign to raise funds to further aviation is being continued.

Film Censorship. — Forty-five feature films and seventy-five introductory films or newsreels were censored in theatres in the Settlement and French Concession during March. Of the feature films, 35 were passed without question, six were passed after they had been cut and revised and the remaining four were not approved, being considered unsuitable for public exhibition locally. All the introductory films or newsreels were passed without question.

Indecent Publicity.—The editors of five Chinese mosquito newspapers were charged during the month for publishing advertisements promoting the sale of medicines for procuring abortion. Of these one was fined $80, two $40 each, one absconded and the charge against the fifth was dismissed. A Chinese book vendor was arrested on March 29 for selling indecent books and was fined $50 on March 30.

Traffic.—Court proceedings were instituted in 734 (81 foreigners and 653 Chinese) of 5,795 reports of traffic offences received during the month against owners and/or drivers of vehicles. The remainder were dealt with by letter of warning or entry of caution on their records.

Accidents. — Accidents coming under police notice during the months of March 1933 and March 1932:—

	March, 1933.	March, 1932.
Total number of accidents	1,030	829
Total number of persons injured	322	279
Total number of persons killed	8	12

Vehicles involved in accidents during March 1933 in which persons were killed or injured:—

	Killed	Injured.
Tramcars	—	26
Omnibuses	1	15
Motor vehicles	7	218
Other vehicles	—	158

Persons killed or injured in accidents during March 1933 and known to have been at fault:—Killed, 7; injured, 110.

MUNICIPAL NOTIFICATION

No. 4338.

ICE CREAM AND ICED DRINKS LICENCE.

NOTICE is hereby given that the following amended conditions for an Ice Cream and Iced Drinks Licence have been approved, and will be enforced from April 1, 1933:—

Definitions.

The term "Ice Cream" shall be held to include any frozen or iced product, other than a liquid, which contains milk or any milk preparation and is intended for human consumption.

The term "Iced Drinks" shall be held to include any iced, frozen or cooled liquid intended for human consumption.

Conditions.

1.—The licence is not transferable.

2.—The licence shall be placed in a conspicuous position inside the premises.

3.—The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4.—The neighbourhood and immediate surroundings shall be healthy.

5.—The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6.—The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council

7.—No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8.—The walls and ceilings shall be whitewashed or painted in May of each year, and at such other times as may be considered necessary by the Commissioner of Public Health.

9.—No one shall eat, sleep or dwell in the premises which shall not be in direct communication with a dwelling house.

10.—The premises shall be provided with proper sanitary conveniences.

11.—On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

12.—No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain on the premises.

13.—The workers and their families shall be vaccinated and shall submit to any other prophylactic measure required by the Commissioner of Public Health.

14.—The workers and their clothing shall be clean.

15.—The ice cream shall be made of pure materials which shall be boiled, or pasteurized by being kept at a temperature of 150° Fahrenheit for a period of not less than 30 minutes, a short time before freezing.

16.—The ice cream at any time after such boiling or pasteurization and during delivery shall not contain more than 200,000 organisms per cubic centimeter or any Bacillus Coli in 1/300th of a cubic centimeter.

17.—All the utensils and containers used in the preparation or delivery of ice cream shall be boiled or otherwise sterilized immediately before use.

18.—Only pure ice from a source approved by the Commissioner of Public Health shall be used, and none shall come into contact with the ice cream.

19.—No foul matter or thing, no bed or body clothing shall be placed, or kept in, or carried through any premises where food is manufactured or sold for human consumption.

20.—Proper care shall be taken to prevent contamination of the products during delivery, and all vehicles, baskets, bags or other containers shall be kept clean and used for no other purpose.

21.—No spitting shall be permitted on the premises, and proper means shall be taken to prevent the access of flies, dirt, dust or other harmful substance.

22.—A proper supply of pure water sufficient for all purposes shall be provided from a source approved by the Commissioner of Public Health.

23.—Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any of the products, or materials used in their manufacture, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption they will be seized and the licensee be liable to prosecution.

24.—Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

25.—No gratuity of any kind shall be offered or given to any employee of the Council.

26.—On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,

Secretary.

Council Chamber,
Shanghai, March 9, 1933.

HEALTH REPORT FOR MARCH.

The Commissioner of Public Health reports:—

The foreign death rate was 15.45 as compared with 14.21 last month, and the Chinese death rate was 13.06 as compared with 16.99.

The increase of 1.24 per mille in the foreign death rate is due in the main from pneumonia, there being 11 deaths from this disease. There were few deaths from communicable diseases during the month.

There is a drop of 340 compared with last month in the total Chinese mortality, although the deaths of 1,149 Chinese residents have been recorded. This drop cannot be ascribed to any definite cause since it is largely due to fewer exposed corpses having been found.

Births.—Sixty medical certificates of birth amongst the foreign population were received during the month, while 104 resident Chinese births were recorded. In addition there were 37 from non-residents.

Further steps are being taken to improve our information in regard to this important factor in statistical information.

41,296 smallpox vaccinations were performed during the month—16,609 by the Mobile Squad and 24,687 at the various Branch Health Offices. These figures show an increase of over 400 per cent on last month's figure of 10,009. This is accounted for by the increased number of vaccinations performed on "All Flowers' Day" and to the results of advertising through the medium of posters and hand-bills, and also canvassing in the markets and public places.

Communicable Diseases.—Statistical information will be found in the tables at the end of the report, but it is noted that the communicable diseases most prevalent were scarlet fever and tuberculosis amongst the foreign population; and cerebro-spinal meningitis, tuberculosis and typhoid fever amongst the Chinese population. Smallpox showed some incidence. The rest of the notifiable diseases were characterized by a low morbidity rate. Scarlet fever seems to be of a mild type and the incidence is apparently on the down grade.

It is probable that influenza is decidedly more prevalent than notifications would seem to show, and this supposition is borne out by the prevalence of pneumonia, a common sequel to influenza.

On the whole, however, communicable disease maintained a low incidence with the exception of cerebrospinal fever amongst the Chinese population where a somewhat disturbing increase was noted, though curiously the foreign population up to the present remains unaffected. This increase is somewhat late in the year, hence it is possible that no serious incidence will result, but nevertheless the situation will require watching.

Cerebrospinal fever seems to have become endemic in this area and no year passes without a certain incidence. It is fairly certain that this is bound to happen where this disease is introduced into over-crowded areas. The only solution lies in the gradual extension of the town and the increase in open areas, whether roads or parks combined, with an alteration in the standards of living resulting in a lessened overcrowding. Hence it cannot be expected that any efforts towards eradication of this disease will be attended with speedy results in the present state of protective medicine.

Pathological Laboratory.

The total number of general pathological examinations numbered 1,469, outstanding figures being 466 for diphtheria, with 76 positive results, 318 for ova of helminths with 94 positive results, and 144 for tuberculosis with 10 positive results. 310 Wassermann tests were also performed.

Vaccine manufacture in preparation for the summer season was commenced and a considerable quantity of Semple vaccine was manufactured. A start was also made on the manufacture of cholera vaccine.

Pasteur Treatment. — Sixty-one persons, including 5 from outports, called for advice, cauterization and/or treatment, and in 43 cases treatment was advised.

Hospital Division.

There has been a decrease in the number of admissions to the Foreign Isolation Hospital. The diphtheria ward has been closed since the 21st of the month. The scarlet fever cases have been for the most part mild in nature, and on the decrease.

On the Chinese side the most notable feature is the rapid increase in the number of cases of cerebrospinal meningitis, and the high mortality rate.

Municipal Isolation Hospital.—There were 15 cases of scarlet fever admitted, all of a mild type. There was only one case of diphtheria, and four cases of pulmonary tuberculosis.

Chinese Isolation Hospital.—A large increase in the number of cases of cerebrospinal meningitis has to be reported this month, mostly of a severe type, due to delay in coming to hospital, with consequent high death rate. Of the 54 cases admitted 28 proved fatal whilst of 36 cases of scarlet fever four proved fatal. Smallpox and diphtheria accounted for 19 admissions respectively.

The Municipal Police and Gaol Hospitals have been kept fairly busy. In the Ward Road Gaol there were 328 cases under treatment for the opium habit, in addition to the 176 remaining from the previous month; and of the total 411 were discharged during the month.

The number of convicts in the gaol shows no signs of a decrease. There were 6,594 prisoners at the beginning of the month and 6,658 at the end.

Mental Hospital.—As usual the female side remains full, with several cases awaiting admission.

District Nursing.—It is noted that amongst children treated by the district nurse, ringworm is rather prevalent. This condition is one which frequently makes its appearance amongst children and is usually readily curable provided that it is brought to notice sufficiently early.

Veterinary Surgeon's Report.

Milk Supply.—The average daily milk production decreased 3.9 per cent as compared with the previous month's figure, but showed an increase of approximately 39 per cent over the production for the corresponding month of 1932. The results of chemical and bacteriological examination of samples taken during the month were very satisfactory. Twenty-three special samples, chiefly buffalo and native cows' milk were analyzed for the purpose of determining the average percentage of fat and solids-not-fat.

Tuberculin Testing:—The two herds tested (see statistical report) were supposed to be free from Tuberculosis; four recently imported animals, however, did not pass the test. These animals were immediately removed from the herds.

Cattle Diseases.—In addition to the now common communicable diseases—contagious pleuro-Pneumonia, rinderpest, tuberculosis and anthrax—which claimed 12 animals, haemorrhagic septicemia caused the death of six animals in one dairy.

Meat Supply.—The activities at all the slaughterhouses increased considerably; the increase in the kill of pigs being more than 10,000. The figures for rejections were average ones, except for pigs of which 80 were rejected on account of swine fever alone.

Disposal Plant.—37,543 lbs. of meat and meat products were disposed of, an increase of more than 7,000 lbs. over last month's figures. One anthrax carcase was cremated at the Muirhead Road Incinerator.

Markets, Bakeries and Food Shops.

Markets.—All markets were inspected daily and in the early mornings throughout the month. A comparatively large number of prosecutions was found necessary to maintain reasonable standards of cleanliness. Trade has been good and prices about the same as last month.

The registration of all stallholders in the Eastern markets has been completed.

Bakeries. — All bakeries were inspected periodically and the majority were found in a satisfactory state. Many intimations were served and several prosecutions put through against offenders.

Licensed Premises.—These places are visited frequently, more particularly the eating houses, restaurants and taverns, which require so much attention to maintain a good standard.

The Licensing Inspector dealt with 348 applications during the

month. In some instances difficulty was experienced in insisting on Health requirements.

Sanitation Division.

A few days of unusually warm weather brought out early mosquitoes, and oiling was immediately commenced.

Numerous complaints were received from the public in regard to rat infestation, more than 3,300 rats being trapped in the Northern and Central districts alone.

The Departmental inspection of schools has proceeded without interruption.

The month being that selected for the general white-washing and cleansing of smaller premises, there was considerable activity in this respect and a number of prosecutions resulted. Nine hundred inspections and 400 notices were served in one district alone. The reorganization of the Department last year has resulted in improved follow-up methods during these recurrent periods and hence greater efficiency.

Here follow tables of Vital Statistics, Communicable Diseases, and of the work of the Food and Dairies and Markets and Bakeries Division; Tuberculosis and Venereal Diseases Clinics; Municipal Laboratories, Hospitals and Slaughter-house.

*Hardness determinations are by acid and alkali; not by soap method.

Chlorine in chloride figures have varied between 3.0 and 4.2 parts per 100,000. Saline ammonia figures have continued higher than normal and traces of nitrites have been frequently present. Free chlorine has varied from 0.08 to 0.20 parts per million in samples taken from the laboratory taps and from 0.03 to 0.12 parts per million in samples taken at other points.

Bacteriological Examination:—

During the month 38 samples were examined, 34 from taps in various parts of the Settlement and 4 from hydrants, all of which contained less than 10 organisms of the B. Coli group per litre.

Report on Analysis:—

Results very satisfactory.

PEACE MEMORIAL SCHOLARSHIPS.

The Trustees of the Peace Memorial Scholarships Fund offer two scholarships of a triennial value of £1,350 each, subject to the conditions of the Trust and with the object, as stated by the donor, of encouraging British boys to turn to the laboratory, the workshop or the land, in preference to the countinghouse and the office. The award will be made by the Trustees on the recommendation of the Examination Syndicate of Cambridge University on the result of the School Certificate Examination to be held in December 1933.

These Scholarships are open to British boys of pure white descent who have been resident in China or Hongkong for a period of not less than three years immediately preceding the examination, and whose parents (or one of them) have resided in China or Hongkong for a period of at least three years. Candidates must be below the age of 20 years on July 1, 1933.

The prizemen will be required to select from the following courses of study:

(1) Electrical Engineering and/or Synthetic Chemistry,

(2) Practical Farming and/or Horticulture,

being allowed the option of choosing any one subject or group of two subjects as indicated above.

No restraint will be placed on prizemen as to the countries in which they may desire to prosecute their studies, but at least one year must be devoted to practical work in the laboratory, the workshop, or the field. The names of the Universities, Colleges, or other places at which the scholar proposes to study are to be submitted to the Trustees for approval.

The sum of £1,350 will be allocated as follows:

(*a*) A first-class passage from China to the country in which the prizeman elects to commence his studies.

(*b*) The sum of not more than £350 per annum, for three years, in quarterly instalments from the date of landing in such country.

(*c*) Any balance on the completion of the three years (subject to progress satisfactory to the Trustees being shown) to the prizeman.

The subjects prescribed for the examination are:

Group I	Subject	1	English
	,,	4	Geography
Group II	Subject	5	Latin, together with one other language.
Group III	Subject	12	Elementary Mathematics
			Together with two of the following:
Group III	Subject	13	Additional Mathematics, Papers, I, II, and III.
	,,	14	Chemistry
	,,	15	Physics
	,,	17	Botany

Candidates for these Scholarships are required to fill in a Special Application Form in addition to the usual Examination Entry Form. The necessary forms and any further information with reference to these Scholarships may be obtained from L. C. Healey, Esq., Superintendent of Education. Administration Building, Shanghai Municipal Council.

INOCULATION AGAINST CHOLERA.

The Public Health Department of the Shanghai Municipal Council has already begun protective inoculation against cholera. It may be recalled that last year 200,210 persons were inoculated by this Department. Inoculation against cholera is being carried out free of charge by Council doctors. Those wishing to avail themselves of this service should apply direct to the nearest Branch Health Office for information, or direct to the medical officers in charge of mobile inoculation vans, which operate throughout the Settlement. Employers of labour may make arrangements for the inoculation of their workers, if not less than 20 are to be treated, by applying to the Branch Health Offices.

In addition to a Chinese doctor in each van there are three female nurses so that every facility is afforded for dealing with employees of factories and children in schools. Attention is drawn to the fact that a new Branch Health Office has been opened this month at the corner of Robison and Ferry roads.

MUNICIPAL PARKS.

At the Council meeting on April 26, a member suggested that the present popularity of the municipal parks made it desirable to increase the cost of the annual admission tickets from $1 to, say, $2. An alternative suggestion was made that the single admission charge of 20 cts. might be increased. As, however, the season ends on May 31 and tickets had been printed for 1933-34 for issue to the public, the view prevailed that no change should be made at present. The question of raising charges at a later date was referred to the Works Committee for consideration.

No fewer than 22,294 persons visited Jessfield Park on April 30, this total being a new record. 55,673 persons were admitted to the park on three days in April, viz., Sunday, April 23, 20,980; Saturday, April 29, 12,399; Sunday, April 30, 22,294.

Building Rules.

1.—The site of every dairy shall be raised to a height of at least three inches above the crown of the nearest public road.

2.—The drainage must be constructed in accordance with the requirements of the Council and be connected to the municipal sewers or discharge into such tidal creek as may be approved by the Council.

3.—The floor of every cowshed shall be raised six inches above the site and shall be constructed of cement concrete or other hard impervious material and made to slope to open surface channels of such design, and laid to such fall as will permit efficient and rapid cleansing, and discharge over a drain situated outside the building.

4.—Every cowshed shall have at least 800 c.ft. of air space for each animal and no cowshed shall be of less height than nine feet, measurement from floor to eaves. Every cowshed shall have on at least three sides thereof an open space for the purpose of admitting light and air to the windows and ventilators of at least five feet in width. When one or more sides of the cowshed abut on the public road the open space provided by the public road shall be deemed to be sufficient. Every dairy shall have an open yard or yards entirely free from any buildings or any constructions of not less an area than 40 superficial feet for each animal stalled in the buildings, provided that no dairy shall have a yard or yards of an area of less than 600 superficial feet; and every dairy shall provide a smooth hard surface properly drained and situated at least *30 feet* from the dairy buildings for depositing dung.

5.—Lighting shall be by means of windows in the walls and/or roof and the total area of the windows shall not be less than three sq. ft. for every animal stalled. The windows and other openings in the walls and roofs shall be so arranged as to secure efficient lighting and adequate through ventilation to every part of the cowshed.

6.—The walls of every room in which milk or other dairy produce is stored, bottled, manufactured, treated or in which bottles or other dairy utensils are washed, sterilized or stored, shall have the surface for at least five feet in height cement plastered, tiled or treated with other impervious material approved by the Council, and the floor of every such room shall be of cement or other impervious material approved by the Council and shall be laid to such a fall and with such open drains or channels as shall permit rapid and thorough cleansing.

7.—No cowshed shall communicate directly with any room in which milk or other dairy produce is stored, bottled, manufactured or otherwise treated, except the milk straining room, or with any room or premises used for domestic purposes. No room in which milk or other dairy produce is stored, bottled, manufactured or otherwise treated or where bottles or other dairy utensils are washed, sterilized or stored shall communicate with any room or premises used for domestic purposes.

8.—Every dairy shall have a plentiful supply of water sufficient for all purposes from a source approved by the Council.

9.—Every dairy shall have such boiler or other means of providing an adequate supply of boiling water as shall be approved by the Council.

10.—All dairy premises shall conform to such regulations in regard to general construction and sanitation as shall from time to time be required by the Council.

11.—No alterations or additions to any dairy premises shall be carried out without the permission of the Council.

12.—Every person intending to erect new dairy premises, or convert existing premises into use as a dairy, shall submit to the Council for approval complete plans, and sections of such buildings in duplicate, which shall be drawn to a scale of not less than one inch to every eight feet, and shall show the position, form and dimensions of the several parts of such premises, and on which the buildings shall be so described as to show the purpose for which each is to be used. Such persons shall, at the same time, submit a block plan of the buildings, which shall be drawn to a scale of not less than one inch to every fifty feet and shall show the position of the buildings and appurtenances of the properties immediately adjoining, the width and level of the street in front, and of the street or passage at the rear of such buildings, the level of the lowest floor of such buildings, and of any yard or open space belonging thereto. Such plans shall likewise show the intended lines of drainage and the size, depth and inclination of each drain with position of inspection chambers, gully traps, etc. Notwithstanding any inspection or non-inspection of the erection of such premises by an authorized officer of the Council, the applicant shall be held responsible for the due performance and observance of these Rules, and of the Rules with respect to new buildings issued by the Shanghai Municipal Council.

PEACE MEMORIAL SCHOLARSHIPS.

The Trustees of the Peace Memorial Scholarships Fund offer two scholarships of a triennial value of £1,350 each, subject to the conditions of the Trust and with the object, as stated by the donor, of encouraging British boys to turn to the laboratory, the workshop or the land, in preference to the counting-house and the office. The award will be made by the Trustees on the recommendation of the Examination Syndicate of Cambridge University on the result of the School Certificate Examination to be held in December 1933.

These Scholarships are open to British boys of pure white descent who have been resident in China or Hongkong for a period of not less than three years immediately preceding the examination, and whose parents (or one of them) have resided in China or Hongkong for a period of at least three years. Candidates must be below the age of 20 years on July 1, 1933.

The prizemen will be required to select from the following courses of study:

(1) Electrical Engineering and/or Synthetic Chemistry,

(2) Practical Farming and/or Horticulture,

being allowed the option of choosing any one subject or group of two subjects as indicated above.

No restraint will be placed on prizemen as to the countries in which they may desire to prosecute their studies, but at least one year must be devoted to practical work in the laboratory, the workshop, or the field. The names of the Universities, Colleges, or other places at which the scholar proposes to study are to be submitted to the Trustees for approval.

The sum of £1,350 will be allocated as follows:

(*a*) A first-class passage from China to the country in which the prizeman elects to commence his studies.

(*b*) The sum of not more than £350 per annum, for three years, in quarterly instalments from the date of landing in such country.

(*c*) Any balance on the completion of the three years (subject to progress satisfactory to the Trustees being shown) to the prizeman.

The subjects prescribed for the examination are:

Group	I	Subject 1	English
		„ 4	Geography
Group	II	Subject 5	Latin, together with one other language.
Group	III	Subject 12	Elementary Mathematics

TOGETHER WITH TWO OF THE FOLLOWING:

Group	III	Subject 13	Additional Mathematics, Papers, I, II, and III.
		„ 14	Chemistry
		„ 15	Physics
		„ 17	Botany

Candidates for these Scholarships are required to fill in a Special Application Form in addition to the usual Examination Entry Form. The necessary forms and any further information with reference to these Scholarships may be obtained from L. C. Healey, Esq., Superintendent of Education, Administration Building, Shanghai Municipal Council.

MUNICIPAL NOTIFICATION

NO. 4339.

FOOD AND DRINK STALL OR STAND LICENCE.

NOTICE is hereby given that the following amended conditions for a Food and Drink Stall or Stand Licence have been approved, and will be enforced from April 1, 1933:—

Definition.

The term "Food and Drink Stall or Stand" means any stall or stand used or occupied for the sale of approved foods and/or drinks for human consumption and situated elsewhere than in any regularly constructed building, and includes any authorized structure so used or occupied, whether permanent or temporary, other than a regularly constructed building.

Conditions.

1. The licence is not transferable.
2. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.
3. The design, construction, equipment and maintenance of the stall or stand shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.
4. No stall or stand shall be so situated as to constitute an undue obstruction.
5. The size of the stall or stand together with the working space shall not exceed 36 square feet.
6. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain in the premises.
7. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any food or drink kept, offered or exposed for sale, or sold, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.
8. No intoxicating liquor shall be kept or sold.
9. The licence shall be kept ready at all times for inspection by officers of the Council charged with the inspection of licensed premises.
10. No gratuity of any kind shall be offered or given to any employee of the Council.
11. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,
J. R. JONES,
Secretary.

Council Chamber,

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, MAY 5, 1933. No. 1426

Shanghai Waterworks Co., Ltd.

In the "Municipal Gazette" of April 7, 1933, a statement was published giving an account of the basis and method of charging for water by meter which as the result of negotiations had been adopted by the Shanghai Waterworks Co., Ltd., with a view to affording relief to the poorer class of consumer, during an experimental period commencing on April 1, 1933.

The tariff applied as from April 1 is set out in the following agreement which has been made between the Council and the Company.

This Indenture made at Shanghai this Third day of May One thousand nine hundred and thirty-three Between The Shanghai Waterworks Company Limited (hereinafter referred to as "the Company" which expression shall include its successors and assigns) of the one part and The Council for the Foreign Community of Shanghai North of the Yang King Pang (hereinafter referred to as "the Council" which expression shall include its successors in office) of the other part. WHEREAS by an Indenture dated the Twenty-fourth day of December One thousand nine hundred and thirty-one and made between the parties hereto it was agreed that the Company should in all accounts rendered by the Company for the month of January One thousand nine hundred and thirty-two and all subsequent months be entitled to charge for all water supplied for Municipal Purposes and to Intra-Agreement Consumers during such months at the rates set forth in Schedule C annexed to the said Indenture and further that the Tariff of Charges including all matters incidental thereto (excepting only the limitation of the Company's annual dividends as provided in an Indenture dated the Seventeenth day of March One thousand nine hundred and twenty-eight and made between the parties hereto hereinafter called "the Principal Indenture" as amended by an Indenture dated the Seventeenth day of March One thousand nine hundred and thirty-two and made between the parties hereto) should be subject to revision whenever it was agreed by the parties thereto that for reasons therein mentioned and for justifiable causes it was desirable to do so and WHEREAS it has been agreed by the parties hereto that the tariff of charges shall be revised as hereinafter mentioned.

Now this Indenture Witnesseth that the parties hereto do hereby mutually agree as follows:—

1.—The Company shall in all accounts rendered by the Company for meters read on and after the First day of May One thousand nine hundred and thirty-three (or in the case of accounts rendered by the Company for the rates set forth in Clauses 2 (*a*) (*d*) and (*e*) of Schedule C annexed hereto in all accounts for the month of May One thousand nine hundred and thirty-three and all subsequent months) be entitled to charge for all water supplied for Municipal Purposes and to Intra-Agreement Consumers at the rates set forth in Schedule C annexed hereto instead of at the present existing rates. The fees and charges mentioned in Clause 2 of an Indenture dated the Twenty-eighth day of February One thousand nine hundred and thirty and made between the parties hereto shall be equivalent to the charge for a standby supply at the rate set forth in Clause 4 of Schedule C annexed hereto.

2.—Without detracting in any way from the option conferred upon the Company by Clause 1 of the Principal Indenture to class the supply as domestic or non-domestic where a consumer requires or uses water from the same service pipe both for domestic and for non-domestic purposes, the Company shall be entitled to require any landlord or consumer who requires or uses water from the same service pipe both for domestic and for non-domestic purposes and whose supply is classed as domestic either to provide a separate service pipe or pipes for any non-domestic supply or supplies and the consumer or consumers to enter into a contract or contracts for such supply or supplies at the rates from time to time laid down for non-domestic purposes or at the Company's option to install a subsidiary meter or meters to measure the supply or supplies for non-domestic purposes and to enter into a contract or contracts for such supply or supplies at the rates from time to time laid down for non-domestic purposes. A subsidiary meter shall mean any meter which measures any particular part of a supply which is measured by a main meter. Subsidiary meters shall be installed by the Company at the expense of the landlord or consumer and shall be maintained and read by

the Company subject to such rules and regulations as may from time to time be made by the Company. The landlord or consumer shall pay to the Company a monthly rent of $1.875 for each subsidiary meter payable quarterly in advance.

3.—The Tariff of Charges including all matters incidental thereto (excepting only the limitation of the Company's annual dividends as provided in the Principal Indenture as amended as aforesaid) shall be subject to revision whenever it is agreed by the parties hereto that for justifiable causes it is desirable so to do.

4.—Schedule C and the Memorandum annexed to the said Indenture of the Twenty-fourth day of December One thousand nine hundred and thirty-one is hereby cancelled.

In Witness whereof the said parties hereto have executed these presents the day and the year first above written.

SCHEDULE C

Schedule of Charges to be made by the Company (until otherwise agreed) for all water supplied for Municipal purposes and to Intra-Agreement Consumers in all accounts for meters read on and after the 1st May, 1933, or in the case of accounts for the rates set forth in Clauses 2 (a), (d) and (e) hereof in all accounts for May, 1933, and subsequent months referred to in Clause 1 hereof.

1.—MUNICIPAL PURPOSES :

To the Council for all water supplied for Municipal purposes at the rate of Four Mace (Taels 0.40) or Fifty-five and nine-tenths Dollar cents ($0.559) per 1,000 gallons, but inasmuch as supplies of water for certain Municipal purposes are not measured by meter, a memorandum is annexed hereto setting forth the method which shall be observed in calculating such supplies which memorandum shall be adjusted from time to time by consent of both parties hereto.

2.—DOMESTIC PURPOSES :

(*a*) To Intra-Agreement Consumers (for domestic purposes) in non-metered areas whether the premises be residential or otherwise at the rate of 7½% on the actual rent payable by the occupier as it may be from time to time and without any deduction whatsoever (provided that in the event of a landlord entering into a contract for a block of houses pursuant to Clause (*f*) hereof the rent of such block of houses shall be calculated as follows :—

$$\frac{\textit{Actual Rental payable by occupier} \times 100}{100 \textit{ plus water rate}}$$

or where the occupier is the owner of the premises at the rate of 7½% on the rent assessed by the Council for the purposes of taxation as it may be from time to time without any deduction whatsoever and in both such cases the rent shall be the rent for the whole of the premises occupied including any garden or other land forming part thereof **Provided that** in the event of the actual rent or assessed rent for any one house being in excess of Taels Two hundred per calendar month the rate on such excess shall be 2½% **Provided further** that in the event of the actual rent or the rent as assessed by the Council being on account of special circumstances lower than the rent would have been but for such special circumstances the said rate may be charged on what in the opinion of the Council the rent would have been but for such special circumstances.

The Council shall from time to time furnish the Company with all such information as the Company may require in regard to the assessment of rentals.

(*b*) Notwithstanding anything hereinbefore contained, the Company shall in accounts for meters read on and after 1st May, 1933, in the case of any building situated in a metered area or any building completed after 1st January, 1932, or any block of houses situated in a metered area where the Company requires the landlord to accept a service or supply and enter into a contract therefor pursuant to Clause (*f*) hereof charge for water supplied for domestic purposes as measured by meter at the following rates and in accordance with the method set forth below :—

Buildings shall be classified according to the rentals as assessed by the Municipal Council for purposes of taxation and blocks of houses as hereinbefore referred to shall be classified according to the average of such rentals and in the event of the landlord of a block of houses giving the Company particulars of any vacant houses within 14 days of the rendering of any monthly account, allowance shall be made therefor in the next ensuing account.

Rentals in taels shall be converted into dollars at exchange equivalent of 71.5 taels per 100 dollars.

The amounts set forth in Column 2 hereof shall be charged for any quantity used where the monthly consumption does not exceed the quantity set forth in Column 3 hereof. Where the monthly consumption exceeds the quantity set forth in Column 3 hereof, such quantity in excess shall be charged for at the rate set forth in Column 4 hereof.

Meters will be read to the nearest 100 gallons and the consumption charged on a pro rata basis.

(*c*) Notwithstanding anything hereinbefore contained, the Company shall in the case of any building containing a number of offices or flats or a number of different consumers where the Company requires the landlord to accept a service or supply and enter into a contract therefor pursuant to Clause (*f*) hereof or in the case of any single building occupied and used solely as one office (which expression shall not include a shop whether wholesale or retail or any premises in which any person or persons shall reside being situate in a non-metered area) where the consumer demands a service or supply by meter and at its option (which shall be exercised only in a non-metered area) may in the case of a block of buildings occupied as staff quarters and in the case of any consumer in a non-metered area found supplying water to a non-consumer or in the case of any consumer in a non-metered area found to be wasting water charge for water supplied for domestic purposes as measured by meter at the following rates :—

$6.25 per meter for any quantity used where the monthly consumption does not exceed 10,000 gallons provided that in any case where in the opinion of the Company the circumstances justify a reduction in this minimum monthly rate such minimum monthly rate shall be in accordance with the following scale :—

2″ meter $3.125 per month for any quantity used not exceeding 5,000 gallons.
1½″ meter $1.875 per month for any quantity used not exceeding 3,000 gallons.
½″ to 1¼″ meter $1.25 per month for any quantity used not exceeding 2,000 gallons.

$0.625 per 1,000 gallons where the monthly consumption does not exceed 200,000 gallons.

$0.5625 per 1,000 gallons for any additional monthly consumption on the same premises above 200,000 gallons and not exceeding 500,000 gallons.

$0.50 per 1,000 gallons for any additional monthly consumption on the same premises above 500,000 gallons and not exceeding 700,000 gallons.

$0.4375 per 1,000 gallons for any additional monthly consumption on the same premises above 700,000 gallons and not exceeding 1,000,000 gallons.

$0.375 per 1,000 gallons for any additional monthly consumption on the same premises above 1,000,000 gallons and not exceeding 2,000,000 gallons.

$0.35 per 1,000 gallons for any additional monthly consumption on the same premises above 2,000,000 gallons and not exceeding 5,000,000 gallons.

$0.30 per 1,000 gallons for any additional monthly consumption on the same premises above 5,000,000 gallons.

Accounts will be rendered in multiples of 100 gallons.

(*d*) Except where the supply is measured by meter the rate for a supply of water for water closets shall be as follows :—

$1.25 per month for one or two water closets.
$0.50 per month for each water closet in excess of two.

(*e*) Except where the supply is measured by meter the rate for the supply for automatic urinal flush tanks shall be as follows :—

For each tank designed to flush .85 gallons $1.75 p.m.
,, ,, ,, ,, ,, ,, 1 gallon $2.05 p.m.
,, ,, ,, ,, ,, ,, 1.15 gallons $2.35 p.m.
,, ,, ,, ,, ,, ,, 2 gallons $4.25 p.m.
,, ,, ,, ,, ,, ,, 3 gallons $6.25 p.m.

The rate for tanks designed to flush other quantities shall be determined by the Company from the estimated quantity of water that will be consumed calculated at the rate of $0.62\frac{1}{2}$ per 1,000 gallons.

(*f*) In the case of any building containing a number of offices or flats or a number of different consumers or in the case of any block of buildings the Company shall be entitled to require the landlord of such building or block to accept a service or supply for the whole of such building or block as if such landlord were so far as the Company is concerned the sole consumer in respect of the whole supply or service to such building or block **Provided that** in the case of a building containing a number of offices or flats or a number of different consumers the Company shall be entitled to require the landlord thereof to accept such service or supply and enter into a contract therefor only if the Company shall charge for such service or supply by meter but this proviso shall not apply to any building which in the opinion of the Company is not expressly designed for occupation by a number of different consumers, and **Provided further** that in the case of a block of buildings in a metered area or a block of buildings completed after 1st January 1932 the landlord of such block may require the Company to enter into contracts in respect of the individual houses of such block with the occupiers thereof but only if the landlord of such block shall pay for any necessary alterations in the piping and also pay a cash deposit to the Company of sufficient magnitude to cover the total cost of the meters which cash deposit shall be refundable on transfer of the block of buildings to another landlord or removal of the meters.

Except where the service or supply is by meter the Company shall also be entitled to require such a landlord to furnish to the Company at the end of each month a statement in writing of the rent payable by each tenant of such building or block.

Provided further that in any case whatsoever where the landlord of any premises shall pay the water rate the Company shall not be bound at the request of such landlord to discontinue the supply of water to such premises or any part thereof so long as the same shall remain occupied but nevertheless such landlord shall not be relieved of his obligations to pay the whole of such water rate.

3.—NON-DOMESTIC PURPOSES :

(*a*) For all supplies of water to Intra-Agreement consumers for other than domestic purposes as measured by meter at the rates set forth in Clause 2 (*c*) hereof.

Provided that where in a non-metered area the supply is to a garden forming part of premises in respect of which the rate for domestic purposes is payable the monthly consumption in excess of 2,000 gallons only shall be charged for.

(*b*) **Provided always** that where in a non-metered area the supply is for both domestic and non-domestic purposes in lieu of charging by meter the Company may charge for a supply of water for other than domestic purposes a rate (exclusive of any charge made in respect of water closets or automatic urinal flush tanks) in addition to the charge for water supplied for ordinary domestic purposes as hereinbefore provided. Such additional rate in the case of Purveyors of hot water shall not exceed $11.25 per calendar month and in the case of bean curd shops shall not exceed $7.50 per calendar month and in all other cases shall not exceed $6.25 per calendar month.

The charge for water supplied for domestic purposes may be payable by the landlord and the additional rate by the occupier and the existence of a contract with the landlord shall not in any way prevent the Company from exercising its right under a contract with the occupier or *vice versa*.

4.—STANDBY SUPPLIES AND DUAL SUPPLIES :

Notwithstanding anything hereinbefore contained the charges which the Company is entitled to make for standby supplies to intra-agreement consumers shall be as follows :—

(*a*) A monthly rate varying with the size of the connection to the Company's main as follows :—

Size of Connection.	Minimum Monthly Rate.
6″	$231.25
4″	97.50
3″	56.25
2″	25.00
$1\frac{1}{2}$″	15.00
$1\frac{1}{4}$″	10.00
1″	6.25

The monthly rate for a 1" connection being $6.25, the monthly rate for sizes of connection other than those mentioned in the above table to the Company's main shall be in the proportion which the discharge of water under a head of 75' through the connection bears to a discharge under the same head through a 1" connection **Provided that** in no case shall the monthly rate be less than $6.25.

(*b*) If the consumer notifies the Company and uses water from the standby supply, the consumer shall in addition to such monthly rate as aforesaid pay for such water as measured by meter at double the rates laid down in Clause 2 (*c*) hereof for supplies as measured by meter but in such case the consumer shall pay for water used only in excess of the quantity the charge for which at double the aforementioned rates is equivalent to the monthly rate payable in respect of the standby supply.

(*c*) In the event of water being used from the standby supply without the Company having been previously notified by the consumer the consumer shall pay for all such water as measured by meter at double the rates laid down in Clause 2 (*c*) hereof for supplies as measured by meter in addition to the monthly rate payable in respect of the standby supply.

The Company shall not be held responsible for either pressure or quantity in the event of the incidence of standby demand synchronising with that of the maximum hourly demand.

(*d*) Where the Company is satisfied that a supply both from the Company and from a private well boring is essential for the purpose of a consumer's business and a supply of water by the Company is permitted the consumer shall pay to the Company for all water used from the Company at the rates laid down in Clause 2 (*c*) hereof for supplies as measured by meter and in addition thereto a monthly fee based upon the size of the connection to the Company's main such fee to be the same as the rate for a standby supply as set forth in sub-Clause (*a*) of this Clause **Provided always** that the provisions of this clause shall only apply in the case of a well boring constructed since the date of the principal indenture and provided also that save as aforesaid nothing in this clause shall affect the Company's right to refuse a supply under Clause 2 of the Indenture dated the Twenty-eighth day of February One thousand nine hundred and thirty.

5.—SUPPLIES FROM RUBICON ROAD WORKS :

Notwithstanding anything hereinbefore contained the Company shall be entitled to charge Intra-Agreement consumers for all supplies of water from its works at Rubicon Road for whatever purposes as regulated by meter at the rate of $0.75 per 1,000 gallons **Provided that** the Company shall be entitled to charge for each meter a minimum rate of $7.50 per calendar month which minimum rate shall entitle such consumer to a supply during such month not exceeding 10,000 gallons free of any additional charge.

6.—PRIVATE FIRE HYDRANTS, SPRINKLER AND DRENCHER SYSTEMS :

The Company shall make no charge for the supply of water for the purpose of fire extinction drawn off from a private fire hydrant sprinkler or drencher system **Provided that** such fire hydrant sprinkler or drencher system be supplied by a separate service pipe connected with the Company's main and that the consumer enters into a contract with the Company as to such supply and to comply with the reasonable regulations of the Company and to pay an annual fee in the case of private fire hydrants of $6.25 per hydrant irrespective of size but not exceeding in any case $25.00 (**Provided that** an intra-agreement consumer requiring a supply of water for a private fire hydrant system only shall pay an annual fee of $25.00 per hydrant irrespective of size but not exceeding in any case a total of $125.00) and an annual fee in the case of a sprinkler or drencher system of $0.125 per sprinkler or drencher head supplied by one connection to the Company's main but not exceeding in any case $125.00 which said annual fee shall in all cases be payable by equal quarterly instalments in advance. The Company shall be entitled to seal every private fire hydrant after the same shall have passed the initial test following its installation. Any seal broken subsequently by the fire brigade for testing purposes or otherwise shall be replaced by a brigade seal. In the event of any seal being broken and water used for any purpose other than fire extinction the Council shall in every way assist the Company to recover compensation from the consumer or other party concerned. The Company shall be entitled to charge a consumer for every sealing by the Company of a fire hydrant a fee of One Tael two mace five candareens or One Dollar and seventy-five cents or such other sum as may be agreed upon between the parties hereto.

MUNICIPAL ADVOCATE'S REPORT FOR APRIL.

The Municipal Advocate reports that 10,317 cases were prosecuted in the Shanghai First Special Area District Court and the Kiangsu High Court, Second Branch, during April, as compared with 10,479 in March. 7,422 persons failed to appear in petty bye-law cases and their bail was confiscated, as compared with 7,135 persons in March. Sixty-three cases were withdrawn on the ground that there was insufficient evidence to convict, as compared with 84 in March. The total number of major and minor criminal cases prosecuted to completion was 2,832, as compared with 3,530 cases in March; 2,633 persons were convicted and 199 acquitted, as compared with 3,331 persons convicted and 199 persons acquitted in March.

In addition to the above, there were 105 private criminal prosecutions, 340 cases instituted by the Health and Public Works Departments for violation of Health and Public Works regulations, and 641 cases instituted by the Traffic Department for infringement of traffic regulations, as compared with 170 private criminal prosecutions, 448 Health and Public Works cases and 667 traffic cases in March.

Ninety-three per cent. of the persons charged were convicted, as compared with 93.1 per cent. 93.6 per cent. and 94.3 per cent. for January, February and March, respectively.

Appeals.—(a) By the Council: One appeal to the High Court was filed by the Council during the month of April. Three appeals by the Council were heard during the month with the result that one case was dismissed and judgments in the other two cases were reversed. The total number of appeals by the Council pending as of April 30 is as follows: In the Supreme Court, 4; in the High Court, 3.

(b) Appeals by defendants: Fifty-two appeals were perfected during the month, seven to the Supreme Court, 41 to the High Court, and four to the District Court of Appeals. Sixty appeals by defendants were concluded and dealt with as follows:

Accused found not guilty	4
Appeals dismissed	39
Appeals withdrawn	2
Sentences increased	1
Sentences reduced	10
Cases sent back for retrial	3
Case not accepted	1

There were 101 appeals filed by defendants pending on April 30, as follows: in the Supreme Court, 58; in the High Court, 42; in the District Court, 1; total 101.

Extradition Cases.—Twenty-two applications involving 51 persons were made by the Extra-Settlement Authorities during the month. Prima facie cases were proved against 50 persons and they were ordered handed over, the remaining accused being dismissed owing to insufficient evidence being produced by the authorities making the applications. Out of four persons remanded from last month, one was ordered handed over, one was dismissed for lack of proof, and the remaining two are still on remand. Two persons arrested on the application of the Hongkong Authorities on charges of fraud in that Colony were found to have committed offences of a similar nature in Shanghai, and the District Court took jurisdiction over the accused who are at present on remand.

Cases Pending.—On April 30, there were pending in the High Court and District Court 68 cases, which, together with 108 cases on appeal, makes a total of 176 cases pending. In addition to the above, there were 18 cases pending in which the accused are detained on writs of detention.

Suspended Sentences. — Thirty-four sentences of imprisonment were suspended in new cases, and one sentence was suspended on appeal.

Criminal Processes.—7,579 criminal processes were forwarded to the Shanghai Municipal Police for service. 507 criminal processes were dealt with by the Judicial Police.

Civil Processes.—9,491 civil processes were dealt with by the process servers.

PEACE MEMORIAL SCHOLARSHIPS.

The Trustees of the Peace Memorial Scholarships Fund offer two scholarships of a triennial value of £1,350 each, subject to the conditions of the Trust and with the object, as stated by the donor, of encouraging British boys to turn to the laboratory, the workshop or the land, in preference to the counting-house and the office. The award will be made by the Trustees on the recommendation of the Examination Syndicate of Cambridge University on the result of the School Certificate Examination to be held in December 1933.

These Scholarships are open to British boys of pure white descent who have been resident in China or Hongkong for a period of not less than three years immediately preceding the examination, and whose parents (or one of them) have resided in China or Hongkong for a period of at least three years. Candidates must be below the age of 20 years on July 1, 1933.

The prizemen will be required to select from the following courses of study:

(1) Electrical Engineering and/or Synthetic Chemistry,

(2) Practical Farming and/or Horticulture,

being allowed the option of choosing any one subject or group of two subjects as indicated above.

No restraint will be placed on prizemen as to the countries in which they may desire to prosecute their studies, but at least one year must be devoted to practical work in the laboratory, the workshop, or the field. The names of the Universities, Colleges, or other places at which the scholar proposes to study are to be submitted to the Trustees for approval.

The sum of £1,350 will be allocated as follows:

(*a*) A first-class passage from China to the country in which the prizeman elects to commence his studies.

(*b*) The sum of not more than £350 per annum, for three years, in quarterly instalments from the date of landing in such country.

(*c*) Any balance on the completion of the three years (subject to progress satisfactory to the Trustees being shown) to the prizeman.

The subjects prescribed for the examination are:

Group I	Subject	1	English
	„	4	Geography
Group II	Subject	5	Latin, together with one other language.
Group III	Subject	12	Elementary Mathematics
TOGETHER WITH TWO OF THE FOLLOWING:			
Group III	Subject	13	Additional Mathematics, Papers, I, II, and III.
	„	14	Chemistry
	„	15	Physics
	„	17	Botany

Candidates for these Scholarships are required to fill in a Special Application Form in addition to the usual Examination Entry Form. The necessary forms and any further information with reference to these Scholarships may be obtained from L. C. Healey, Esq., Superintendent of Education, Administration Building, Shanghai Municipal Council.

NO. 4339.

FOOD AND DRINK STALL OR STAND LICENCE.

NOTICE is hereby given that the following amended conditions for a Food and Drink Stall or Stand Licence have been approved, and will be enforced from April 1, 1933:—

Definition.

The term "Food and Drink Stall or Stand" means any stall or stand used or occupied for the sale of approved foods and/or drinks for human consumption and situated elsewhere than in any regularly constructed building, and includes any authorized structure so used or occupied, whether permanent or temporary, other than a regularly constructed building.

Conditions.

1. The licence is not transferable.
2. The General Municipal Rate payable in respect of the licensed premises shall be paid when due.
3. The design, construction, equipment and maintenance of the stall or stand shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.
4. No stall or stand shall be so situated as to constitute an undue obstruction.
5. The size of the stall or stand together with the working space shall not exceed 36 square feet.
6. No person with any communicable disease, or known or believed to have been recently exposed to the infection of such disease, shall be employed or remain in the premises.
7. Samples shall be furnished whenever required for examination or analysis by the Commissioner of Public Health, and if any food or drink kept, offered or exposed for sale, or sold, be found to be bad, impure, unwholesome, adulterated, unsafe or unfit for human consumption it will be seized and the licensee be liable to prosecution.
8. No intoxicating liquor shall be kept or sold.
9. The licence shall be kept ready at all times for inspection by officers of the Council charged with the inspection of licensed premises.
10. No gratuity of any kind shall be offered or given to any employee of the Council.
11. On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, MAY 19, 1933. No. 1428

DEATH OF COLONEL F. D. KILGORE.

The Chairman of Council on May 16 addressed the following letter to Lt.-Col. E. P. Moses, United States Marine Corps:—

"It is with extreme regret that the Council learnt this morning of the death of Colonel Kilgore. This regret is the more poignant because the Council had only recently welcomed him on his return to the Settlement and because his lamented death has followed so closely upon that of his predecessor, Colonel Hooker.

"I shall be glad if you will convey to his widow and his mother in their bereavement the heartfelt sympathy of my colleagues and myself, and accept on behalf of the United States Marine Corps the expression of our deepest regret in the loss of yet another much revered and very distinguished officer."

MILK SUPPLY IN THE SETTLEMENT.

Terms of Reference to a Special Committee.

The Health Committee of the Council has recently given consideration to questions affecting the milk supply in the Settlement. The Committee reviewed the measures taken by the Commissioner of Public Health to ensure the required standard of quality for milk produced within the Settlement and considered the Commissioner's proposal that the Council should erect a pasteurization plant of modern type with the view to rendering Grade "B" milk less a potential danger to consumers. Having debated the question of pasteurization of Grade "B" milk, the Committee unanimously agreed upon the desirability of facilities being provided for the pasteurization of this milk, preferably by private enterprise, and favoured the constitution of a small committee to consider and submit recommendations on this proposal. Messrs. C. Burgess, A. J. Hughes, G. H. Wright and L. T. Yuan were invited to serve on this committee and they have consented to do so.

At a meeting of the Health Committee held on May 4, the Chairman proposed for endorsement the draft Terms of Reference to this Special Committee as submitted by the Commissioner of Public Health.

In reply to members' questions, the Commissioner of Public Health stated that it was not intended at present to allow milk from dairies outside the Settlement to be sold in the Settlement, and that the illicit introduction of such milk could usually be prevented. He considered, however, that steps might be taken to secure the co-operation of outside authorities regarding reciprocal licensing and adequate control, which might ultimately make it possible to admit Grade "B" milk from outside sources. He had already had unofficial conversations on this matter with the authorities in adjoining areas.

It was recommended that the draft Terms of Reference for the Milk Committee be approved as hereunder:—

1.—In continuation of the labours of the Milk Commission of 1923-24 further to consider questions relating to purity of the milk supply within the Settlement.

2.—To consider the desirability of enforcing the pasteurization of milk sold within the Settlement.

3.—With special reference to the above to consider the most convenient and efficient method to be employed for the pasteurization of Grade "B" milk.

4.—To consider a Central Pasteurization Depot Scheme formulated by the Health Department; to decide whether it should be Municipally controlled or a matter for private enterprise under suitable restrictions.

5.—Arising from the above to decide whether the pasteurization of Grade "B" milk should be a monopoly or distributed amongst many firms.

6.—To decide on the mode of control of such pasteurization.

7.—To ascertain the views of the dairy owners and formulate, so far as possible, a scheme which does not clash with their interests.

8.—To consider methods of control in the movements of dairy animals within the Settlement and the possible introduction of routine preventive inoculation in certain diseases.

The Council on May 11 endorsed this recommendation.

FIRE EXTINCTION SERVICE ON THE RIVER.

The Council has concluded an arrangement with the Chinese Customs Authorities whereunder, in the event of a fire, members of the Municipal Brigade will man the new Customs fire float Poochi for fire extinction services on the river and Pootung shore properties.

MUNICIPAL NOTIFICATION

No. 4365.

DOGS.

DOG owners who have not yet taken out licences for the current year are requested to present their applications at the Revenue Office or at Yangtszepoo or Gordon Road Police Stations together with the fee of $5 for each dog.

Attention is directed to Condition No. 4 imposed in the licence, as follows:—

"That the dog when in the streets or other place of public resort be muzzled effectively, but in such a manner as will admit of its breathing and drinking."

Dogs found without muzzles, whether led or at large, within the limits of the Settlement or on outlying roads, will be seized by the Police and detained at the Kennels for a period of one week or longer as circumstances may direct; their owners, when identified, will be prosecuted. Dogs wearing ineffective muzzles will be regarded as unmuzzled.

Unmuzzled dogs found at large within the limits of the Settlement, or on Municipal roads outside the limits of the Settlement, if they cannot be seized, are liable to be shot.

Enquiries on the subject of lost or strayed dogs should be made at the Gordon Road Police Station (Telephone No. 30015), and Yangtszepoo Police Station (Telephone No. 50743).

By order,
J. R. JONES,
Secretary.

CONSULAR INFORMATION.

Mr. J. Delvaux de Fenffe, Counsellor of the Belgian Legation, has informed the Council that he has assumed the duties of Consul-General for Belgium at Shanghai.

A letter from Mr. N. F. Allman informs the Council that he has relinquished the duties of Honorary Consul for Mexico at Shanghai and handed over the records of that office to Mr. Mauricio Fresco.

Mr. M. Fresco has notified the Council that with effect from May 11 he has been appointed Honorary Consul for Mexico.

Letters from Count G. del Bono, Acting Consul-General for Italy, and Comm. L. Neyrone, Consul-General for Italy, notify the Council that with effect from May 12 Comm. Neyrone has taken charge of the Italian Consulate General from the Acting Consul-General, Vice-Consul Count G. del Bono.

LIBRARY COMMITTEE.

At a meeting of the Library Committee on May 5, Brig.-Gen. E. B. Macnaghten was elected chairman on the proposal of Mr. W. J. Dexter, seconded by Mr. H. Martin.

CHOLERA CONTROL IN SHANGHAI.

The Commissioner of Public Health submitted to the Health Committee on May 4 the agenda for a conference on cholera control in Shanghai to be held on May 8.

Replying to the Chairman, the Commissioner stated that he had arranged to attend the conference, which was to consider the general measures to be adopted, including the provision of a pure water supply. Free water was supplied last summer by the Shanghai Waterworks Company, whose further co-operation it was intended to seek. Many hut dwellers availed themselves of the offer of free water last year, but the results could not be statistically stated. The danger of infection was greatest in areas outside the Settlement.

RATE ASSESSMENT APPEAL COMMITTEE.

The name of Mr. James H. Lee has been submitted by the Shanghai Realty Owners' Association for the consideration of the Council as member of the Rate Assessment Appeal Committee in place of Mr. Kwei Yen Fong. Mr. Lee has accepted the Council's invitation to serve.

MILITARY BAND CONCERTS.

Arrangements have been made to hold Military Band Concerts in Jessfield Park on Sunday afternoons during the summer. The concerts will be given in the band enclosure, which has accommodation for 1,200 persons, when the weather permits. The first concert will be given by the Band of the 2nd Battalion The Argyll and Sutherland Highlanders on Sunday next, May 21, at 5 p.m., by kind permission of Lt.-Col. N. C. Bennet, O.B.E., M.C. and officers of the Regiment.

It is proposed at the first concert to make a charge for chairs of 40 cents silver for adults, children half price. If tickets for chairs are obtained at the park gates they will include admission to the park for the one fee.

LEPROSY IN SETTLEMENT.

A report was submitted to the Health Committee on May 4 by the Commissioner of Public Health on the incidence of leprosy in the Settlement, the formation of a Society for the control of the disease in China, the importance of obtaining statistics, the aims of the Chinese Mission to Lepers (which include the establishment of one or more clinics in Shanghai and a Leper Sanitarium on the outskirts) the prospects of the conference to be held in Nanking in the autumn, and the desirability of avoiding any action which would encourage the migration of lepers from other parts of the country to Shanghai.

Replying to the Chairman, the Commissioner of Public Health stated that his intention in bringing the matter to the Committee's notice was to prepare it for developments which might arise from the Nanking conference. He was conversant with the methods of the Chinese Mission to Lepers, which he heard about at the Public Health Club, where many of its deliberations took place.

Replying to a member, the Commissioner stated that the nearest existing leprosarium was in Hangchow, and that it was not easy to arrange for the removal thither of Shanghai lepers except with their consent.

ROAD EXTENSIONS AND WIDENINGS.

Miller Road.

Negotiations have been concluded with the Shanghai Finance and Real Estate Co., Ltd., for the surrender, for a sum of Tls. 5,375, of an area of mow 0.215 required from Cadastral Lot 1120 for the scheduled widening of Miller Road.

MUNICIPAL NOTIFICATION

No. 4366.

PIG LAIRAGE LICENCE.

NOTICE is hereby given that with effect from July 1, 1933, a Pig Lairage Licence will be introduced, subject to the following Definition and Conditions:—

Definition.

This licence applies to all premises where pigs are kept while awaiting transmission to a pig slaughterhouse licensed by the Municipal Council.

Conditions.

1.—The licence is not transferable.

2.—The licence number plate shall be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced, and the licence shall be exhibited in a conspicuous place inside the premises.

3.—The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4.—The locality shall be approved by the Commissioner of Public Health.

5.—The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6.—The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council.

7.—No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8.—The premises shall be provided with proper sanitary conveniences, and special washrooms shall be provided for the use of employees if required by the Commissioner of Public Health.

9.—On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

10.—The workers and their families shall be vaccinated and shall submit to any other prophylactic measure required by the Commissioner of Public Health.

11.—No person shall eat, sleep, dwell, place any bedding, or spit on the premises, which shall not be in direct communication with a dwelling house.

12.—The walls and ceiling shall be whitewashed or otherwise cleansed in March, July and November each year and at such other times as may be considered necessary by the Commissioner of Public Health.

13.—The floors, drains, passages and interior surfaces of the walls on which any liquid refuse has been splashed, or which has been soiled by any offensive matter, shall be thoroughly washed and cleansed daily, or as often as the Commissioner of Public Health considers necessary, and all dung and refuse shall be removed therefrom immediately, deposited on a hard, smooth, impervious surface properly drained, and removed from there daily.

14.—A proper supply of pure water sufficient for all purposes shall be provided from a source approved by the Commissioner of Public Health.

15.—A register shall be kept of all incoming and outgoing pigs and shall be open for inspection by the officers of the Council charged with the inspection of licensed premises and/or the public food supply, and only pigs that are intended for slaughter at a slaughterhouse licensed by the Municipal Council shall be accepted for lairage. No pig shall be removed from the premises and taken to any destination other than a slaughterhouse licensed by the Municipal Council.

16.—A minimum of 10 square feet of lairage accommodation shall be provided for each pig.

17.—A sufficient number of vessels or receptacles constructed of non-absorbent material and provided with closely fitting covers shall be provided for the purpose of receiving and conveying all waste matter from the lairage, and such waste matter shall be removed from the premises twice daily.

18.—Any outbreak of disease amongst the pigs or any case of death or sickness amongst them shall be notified to the Veterinary Surgeon, Public Health Department, within 12 hours of such outbreak or case of death or sickness, and when the Veterinary Surgeon gives notice that he will inspect the pigs no pig shall be removed without his written consent until after such inspection of the pigs or until 24 hours shall have elapsed from the time of his giving such notice.

19.—The lairage shall be provided with a sufficient number of windows or other openings suitably placed and communicating directly with the external air, and they shall be of such a size as will ensure that the lairage is adequately lighted during the hours of daylight, and the openings provided for ventilation shall be kept in such order and so used as to ensure that the air in the lairage is kept in a wholesome condition.

20.—No dog or poultry shall be kept on or admitted to the premises, nor shall any animal other than those specified in the licence be kept on the premises.

21.—No work other than that involved in the lairage of pigs shall be carried on in the premises.

22.—No implements, appliances, receptacles or other articles shall be kept or stored in the lairage other than those required for the lairage of pigs, the cleansing of the lairage and the removal of refuse.

23.—Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

24.—No gratuity shall be offered or given to any employee of the Council.

25.—On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

By order,

J. R. JONES,
Secretary.

Council Chamber,
Shanghai, May 18, 1933.

PUBLIC WORKS REPORT FOR APRIL.

The Commissioner of Public Works in his report for April states that the whole of the Foochow Road Sub-Station of the Fire Brigade has been removed to Woosung Road, where re-erection was almost completed at the end of the month. He also states that the bunding in Fearon Road, south of Yalu Road, has been finished, and at the Chemulpo Wharf the wall capping has all been completed, the fenders placed in their working position, road work and dredging of the river fronting the wharf being now in progress.

Of the works connected with the Ward Road Gaol Extension, the Commissioner reports that the administration block building has been completed, while the general furnishing of the new Gaol Hospital is in operation. All structural work in the Barracks adjoining the Point Police Station has been completed, with the exception of the laying of the compound. Distinct progress has been made at the Chengtu Road Police Station and the Victoria Nurses' Home, while at the Western District Public School for Boys, Yu Yuen Road, the brick walling has been laid to the roof level, and the construction of the roof is in hand.

Electric Crane—Wayside Public Wharf.—The following figures relate to the lifts effected by the electric crane at Wayside Public Wharf during April, 1933:—Lifts, 147; weight, 229¼ tons; fees paid, Tls. 65.55.

Pingchiao Quarry.—The Public Works Department received 3,345.5 fong of materials during the month.

Cleansing and Watering.—Road sweepings collected, 2,398 tons; gully deposit removed, 2,214 tons; water used for street watering by mechanical water wagons, 942,400 gallons; water used for washing roads, 3,025,600 gallons.

House Refuse.—441 tons of house refuse were removed by motor trucks and 3,300 tons of house refuse were removed by barrows, etc., to Western, Northern and Eastern Districts for land raising, 12,101 tons of house refuse were taken away by contractor's boats, 3,725 tons of house refuse and 696 tons of road sweepings were sent to Muirhead Road Incinerator. 3,385 tons of house refuse and 502 tons of road sweepings were sent to Penang Road Incinerator.

Labour.—The average number of labourers employed by highways, sewerage and parks was as follows:—Coolies, 6,045; artisans, 510; foremen, 410.

Concreware.—The following has been produced during the month: hand made, 11,702 pieces; machine made, 6,754 pieces; total, 18,456 pieces.

Work Shelters.—During the month there were 642 admissions and 124 cubic feet of stone broken.

New Buildings.—There were 426 blocks of buildings under construction, 227 plans were submitted for approval and 129 plans approved during the month. Seventy-two valuations of blocks of buildings for assessment purposes were made and 3,422 inspections by inspectors.

HEALTH REPORT FOR APRIL.

The Commissioner of Public Health reports:—

The foreign death rate was 13.10 as compared with 15.45 last month, and the Chinese death rate 10.30 as compared with 13.06.

The decrease of 2.35 per mille in the foreign death rate is due mainly to a marked drop in the deaths from pneumonia. The Chinese deaths coming to the notice of the Department are much fewer this month, and while there is a drop in the deaths from communicable disease and in the numbers of exposed corpses, one can only state that the death rate, though inaccurate, indicates improved health.

Births. — Thirty-nine medical certificates of birth among the foreign population of the International Settlement were received during the month, while 123 resident Chinese births were recorded.

In view of the establishment of the statistical department in the Lester Institute of Medical Research and the presence of experts from the London School of Hygiene and Tropical Medicines, the opportunity was taken to submit the various forms of statistical methods used to them with a view to the formulation of improvements in the presentation and collection of such facts, which should no doubt eventually result in a marked improvement.

Smallpox vaccination: — 31,802 smallpox vaccinations were performed, 8,111 by the Mobile Squad, and 23,691 at the various Branch Health Offices.

The season closed on April 30 and the total number of vaccinations performed since January 1 is 86,748.

Communicable Diseases.—Complete statistical information will be found in the tables appended, but the diseases of this nature most prevalent amongst foreigners were scarlet fever, diphtheria and tuberculosis, and of these scarlet fever seems to be decreasing as may be expected at the present time; and amongst the Chinese population smallpox, tuberculosis and cerebrospinal fever. The incidence of the latter is now declining.

In view of the fact that the number of rabid dogs discovered is on the increase, the attention of the public is directed to the necessity for greater care in the control and supervision of their pets.

Pathological Laboratory.

The total number of general pathological examinations numbered 1,491. The greatest number of tests was for diphtheria, where 530 examinations were performed with 66 positive results, though many of these were in cases being examined a second time preliminary to discharge from hospital.

Manufacture of T.A.B. vaccine continued and a considerable quantity of cholera vaccine was manufactured.

Anti-Rabic Treatment.—Eighty-two persons, including 15 from outports, called for advice, cauterization and/or treatment and in 75 cases treatment was advised.

Hospitals Division.

Municipal Isolation Hospital.—Twenty-nine cases were admitted of which 14 were scarlet fever. Three deaths occurred, all from pulmonary tuberculosis.

Chinese Isolation Hospital.—134 cases were admitted, of which 44 were cerebrospinal fever. This disease seems to have been particularly virulent this month, as out of a total of 71 cases 41 proved fatal.

Municipal Police and Gaol Hospitals.—These hospitals have been kept fairly busy. In the Police Hospital 5 deaths occurred, 731 cases were treated in the Ward Road Gaol, of which 178 were opium addicts. There were 12 deaths of which 7 were due to tuberculosis.

Mental Hospital.—Six cases were admitted out of eleven applications.

District Nursing.—Amongst the cases treated by the district nurse, whooping cough and ringworm were most prevalent.

Veterinary Surgeon's Report.

Milk Supply.—The average daily milk production decreased 3.5 per cent as compared with March, but showed an increase of approximately 25 per cent over the corresponding month of 1932. The results of chemical analysis and bacteriological examination of samples taken during the month were on the whole very satisfactory. All Grade "A" samples were up to standard.

Tuberculin Testing.—This work was limited to the re-testing of part of a herd.

Cattle Diseases.—The number of deaths from contagious diseases is the lowest recorded for more than a year.

Meat Supply.—The activities of all the slaughterhouses were normal. The outstanding features were a considerable increase in the number of swine fever and anthrax cases. Of the 6 horses killed, 3 were rejected on account of glanders.

Rabies.—The number of animals received for observation, as well as the number of rabid dogs, is considerably above the average.

Markets, Bakeries and Food Shops.

Markets.—There has been very little change in market prices. Weights and scales received regular attention.

Bakeries.—Night and day inspections were carried out and the conditions found satisfactory on the whole. An appreciable improvement has been noticed in the cleanliness of workers' clothes during baking.

Licensed Premises.—A marked improvement was noted following the seasonal limewashing prescribed by the licence conditions.

The Licensing Inspector dealt with 297 applications.

Sanitation Division.

An early start has been made in mosquito reduction measures, the staff being engaged on preliminary work such as the clearing of creeks and ditches and as far as possible the elimination of known breeding places. The stagnant water on the building site opposite the Astor House (which has been the subject of various letters in the local Press) is now being pumped out preparatory to building operations.

Here follow tables of Vital Statistics, Communicable Diseases, Municipal Laboratories, Hospitals, Tuberculosis and Venereal Diseases Clinics; and of the work of the Food and Dairies, and Markets and Bakeries Division and the Slaughterhouse.

*Hardness determinations are by acid and alkali ; not by soap method.

Chlorine in chloride figures have varied between 3.0 and 4.2 parts per 100,000 Nitrites have been generally absent and free ammonia figures approaching normal. Free chlorine has varied from 0.08 to 0.22 parts per million in samples taken from the laboratory taps and from 0.03 to 0.17 parts per million in samples taken at other points.

Bacteriological Examination :—

During the month 31 samples were examined, 27 from taps in various parts of the Settlement and 4 from hydrants. Of the 27 tap samples 3 from the same tap contained 21 B. coli communior, 615 B. coli communis and 25 indeterminate B. coli per litre respectively.

The remaining tap and hydrant samples contained less than 10 organisms of the B. coli group per litre.

Report on analysis :—

Satisfactory purification shown with some localized contamination. The heavier contamination noted above was probably due to conditions existing in the establishment in which the tap was situated.

"C" "	169	181
"D" "	145	140

"A" Division recorded 37 cases of shoplifting and 47 arrests. There were 74 cases of pocket-picking in all Divisions, and 61 arrests. Out of 67 bicycles, eight rickshas, two trollies and two wheelbarrows stolen, 22 cycles, three rickshas and one trolley were recovered, while 29 arrests were effected.

Twenty cases of receiving stolen property were recorded during the month as against 34 in March. There were 49 cases of snatching as against 45 in March. The latter offences were distributed as follow:—

	April	March
"A" Division	15	19
"B" "	8	10
"C" "	12	9
"D" "	14	7

The Headquarters Narcotic Section carried out 25 raids and effected the arrest of 110 persons. Forty-six of the total number had criminal records, and 32 were sentenced to various terms of imprisonment. Twenty-six persons were discharged, 44 fined and eight are still on remand. One individual was fined $300, and is still on remand in connection with arrests made during the previous month. One hundred and ninety-three ounces of opium, 442 ozs. of red pills, 17 opium pipes with paraphernalia, and 48 pill pipes with paraphernalia, were seized. Fines inflicted during the month in connection with the above offences totalled $3,405.

Gambling offences increased from 66 to 83. Other forms of crime show little variation.

Notable Work.—Notable work in "A" Division included: (1) The arrest of four Chinese males and one female, members of a gang of armed robbers. Three of them were convicted on several charges of armed robbery and an attempted kidnapping. Three pistols and a quantity of ammunition were also seized. (2). The arrest of an armed robber within twelve hours of his committing a robbery and the subsequent tracing of eight armed robberies, all of which he admitted. He was sentenced to 14 years' imprisonment. (3). The seizure of two firearms and ammunition and the apprehension of five members of a gang of armed robbers who admitted committing four recent armed crimes and are awaiting trial. (4). The arrest of two gangs of Chinese thieves who specialized in shoplifting and were responsible for fifteen offences of this nature. They were sentenced to imprisonment.

Notable work in "B" Division included: (1). The arrest of a gang of 18 persons concerned in (a) armed robbery and armed kidnapping on April 13, 1930; (b) armed robbery in October 1931; (c) armed kidnapping of a boy in the French Concession on December 28, 1932; and (d) armed kidnapping of a boy at Zaushing. The child kidnapped from the French Concession was located and released by detectives on April 12, 1933. (2). The arrest of five persons, one of whom had two loaded pistols concealed in his ankle bands. Three charges of armed robbery were preferred against this gang. One prisoner was sentenced to nine years, three to seven years each and one to five years. (3). The arrest of three men, two of whom were each in possession of a loaded pistol. They were charged with three cases of armed robbery in January, 1933, and sentenced to seven years' imprisonment each.

Notable work in "C" Division included: (1). The arrest of 19 persons in connection with a number of armed robberies in the Settlement. (2). The arrest of a Chinese for attempted larceny. This man was implicated in four cases of shop-breaking and one attempted shop-breaking and malicious damage. He used an iron bar wrapped with cloth for breaking windows for the purpose of theft. He was sentenced to three years' imprisonment. (3). The arrest of two male Chinese suspected armed robbers, one of whom at the time of arrest was found in possession of a bomb. They were charged with being in possession of explosives and sentenced to three and two years' imprisonment respectively.

Notable work in "D" Division included the arrest of three Chinese burglars against whom eight charges of burglary were preferred. Two of the accused were subse-

quently sentenced to four years' imprisonment each and one to one year and two months' inprisonment.

Outside Limits. — The following cases, which were included in the month's figures in "B" Division, occurred outside Settlement limits in houses on or abutting on Council roads:—theft, 29; housebreaking, 2; miscellaneous, 8.

H. Q. Crime Branch.—The Headquarters Crime Branch detectives conducted investigations into 17 cases and effected the arrest of five persons, including three foreigners. In addition, inquiries were continued in 16 cases previously reported.

Stolen Property.—Property valued at $154,244 was alleged to have been stolen during the month as against property valued at $96,303 in March. The total value, which includes one case of embezzlement amounting to $56,140, is made up as follows:—"A" Division, $106,332.48; "B" Division $23,378.51; "C" Division, $14,624.75; "D" Division $9,908.26. Property valued at $48,471.19 was recovered during the month.

Finger Print Bureau.—During the month of April, the total number of records received by the Bureau from all sources was 2,807. This shows a decrease of 432 as compared with March and an increase of 124 by comparison with the corresponding period of last year. 3,275 gaol cards were received and checked during the month, 1,143 for verification of prisoners' identity on admission to gaol, 119 for checking appeal decisions, etc., 1,141 for verification of identity on release from gaol, and 872 for checking sentences and completing records according to execution orders issued by the court.

Investigations were made into 45 reported cases of the following nature:—12 armed robbery; 9 burglary; 1 factory breaking; 1 housebreaking; 6 larcency of motor-car; 5 larceny; 1 office-breaking; 1 sacrilege; 9 shop-breaking. Finger prints were secured in fifteen instances.

With a view to establishing their identity, the bodies of nine unknown Chinese who had met their deaths under various circumstances were finger-printed and/or photographed at the Public Mortuary. No identifications were made.

During the month the Crime Branch Studio took 448 photographs and printed 592 copies.

Released Under Amnesty.—The number of prisoners released under Government Amnesty during April was 34.

Since the commencement of the Amnesty 2,220 prisoners have been released under the scheme, while 467, or 21 per cent. of them have been re-arrested and convicted for offences committed since their release.

Political.—The Citizens' Federation continued its canvass in favour of the anti-Japanese boycott during April among shops on Nanking Road, and furnished to these establishments boycott posters which they were requested to display on their windows. Other bodies which took an active part in the boycott movement during the month included the Fishing Trade Association and the Dry Goods Shop Workers' Union.

A body called the "People's Self-Salvation Association to resist Insult" which was organized in March, was very active during the month. Besides forming twelve branches, of which six were located in the Settlement, it prepared a large quantity of anti-Japanese propaganda intended for dissemination during May.

Efforts during the month to check Communist activities resulted in the seizure of the archives of the Shanghai Branch of the Military Department of the Chinese Communist Party, the discovery of five of its local bases, and the arrest of twelve persons who are charged with being concerned in the line of "Red" activities for which it was responsible.

The records discovered included the drafts in manuscript form of the bulk of the more important handbills aiming at causing disloyalty among the members of the local police and defence forces which appeared during the past eighteen months. An examination of the drafts, of which there were about 200 different kinds, showed that they had been written by people whose literary qualifications extended in the case of seven to English, four to French, five to Japanese, four to Annamite, four to Indian (Gurmuki) and 15 to Chinese, and that a number of them had been written by two Japanese and four Annamites who were already in custody. The remainder of the archives comprised records of the work of the "Red" Military Department at Shanghai; these included plans to cause disaffection among the rank and file of the foreign military units, Chinese and Indian members of the rank and file of the police forces of the Settlement and French Concession and Chinese soldiers stationed in the area of the Shanghai-Nanking Railway; details of the military situation in various parts of the country; 212 different maps of various provinces and districts in China with markings showing positions of the Government and Communist troops and extensive explanatory notes; a large number of text books in Chinese which dealt with every department of military science; multifarious military statistics; and plans to undermine the loyalty of the Chinese troops engaged in the war against the "Red" Armies.

The prisoners included one Truong Phuoc Dat, alias Vuong Ngoc Thank, alias Dam, alias Wong Yih Ming, who, after successfully posing as a Chinese at the time of his arrest, was identified by the French Police as an Annamite wanted by the French Authorities in connection with subversive activities in Indo-China.

Arrests For Communist Offences. —The total arrests for communist offences during the month was 40. The total of addresses where incriminating evidence was found was 23, and the amount of "Red" literature seized consisted of 31,312 copies and included 30 new handbills bearing on "Red" anniversaries during April. Of the persons arrested one, the Annamite, was handed over to the French Police, 19 were extradited to the Chinese Authorities, three were released on security, and 17, including the eleven Chinese in the Military Department case, were still on remand at the end of the month.

The case against twelve Chinese, including Chen To Seu, who are alleged to be engaged in activities on behalf of the Trotskyite section of the Chinese Communist Party, was concluded in the Nanking District Court on April 26. Chen was sentenced to 13 years' imprisonment and deprivation of civil rights for 15 years. Six of the others received terms ranging from two to 15 years' imprisonment with forfeiture of their civil rights for varying periods, and five were acquitted.

Strikes.—Six strikes occurred in the Settlement during the month. They affected 1,429 workers and resulted in a loss of 3,076 working days. The concerns which they affected comprised Tien Sung Stocking Factory, Shanghai Iron Foundry, Sung Teh Lace Factory, Foo Foong Flour Mill, modern tailoring establishments and Kong Tai Hosiery Factory. The last named concern is Japanese and all the others are Chinese.

The statistics for the month of April are as follows:—

Area	No. of strikes.	No. of hands.	No. of working days lost
Settlement	6	1,429	3,076
Chinese controlled territory	3	510	273
Total	9	1,939	3,349
Total for April, 1932	5	560	2,077

The strike in the Foo Foong Flour Mill affected 300 workers. It started at 2.15 a.m. on April 20, when the employees stopped the machinery and assembled in the compound. They there assumed a

hostile attitude, which was continued until 5.30 a.m. when forcible measures adopted by the police compelled them to withdraw. The strike was settled the same day through the granting of a small increase in wages.

Two Chinese, who had resorted to intimidation in order to extend the strike of tailors in modern tailoring establishments were arrested by the Municipal Police and fined $30 each.

Apart from the disputes which resulted in strikes, unrest also existed for various causes among the workers of the following concerns during the month:—

1. Price's Candle Factory.
2. B.C.C. Factory, Thorburn Road.
3. Nyi Yuan Rubber Factory, 1002 Chengtu Road.
4. Nanyang Brothers Tobacco Factory.
5. S. Nyi Silk Weaving Factory, 17 Point Road.
6. Shanghai Printing and Dyeing Company.
7. Tien Yen Silk Weaving Factory, 258 Jensen Road.

The unrest in the Nanyang Brothers Factory was accentuated by the dismissal on April 17 of 15 employees whose services had proved to be unsatisfactory. Of the five Chinese employees of this concern arrested in connection with the fracas which occurred there during March, three were sentenced to six months' imprisonment each, and two were released.

The Chinese workers who have lost employment as a result of trade depression, increased during April from 424 to 4,570, and the approximate loss of income of the average industrial operative still at work was, as a consequence of extension of the curtailment of working days, increased from 15 per cent to 30 per cent. The additions to the unemployed include 2,000 operatives of the Yung Yue Cotton Mill, a Chinese enterprise in Chapei. The workers affected by the curtailment of working time, which mostly took the form of reducing the working week from seven to five days, included about 1,600 employees of two British cotton mills, 60,000 hands engaged in Chinese mills, and a large proportion of the operatives of Japanese cotton mills, who altogether number approximately 43,000.

The People's Rights Protection League continued during April to press the demand that communists and reactionaries who are held in custody by the Chinese Authorities for political offences be released, and formed a special organization, called the Political Offenders Rescue Committee, to further this aim.

Aviation Funds. — The China Aviation Co-operative Association of Shanghai at the end of April had raised a total of about one million dollars, which will be used to purchase flying machines and to train Chinese in their use.

Films Censorship.—During the month 46 feature films and 88 short introductory films and newsreels were censored in various theatres in the Settlement and French Concession. All the feature films were passed, but cuttings were made from seven of them before approval for their exhibition was accorded. Five of these were dealt with by the police censors. The remaining two, entitled "Rasputin" and "The Sign of the Cross," were examined by the full Board of Film Censors, which, in addition to indicating the cuttings to be made, advised that children under 17 unaccompanied by their parents should not be admitted to performances when these pictures were being shown.

Indecent Books.—Two Chinese were prosecuted during April for offences in connection with the sale of indecent books and were fined $100 each by the Special District Court. These cases resulted in the confiscation of 718 copies of indecent books and 25 indecent pictures.

Traffic.—Court proceedings were instituted in 686 (62 foreigners and 624 Chinese) of 4,545 reports of traffic offences received during the month against owners and/or drivers of vehicles. The remainder were dealt with by letter of warning or entry of caution on their records.

Bicycles were involved in 179 accidents during the month and in 65 cases the cyclists were known to have been at fault.

2,102 ricsha pullers were charged in the Central and Louza District during April for various breaches of traffic regulations, including 25 pullers of private ricshas found plying for public hire.

Safety-First.—During the month the professional Story-teller visited and gave 75 addresses in teashops, mills, etc., on "Safety-First" themes. His audience roughly totalled 2,875 persons.

Identification Office. — During the month 2,369 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 850 were identified as having a previous conviction or convictions. In addition to the above 114 records were received from the French Police out of which number 44 were identified in the records of this office, making the total for the month:—

MUNICIPAL NOTIFICATION

No. 4366.

PIG LAIRAGE LICENCE.

NOTICE is hereby given that with effect from July 1, 1933, a Pig Lairage Licence will be introduced, subject to the following Definition and Conditions:—

Definition.

This licence applies to all premises where pigs are kept while awaiting transmission to a pig slaughterhouse licensed by the Municipal Council.

Conditions.

1.—The licence is not transferable.

2.—The licence number plate shall be fixed in a conspicuous position at the main outside entrance to the premises and remain at all times legible and undefaced, and the licence shall be exhibited in a conspicuous place inside the premises.

3.—The General Municipal Rate payable in respect of the licensed premises shall be paid when due.

4.—The locality shall be approved by the Commissioner of Public Health.

5.—The design, construction, equipment and maintenance of the premises shall conform to the requirements of the Council, and the business shall be conducted to the satisfaction of the Council.

6.—The licensee shall carry out forthwith such alterations and additions to the premises as may from time to time be considered requisite by the Council.

7.—No alteration or addition, structural or otherwise, shall be made to the premises without a permit first obtained therefor.

8.—The premises shall be provided with proper sanitary conveniences, and special washrooms shall be provided for the use of employees if required by the Commissioner of Public Health.

9.—On becoming aware of any death or case of sickness occurring on the premises, or in the families of the licensee or his employees, the licensee shall give notice to the Public Health Department forthwith.

10.—The workers and their families shall be vaccinated and shall submit to any other prophylactic measure required by the Commissioner of Public Health.

11.—No person shall eat, sleep, dwell, place any bedding, or spit on the premises, which shall not be in direct communication with a dwelling house.

12.—The walls and ceiling shall be whitewashed or otherwise cleansed in March, July and November each year and at such other times as may be considered necessary by the Commissioner of Public Health.

13.—The floors, drains, passages and interior surfaces of the walls on which any liquid refuse has been splashed, or which has been soiled by any offensive matter, shall be thoroughly washed and cleansed daily, or as often as the Commissioner of Public Health considers necessary, and all dung and refuse shall be removed therefrom immediately, deposited on a hard, smooth, impervious surface properly drained, and removed from there daily.

14.—A proper supply of pure water sufficient for all purposes shall be provided from a source approved by the Commissioner of Public Health.

15.—A register shall be kept of all incoming and outgoing pigs and shall be open for inspection by the officers of the Council charged with the inspection of licensed premises and/or the public food supply, and only pigs that are intended for slaughter at a slaughterhouse licensed by the Municipal Council shall be accepted for lairage. No pig shall be removed from the premises and taken to any destination other than a slaughterhouse licensed by the Municipal Council.

16.—A minimum of 10 square feet of lairage accommodation shall be provided for each pig.

17.—A sufficient number of vessels or receptacles constructed of non-absorbent material and provided with closely fitting covers shall be provided for the purpose of receiving and conveying all waste matter from the lairage, and such waste matter shall be removed from the premises twice daily.

18.—Any outbreak of disease amongst the pigs or any case of death or sickness amongst them shall be notified to the Veterinary Surgeon, Public Health Department, within 12 hours of such outbreak or case of death or sickness, and when the Veterinary Surgeon gives notice that he will inspect the pigs no pig shall be removed without his written consent until after such inspection of the pigs or until 24 hours shall have elapsed from the time of his giving such notice.

19.—The lairage shall be provided with a sufficient number of windows or other openings suitably placed and communicating directly with the external air, and they shall be of such a size as will ensure that the lairage is adequately lighted during the hours of daylight, and the openings provided for ventilation shall be kept in such order and so used as to ensure that the air in the lairage is kept in a wholesome condition.

20.—No dog or poultry shall be kept on or admitted to the premises, nor shall any animal other than those specified in the licence be kept on the premises.

21.—No work other than that involved in the lairage of pigs shall be carried on in the premises.

22.—No implements, appliances, receptacles or other articles shall be kept or stored in the lairage other than those required for the lairage of pigs, the cleansing of the lairage and the removal of refuse.

23.—Free access shall be given to the officers of the Council charged with the inspection of licensed premises.

24.—No gratuity shall be offered or given to any employee of the Council.

25.—On a breach of any of these conditions the licence will be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

J. T. FORD, *Treasurer and Controller.*

TENDERS FOR PUBLIC WORKS AND OTHER REQUIREMENTS

CONDITIONS GOVERNING TENDERS

1. The Council reserves to itself the right to accept the whole or part of any tender.

2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.

3. The Council reserves to itself the right either before or after any tenders have been opened to invite fresh tenders in respect of the same matter.

4. The contractor whose tender is eventually accepted may be required to give satisfactory security for the performance of the contract.

5. The names of tenderers, with prices quoted, will be published in the Municipal Gazette.

6. A fee may be charged for specifications to be returned upon receipt of a *bona fide* tender.

7. All tenders, sealed and labelled on the outside as to their contents, should be delivered preferably by chit book or registered letter, to "The Secretary, Municipal Council, Room 150, Administration Building, Kiangse Road," to reach him not later than 11 a.m. on the day fixed for their receipt.

8. Tenders will be opened immediately after the closing hour, 11 a.m., on the day fixed for their receipt. Tenderers may attend the opening of tenders.

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, JUNE 2, 1933. No. 1430

VICTORIA NURSES' HOME AND COUNTRY HOSPITAL.

Works Committee Discusses Boundary Realignment.

At a meeting of the Works Committee held on May 9, Brig-General E. B. Macnaghten was elected chairman on the proposal of Mr. F. J. Raven, seconded by Mr. L. T. Yuan.

A letter was submitted from the Superintendent of the Country Hospital applying for consent to a realignment of the boundary between the Victoria Nurses' Home and the Country Hospital which had been subject to informal negotiations between the Hospital and the Public Works Department. It was stated that the change involved demolition of the present watchman's house and the erection of a new one, already being effected by the Public Works Department, and this gave a larger space for the hospital gateway. It was not intended that any land should be transferred from one property to the other, the original boundary lines being marked on the plans so that the properties might be restored to their original areas should the necessity ever arise.

A plan was submitted showing the give and take of land and indicating the improved hospital entrance and provision of ample parking space on both sides of the carriage way.

The Commissioner of Public Works stated that the discussions had been entirely unofficial. He did not know whether the proposal had been debated by the Board of Governors.

Members of the Committee agreed as to the advantages being derived from the proposal and accordingly recommended that, subject to confirmation by the Trustees, the realignment of the boundary between the Country Hospital and the Victoria Nurses' Home be approved; the arrangement to be placed on record by an exchange of letters, accompanied by plans, between the Council and the Hospital authorities.

Military Band Concerts.

The Committee also considered a recommendation by the Commissioner of Public Works in regard to military band performances in Jessfield Park, and authority was given to obtain the services of British military bands for a further series of concerts in the park this summer on the same terms as last year. These terms involve a fee of 40 cents silver for the use of chairs and the payment of half the proceeds to regimental funds. At the end of the 1932 season the Council's share was found to be $987.

The Commissioner of Public Works added that the total attendances at the park on these occasions were about 22,000.

The Council confirmed the above minutes at its meeting on May 24.

SECONDARY SCHOOL FOR CHINESE GIRLS.

Singapore Road Building to Accommodate 500.

The Commissioner of Public Works submitted to the Education Board meeting on May 17, a report in which he requested instructions in regard to certain features of the new building for the Secondary School for Chinese Girls to be erected on the Council's Singapore Road property. Observations upon the report by the Superintendent of Education were also submitted.

The Board agreed that the plans for the school should provide for 500 pupils. With reference to the Superintendent's recommendation that an assembly hall be provided to serve the two-fold purpose of a gymnasium and a place of assembly, the Board decided that, for reasons of economy, a hall with seating accommodation for 350 pupils should be included in the main building and, if possible, used for the triple purpose of assembly hall, gymnasium and dining-room.

It was decided that provision should be made for the maintenance of an equable temperature, but it was requested that consideration be given to the question of dividing the heating installation into sections with a view to economy in fuel. The provision of a kitchen and pantry, in addition to dining-room space, was approved.

Considerable discussion arose in reference to the recommendation of the Superintendent of Education that provision be made for science rooms, an art room, a cookery room, and a combined needlework and handicraft room. Members of the Board generally were agreed that facilities for giving practical instructions in cookery to classes of 20 to 25 pupils were desirable, but that it would save space if these classes could be given in the school kitchen. The Superintendent of Education was therefore requested to discuss with the Commissioner of Public Works the feasibility of designing a room to be used as both kitchen and cookery classroom.

For the teaching of practical science, the Superintendent advocated provision of a laboratory for physics and chemistry, and another which might be used for biology and botany. By providing demonstration tables in each it would be possible to dispense with a separate lecture room. The Board approved this plan.

Upon a member suggesting that a music room was highly desirable, the Superintendent stated that it was not the Council's policy to give tuition in the use of musical instruments, but only in class singing and mass singing. He had not, therefore, recommended the provision of a music room. After discussion, it was decided to leave this matter in abeyance on the understanding that it could be reconsidered if the need arose for extra accommodation for the teaching of music.

The reservation of a room for needlework and handicraft was approved.

The Council on May 24 passed the minutes of the Education Board in reference to this discussion.

SECONDARY SCHOOLS FOR CHINESE BOYS.

Closer Approach To Chinese National Curriculum.

The Chairman of the Education Board Sub-Committee on Curriculum submitted the sub-committee's report to the Board on May 17. The following resolutions embodied the findings of the Sub-Committee:

1.—An examination of the basic subjects taught in the Public Schools for Chinese reveals that they are approximately the same as those contained in the Chinese National Standard Curriculum, and that such differences as exist consist chiefly in the language used as a medium of instruction. It is recommended, therefore, that the Chinese National Curriculum should be adopted as the standard, with such modifications as are necessitated by the special conditions existing in Shanghai. It is further recommended:

2.—That in the Primary Grades subjects should be taught as far as possible in the Chinese language; that in the Junior Middle School the proportions should be half in Chinese, half in English; and that in the Senior Middle School the amount of time devoted to tuition through the medium of English should be approximately two-thirds.

3.—That the medium of instruction in Chinese should be the Kuo Yu.

4.—That in order that the Public Schools for Chinese may assume a more definite secondary character, the Primary Grades should be gradually curtailed so that eventually only one preparatory grade remains before entrance to the Junior Middle School.

5.—That entrance to the Secondary Schools should be by open examination.

6.—That while the four S.M.C. Secondary Schools for boys should conform to a general standard in the basic subjects —yet it is desirable that in the Polytechnic School more emphasis should be laid upon the teaching of science and technical subjects while in the Nieh Chih Kwei School emphasis should be laid upon the teaching of vocational subjects.

SCIENCE.

7.—That the Chinese language should be increasingly used as the medium of instruction for the teaching of science.

8.—That each of the four schools should be provided with additional accommodation and apparatus for the teaching of science.

9.—That while in the lower grades general science is desirable, in the higher grades chemistry and physics should be looked upon as basic subjects.

MUSIC AND PHYSICAL EXERCISES.

10.—That class singing should have a definite place in the curriculum of the Primary and Junior Middle grades and that mass singing for the whole school be encouraged.

11.—That physical exercises should be included in the curriculum of all grades.

TEXT BOOKS.

12.—That all text books used in the schools should be approved by the Superintendent of Education and that uniformity should as far as possible be secured.

SCHOOL LEAVING CERTIFICATE EXAMINATION.

13.—That the present practice whereby separate schools award certificates to pupils who satisfactorily complete the school course should be discontinued and a School Leaving Certificate Examination based upon the standard curriculum and for which all pupils in Senior Middle III should be required to sit, should be established.

Pupils should also be allowed to enter for suitable external examinations.

14.—That the S.M.C. School Leaving Certificate should be awarded on the report of a special Examination Committee composed of both internal and external examiners.

Referring to resolutions 13 and 14, the Chairman of the sub-committee stated that the Hongkong Matriculation Examination was to be abolished after November next. It was proposed to institute a School Leaving Certificate Examination in Council's schools and it was hoped that Hongkong University might arrange to accept the Council's certificate as qualifying for entrance to the university.

A member of the Board stated that he regarded as entirely satisfactory the efforts of the sub-committee to bring the curriculum as far as possible into line with that of the Chinese Government without loss of certain special features in the Council's schools. He trusted, however, that adoption of the recommendations would not involve extra expense to the Council.

The Chairman of the sub-committee stated that the new curriculum would tend to encourage more pupils to take the full school course. Some extra expense might be incurred by the substitution of Kuo Yu for Shanghai dialect, but the change would be gradual. The science programme, which was considered essential, might cost more than at present.

Referring to conditions at the Council's secondary schools, the Superintendent of Education stated that there was a big decline after the junior middle school; up to Junior III the numbers were well maintained, but at a higher stage they tended to dwindle. There had, however, lately been signs of an increase in the higher grades.

A member stated that pupils wishing to pass on to a registered school have to leave the Council's schools at a comparatively early age.

The Superintendent of Education said that the new scheme would tend to remove such barriers as a deficiency in English among those seeking entry from primary schools. With regard to the proportions in which the Chinese and English languages were to be used as a medium of instruction in secondary schools, it was necessary to keep in mind the needs of the Chinese community. In making its recommendations in this respect, the sub-committee had been guided by present practice in the Polytechnic School.

Members of the Board expressed the opinion that the sub-committee had done its work extremely well, and recommended that the findings of the Curriculum Sub-Committee be adopted.

The Council on May 24 endorsed this decision.

GRANTS-IN-AID TO CHINESE SCHOOLS.

On the recommendation of the Education Board on January 25, an appropriation of Tls. 99,250 was approved for grants-in-aid in 1933 to Chinese schools in the Settlement. The grants to the 87 private Chinese schools concerned are subject to health and sanitary requirements being met.

The Education Board meeting on May 17 had before it departmental reports relating to this matter.

It was decided that to avoid undue delay in making payments to schools which had complied with the Council's requirements, the Board should recommend the payment of grants in all cases where there was no adverse comment and deal with the remainder at the Board's next meeting.

The Council approved this decision.

DOGS.

DOG owners who have not yet taken out licences for the current year are requested to present their applications at the Revenue Office or at Yangtszepoo or Gordon Road Police Stations **together with the fee of $5 for each dog.**

Attention is directed to Condition No. 4 imposed in the licence, as follows:—

"That the dog when in the streets or other place of public resort be muzzled effectively, but in such a manner as will admit of its breathing and drinking."

Dogs found without muzzles, whether led or at large, within the limits of the Settlement or on outlying roads, will be seized by the Police and detained at the Kennels for a period of one week or longer as circumstances may direct; their owners, when identified, will be prosecuted. Dogs wearing ineffective muzzles will be regarded as unmuzzled.

Unmuzzled dogs found at large within the limits of the Settlement, or on Municipal roads outside the limits of the Settlement, if they cannot be seized, are liable to be shot.

Enquiries on the subject of lost or strayed dogs should be made at the Gordon Road Police Station (Telephone No. 30015), and Yangtszepoo Police Station (Telephone No. 50743).

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, JUNE 16, 1933. No. 1432

SUGGESTED ENGAGEMENT OF WOMEN PARK KEEPERS.

Proposal Deferred Until Need Is More Urgent.

The Works Committee of the Council recently considered a letter from the Joint Committee of Shanghai Women's Organizations suggesting that two foreign women should be engaged experimentally to supervise the children at Studley Park and to maintain order.

The Commissioner of Public Works observed that if the scheme were successful it would become necessary to extend it to at least two other children's gardens. Social services of this nature were provided in some other large cities, but he was of opinion that the possibilities of misunderstandings arising from differences in language, etc., were so great that the matter should be deferred until the need was more urgent.

The Works Committee adopted this view and decided to recommend that no change should be made in the supervisory staff at the public parks. The Council has concurred in this decision.

ADMISSION CHARGES TO MUNICIPAL PARKS.

Reconsideration next December Decided Upon.

The Works Committee at its last meeting discussed the question of increasing admission charges to municipal parks in the year beginning June 1, 1934.

The view was expressed that the proportionately low cost of season tickets to single admissions might be rectified by increasing the charge to $2 for season tickets. On the other hand, the opinion was stated that the present charges should be retained. The number of season tickets issued in 1932 was 51,039 against 67,696 in 1931.

Replying to the Chairman of the Committee, the Commissioner of Public Works said that on Sundays and public holidays the attendances reached high figures—some 30,000 persons visited Jessfield Park on the Dragon Boat Festival, May 28,—but normally there was nothing approaching overcrowding.

The Committee was not entirely satisfied that a change in charges was necessary, and on the Chairman's suggestion the matter was deferred for further consideration about December.

The Council has endorsed this decision.

EDUCATION DEPARTMENT.

Assistant Chinese Officer Appointed.

The Council has appointed Dr. Chen Hsuan Shan to be Assistant Chinese Education Officer from September 1, 1933.

Dr. Chen at present occupies the position of Professor of Education and Psychology at the Great China University.

The appointment has been necessitated by the increase of work in the Education Department.

TRAM FARES.

The Council has approved the Shanghai Electric Construction Company's proposal to revise the tram fare charges on the ground that this has become necessary because of the continuous depreciation of the dollar value of copper coins. The new scale is an increase of approximately four and one-half per cent. on first-class and five per cent. on second-class fares, which were last revised in April, 1931. The scale is well within the permitted maximum, and in the main the increase is limited to the minimum of one copper per fare section.

6 PER CENT. LOAN OF 1923 AND 7 PER CENT. LOAN OF 1928.

The Shanghai Power Company has given notice to the Council, in accordance with the provisions of Paragraph 5 Section "A" of Exhibit "A" to the Agreement with the Company, to repay on December 30, 1933, the 6 per cent. loan of 1923, amounting to Tls. 4,920,000, and the 7 per cent. loan of 1928, amounting to Tls. 1,600,000.

MUNICIPAL ADVOCATE'S REPORT FOR MAY.

The Municipal Advocate reports that 13,081 cases were prosecuted in the Shanghai First Special Area District Court and the Kiangsu High Court, Second Branch, during May, as compared with 10,317 cases in April. 9,990 persons failed to appear in petty bye-law cases and their bail was confiscated, as compared with 7,422 persons during April. 110 cases were withdrawn on the ground that there was insufficient evidence to convict, as compared with 63 in April. The total number of major and minor criminal cases prosecuted to completion was 2,981 as compared with 2,832 in April. A total of 2,793 persons were convicted and 188 acquitted, as compared with 2,633 convicted and 199 acquitted during April.

In addition to the above, there were 196 private criminal prosecutions, 371 cases instituted by the Health and Public Works Departments for violation of Health and Public Works regulations, and 754 cases instituted by the Traffic Department for infringement of tram regulations, as compared with 105 private criminal prosecutions, 340 Health and Public Works cases, and 641 traffic cases in April. 93.7 per cent. of the persons charged were convicted as compared with 93.1 per cent., 93.6 per cent., 94.3 per cent., and 93 per cent. for January, February, March and April, respectively.

Appeals.—(*a*) By the Council: Two appeals to the High Court were filed by the Council in April. Two appeals by the Council were heard during the month with the result that one case was returned to the lower Court for retrial, while in the other the sentence was increased. The total number of appeals by the Council pending as of May 31 was as follows: in the Supreme Court, 3; in the high Court, 4.

(*b*) Appeals by defendants: Sixty-seven appeals were perfected during the month, 10 to the Supreme Court, 48 to the High Court, and nine to the District Court of Appeals. Seventy-one appeals by defendants were concluded and dealt with as follows:—

Accused found not guilty	9
Appeals dismissed	36
Appeals withdrawn	2
Sentences increased	1
Sentences reduced	17
Cases sent back for retrial	6
	71

There were 97 appeals filed by defendants pending on May 31, as follows: in the Supreme Court, 53; in the High Court, 39; in the District Court, 5.

Extradition Cases.—Twenty applications involving 47 persons were made by the Extra-Settlement authorities during the month. Prima facie cases were proved against 37 accused, and they were ordered to be handed over, one being sent to Saigon by the French Authorities. The charges against eight persons were withdrawn, while two others were released on security. One accused on remand from March was also ordered to be handed over to the authorities making the application.

Cases Pending.—On May 31, there were pending in the High Court and District Court 70 cases, which, together with 104 cases on appeal, makes a total of 174 cases pending. In addition to the above, there were 12 cases pending in which the accused were detained on writs of detention.

Suspended Sentences. — Twelve sentences of imprisonment were suspended in new cases.

Criminal Processes.—7,938 criminal processes were forwarded to the Shanghai Municipal Police for service, 621 criminal processes were dealt with by the Judical Police.

Civil Processes.—10,237 civil processes were dealt with by the process servers.

MUNICIPAL NOTIFICATION

No. 4365.

DOGS.

DOG owners who have not yet taken out licences for the current year are requested to present their applications at the Revenue Office or at Yangtszepoo or Gordon Road Police Stations **together with the fee of $5 for each dog.**

Attention is directed to Condition No. 4 imposed in the licence, as follows:—

"That the dog when in the streets or other place of public resort be muzzled effectively but in such a manner as will admit of its breathing and drinking."

Dogs found without muzzles, whether led or at large, within the limits of the Settlement or on outlying roads, will be seized by the Police and detained at the Kennels for a period of one week or longer as circumstances may direct; their owners, when identified, will be prosecuted. Dogs wearing ineffective muzzles will be regarded as unmuzzled.

Unmuzzled dogs found at large within the limits of the Settlement, or on Municipal roads outside the limits of the Settlement, if they cannot be seized, are liable to be shot.

Enquiries on the subject of lost or strayed dogs should be made at the Gordon Road Police Station (Telephone No. 30015), and Yangtszepoo Police Station (Telephone No. 50743).

By order,

J. R. JONES,
Secretary.

Council Chamber,
Shanghai, May 18, 1933.

TENDERS FOR PUBLIC WORKS AND OTHER REQUIREMENTS

CONDITIONS GOVERNING TENDERS

1. The Council reserves to itself the right to accept the whole or part of any tender.
2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.
3. The Council reserves to itself the right either before or after any tenders have been opened to invite fresh tenders in respect of the same matter.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, JUNE 23, 1933. No. 1433

CHINESE COURTS IN SETTLEMENT.

Under authority of the interested Ministers, the following correspondence has been forwarded to the Council by Mr. E. S. Cunningham, American Consul-General and Senior Consul:—

Nanking, February 8, 1933.

SIR,—Article 10 of the Agreement signed at Nanking on February 17th, 1930, between the representative of the Chinese Government on the one hand and the representatives of the Brazilian, American, French, United Kingdom, Norwegian and Netherlands Governments on the other hand relating to the Chinese courts in the International Settlement at Shanghai provides as follows:—

"The present Agreement and the attached Notes shall enter into effect on April 1st, 1930, and shall continue in force for a period of three years from that date, provided that they may be extended for an additional period upon mutual consent of the parties thereto."

It is now proposed, as arranged between us, that the said agreement and attached Notes shall be extended for a period of three years from April 1st, 1933; that either of the parties thereto may notify the other, six months before the expiration of the period, of their desire to denounce them; and that in case both parties fail to do so in time, the Agreement and attached Notes shall continue in force thereafter, until they are denounced by either of the parties thereto, of which denunciation six months prior notice shall be given to the other party.

We have the honour on behalf of our respective Governments to agree to the proposed arrangements set forth above for the extension of the said Agreement and attached Notes and to request Your Excellency's confirmation thereof.

We avail ourselves of this opportunity to renew to Your Excellency the assurance of our highest consideration.

Nanking, February 11, 1933.

SIR,—With reference to our recent conversations we understand that measures are now under contemplation by the Chinese authorities for checking undue delay in civil proceedings, with special reference to matters of appeal and execution of judgment, and that such measures, when adopted, will apply also to the Courts functioning in the International Settlement at Shanghai. We should be grateful for Your Excellency's confirmation of the above understanding.

We avail ourselves of this opportunity to renew to Your Excellency the assurance of our highest consideration.

DAIRY LICENCE CONDITIONS.

THE following amendments to the Licence Conditions for Grade A and Grade B Dairies have been approved, and will be enforced from July 1, 1933:—

Conditions for the Sale of Pasteurized Milk.

In both licences the heading of this section is amended to read: "Conditions for the Sale of Pasteurized Milk and Cream."

In the same section of both licences Clause 3a is amended to read:—

"The milk or cream at any time after pasteurization and before or during delivery shall not contain more than 30,000 organisms per cubic centimeter and/or any Bacillus Coli in one-tenth of a cubic centimeter."

Grade A Licence.

The words "or cream" are added to section (e) of Clause 16. The relative portions of this Clause will accordingly read:—

"That the licensee shall not by himself, or by any servant or agent, sell, offer or expose for sale, or deliver, or be in possession of for the purpose of sale:—

"(e) Milk or cream which, on a sample being taken at any time before or during delivery and upon examination by the Commissioner of Public Health, is found to contain more than 200,000 organisms per cubic centimeter and/or any Bacillus Coli in one-hundredth of a cubic centimeter."

Grade B Licence.

A new section (e) is added to Clause 16, the relative portions of which will read as follows:—

"That the licensee shall not by himself, or by any servant or agent, sell, offer or expose for sale, or deliver, or be in possession of for the purpose of sale:—

"(e) Milk or cream which, on a sample being taken at any time before or during delivery and upon examination by the Commissioner of Public Health, is found to contain more than 1,000,000 organisms per cubic centimeter and/or any Bacillus Coli in one-thousandth of a cubic centimeter."

By order,
J. R. JONES,
Secretary.

PARKS REPORT FOR MAY.

The Superintendent of Parks and Open Spaces reports:—

Jessfield Park.—The erection of a drinking fountain in the Children's Garden was completed; drainage operations were carried out along a sunken pathway leading to the above garden and the pathway slightly raised to facilitate the flow of surface water.

The chief floral features during the month were displays of sweet peas, roses, foxgloves and late flowering hardy annuals.

In the Zoological Garden, the erection of additional pheasant aviaries was completed and the laying of crazy paving stones in the large deer compound was carried out.

Hongkew Park.—A small pond located in close proximity to the north boundary of the park was filled in, a group of shrubs being planted on the site to screen an unsightly fence. The returfing of golf tees was commenced, and the planting of flowering plants in shrubbery groups was carried out.

Wayside Park.—A wooden entrance gate was erected to replace a dilapidated bamboo structure, and repairs to lawn areas were carried out.

Displays of late flowering hardy annuals in this park were exceptionally good, a recently constructed flower garden surrounding the lily pond being especially noteworthy in this respect.

General.—Additional groups of shrubs were planted in the Public Garden and Studley Park.

At the Municipal Nursery, the pricking out of seedlings of summer flowering subjects was commenced and the insertion of cuttings of chrysanthemums and the staking of young trees was carried out.

A large quantity of tree borers was removed from roadside trees, and tree root spaces were hoed.

The re-numbering of trees was continued and summer pruning is in progress.

Military Band Concerts.—Military band concerts were held in Jessfield Park on May 21 and May 28, the bands of the 2nd. Battalion The East Lancashire Regiment and the 2nd. Battalion The Argyll and Sutherland Highlanders taking part in these concerts by kind permission of the officers commanding.

The number of chairs hired at these concerts was as follows: May 21, 792; May 28, 698.

The beating of Retreat was carried out on three occasions during the month in the centre section of the park, by the Drum and Fife Band of the 2nd. Battalion The East Lancashire Regiment and the Pipe and Drum Band of the 2nd. Battalion The Argyll and Sutherland Highlanders.

HEALTH REPORT FOR MAY.

The Commissioner of Public Health reports:—

The foreign death rate was 8.84, which is lower by 4.26 per mille than the figure for April, and the Chinese death rate 11.94 against 10.39. The low foreign death rate is explainable as a general reduction in mortality figures accompanied by a singular absence of deaths from tuberculosis. The resident Chinese deaths numbered 1,056, an increase of 148 over the April figure.

Births.—Fifty-one medical certificates of birth were received concerning the foreign population of the International Settlement, while 140 resident Chinese births were recorded. It is of importance to note that birth registration amongst the Chinese population is improving steadily.

Communicable Diseases.—Complete statistical information will be found in the tables appended to this report, but the diseases of this nature most prevalent amongst foreigners were scarlet fever and tuberculosis. The incidence of scarlet fever is higher than normal for this season. Amongst the Chinese population tuberculosis, cerebrospinal fever, and diphtheria were most prevalent. Cerebrospinal fever continues to show a somewhat disturbing number of cases, but there has been a marked drop in the last two months. Measles, which was very prevalent last year, shows a very low incidence in both populations.

Inoculation and Vaccination Work.—The mobile squads performed 66,723 anti-cholera inoculations, which is a record for the month of May. Factories, workshops and schools are included in the Department's programme.

245 smallpox vaccinations were performed at the various Branch Health Offices.

Pathological Laboratory.

The total number of general pathological examinations was 1,626, the greatest number of tests being for diphtheria, where 432 examinations gave 43 positive results.

Over 100 litres of cholera vaccine were manufactured during May.

Anti-Rabic Treatment.—Seventy-six persons, including 10 from outports, called for advice, cauterization and/or treatment, and in 66 cases treatment was advised. Of these 24 received full treatment, and 23 precautionary treatment only. Nineteen patients failed to complete the treatment.

Hospital Division.

Municipal Isolation Hospital.—Thirty-four cases were admitted of which 15 were scarlet fever and 12 pulmonary tuberculosis.

Chinese Isolation Hospital.—Fourteen cases of cerebrospinal fever were admitted, while the incidence of scarlet fever, diphtheria and smallpox was noticeably less than in April.

Municipal Police and Gaol Hospitals.—These hospitals have been kept fairly busy; 857 cases were treated in Ward Road Gaol, of which 265 were opium addicts. There were 16 deaths in the Gaol of which 12 were due to pulmonary tuberculosis.

Veterinary Surgeon's Report.

Milk Supply.—The average daily milk production increased 4.9 per cent. and 25 per cent. as compared with April this year and May last year respectively. Chemical analysis and bacteriological examination of samples of milk taken were less satisfactory than usual; three grade "A" samples were below standard. Samples from unlicensed dairies were very unsatisfactory, and two were found adulterated by 20.9 per cent. of water.

Tuberculin Testing. — The retesting of a herd showed that the percentage of reactors had increased from 17.2 to 41.1 during the last nine months.

Cattle Diseases.—The number of deaths from contagious diseases is the lowest recorded this year.

Meat Supply.—Activities at the various slaughterhouses increased slightly, but the cattle kill is still below normal.

Markets, Bakeries and Food Division.

Markets.—The business at all markets was about normal. Weights and scales received attention at irregular intervals.

Bakeries.—Night and day inspections of all bakeries were made and conditions found satisfactory.

Licensed Premises.—With the onset of warmer weather the number of samples of ice cream and cold drinks collected for chemical analysis and bacteriological examination has greatly increased.

The Licensing Inspector dealt with 293 applications.

Sanitation Division.

The anti-cholera inoculation campaign, inaugurated on May 1, has been prosecuted with vigour.

Routine anti-fly measures were put into operation, numerous pits and kongs were abolished and also, in view of the warmer weather, special attention was given to various refuse dumps.

In the Eastern District 176 pig styes were demolished and, by arrangement with the owners, 43 unregistered and grossly insanitary squatters' huts were abolished. It is gratifying to note that there is evidence of a desire on the part of certain squatters to co-operate with the Department.

The Open-Air Swimming Pool was opened to the public on May 15, and admissions from then to the end of the month totalled 4,203.

The new mosquito fish hatcheries at Kiaochow Road were stocked with "Gambusia" and opened on May 18.

Here follows tables of Vital Statistics, Communicable Diseases, Municipal Laboratories, Hospitals, Tuberculosis and Venereal Diseases Clinics; and of the work of the Food and Dairies, and Markets and Bakeries Division and the Slaughterhouse.

Chlorine in chloride figures have varied between 2.4 and 3.5 parts per 100,000. Traces of nitrites have been frequently present but free ammonia figures have been generally normal. Free chlorine has varied from 0.03 to 0.10 parts per million in samples taken from the laboratory taps and from nil to 0.08 parts per million in samples taken at other points.

Bacteriological Examination:—

During the month 36 samples were examined, 31 from taps in various parts of the Settlement and 5 from hydrants. Of the 31 tap samples five contained 10, 45 and 21 B. Aerogenes per litre and 36 and 190 indeterminate organisms of the B. Coli group per litre respectively.

The remaining tap and hydrant samples contained less than 10 organisms of the B. coli group per litre.

Report on analysis:—

Unimportant contamination in certain taps. Main supply very satisfactory.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, JUNE 30, 1933. No. 1434

CHINESE STUDENTS FOR COUNCIL DEPARTMENTS.

Four Months' Experience In Municipal Administration.

The Council was informed at the meeting on June 21 that correspondence had been exchanged with Dr. Chia-Luen Lo, Director and Dean of the Central Political Institute, Nanking, concerning his suggestion to send a certain number of students to the Council to acquire practical experience in municipal administration. The matter had been discussed by the Heads of Departments, who were desirous of giving the scheme every assistance. The proposal was that six graduates of the Institute, of good scholarship and character, after four years' training in different courses of municipal administration, should be attached in rotation to different Departments of the Council for a period of four months, beginning from July 1 next. The students would be subject to the supervision and direction of the Heads of Departments.

The Council resolved that the proposal for the attachment of students in the Central Political Institute, Nanking, to Municipal Departments for training be approved in accordance with the arrangements suggested by the Heads of Departments.

ANTI-CHOLERA MEASURE.

Free Water Supply During the Summer Months.

The Commissioner of Public Health reported to a meeting of the Health Committee of the Council that he had again been asked by the Central Cholera Bureau to request a continuance of the free water supply given last year by the Shanghai Waterworks Co., Ltd. for the needs of the poor during the hot season. Dr. Jordan informed the Committee that the Shanghai Waterworks Co. had intimated their willingness to continue a free supply of approximately the same quantity of water as last year, in districts where residents had no piped supply.

As an anti-cholera measure, from July to the third week in September last year, the Waterworks Co. supplied the poor with free water from hydrants in the Eastern and Western districts.

On June 21 the Council indicated its appreciation of the action of the Waterworks Company.

Other crimes	307	248	256
Total	1,692	1,628	1,378

There is a total of 1,692 cases of reported crime. This is an increase of 64 in comparison with the figure for April and 314 more than for the corresponding period of last year. "A" Division shows a decrease of 36, "D" Division a decrease of two, "B" Division an increase of 53 and "C" Division an increase of 49. The cases were distributed as follow:—

	May	April
"A" Division (Central and Louza)	467	503
"B" Division (Sinza, Bubbling Well, Gordon Road, Pootoo Road)	421	368
"C" Division (Hongkew, West Hongkew, Dixwell and Kashing Roads)	420	371
"D" Division (Wayside, Yangtszepoo and Yulin Road)	384	386

Arrests for crime committed during the month show an increase as compared with last month and a decrease over the figure for March, 2,151 having been apprehended in May as against 2,040 in April and 2,353 in March. In addition, 161 persons were taken into custody for crime committed in previous months. Sixty-six persons were arrested on behalf of other Authorities.

One case of murder was recorded during the month. A male Chinese, barber by profession, was fatally stabbed by a gang of loafers in Chungking Road as a result of a quarrel. Four arrests were effected.

One case of attempted murder occurred during the month, and one case of attempted murder in October, 1932, was brought to light as a result of arrests made. A Trooper Sikh Police Constable was severely stabbed during a struggle while effecting the arrest of a Chinese snatcher who had stolen a pair of earrings from a Chinese female on Yangtszepoo Road, when an alarm was raised by another Indian who first gave chase. The latter opened fire at the thief, wounding him in the back with subsequent fatal result. As the result of an arrest for larceny effected in Yulin Road District, investigations made proved that an attempted murder occurred in Dalny Road on October 2 last which was not reported to the police, and led to a further arrest. One prisoner was sentenced to five years and the other to one year and six months' imprisonment.

Two cases of manslaughter occurred during the month. In one instance a Chinese boy, aged eight years, was knocked down by a motor truck, the driver of which proceeded without rendering assistance to the victim, who subsequently died. The driver and the vehicle have not yet been located. In the second case a Russian bus driver knocked down a Chinese cyclist on Jessfield Road, causing his death. The driver was sentenced to one year and six months' imprisonment.

There were nine cases of simple abduction as against six in April.

There was a total decrease of five in the number of armed robberies, the figures being 47, as against 52 in April. The cases were distributed as follow:

	May	April
"A" Division	9	5
"B" "	13	20
"C" "	13	12
"D" "	12	15

There were fourteen cases of other robberies.

The number of burglaries was 33 as against 36 in April. The cases were recorded as follow:

	May	April
"A" Division	7	4
"B" "	11	12
"C" "	11	5
"D" "	4	15

The number of housebreakings was 43 as against 41 in April, the cases being reported as follow:

	May	April
"A" Division	14	6
"B" "	14	11
"C" "	9	10
"D" "	6	14

The 808 cases of simple theft showing a decrease of four as compared with April were distributed as follow:

	May	April
"A" Division	236	285
"B" "	242	213
"C" "	185	169
"D" "	145	145

"A" Division recorded 27 cases of shoplifting, a decrease of 10 as compared with the figure for last month, and 37 arrests. There were 53 cases of pocket-picking in all divisions and 89 arrests. Out of 61 bicycles and four motor-cars stolen, 20 cycles and the four cars, one with parts missing, were recovered, while 25 arrests were made.

Fifteen cases of receiving stolen property were recorded during the month as against 20 in April. There were 61 cases of snatching as against 49 in April. These were distributed as follow:

	May	April
"A" Division	38	15
"B" "	3	8
"C" "	14	12
"D" "	6	14

65 arrests were effected in connection with this type of crime.

There was a decrease of two cases in opium offences. The Headquarters Narcotic Squad carried out 31 raids and apprehended 107 persons. Thirty-three of the total number had criminal records and 30 were sentenced to varying terms of imprisonment, in 18 cases of which imprisonment sentences were supplemented by fines. Thirteen persons were discharged, 61 fined, and three foreigners are still on remand. Of nine persons who were on remand in April, four were sentenced to varying terms of imprisonment and four were fined $30 each, while one individual arrested during March was still on remand. Eighty-eight ounces of opium, 256 ozs. of red and white pills, 26 opium pipes with paraphernalia and 40 pill pipes were seized. The total of fines inflicted during the month in connection with the above offences was $3,790. The number of gambling offences increased from 83 to 89. Other forms of crime show little variation.

Notable Work.—Notable work in "A" Division included: The arrest of two Chinese males in the act of escaping from the scene of an armed robbery, the seizure of a pistol, followed by four further arrests and the seizure of one more firearm. Two charges of armed robbery from shops, three charges of armed highway robbery, and an attempted armed robbery were preferred against the gang resulting in five of the accused being sentenced to terms of imprisonment ranging from four months to thirteen years. The arrest with the assistance of a Chinese pedestrian of an armed desperado escaping from the scene of a robbery, followed by three further arrests. Six charges of armed robbery were preferred against them, when three accused were sentenced to terms of imprisonment varying from two to 13 years, and one was released. The arrest of three males in the act of breaking into a shop in Sikang Road. Two further charges of theft were preferred against them and sentences of imprisonment ranging from six months to three years were imposed.

Notable work in "B" Division included: The arrest of four men, one of whom was charged with armed kidnapping in Yulin Road District on November 17, 1932, and another with armed highway robbery in the Pootoo Road District in November, 1932, while two others were not charged. The arrest of a Chinese who offered a pistol and 100 rounds of ammunition for sale in the Hongkew District, and the further arrest of a female when seven more pistols, over 1,300 rounds

of ammunition and a number of magazines were seized. The accused were sentenced to two years each. The arrest on Avenue Haig of a well-known thief against whom 22 charges of theft from foreign dwelling houses were preferred. The culprit is on remand and a considerable amount of stolen property has been recovered.

Notable work in "C" Division included: The arrest of thirteen Chinese and the seizure of one pistol, two revolvers, 30 rounds of ammunition and a bomb. Three of the accused were sentenced to varying terms of imprisonment, four were released and six are still on remand. The arrest of two Chinese for shoplifting followed by the apprehension of two of their accomplices in Court. All four confessed to 13 cases of shoplifting and were sentenced to terms of imprisonment. The arrest of nine Chinese, against seven of whom two charges of armed robbery and one of larceny were preferred. The arrest of eight men in connection with an assault by four men, one of whom was a ricsha coolie, upon a foreign member of the crew of the s.s. President Hoover when he was robbed of money and a watch to the value of $132. Part of the stolen property was recovered. The case is still on remand.

Notable work in "D" Division included the arrest of three men on suspicion, subsequently leading to the arrest of two others and the seizure of 21 automatic pistols and 1,200 rounds of ammunition. Sentences ranging from six months to two years and six months were imposed.

The following cases, which are included in the month's figures for "B" Division, occurred outside Settlement Limits in houses or on abutting Council roads: theft, 35; miscellaneous, 10.

H.Q. Crime Branch.—The Headquarters Crime Branch Detectives conducted investigations into 28 cases and effected the arrest of 28 persons. In addition, enquiries were continued in 19 cases previously reported.

Stolen Property.—Property to the value of $157,289.97 was alleged to have been stolen during the month as against property valued at $154,244 in April. The total value is made up of the following:—

"A" Division	$88,773.19
"B" "	40,592.25
"C" "	19,637.14
"D" "	8,287.39

Property to the value of $43,487.65 was recovered during the month.

Finger Print Bureau. — During the month of May the total number of records received by the Bureau from all sources was 3,107. This shows an increase of 300 as compared with last month and an increase of 495 by comparison with the corresponding period of last year. 3,268 gaol cards were received and checked during the month, 1,160 for verification of prisoners' identity on admission to gaol. 70 for checking of appeal decisions, etc., 1,037 for verification of identity on release from gaol, and 1,001 for checking sentences and completing records according to execution orders issued by the court.

Investigations were made into 51 reported cases of the following nature: 13 armed robbery, 5 burglary, 9 larceny, 11 larceny of motor-car, 4 office-breaking, 1 safe-breaking, 4 shop-breaking, 1 examination of ammunition boxes, 1 fatal accident.

Finger prints were obtained in 20 instances.

With a view to establishing their identity the bodies of seven unknown Chinese who had met their deaths under various circumstances were finger-printed and/or photographed at the Public Mortuary. Successful results were obtained in two instances.

During the month the Crime Branch Studio took 455 photographs and printed 1,386 copies.

Released Under Amnesty.—The number of prisoners released under the Government Amnesty during May was 42.

Habitual criminals released	14

Since the commencement of the Amnesty 2,262 prisoners have been released under this scheme, while 508, or 22 per cent., of them have been re-arrested and convicted for offences committed since their release.

Political.—The efforts of "Red" agitators to make the anniversaries occurring during the month occasions for demonstrations and the distribution of propaganda were less successful in May, 1933, than in the corresponding period of any other year since 1925. Attempts to start demonstrations made on May 1, International Labour Day, and May 30, the anniversary of the Nanking Road Incident, proved failures. On May 1, encounters between the Municipal Police and people bent on creating disturbances occurred in the vicinity of the junction of Thorburn and Wayside roads, North Kiangse and Haining roads, Wenchow and Avenue roads, and Chefoo and Peking roads. There were about 100 people in the crowd at the first mentioned place, 80 at the second, 20 at the third and about 80 at the last. During these collisions the police seized considerable quantities of communist handbills and took 26 persons into custody. Of the prisoners, 10 were sentenced to varying terms of imprisonment ranging from six months to five years, one was released on security, 12 were acquitted and released, and one, a Formosan, was handed over to the Japanese Authorities. The remaining two were transferred to Chinese controlled territory for trial, and a similar decision was reached in the case of three persons who were taken into custody in the course of visits made to various addresses as a sequel to the arrests in the streets. Thirty-one others apprehended under similar circumstances were released.

The attempt at demonstrations on May 30 consisted in the assembly at the corner of Tonquin and Mokanshan roads of some 30 labourers, who dispersed after scattering some communist handbills and firing a few crackers.

Apart from the individuals who were taken into custody in connection with the disturbances on May 1, 15 alleged communists were arrested during the month. One was handed over to the Chinese Authorities, one was dismissed, and the remaining 13 are still on remand.

Thirty addresses were searched during the month for communist literature, and incriminating books or papers were found in 15 of them. New Communist handbills discovered were of 25 different varieties, and with a few exceptions dealt with the anniversaries of May 1, May 9 and May 30. May 9 is the date when the Twenty-One Demands were accepted.

The case against a dozen members of the Shanghai Branch of the Military Committee of the Chinese Communist Party, whose arrest was recorded in the monthly report for April, concluded during May. One of the prisoners, an Annamite, was handed over to the French Authorities, nine were extradited to the Chinese Authorities, and the remaining two, both females, were released on security.

A Chinese Communist named Ting Kiu, alias Siau Ting, was found dead on May 14 in an alleyway off Quinsan Road under circumstances which indicated that he had met his death through having jumped or fallen from a considerable height. The spot where the body lay was outside a foreign boarding-house at No. 7 Quinsan Gardens, from which two Chinese lodgers named Mr. and Mrs. Manu Fung disappeared the same afternoon. It would seem that Mr. Fung was also known by the names Fung Kwong Chi, Fung Tuh, W. P. M. Fung, and Mrs. Fung used the aliases Mrs. Mary Fung and Miss Ting Ling, and that they were writers of radical tendencies. Efforts are being made to obtain proof of the cause of their disappearance and present whereabouts.

Strikes.—During the month of May there were ten strikes in the Settlement, affecting a total of 4,901 workers and resulting in a

loss of 31,073 working days. The concerns affected were the Poo Yih No. 1 Cotton Mill (Chinese), Indo-China Steam Navigation Company (British), Sung Sing No. 4 Cotton Mill (Chinese), China Fibre Container Co. (American), Hua Tung Electric Engineering Works (Chinese), Sung Teh Lace Factory (Chinese), Yah Sung Kee Printing Works (Chinese), Shanghai Iron Foundry No. 1 (Chinese), British Cigarette Co. (British), and Tien Yih Silk Weaving Factory (Chinese).

The statistics for the month are as follow:

Area	No. of strikes.	No. of hands.	No. of working days lost.
Settlement	10	4,901	31,073
Chinese controlled territory	6	14,471	75,535
Total	16	19,372	106,608
Total for May, 1932	16	6,809	21,082

One of the strikes in the Settlement, which resulted in a loss of 22,350 working days, was declared to prevent the working week, which had already been curtailed from six days to four, being further reduced to three days.

The Chinese workers who have lost employment as a result of trade depression increased during May from 4,570 to 7,720, but the approximate loss of income as a consequence of the curtailment of working days of the operatives of cotton enterprises still at work was only 20 per cent. in May as compared with 30 per cent. in April. The additions to the unemployed include 2,100 who were discharged from Japanese Mills, 650 employees of eight different industrial concerns in Chinese territory which have closed down, and 400 Chinese seamen.

The boycott of Japanese goods was continued during May under the guidance of the Citizens' Federation, which has about 30 branches in the Settlement, and other Societies claiming Kuomintang affiliations. In order to make the campaign effective, representatives of these organizations conducted inspections of the stocks of several shops and sealed goods which came from "enemy" countries.

Film Censorship.—During the month 61 feature films and 96 short introductory films and newsreels were censured in various theatres in the Settlement and French Concession. Of the feature films, 47 were approved without question, 12 were passed after having been cut and revised, and approval was withheld in the case of the remaining two, entitled "Guilty Generation" and "The Big Drive." The last mentioned film will be reviewed by the Board of Film Censors as the owners have appealed against the adverse decision of the police censors.

Traffic.—Court proceedings were instituted in 913 (84 foreigners and 829 Chinese) of 4,782 reports of traffic offences received during the month against owners and/or drivers of vehicles. The remainder were dealt with by letter of warning or entry of caution on their records.

Bicycles were involved in 252 accidents during the month under review and in 118 cases the cyclists were known to have been at fault.

Riesha pullers charged in the Central and Louza Districts during the month for various breaches of traffic regulations numbered 2,987, including 18 pullers of private ricshas found plying for public hire.

During the month the professional storyteller visited and gave 78 addresses in teashops, mills, etc., on "Safety-first" themes. His audience roughly totalled some 4,755 persons.

Motor Horn Nuisance. — There were 42 prosecutions for this offence during the month and in addition, one chauffeur had his driving licence suspended for a repetition of the offence.

Identification Office. — During the month 2,372 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 826 were identified as having a previous conviction or convictions. In addition to the above 225 records were received from the French Police out of which number 88 were identified in the records of this office, making the total for the month:—

No. 4365.

DOGS.

DOG owners who have not yet taken out licences for the current year are requested to present their applications at the Revenue Office or at Yangtszepoo or Gordon Road Police Stations together with the fee of $5 for each dog.

Attention is directed to Condition No. 4 imposed in the licence, as follows:—

"That the dog when in the streets or other place of public resort be muzzled effectively, but in such a manner as will admit of its breathing and drinking."

Dogs found without muzzles, whether led or at large, within the limits of the Settlement or on outlying roads, will be seized by the Police and detained at the Kennels for a period of one week or longer as circumstances may direct; their owners, when identified, will be prosecuted. Dogs wearing ineffective muzzles will be regarded as unmuzzled.

Unmuzzled dogs found at large within the limits of the Settlement, or on Municipal roads outside the limits of the Settlement, if they cannot be seized, are liable to be shot.

Enquiries on the subject of lost or strayed dogs should be made at the Gordon Road Police Station (Telephone No. 30015), and Yangtszepoo Police Station (Telephone No. 50743).

By order,
J. R. JONES,
Secretary.

MUNICIPAL NOTIFICATION No. 4380.

LICENCE CONDITIONS AND MARKET REGULATIONS.

Sale of Butter and Margarine.

I. Butter.

NOTICE is hereby given that, with effect from July 1, 1933, a new regulation governing the sale of butter will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16a.

Dairies, Grades A and B, 27a.

Private Market, 25a.

It will also be included in the Municipal Market Regulations and numbered 17a.

The regulation reads as follows:

"Butter permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made by gathering in any manner the fat of fresh or ripened milk and cream, with or without pure common salt. It shall contain not less than 80 per cent. of butter fat, and not more than 16 per cent. of water or 3.5 per cent. of salt. Excepting common salt no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It may contain added colouring matter of a harmless nature.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall be not smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No butter shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold.

"No packed butter shall be kept, offered or exposed for sale, or sold retail, unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The weight of the contents and the country of origin shall appear on the package."

II. Margarine.

From July 1, 1933, a new regulation governing the sale of margarine will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16b.

Chinese Food Shop Off-Licence, 20a.

Private Market, 25b.

It will also be included in the Municipal Market Regulations and numbered 17b.

The regulation reads as follows:—

"Margarine permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made of sound and wholesome oils and fats of animal or vegetable origin, or a mixture of the same. It shall contain not more than 10 per cent. butter fat or 16 per cent. of water or 3.5 per cent. of salt, or less than 80 per cent. of total fat. Excepting common salt, no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It shall not contain any added colouring matter.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall not be smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No margarine shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold, and unless the bulk be clearly marked with a label on which the word "MARGARINE" shall be printed in bold letters not less than 1½ inches square. The country of origin shall appear on the label, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health.

"No packed margarine shall be kept, offered or exposed for sale, or sold retail unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The word "MARGARINE" shall be printed in block letters not less than ¼ inch high. The weight of the contents and the country of origin shall appear also on the package, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health."

By order,

J. R. JONES,
Secretary.

Council Chamber,
Shanghai, July 5, 1933.

DOGS.

DOG owners who have not yet taken out licences for the current year are requested to present their applications at the Revenue Office or at Yangtszepoo or Gordon Road Police Stations **together with the fee of $5 for each dog.**

Attention is directed to Condition No. 4 imposed in the licence, as follows:—

"That the dog when in the streets or other place of public resort be muzzled effectively, but in such a manner as will admit of its breathing and drinking."

Dogs found without muzzles, whether led or at large, within the limits of the Settlement or on outlying roads, will be seized by the Police and detained at the Kennels for a period of one week or longer as circumstances may direct; their owners, when identified, will be prosecuted. Dogs wearing ineffective muzzles will be regarded as unmuzzled.

Unmuzzled dogs found at large within the limits of the Settlement, or on Municipal roads outside the limits of the Settlement, if they cannot be seized, are liable to be shot.

Enquiries on the subject of lost or strayed dogs should be made at the Gordon Road Police Station (Telephone No. 30015), and Yangtszepoo Police Station (Telephone No. 50743).

DAIRY LICENCE CONDITIONS.

THE following amendments to the Licence Conditions for Grade A and Grade B Dairies have been approved, and will be enforced from July 1, 1933:—

Conditions for the Sale of Pasteurized Milk.

In both licences the heading of this section is amended to read: "Conditions for the Sale of Pasteurized Milk and Cream."

In the same section of both licences Clause 3a is amended to read:—

"The milk or cream at any time after pasteurization and before or during delivery shall not contain more than 30,000 organisms per cubic centimeter and/or any Bacillus Coli in one-tenth of a cubic centimeter."

Grade A Licence.

The words "or cream" are added to section (e) of Clause 16. The relative portions of this Clause will accordingly read:—

"That the licensee shall not by himself, or by any servant or agent, sell, offer or expose for sale, or deliver, or be in possession of for the purpose of sale:—

"(e) Milk or cream which, on a sample being taken at any time before or during delivery and upon examination by the Commissioner of Public Health, is found to contain more than 200,000 organisms per cubic centimeter and/or any Bacillus Coli in one-hundredth of a cubic centimeter."

Grade B Licence.

A new section (e) is added to Clause 16, the relative portions of which will read as follows:—

"That the licensee shall not by himself, or by any servant or agent, sell, offer or expose for sale, or deliver, or be in possession of for the purpose of sale:—

"(e) Milk or cream which, on a sample being taken at any time before or during delivery and upon examination by the Commissioner of Public Health, is found to contain more than 1,000,000 organisms per cubic centimeter and/or any Bacillus Coli in one-thousandth of a cubic centimeter."

MUNICIPAL NOTIFICATION

No. 4378.

SALE OF SURPLUS LAND.

TENDERS are invited for the purchase of an area of surplus land, part of B. C. Lot 13260, Cad. Lot 1058, on the south of, and fronting, the new Sinza Market at the junction of Chengtu and Shanhaikwan Roads.

The Council does not bind itself to accept the highest or any tender.

The property to be sold has an area of Mow 1.455 or thereabouts.

Tenders should be submitted on a lump sum basis.

On the acceptance of any tender, a deposit of 10 per cent. shall be made, which sum will be forfeited in the event of non-completion of the transaction.

The balance of the payment shall be made against transfer, which shall take place not later than October 1, 1933.

The cost of all Consular transfer fees to be defrayed by the purchaser.

A plan and further particulars regarding the property may be obtained on application to the Public Works Department.

Tenders must be sent to the Secretary of the Council not later than 11 a.m. on September 7, 1933. Tenderers may attend the opening of tenders in the Council Chamber, Administration Building, at 11 a.m. on September 7, 1933.

TRAFFIC REGULATIONS.

NOTICE is hereby given that Traffic Regulations Nos. 46 and 47 will be amended from Thursday, July 20, 1933, as follows:—

Hongkong Road.

In supersession of Municipal Notification No. 4348 the following clause is added to Traffic Regulation No. 46:—

"46 J.—Between the hours of 8 a.m. and 6 p.m. daily, Sundays and Public Holidays excepted, traffic will proceed along the section of Hongkong Road between Museum Road and Szechuen Road from East to West only."

The portion of Traffic Regulation No. 47 which restricts the ranking of vehicles to one side of the road in certain cases is extended by the addition of the following words:—

"Hongkong Road between Museum Road and Szechuen Road:—Ranking on South side only."

This provision replaces the present unqualified prohibition against the ranking of vehicles on the above section of Hongkong Road.

Kiangse Road.

The section of Kiangse Road between Foochow Road and Avenue Edward VII is included in those on which ranking is confined to one side of the road during stated hours. The relative portions of Traffic Regulation No. 47 are accordingly amended to read:—

"Ranking will be permitted on the following roads for the periods specified:—

"Kiangse Road between Foochow Road and Avenue Edward VII:—Ranking East side only from 8 a.m. to 1 p.m. Ranking West side only from 1 p.m. to 6 p.m. (Sundays and Public Holidays excepted)."

By order,
J. R. JONES,
Secretary.

Council Chamber,
Shanghai, July 13, 1933.

LICENCE CONDITIONS AND MARKET REGULATIONS.

Sale of Butter and Margarine.

I. Butter.

NOTICE is hereby given that, with effect from July 1, 1933, a new regulation governing the sale of butter will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16a.

Dairies, Grades A and B, 27a.

Private Market, 25a.

It will also be included in the Municipal Market Regulations and numbered 17a.

The regulation reads as follows:

"Butter permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made by gathering in any manner the fat of fresh or ripened milk and cream, with or without pure common salt. It shall contain not less than 80 per cent. of butter fat, and not more than 16 per cent. of water or 3.5 per cent. of salt. Excepting common salt no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It may contain added colouring matter of a harmless nature.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall be not smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No butter shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold.

"No packed butter shall be kept, offered or exposed for sale, or sold retail, unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The weight of the contents and the country of origin shall appear on the package."

II. Margarine.

From July 1, 1933, a new regulation governing the sale of margarine will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16b.

Chinese Food Shop Off-Licence, 20a.

Private Market, 25b.

It will also be included in the Municipal Market Regulations and numbered 17b.

The regulation reads as follows:—

"Margarine permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made of sound and wholesome oils and fats of animal or vegetable origin, or a mixture of the same. It shall contain not more than 10 per cent. butter fat or 16 per cent. of water or 3.5 per cent. of salt, or less than 80 per cent. of total fat. Excepting common salt, no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It shall not contain any added colouring matter.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall not be smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No margarine shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold, and unless the bulk be clearly marked with a label on which the word "MARGARINE" shall be printed in bold letters not less than 1½ inches square. The country of origin shall appear on the label, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health.

"No packed margarine shall be kept, offered or exposed for sale, or sold retail unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The word "MARGARINE" shall be printed in block letters not less than ½ inch high. The weight of the contents and the country of origin shall appear also on the package, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health."

SINZA MARKET SITE—SURPLUS LAND.

The Commissioner of Public Works submitted a report to the Works Committee on June 27 in regard to surplus land at the Sinza Market site. The Commissioner stated that the Council had recently sold mow 0.239 of surplus land forming the south-east portion of the Sinza Market site, Cad. Lot 1058, at Tls. 45,000 per mow, and that the purchaser had enquired whether the Council would be prepared to sell him on similar terms the remaining surplus land, in area mow 1.455, facing the market. The Commissioner suggested that sealed tenders be invited for the purchase of this land upon conditions as stated.

Replying to the Chairman, the Commissioner said that the owner of the land in the rear of the surplus land was considered to have the first right to the latter.

The Committee recommended that tenders be called for the purchase of the remaining surplus land, mow 1.455, from Cad. Lot 1058, W., south of Sinza Market, on the terms proposed by the Commissioner of Public Works.

The Council on July 5 adopted this recommendation.

RUSSIAN DETACHMENT CAMP, AMOY ROAD.

Question of Permanent Barracks Deferred to 1935 Budget.

The question of accommodation for the Company of the Russian Detachment which has been quartered in hutments in front of the Amoy Road Gaol was considered by the Council at the meeting on July 5, when the minutes of the Watch Committee meeting were presented. The Council adopted the Committee's recommendation that these hutments be removed to the Rifle Range for the use of the Russian Detachment, and when no longer required by them for general Shanghai Volunteer Corps purposes.

The Commandant of Volunteers reported to the Watch Committee that, as the whole of the Municipal buildings on the Amoy Road Gaol site were shortly to be demolished, it was necessary to consider the question of temporary accommodation for the Company of the Russian Detachment which had been quartered in hutments on this site. He said that he would like permanent barrack accommodation to be provided for the whole of the Russian Detachment on the Gaol site when this was redeveloped. As a temporary measure he had moved the Amoy Road Company to the Rifle Range hutments, which would not be wanted for other purposes until the beginning of September, and for the Company's accommodation thereafter until new barracks were built he recommended that the Amoy Road hutments be removed to the Rifle Range at an estimated cost of Tls. 7,000. Colonel Thoms pointed out that when these hutments were vacated by the Russian Company they would be a valuable addition to the general accommodation on the Range.

The Treasurer and Controller endorsed the proposal to move the hutments to the Rifle Range, but suggested that the question of providing permanent barracks be deferred until the 1934 building programme was considered.

The Commissioner of Public Works submitted a plan of the Amoy Road Gaol site, the central portion of which he recommended should be used for the erection of permanent barracks. He saw no objection to the permanent retention of the Amoy Road hutments on the Rifle Range, and said that the maintenance costs would not be excessive.

Replying to the Chairman, the Commissioner of Public Works stated that it would not be possible to begin the erection of barracks until 1935, so that consideration of this proposal could be deferred until the building programme for that year was discussed. The huts which it was proposed to remove to the Rifle Range could be put up in a few weeks.

The Committee recorded the opinion that it was desirable that a portion of the Amoy Road site should be reserved for permanent barracks for the Russian Detachment when the property was redeveloped. The Committee also recommended to the Council that the hutments on Amoy Road which until recently were occupied by a Company of the Russian Detachment, be re-erected for the accommodation of the Company on the Rifle Range, with a view also to their retention for general S.V.C. use when no longer required for that purpose.

The Council adopted this recommendation.

INDUSTRIAL ACCIDENTS IN JUNE.

Five fatal industrial accidents came to the attention of officials of the Shanghai Municipal Council during June. Three were associated with the faulty use of electrical apparatus. One was caused through a lift gate being of an unsatisfactory type and not being securely fastened when the lift left the floor. A fifth workman was employed painting a water tank and fell on to a stone floor. Two accidents in industrial plants which were not fatal were also recorded.

The electrical accidents were all associated with lamps. In each of two cases an ordinary pendant lamp was involved. In one, a workman on a building grasped the socket, which was hanging from a wire obstructing a doorway. In the second, a worker in a weaving mill was attempting to insert a globe into the pendant socket. Though the second lamp had a switch, in these types it is impossible to tell whether the current is on or off,

and, the metal parts apparently becoming alive while the worker was standing on a wet cement floor, he was in contact with earth and thus met his death.

The third electrical fatality was associated with a portable hand lamp, also during building operations. A break in the insulation of wiring near its junction with the lamp caused the metal parts to become alive when the plug was inserted in a certain relation to the poles of the switch. These three fatalities emphasize the dangers attendant on pendant and portable apparatus, in both of which, from their nature, the likelihood exists that they will be handled.

A fourth workman met death because of the incomplete closing of an unsatisfactory lift gate. The gate was, apparently, of light construction, and was pulled down to within two feet of the floor. A heavy truck pushed a workman on to it, and the weight caused the gate to rise, permitting him to fall backwards into a lift well from a height of three floors.

Two other accidents were reported which did not result in death, but caused injuries to workmen. One occurred as a steam calender in a dyeing factory, after being out of commission due to defect, was being tested before being again used. These calenders operate as a rule under some 30 lbs. pressure, though at the time of testing the one where the accident occurred was carrying only 7-8 lbs. Three workmen were scalded, one more seriously. This accident points to dangers associated with vessels under pressure.

Another accident resulted from a workman's clothing, while he was executing repairs, being caught in a rapidly revolving shaft in a nail factory. He was dragged from his ladder, pinned to the shaft, and finally dropped to the ground, a distance of 12 feet. While it is difficult to fence the entire shafting in extensive operations, care is needed with respect to the conditions under which repairs, cleaning, etc., are carried out in the vicinity of moving shafts.

MUNICIPAL ADVOCATE'S REPORT FOR JUNE.

The Municipal Advocate reports that 10,662 cases were prosecuted in the Shanghai First Special Area District Court and the Kiangsu High Court, Second Branch, during June, as compared with 13,081 cases in May. 7,713 persons failed to appear in petty bye-law cases and their bail was confiscated, as compared with 9,990 persons during May. Eighty-six cases were withdrawn on the ground that there was insufficient evidence to convict, as compared with 110 in May. The total number of major and minor criminal cases prosecuted to completion was 2,863 as compared with 2,981 in May. A total of 2,632 persons were convicted, and 231 acquitted, as compared with 2,793 convicted and 188 acquitted during May.

In addition to the above, there were 218 private criminal prosecutions, 526 cases instituted by the Health and Public Works Departments for violation of Health and Public Works regulations, and 910 cases instituted by the Traffic Department for infringement of traffic regulations, as compared with 196 private criminal prosecutions, 371 Health and Public Works cases, and 754 traffic cases in May.

Of the persons charged 91.9 per cent. were convicted, as compared with 93.1 per cent., 93.6 per cent., 93.9 per cent., 93 per cent. and 93.7 per cent. for January, February, March, April and May, respectively.

Appeals.—(a) By the Council: Two appeals to the High Court were filed by the Council during the month of June. Two appeals by the Council were heard during the month, with the result that one case was dismissed, while in the other, the sentence was increased. The total number of appeals by the Council pending on June 30 was as follows: in the Supreme Court, 3; in the High Court, 4.

(b) Appeals by defendants: Fifty-five appeals were perfected during the month, six to the Supreme Court, 45 to the High Court and four to the District Court of Appeals. Fifty-four appeals by defendants were concluded and dealt with as follows:—

Accused found not guilty	3
Appeals dismissed	37
Appeals withdrawn	3
Sentences increased	2
Sentences reduced	8
Cases sent back for retrial	1

There were 98 appeals filed by defendants pending on June 30 as follows: in the Supreme Court, 52; in the High Court, 43; in the District Court, 3.

Extradition Cases.—Twenty applications involving 71 persons were made by the Extra-Settlement authorities during the month. *Prima facie* cases were proved against 56 accused and they were ordered to be handed over. Eight accused were dismissed and seven released on security owing to insufficient evidence being produced by the authorities making the applications.

Cases Pending.—On June 30, there were pending in the High Court and District Court 61 cases, which, together with 105 cases on appeal, makes a total of 166 cases pending. In addition to the above there were 22 cases pending in which the accused were detained on writs of detention.

Suspended Sentences. — Fifteen sentences of imprisonment were suspended in new cases, and three sentences were suspended on appeal.

Criminal Processes.—8,167 criminal processes were forwarded to the Municipal Police for service; 600 criminal processes were dealt with by the Judical Police.

Civil Processes.—10,008 civil processes were dealt with by the process servers.

THE LESTER TRUST

Report of the Lester Trustees for the year ended 31st December, 1932

Lester Trustees.—The Trustees remain in office as last reported; Mr. H. Lipson Ward is at present absent on leave.

Residuary Estate Capital Account.—The total expenses of the Henry Lester Institute exceeded the endowment income (including accumulated Income brought forward from past years) by Tls. 50,252.73 and this sum has been charged to Residuary Estate Income Account in accordance with the terms of the Will; the net residual Income transferred to Residuary Estate Capital Account is Tls. 1,236,773.24 making the total capital of the Trust at 31st December 1932, Tls. 19,822.568.40.

Since the Estate was taken over by the Lester Trustees on the 14th May, 1927 (i.e. one year after the death of the late Mr. Henry Lester), the Capital available for the purposes of the Trust (then estimated at Tls. 14,343,812.30) has been increased out of Income and other accretions by Tls. 5,478,756.10, making the total as stated above.

It is to be noted that Clause 15 of the Will provides that any surplus income arising out of the residue of the Estate, or any capital of such residue remaining undisposed of, is to be employed in "extending the scope and usefulness of the Henry Lester Institute and the Lester School.....etc."; as the income received from the endowment properties of the Institute and School at present amount to Tls. 117,288.38 and Tls. 45,707.86 (per annum) only, it is apparent that when both institutions are fully organized, large subventions from the income available from Residuary Estate Account will be required for their upkeep, and further transfers of any considerable sums to Capital Account will probably cease.

Henry Lester Institute and Lester School Special Reserve.—As a large proportion of the expenses of the Medical and Technical Institutes, and the School, will be on a Sterling basis (e.g. salaries, supplies, etc.) the Trustees decided to inaugurate a special Reserve, to be invested in London, for the purpose of meeting any contingency such as an unprecedented fall in exchange, or any similar circumstance which cannot at present be taken into consideration in the framing of Budgets; an annual sum of Tls. 150,000 will be remitted to London (by monthly instalments) until the total of the Reserve amounts to Tls. 1,000,000 or such sum as the Trustees may deem necessary at a later date. The sum of Tls. 150,000 remitted during the year 1932 realized £12,929.13. 9 and has been invested in British Government 3½ per cent War Stock as per Schedule 5 of the Accounts attached.

Henry Lester Scholarships.—The fifth examination took place on the 17th October, 1932, under the management of the Scholarships Committee; 48 candidates sat and scholarships were awarded to:—

Rhoda Gordon Lingard, Cathedral Girls' School (British).

Sarah Shtoffer, Public School for Girls.

The following candidates received Honourable Mention:—

Eleanor Francis Audrey Hammond, Cathedral Girls' School (British).

Douglas Neil Gander, The Cathedral School, Henry Lester Endowment.

Properties. — During the year under review, properties of the Trust have been dealt with as follows:—

B.C. Lot 3562—Cad. Lot 3609 E.D.—Final payments were made for completion of the buildings amounting to Tls. 11,640.50, and rents amounting to Tls. 7,413.63 have been received during the year.

B.C. Lot 3599—Cad. Lot 3588 E.D.—Mud-filling of this Lot was completed at a cost of Tls. 964 and further development postponed owing to unfavourable conditions.

B.C. Lots 4028, 4785 and 7423 (Avenue Road).—The main building of the Medical Research Institute was completed and occupied by the staff in November 1932; further work on certain necessary outbuildings is still in progress and is expected to be completed shortly.

Clinical Research Unit (Lester Chinese Hospital).—Owing to unforeseen circumstances the cost of the Hospital building and equipment was considerably in excess of the estimates with the result that the share to be paid by the Trustees for the floor housing the Clinical Unit was increased from an estimate of Tls. 120,000 to a final total of Tls. 188,410.66; application was made to H.B.M. Supreme Court for permission to pay this increased sum and the final instalment of Tls. 79,410.66 has been paid since the accounts for 1932 were closed. The agreement with the Hospital Trustees has been amended so as to increase the fixed sum to be paid by them to the Lester Trust (in the event of the arrangement being cancelled after 15 years) from Tls. 10.000 to Tls. 17,128.24 and the first depreciation instalment of Tls. 11,418.83 has now been written off the Capital cost.

Henry Lester Institute of Medical Research.—Dr. H. G. Earle, the Director, returned from England early in 1932 and preparations were immediately made for the equipment of the Institute in the new building at Avenue Road. It was agreed that there should be three main Divisions, Physiological Sciences under Professor B. E. Read, Pathological Sciences under Dr. R. C. Robertson and Clinical Research, including Experimental Surgery, under Dr. H. Gordon Thompson; while under the general supervision of the Director should be grouped those activities common to all Divisions.

In April Professor Read left for England to make arrangements for the equipment of his Division, while the clinical and pathological work of the Institute continued at the Lester Hospital, where special investigations were made into relapsing fever and schistosomiasis. In October the Trustees gave permission for the use of the new building for the Conference of the Chinese Medical Association. This proved a successful experiment from all points of view and showed that the building is well adapted for the purposes for which it has been designed. In November the Director moved his office to Avenue Road and the Division of Pathological Sciences was transferred to the main building. Dr. Robertson soon got to work and before long the laboratories on the second floor were actively occupied. Later Dr. Gordon Thompson established a Department of Experimental Surgery on the first Floor, and with the recent return of Professor Read from England, it is hoped that the establishment of the Division of

Physiological Sciences will complete the organization of the Institute.

It is not possible in a report of this kind to refer in detail to all the work which has been done and planned; this must be left to the publication of a special report in the near future. Suffice it to say that there has been a rapid expansion of staff in all Divisions; there are now twenty-one doctors and thirty-five technicians engaged by the Trust in the work of medical research. Useful liaisons have been established with the Public Health work of the various municipalities, more particularly in regard to the campaign against cholera, malaria, schistosomiasis and leprosy. Special mention should also be made of the work carried out by Major Edge, Visiting Fellow from the London School of Hygiene and Tropical Medicine, in the organization of a Department of Medical Statistics within the Institute, and of an Epidemiological Survey on behalf of the Chinese Medical Association. Further, with the transfer of the laboratory divisions to the main Institute, it has been possible to organize the Clinical Unit according to the original plan, and we look to a close co-operation with the Lester Hospital in the development of this very important feature of the Institute's activities.

Technical Institute and Lester School.—Shortly after Dr. Earle's return it was decided by the Trustees that the political and financial difficulties which had caused the postponement of this scheme had sufficiently improved to warrant the appointment of a principal. It was agreed that the Lester School should be established as a junior technical school in preparation for the Technical Institute, and that according to the Will of the testator the subjects taught in the Institute should have special reference to civil engineering and architecture.

The association of Principals of Technical Institutions was approached with regard to the appointment of a principal and after somewhat protracted negotiations, in which the Trustees also received the advice of Dr. Reginald Clay, late Principal of the North London Polytechnic, while on a visit to Shanghai, Mr. Bertram Lillie, B.Sc., was appointed to the post of principal, and is expected to arrive in Shanghai during September 1933.

We have audited the above Balance Sheet, in which are incorporated the London audited accounts, with the books, accounts and vouchers and have received all the information and explanations we have required.

The accounts have been drawn up on a Cash basis, outstanding interest and rents not having been taken into account. We have seen a certificate from the Hongkong and Shanghai Banking Corporation for the Title Deeds, Securities, etc., with the exception of the British War Stock held in London, which has been certified by the Bank of England.

Subject to the foregoing, the above Balance Sheet is in our opinion properly drawn up so as to exhibit a true and correct view of the Lester Trust affairs, according to the best of our information and the explanations given to us and as shown by the books and accounts.

TRAFFIC REGULATIONS.

NOTICE is hereby given that Traffic Regulations Nos. 46 and 47 will be amended from Thursday, July 20, 1933, as follows:—

Hongkong Road.

In supersession of Municipal Notification No. 4348 the following clause is added to Traffic Regulation No. 46:—

"46 J.—Between the hours of 8 a.m. and 6 p.m. daily, Sundays and Public Holidays excepted, traffic will proceed along the section of Hongkong Road between Museum Road and Szechuen Road from East to West only."

The portion of Traffic Regulation No. 47 which restricts the ranking of vehicles to one side of the road in certain cases is extended by the addition of the following words:—

"Hongkong Road between Museum Road and Szechuen Road:—Ranking on South side only."

This provision replaces the present unqualified prohibition against the ranking of vehicles on the above section of Hongkong Road.

Kiangse Road.

The section of Kiangse Road between Foochow Road and Avenue Edward VII is included in those on which ranking is confined to one side of the road during stated hours. The relative portions of Traffic Regulation No. 47 are accordingly amended to read:—

"Ranking will be permitted on the following roads for the periods specified:—

"Kiangse Road between Foochow Road and Avenue Edward VII:—Ranking East side only from 8 a.m. to 1 p.m. Ranking West side only from 1 p.m. to 6 p.m. (Sundays and Public Holidays excepted)."

LICENCE CONDITIONS AND MARKET REGULATIONS.

Sale of Butter and Margarine.

I. Butter.

NOTICE is hereby given that, with effect from July 1, 1933, a new regulation governing the sale of butter will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16a.

Dairies, Grades A and B, 27a.

Private Market, 25a.

It will also be included in the Municipal Market Regulations and numbered 17a.

The regulation reads as follows:

"Butter permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made by gathering in any manner the fat of fresh or ripened milk and cream, with or without pure common salt. It shall contain not less than 80 per cent. of butter fat, and not more than 16 per cent. of water or 3.5 per cent. of salt. Excepting common salt no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It may contain added colouring matter of a harmless nature.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall be not smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No butter shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold.

"No packed butter shall be kept, offered or exposed for sale, or sold retail, unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The weight of the contents and the country of origin shall appear on the package."

II. Margarine.

From July 1, 1933, a new regulation governing the sale of margarine will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16b.

Chinese Food Shop Off-Licence, 20a.

Private Market, 25b.

It will also be included in the Municipal Market Regulations and numbered 17b.

The regulation reads as follows:—

"Margarine permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made of sound and wholesome oils and fats of animal or vegetable origin, or a mixture of the same. It shall contain not more than 10 per cent. butter fat or 16 per cent. of water or 3.5 per cent. of salt, or less than 80 per cent. of total fat. Excepting common salt, no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It shall not contain any added colouring matter.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall not be smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No margarine shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold, and unless the bulk be clearly marked with a label on which the word "MARGARINE" shall be printed in bold letters not less than 1½ inches square. The country of origin shall appear on the label, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health.

"No packed margarine shall be kept, offered or exposed for sale, or sold retail unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The word "MARGARINE" shall be printed in block letters not less than ½ inch high. The weight of the contents and the country of origin shall appear also on the package, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health."

By order,
J. R. JONES,
Secretary.

Council Chamber,
Shanghai, July 5, 1933.

HEALTH REPORT FOR JUNE.

The Acting Commissioner of Public Health reports:—

When judged by the death rates, the month on the whole was healthy but the morbidity was greater in certain diseases, notably enteric amongst foreigners and tuberculosis amongst Chinese.

The foreign death rate was 6.73, a decrease of 2.11 per mille against that of May. The lessened death rate is due to the low mortality from communicable diseases and a diminution in the number of Japanese deaths. The Chinese death rate was 11.81 against 11.94, the resident deaths numbering 1,048 (a decrease of eight compared with May's figure).

Births.—The number of birth certificates received during the month again showed an increase, 74 were notified concerning the foreign population, whilst 158 resident Chinese births were recorded.

Communicable Diseases. — Complete statistical information will be found in the tables appended to this report, but the diseases of this nature most prevalent amongst foreigners were enteric fever, tuberculosis and dysentery. The incidence of enteric is rather high and points to the necessity for more attention being given to preventive inoculation. In this connexion it should be remembered that it is unlikely that a reasonable immunity to the disease can be established unless the injections give rise to some reaction ("Lancet," May 13, 1933). The incidence of dysentery is rather high, but this is seasonable. Amongst the Chinese population tuberculosis, gastro-enteritis, enteric, diphtheria, scarlet fever and dysentery were most prevalent. Special attention is drawn to the high incidence of tuberculosis.

Inoculation and Vaccination Work.—The mobile squads performed 56,054 anti-cholera inoculations. Factories, workshops, banks and offices were included in the Department's programme.

200 smallpox vaccinations were performed at the various Branch Health Offices.

Pathological Laboratory.

The total number of general pathological examinations was 1,554, the greatest number of tests being for ova of helminths, where 353 examinations gave 103 positive results. Of mosquito larvae examined, nearly 10 per cent. were anopheles. One positive case of anthrax was detected.

Over 100 litres of cholera vaccine were manufactured.

Anti-Rabic Treatment.—Seventy-eight persons, including five from outports called for advice, cauterization and/or treatment and in 60 cases treatment was recommended. Of these 25 received full treatment and 19 precautionary treatment only. An unsatisfactory feature is that 16 patients failed to complete the treatment.

Hospital Division.

Municipal Isolation Hospital.—In all 24 cases were admitted of which 11 were scarlet fever and seven pulmonary tuberculosis.

Chinese Isolation Hospital.—Three cases of cerebrospinal fever were admitted, while the incidence of scarlet fever remains at the same level as last month. Smallpox showed a slight increase over last month's figure. By arrangement with the authorities concerned, a leper was transferred to the Kwang Chi Leper Hospital, Hangchow.

Municipal Police and Gaol Hospitals.—The Police Hospital has been fairly quiet, but 918 cases were treated in the Ward Road Gaol hospital block, of which 291 were opium addicts.

Veterinary Surgeon's Report.

Milk Supply.—The average daily milk production decreased 3.68 and increased 22.3 per cent. as compared with last month and June last year respectively. Several unsatisfactory samples of milk taken for chemical analysis and bacteriological examination were from Grade "A" dairies.

Tuberculin Testing. — The retesting of a herd after a year's interval showed that the percentage of reactors had increased from 64.3 per cent. to 83.4 per cent.

Cattle Diseases. — There were three deaths from contagious pleuro-pneumonia and nine from other causes.

Meat Supply.—Activities at the various slaughterhouses were normal. The seasonal decrease in the number of pigs killed amounted to 9.1 per cent. as against last month.

Markets, Bakeries and Food Division.

Markets.—The business at all markets was good. They have been regularly inspected and kept up to standard. All foreign weights and scales received attention. The Ferry Road market is practically ready for use.

Bakeries.—The usual routine inspections were made in addition to early morning and night visits. On the whole the condition of the various premises was good.

Licensed Premises.—Close attention has been given to these, more especially the eating houses, restaurants, and taverns which required repeated inspections to maintain them at a fair standard.

The Licensing Inspector dealt with 201 applications.

Sanitation Division.

Very careful consideration has been given to fly and mosquito prevention and reduction measures, complete surveys of the various districts being made, while creeks and ditches have been cleansed and oiled.

The new mosquito fish hatcheries at Kiaochow Road now contain a large number of "gambusia" which are available for transfer to private and other ponds at a small charge which may be ascertained on application to the Senior Chief Health Inspector—'phone 12410—Ext. 23.

Following several complaints as to the prevalence of mosquitoes in the Central district, inspections were made which disclosed neglect on the part of the householders and others to maintain an adequate supervision over their premises. Anopheles larvae were found in the Central district for the first time for several years, and the public are requested to co-operate with this Department by every means in their power to minimize this nuisance and particularly to see that no broken bottles, jars, flower vases, or pots which may contain water, are left about.

In collaboration with the Public Works Department close attention was paid to the refuse dumps both in the Eastern and Western districts, to reduce the possibility of flies breeding in the garbage deposited.

A reduction in squatters' huts has been accomplished in the Eastern district, and notices to evacuate were served on a number of unregistered and insanitary huts in the Western district.

Swimming Pool.—This was fairly well patronized and a total of 9,982 persons passed the turnstiles.

Seasonal Advice.

Sun Glare.—At the present time the sunlight as reflected from water, white walls, etc., may give rise to considerable discomfort and in some cases cause actual injury to the eyes. It is important, therefore, that people should wear suitable glasses to protect themselves against this. Such glasses should be dark, as the lighter coloured ones are not so effective. They should also have side pieces in order to prevent the light from being reflected into parts of the eye which are not adapted for vision in bright light. These remarks apply particularly to yachtsmen and to those who go for picnics or trips on the river where each little wavelet acts as a mirror reflecting light into areas of the retina which are not suited for its reception.

Personal Preventive Measures.—Attention is drawn to the necessity of adequately protecting foodstuffs, drinks, etc. from flies, as an attack of dysentery or enteric may be the result of the neglect of such elementary precautions.

Here follows tables of Vital Statistics, Communicable Diseases, Municipal Laboratories, Hospitals, Tuberculosis and Venereal Diseases Clinics; and of the work of the Food and Dairies, and Markets and Bakeries Division and the Slaughterhouses.

*Hardness determinations are by acid and alkali: not by soap method.

Chlorine in chloride figures have varied between 2.45 and 3.8 parts per 100,000. Nitrites have occasionally been present in traces. Free ammonia figures generally normal. Free chlorine has varied from 0.04 to 0.12 parts per million in samples taken from the laboratory taps and from 0.02 to 0.06 parts per million in samples taken at other points.

Bacteriological Examination:—

During the month 42 samples were examined, 32 from taps in various parts of the settlement and 10 from hydrants.

Of the 32 tap samples two contained 21 and 70 indeterminate organisms of the B. Coli group per litre respectively, and one 36 B. aerogenes per litre.

Of the 10 hydrant samples one contained 63 indeterminate organisms of the B. Coli group, and one 120 B. Coli Communis, per litre.

None of the remaining tap or hydrant samples contained over 10 organisms of the B. Coli group per litre.

Report on analysis:—

The great majority of samples of Shanghai Waterworks water were of their usually high standard. Two hydrant samples and 3 tap samples were below standard.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, JULY 28, 1933. No. 1439

TRAFFIC CONTROL.

The Chairman informed the Council on July 19 that a report might shortly be expected from the Commissioner of Police regarding traffic control at Kiaochow-Avenue and Great Western-Tifeng roads intersections.

RICSHA LICENCES.

At the Council meeting on July 19 the Chairman stated that Departments were going into the matter of ricsha licences, but it would not be possible for the Public Utilities Committee to give it consideration until after the recess. A further letter on the subject had been received from Mr. S. H. Peek and a reply dispatched stating that the matter was already engaging the Council's attention.

No. 4380.

(Amended).

LICENCE CONDITIONS AND MARKET REGULATIONS.

Sale of Butter and Margarine.

I. Butter.

NOTICE is hereby given that, with effect from July 1, 1933, a new regulation governing the sale of butter will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16a.

Dairies, Grades A and B, 27a.

Private Market, 25a.

It will also be included in the Municipal Market Regulations and numbered 17a.

The regulation reads as follows:

"Butter permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made by gathering in any manner the fat of fresh or ripened milk and cream, with or without pure common salt. It shall contain not less than 80 per cent. of butter fat, and not more than 16 per cent. of water or 3.5 per cent. of salt. Excepting common salt no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It may contain added colouring matter of a harmless nature.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall be not smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No butter shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold.

"No packed butter shall be kept, offered or exposed for sale, or sold retail, unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The weight of the contents and the country of origin shall appear on the package."

II. Margarine.

From July 1, 1933, a new regulation governing the sale of margarine will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16b.

Chinese Food Shop Off-Licence, 20a.

Private Market, 25b.

It will also be included in the Municipal Market Regulations and numbered 17b.

The regulation reads as follows:—

"Margarine permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made of sound and wholesome oils and fats of animal or vegetable origin, or a mixture of the same. It shall contain not more than 10 per cent. butter fat or 16 per cent. of water or 3.5 per cent. of salt, or less than 80 per cent. of total fat. Excepting common salt, no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It may contain added colouring matter of a harmless nature.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall not be smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No margarine shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold, and unless the bulk be clearly marked with a label on which the word "MARGARINE" shall be printed in bold letters not less than 1¼ inches square. The country of origin shall appear on the label, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health.

"No packed margarine shall be kept, offered or exposed for sale, or sold retail unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The word "MARGARINE" shall be printed in block letters not less than ¾ inch high. The weight of the contents and the country of origin shall appear also on the package, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health."

N.B.—*As the alteration of wrappers, etc., to conform to the above Regulations may take some time, upon application to the Council deferment of the full operation of these Regulations until January 1, 1934, may be permitted.*

By order,
STIRLING FESSENDEN,
Secretary General.

Council Chamber,
Shanghai, July 27, 1933.

COUNCIL MEETING.

Regular fortnightly meeting held on July 19.—Present: Messrs. A. D. Bell (*Chairman*), H. E. Arnhold (*Vice-Chairman*), C. S. Franklin, T. Funatsu, Brig.-Gen. E. B. Macnaghten, Messrs. P. W. Massey, S. L. Hsu, Yu Ya Ching and L. T. Yuan. Absent: Messrs. E. F. Harris, O. Okamoto, F. J. Raven, T. D. Woo and Tsuyee Pei.

COMMITTEE MEETINGS.

Watch Committee, July 17.—Present: Messrs. P. W. Massey (*Chairman*), H. E. Arnhold, C. S. Franklin, E. F. Harris and O. Okamoto. Absent: Messrs. Eugene Y. B. Kiang, T. D. Woo and Yu Ya Ching.

Finance, Rate and Appeal Committee, July 21.—Present: Messrs. A. D. Bell (*Chairman*), H. E. Arnhold, T. Funatsu, Brig.-Gen. E. B. Macnaghten, Messrs. S. L. Hsu and Yu Shee-tsih. Absent: Mr. E. F. Harris.

HEALTH COMMITTEE.

On the Chairman's proposal, the Council on July 19 decided to invite Dr. Mary Stone, M.D., a Chinese lady doctor of high standing, to serve on the Health Committee in place of Dr. T. N. Kwong, who has been unable to continue her membership this year. Dr. Mary Stone has accepted the Council's invitation.

ANNUAL RECESS.

The annual recess of the Council this year will be from August 3 to September 5, inclusive.

Y.W.C.A. EMPLOYMENT BUREAU.

Application to Council For Financial Assistance.

In a letter submitted to the Finance Committee of the Council, the Chairman of the Shanghai Young Women's Christian Association, International Branch, requested a grant of Tls. 2,500 to cover half the expenses of the Association's Social Service and Employment Department, which is in financial difficulties, for the year 1934.

The Treasurer and Controller was unable to endorse the application, he being of opinion that public funds should not be applied in support of activities of this kind.

Similar adverse comment was made on an application of the same nature by the Y.W.C.A. in November, 1932, when, on the recommendation of the Finance Committee, it was refused.

The Committee on this occasion made the same recommendation to the Council, which endorsed it.

RESTAURANT LICENCE FEES.

Protest Against Provisions of New Scale.

Protests made against the revised scale of licence fees for restaurants serving liquor at meals only, were overruled by the Council on Wednesday upon the recommendation of the Finance Committee.

With a view to the more equitable taxation of restaurants supplying liquor only at meals, the Finance Committee had previously recommended, and the Council approved, for inclusion in the 1933 Schedule, an increase in the licence fees for this class of restaurant from a uniform sum of Tls. 45 per quarter to an amount varying from Tls. 45 to Tls. 100. Protests were received from Chinese organizations, and these were considered by the Finance Committee on July 14.

Commenting upon these protests, the Assistant Treasurer (Revenue) stated that the increases ranged from Tls. 15 to Tls. 55 per quarter, and in his opinion they were fully justified for the reasons stated by the Treasurer and Controller in his report of March 13, 1933, which drew attention to the unduly favourable existing fees as compared with those for the hotel, tavern, and Chinese eating house with supplementary Chinese wine shop on licence. The Assistant Treasurer (Revenue) added that the licence now in question conferred a monopoly for serving liquor which was greatly sought after and was a valuable asset to the business, as evidenced by the large number of applications made and refused. He pointed out that the licensee might, if he chose, relinquish the liquor facilities and obtain a licence for a restaurant without liquor, thereby saving about $70 per quarter in fees. The privilege of selling liquors with meals was valued very highly, and there was no sign of any desire to relinquish this privilege.

Members of the Finance Committee agreed that the fees were equitable in themselves and in comparison with those charged for other licences permitting the sale of foreign liquor and Chinese wine. The Council was accordingly recommended that applications for reconsideration of the licence fee for restaurants selling liquor with meals be not approved and that payment of the fees provided for in the 1933 Schedule be required in due course.

The Council adopted this recommendation.

EDUCATION BOARD.

At the meeting of the Education Board, on July 12, the Chairman announced that Dr. H. C. E. Liu, a member, was to leave for Canada on July 28 and would be away about five months. Dr. Liu had offered either to resign or retain his seat on the Board with leave of absence. The Board recommended, and the Council has agreed, that Dr. Liu be granted leave of absence.

SECONDARY SCHOOL FOR CHINESE GIRLS.

Proposed Building on the Singapore Road Site.

The Council on July 19 adopted a recommendation by the Education Board that the Commissioner of Public Works be requested to prepare detailed plans for a new school building for the Secondary School for Chinese Girls on the Singapore Road site in accordance with a scheme chosen from three submitted by the Commissioner of Public Works.

The scheme adopted provides a three-storey building with an extra floor at the eastern end to accommodate kitchens, service rooms, etc. The class rooms face South and have independent cloak rooms, cupboards for books, etc. The East wing is occupied on the ground and first floors by a combined gymnasium and assembly hall, having on the ground floor a covered way on the two sides facing the playground. The West side of the hall can be thrown open to the covered way. On the second floor of this wing are the dining room and servery in direct communication with the kitchens and service rooms on the third floor. A special cookery class room is also provided on the second floor. The West wing has accommodation for special class rooms and laboratories. The Education Board also favoured a flat roof and an enclosed corridor on the North side facing the road. The school will have a capacity of 500 pupils.

MUNICIPAL ORCHESTRA AND BAND.

During July and August, the Municipal Orchestra and Band will give concerts as follows:

Sunday—Brass Band Concert, Jessfield Park, 5.30-7 p.m.

Tuesday—Orchestral Concert, Jessfield Park 9.15-11.15 p.m.

Wednesday—Brass Band Concert, Hongkew Park 5.30-7 p.m.

Thursday—Orchestral Concert, Jessfield Park 9.15-11.15 p.m.

Friday—Brass Band Concert, Public Garden 9.15-11 p.m.

Saturday—Orchestral Concert, Jessfield Park 9.15-11.15 p.m.

Admission Fees.—Admission fees are the same as last year, i.e., 20 cents (small money) for hire of chairs in roped enclosure at the Public Gardens and Hongkew Park. This charge is additional to the regular charge of 20 cents for admission to the Public Gardens and Hongkew Park. For the Jessfield Park orchestral concerts, the admission fee is 60 cents (small money) per person which includes admission to the Park and enclosure. The charge for chairs in a limited number of rows is $1.

The admission fees for the Jessfield Park afternoon concerts (inclusive of admission to the Park) will be as follows:—

Adults:—40 cents (small money).

Children and Service men:—20 cents (small money).

POLICE REPORT FOR JUNE.

The Commissioner of Police reports:—

The total crime recorded for the month of June is contained in the following tables:—

Nature of offence	Reported during the month	Reported during previous month	Reported during corresponding month last year
Murder	1	1	5
Attempted murder	2	2	—
Manslaughter	1	2	—
Armed kidnapping	1	—	—
Abduction	9	9	12
Armed robberies	25	47	47
Other robberies	8	14	7
Being member of criminal gang.	4	—	3
House, office and shop breaking	43	43	45
Burglary	24	33	23
Thefts	671	808	670
Receiving stolen property	13	15	16
Snatching	38	61	31
Opium offences	313	261	161
Gambling offences	97	89	36
Other crimes	280	307	247
Total	1,530	1,692	1,303

The total of 1,530 reported crimes is a decrease of 162 in comparison with the figures for May and 227 more than for the corresponding period of last year; the latter increase is accounted for by increased police activity in gambling and narcotic cases. "A" Division shows a decrease of 18, "B" a decrease of 92, "C" a decrease of 28 and "D" a decrease of 24. The cases were distributed as follow:—

	June	May
"A" Division (Central and Louza)	449	467
"B" Division (Sinza, Bubbling Well, Gordon Road, Pootoo Road)	329	421
"C" Division (Hongkew, West Hongkew, Dixwell and Kashing Roads)	392	420
"D" Division (Wayside, Yangtszepoo, Yulin Road)	360	384

Arrests for crime during the month show a decrease as compared with May and an increase over the figures for April; 2,106 having been apprehended in June as against 2,151 in May and 2,040 in April. In addition, 138 persons were taken into custody for crime committed in previous months. Seventy-nine persons were arrested on behalf of other authorities.

One case of murder was recorded during the month. A Chinese Inspector in Government political service was shot and killed by several Chinese in an alleyway between Chekiang and Kwangse roads. Seven arrests have been made.

Two cases of attempted murder occurred during the month. A Chinese ex-army officer severely injured his wife with a razor and was sentenced to five years' imprisonment. Two Chinese Police Constables were hurt and slightly wounded on Kiukiang Road by two desperadoes whom they were about to search.

One case of armed kidnapping was reported during the month, when a Chinese bank employee was held up on Sinza Road in his motorcar and driven away by four men, three of whom were armed. The car was later found abandoned in the French Concession.

One case of manslaughter occurred on May 31, when a British subject, upon being assaulted by an American citizen and falling as a result, sustained injuries from which he later succumbed. A sentence of two years' imprisonment was passed on the American.

One case of intimidation by bomb was reported. A bomb wrapped up in a letter indicating the period to be about May 11, was accidentally discovered in a wooden wind-shute of Messrs. Sun Sun Company's premises in Tientsin Road on June 27.

There were nine cases of simple abduction, the same as for May.

There was a decrease of 22 in the number of armed robberies, the figures being 25 (including two cases classified false) as against 47 in May. The cases were distributed as follow:—

	June	May
"A" Division	5	9
"B" "	7	13
"C" "	3	13
"D" "	10	12

There were eight cases of other robberies, as against 14 in May. The number of burglaries was 24, as against 33 in May. The cases were recorded as follow:—

	June	May
"A" Division	2	7
"B" "	6	11
"C" "	6	11
"D" "	10	4

The number of housebreakings was 43, the same as in May, the cases being distributed as follow:—

	June	May
"A" Division	15	14
"B" "	15	14
"C" "	9	9
"D" "	4	6

The 671 cases of simple theft, showing a decrease of 137 as compared to May, were distributed as follow:—

	June	May
"A" Division	233	236
"B" "	160	242
"C" "	166	185
"D" "	112	145

"A" Division recorded 16 cases of shoplifting, a decrease of 11 on the figures for last month, and 15 arrests. There were 67 cases of pocket-picking in all Divisions, a decrease of 26 as compared with last month, and 42 arrests. Out of 44 bicycles, two motor-cars, two rickshas and one hand cart stolen, 16 bicycles, one motor-car, one ricsha and the hand cart were recovered, while five arrests were effected.

Thirteen cases of receiving stolen property were reported during the month, as against 15 in May. There were 38 cases of snatching as against 61 in May, a decrease of 23. The cases were distributed as follow:—

	June	May
"A" Division	24	38
"B" "	7	3
"C" "	5	14
"D" "	2	6

Forty-one arrests were made in connection with the latter type of crime.

There was an increase of 52 cases in opium offences. The Headquarters Narcotic Section carried out 15 raids and apprehended 37 persons. Three of the total number had criminal records and 20 were sentenced to various terms of imprisonment and fines. Seven persons were discharged, eight fined and two are still on remand. Of three foreigners who were on remand in May, two were sentenced to imprisonment and fines, while the sentence of the third (four months imprisonment and a fine of Lire 100) was suspended for five years. In addition, six persons arrested in March in connection with a pill manufacturing factory at 12 Avenue Foch, were transferred from the Jurisdiction of the 2nd District Court to that of the 1st District Court, together with 94 lbs. of red pills and a large quantity of pill-making paraphernalia. They were charged, together with another person arrested on June 14, for transporting 390 lbs. of red pills in a private motor-car and sentenced, three to imprisonment and fines, two to imprisonment, one to imprisonment suspended for two years and one was discharged. 664 ozs. of opium, 359¼ ozs. of red and grey pills, 24 ozs. of white powder containing heroin, 2¼ ozs. of white powder containing sugar cane and a small amount of morphine or heroin, ½ oz. of Ethel morphine hydrochloride and one pill pipe with paraphernalia were seized. The total fines inflicted during the month in connection with the above offences was $32,400 and Lire 100. The number of gambling offences increased from 89 to 97. Other forms of crime show little variation.

Notable Work.—Notable work in "A" Division included: The arrest of four Chinese who, between May 17 and 27, 1933, obtained merchandise to the value of $7,123 by fraud from 49 different Chinese firms and individuals. Property to the value of $6,883 was recovered. Three of the culprits were sentenced to two years' imprisonment each and one to one year. Seven persons were taken into custody for stealing cushions from public ricshas and demanding cash payment for their return. Six were sentenced to terms of imprisonment varying from two to twelve months. The arrest of six Chinese in the Settlement and Chinese territory and the release from a dwelling house in Nantao of a Chinese youth who had been kidnapped in Woo-kiang, near Soochow. Six Chinese charged with being concerned in committing eleven armed robberies were sentenced to terms of imprisonment varying from eight to twelve years.

Notable work in "B" Division included: The arrest of three men responsible for committing an armed robbery on June 4, when property to the value of $4,661 was stolen, part of which, valued at $1,993, was recovered. A further charge of armed robbery was preferred against two of the gang. They were sentenced, two to eight years and

six months each, and one to seven years' imprisonment. The arrest of eleven Chinese, which led to two further apprehensions in Hangchow and the seizure of seven pistols, 300 rounds of ammunition and three bombs. Five charges of armed robbery and possession of arms were preferred against the gang, while property to the value of $600 was recovered. Two of the accused were released and the remainder are on remand; four of them are wanted by the Chinese Authorities for murder, bomb outrages, etc., occurring in the years 1931 and 1932.

Notable work in "C" Division included: The arrest of eight male and three female Chinese on suspicion of being an armed gang; three pistols and 100 rounds of ammunition were seized. The accused were found to have been concerned in many cases of armed kidnapping, armed robbery, etc. A Chinese, taken into custody for the larceny of a bicycle, was subsequently proved to have taken part in an armed robbery in the Gordon Road district in January last when property valued at $2,068 was stolen. The culprit was sentenced to three years and two months' imprisonment. The arrest of eight persons on suspicion of being members of a criminal gang when five charges of armed robbery were preferred against them. Two pistols were also seized. The accused were sentenced to terms of imprisonment varying from one year and six months to seven years. The apprehension of two males concerned in shop breaking, their *modus operandi* being "smash-and-grab." One was charged with committing three such offences, while the other was arraigned for receiving stolen property.

Notable work in "D" Division comprised: The arrest of six suspected robbers and the seizure of two pistols. Three of the accused were charged with participating in five armed robberies and were sentenced to seven years and two months, five years and two months and five years' imprisonment. The arrest of four male and one female Chinese and the seizure of a pistol. Two charges of armed robbery were preferred against three of the accused. The arrest of five male and two female Chinese, and the seizure of one pistol. Two charges of armed robbery were preferred against them. Five of the accused, including a convict who is already undergoing a sentence for armed robbery and who was implicated by them, were each sentenced to seven years' imprisonment. The arrest of three Chinese for armed kidnapping and holding to ransom of a Chinese at Nantung, Kiangsu, who are on remand. The arrest of two Chinese for being concerned in the piracy of a Chinese owned vessel, the s.s. Dah Hua, near Woosung in January, 1933. Both men were handed over to the Chinese Authorities.

Outside Limits.—The following cases, which are included in the month's figures in "B" Division, occurred outside Settlement Limits in houses on or abutting Council roads:

Larceny	30
Receiving stolen property	2
Housebreaking, etc.	3
Miscellaneous	5

H.Q. Crime Branch.—The headquarters Crime Branch detectives conducted investigations into 30 cases and effected the arrest of 14 persons. In addition, enquiries were continued in 24 cases previously reported.

Stolen Property.—Property valued at $156,817.57 was alleged to have been stolen during the month as against property to the value of $157,289.97 in May. The total value is made up as follows:—

"A" Division	$105,991.29
"B" "	23,968.94
"C" "	10,468.75
"D" "	16,388.59

Property to the value of $41,785.79 was recovered during the month.

Finger Print Bureau.—During the month the total number of records received by the Bureau from all sources was 2,843. This shows a decrease of 264 as compared with May and an increase of 475 on the corresponding period last year.

Three thousand and sixteen Gaol cards were received and checked during the month, 1,195 being for verification of prisoners' identity on admission to gaol, 14 for checking of appeal decisions, 1,111 for verification of identity on release from gaol, and 696 for checking of sentences and completion of records according to execution orders issued by the Court.

Investigations were made into thirty-three cases of the following nature:—

4	Armed robbery
5	Burglary
1	Housebreaking
1	Kidnapping
5	Larceny
4	Larceny motor-car
7	Office breaking
6	Shopbreaking

Finger prints were obtained in 11 instances.

With a view to establishing their identity the bodies of 16 unknown Chinese who had met their deaths by various circumstances were finger-printed and/or photographed at the Public Mortuary. Successful results were obtained in five cases.

During the month of June the Crime Branch Studio took 403 photographs and printed 929 copies.

Released Under Amnesty.—The number of prisoners released under Government Amnesty during June was 50, which included 19 habitual criminals, 14 prisoners with previous convictions but who are not habitual criminals, and 17 who come within the category of first offenders.

Classification of offences for which prisoners released during June were serving sentences:—

Armed robbery	3

MUNICIPAL NOTIFICATION No. 4381.

TRAFFIC REGULATIONS.

NOTICE is hereby given that the Traffic Regulations Nos. 46 and 47 will be amended from Thursday, July 20, 1933, as follows:—

Hongkong Road.

In supersession of Municipal Notification No. 4348 the following clause is added to Traffic Regulation No. 46:—

"46 J.—Between the hours of 8 a.m. and 6 p.m. daily, Sundays and Public Holidays excepted, traffic will proceed along the section of Hongkong Road between Museum Road and Szechuen Road from East to West only."

The portion of Traffic Regulation No. 47 which restricts the ranking of vehicles to one side of the road in certain cases is extended by the addition of the following words:—

"Hongkong Road between Museum Road and Szechuen Road:—Ranking on South side only."

This provision replaces the present unqualified prohibition against the ranking of vehicles on the above section of Hongkong Road.

Kiangse Road.

The section of Kiangse Road between Foochow Road and Avenue Edward VII is included in those on which ranking is confined to one side of the road during stated hours. The relative portions of Traffic Regulation No. 47 are accordingly amended to read:—

"Ranking will be permitted on the following roads for the periods specified:—

"Kiangse Road between Foochow Road and Avenue Edward VII:—Ranking East side only from 8 a.m. to 1 p.m. Ranking West side only from 1 p.m. to 6 p.m. (Sundays and Public Holidays excepted)."

By order,

J. R. JONES,
Secretary.

Council Chamber,
Shanghai, July 13, 1933.

The more important fires attended by the Brigade during the month were:—

June 16 1.34 a.m. s.s. Hwah Wu (gross tonnage—4,249).—A wireless message was received from the s.s. Hwah Wu, of the South China Steam Navigation Co., bound for Shanghai with a cargo of timber from the Philippines, to the effect that there was a fire on board. The call was passed on to the Brigade by the River Police and sections from Central Station turned out, embarking on the Customs fire float Poochi and proceeding down river until the steamer was reached, lying at anchor outside the Woosung Breakwater. It was ascertained on boarding the vessel that the coal in the cross-bunkers was alight, but an examination showed that the fire had also spread through a wooden bulkhead and set fire to timber in No. 2 hold. Having been effectively kept in check by the crew with a line of hose from the ship's installation, the outbreak was not an extensive one and did not present any great difficulty, and the detachment, by cutting holes in the wooden bulkhead and lowering nozzles from the fire float into the hold, soon extinguished the fire amongst the cargo.

As soon as the fire was under control, the steamer proceeded up river, with the fire float made fast alongside and the firemen still working on the outbreak.

The fire had gained a very strong hold on the coal in the cross-bunkers and more than two days elapsed before it was finally extinguished and all danger to the steamer had passed.

This was the first fire attended by the new Customs fire float Poochi since it was placed in commission.

June 16 1.55 p.m. No. 266 McGregor Road, Rubber Shoe Factory.—Sections from Yangtszepoo Station turned out and found a large wood and corrugated iron shed, used as the varnishing and vulcanizing department of the Dah Tung Rubber Shoe Factory, a mass of flames, with a number of one-storeyed native dwellings adjoining on the south and east sides also alight.

The fire was spreading rapidly and threatening the main factory building—a large two-storeyed Chinese dwelling situated to the north of the shed, which had been converted for the manufacture of rubber shoes—the window frames and external woodwork of which were already on fire.

With jets at work on all sides the fire was extinguished after about half an hour's work, but the shed was practically destroyed and three houses suffered very severe damage.

All the employees succeeded in escaping uninjured from the premises as soon as the first warning of the outbreak was given, but the fire, which apparently started in the varnishing room, must have spread with great rapidity and it was undoubtedly due to the isolation of the varnish-dipping and vulcanizing processes that there were no serious explosions or loss of life. One vulcanizer was found to be in operation, under steam pressure, during the course of the fire and every precaution was taken to prevent it exploding.

This outbreak is the third to occur in rubber factories in the Settlement during the last six months, there being one at the Tsun Tai Rubber Shoe Factory, No. 1025 Tongshan Road, on February 21, when 81 lives were lost, and another at the Dah Tah Rubber Works, off Kwenming Road, on February 24; the latter occurred before working hours and there was fortunately no loss of life.

June 20 4.12 a.m. Nos. 3 and 5 Mukden Road, Garage.—This outbreak resulted in the death of one Japanese male and injury to three others.

Obviously a very late call, the fire was reported by Hongkew Station watchtower at the same time that a telephone message was received, and sections from Hongkew sighted the blaze as soon as they left the station. On arrival, they found two Chinese houses, which had been converted and were used as a garage, well alight on both floors, with the flames already through the roof. The fire had evidently started on the ground floor and, aided by the inflammable nature of the contents, which included three cars charged with gasoline and oil, spread rapidly throughout the premises. A number of Japanese had apparently been asleep on the first floor at the time of the outbreak and had awakened to find themselves trapped, their only means of egress being cut off by flames and smoke. Three of them were found on arrival of the Division suffering from injuries received through jumping into the street from the first floor. Later, when the flames had become somewhat subdued and the garage was entered, the badly charred remains of another were found near the front entrance.

The injured persons were conveyed to hospital in a Brigade Emergency Ambulance.

The premises were very badly damaged, but the Division succeeded in preventing the fire from spreading to adjoining property.

Ambulance Service.

Emergency Branch.—210 calls were received and, in connection therewith, 227 patients were conveyed to the various hospitals. The calls received constitute a record for any month since the inauguration of this branch of the service in January, 1931.

The total number of calls recorded for the half-year ended June 30, 1933, was 1,016. This shows an increase of approximately 54½ per cent. on the calls received during the corresponding period of last year.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, AUGUST 4, 1933. No. 1440

NEW OMNIBUS ROUTE.

The Council has granted the China General Omnibus Company provisional permission for a period of three months to operate with small buses a new bus route from the corner of Avenue Edward VII and Chekiang Road to Wayside. The new route, to be called No. 11, runs from the corner of Avenue Edward VII and Chekiang Road, along Chekiang, North Chekiang, Haining, North Honan, Boone, Hanbury, Hsian, Tongshan, Kungping, East Seward and Muirhead Roads to Wayside. The return journey is along the same route with the exception that motor buses will return via Hoopeh and Hoihow Roads to the corner of Chekiang Road and Avenue Edward VII. After three months the question of buses operating through these streets, where pedestrian traffic is very congested, will be reviewed.

(Amended).

LICENCE CONDITIONS AND MARKET REGULATIONS.

Sale of Butter and Margarine.

I. Butter.

NOTICE is hereby given that, with effect from July 1, 1933, a new regulation governing the sale of butter will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16a.

Dairies, Grades A and B, 27a.

Private Market, 25a.

It will also be included in the Municipal Market Regulations and numbered 17a.

The regulation reads as follows:

"Butter permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made by gathering in any manner the fat of fresh or ripened milk and cream, with or without pure common salt. It shall contain not less than 80 per cent. of butter fat, and not more than 16 per cent. of water or 3.5 per cent. of salt. Excepting common salt no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It may contain added colouring matter of a harmless nature.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall be not smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No butter shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold.

"No packed butter shall be kept, offered or exposed for sale, or sold retail, unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The weight of the contents and the country of origin shall appear on the package."

II. Margarine.

From July 1, 1933, a new regulation governing the sale of margarine will be introduced as a condition in the following licences, with numbers as stated:—

Foreign Food Shops, Classes I and II, 16b.

Chinese Food Shop Off-Licence, 20a.

Private Market, 25b.

It will also be included in the Municipal Market Regulations and numbered 17b.

The regulation reads as follows:—

"Margarine permitted to be sold or kept for sale under this licence shall be understood to mean the clean product made of sound and wholesome oils and fats of animal or vegetable origin, or a mixture of the same. It shall contain not more than 10 per cent. butter fat or 16 per cent. of water or 3.5 per cent. of salt, or less than 80 per cent. of total fat. Excepting common salt, no preservative other than boric acid or sodium benzoate, in amount not exceeding 0.2 per cent., shall be permitted. It may contain added colouring matter of a harmless nature.

"If a preservative other than common salt be used a statement of its nature and the percentage present shall be printed in a conspicuous manner in block letters on the label or package. The lettering shall not be smaller than 8 points, and it shall be printed in such a manner as to afford a distinct colour contrast with the background.

"No margarine shall be kept, offered or exposed for sale, or sold retail from bulk, unless properly protected by grease-proof paper or other cleanly covering, and wrapped in grease-proof paper when sold, and unless the bulk be clearly marked with a label on which the word "MARGARINE" shall be printed in bold letters not less than 1½ inches square. The country of origin shall appear on the label, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health.

"No packed margarine shall be kept, offered or exposed for sale, or sold retail unless wrapped in grease-proof paper and enclosed in uniform packages which are clean and free from mould. The word 'MARGARINE" shall be printed in block letters not less than ½ inch high. The weight of the contents and the country of origin shall appear also on the package, but no other printing (excepting that relating to the presence of a preservative) unless approved by the Commissioner of Public Health."

N.B.—*As the alteration of wrappers, etc., to conform to the above Regulations may take some time, upon application to the Council deferment of the full operation of these Regulations until January 1, 1934, may be permitted.*

By order,
STIRLING FESSENDEN,
Secretary General.

INDUSTRIAL ACCIDENTS DURING JULY.

Five fatal industrial accidents and six occurrences not causing fatalities, involving altogether 17 workers, were reported in the International Settlement through Shanghai Municipal Police channels during July.

Buildings under construction were responsible for the greatest number of accidents, two of which were fatal. Falling down an unguarded lift shaft caused the death of one workman on a new building in Race Course Road, while an electrician working on godowns being erected in Yangtszepoo Road fell from his ladder, striking his head on a concrete floor, and was killed. Collapse of scaffolding caused injuries to five. One workman leaning over a shaft was struck on the head by a descending bucket in concrete pouring operations.

Faulty electrical apparatus was responsible for fatal injuries to two and non-fatal to one worker. The metal parts of an inverted wall socket were loose, being below the porcelain, and caused a shock to a worker on a printing machine, so that he fell from his platform, resulting in a scalp wound.

Upon the metal cover of a box protecting knife switches in a cotton mill being removed, the bolts were placed on the top of the metal box. One bolt fell, causing by its contact a fire in all four switches, and resulting in facial burns to two electrical workers. One subsequently died.

A worker on a building under construction in which temporary electric lighting was used, removed a faulty globe from a lamp holder and went to find a new one. The wooden core usually present at the top of the lamp holder to ensure insulation was missing, the wiring was defectively insulated, and current thus passed apparently into the metal parts of the lamp holder. An apprentice touched the holder with fatal results.

Two accidents connected with lifts occurred, neither of them fatal. One lift operator was cleaning a lift shaft, to do which he opened the door protecting the shaft. He fell into the shaft from the first floor. In a second case timber was being hauled up, apparently on an unenclosed lift, when two planks fell off, striking a worker on the head.

MUNICIPAL ADVOCATE'S REPORT FOR JULY.

The Municipal Advocate reports that 13,225 cases were prosecuted in the Shanghai First Special Area District Court and the Kiangsu High Court, Second Branch, during July as compared with 10,662 cases in June. 10,323 persons failed to appear in petty bye-law cases and their bail was confiscated, as compared with 7,713 persons during June. Ninety-three cases were withdrawn on the ground that there was insufficient evidence to convict, as compared with 86 cases in June. The total number of major and minor criminal cases prosecuted to completion was 2,809, as compared with 2,863 cases in June. A total of 2,613 persons were convicted, and 196 persons acquitted, as compared with 2,632 persons convicted and 231 persons acquitted during June.

In addition to the above, there were 141 private criminal prosecutions, 445 cases instituted by the Health and Public Works Departments for violation of Health and Public Works regulations, and 749 cases instituted by the Traffic Department for infringement of traffic regulations, as compared with 218 private criminal prosecutions, 526 Health and Public Works cases, and 910 traffic cases in June. 93 per cent of the persons charged were convicted as compared with 93.1 per cent, 93.6 per cent, 93.9 per cent, 93 per cent, 93.7 per cent, and 91.9 per cent for January, February, March, April, May and June, respectively.

Appeals.—(*a*) By the Council: No appeal to the High Court was filed by the Council during the month of July. Three appeals by the Council were heard during the month, with the result that the sentences were increased. The total number of appeals by the Council pending on July 31 is as follows: In the Supreme Court, 3; in the High Court 1.

(*b*) Appeals by the defendants: Sixty-four appeals were perfected during the month, ten to the Supreme Court, 49 to the High Court and five to the District Court of Appeals. Sixty-one appeals by defendants were concluded and dealt with as follows:

Accused found not guilty ..	4
Appeals dismissed	44
Appeals withdrawn	4
Sentences increased	1
Sentences reduced	6
Cases sent back for retrial	2

There were 101 appeals filed by defendants pending on July 31, as follows: In the Supreme Court, 56; in the High Court, 41; in the District Court of Appeals, 4.

Extradition cases.—Fifteen applications involving 30 persons were made by the Extra-Settlement authorities during the month. *Prima facie* cases were proved against 28 persons and they were ordered to be handed over. One accused was released owing to insufficient evidence being produced by the authorities making the application. Another accused was handed over, but ordered to be returned to the Court within three days. He was accordingly later returned to the Court and the charge against him withdrawn by the Chinese authorities concerned. Of seven accused who were released on security during June, two were resummoned and handed over to the Chinese authorities concerned during the month.

Cases Pending.—On July 31, there were pending in the High Court and District Court 66 cases, which, together with 105 cases on appeal, makes a total of 171 cases pending. In addition to the above, there were 17 cases pending in which the accused were detained on writs of detention.

Suspended Sentences. — Thirty-seven sentences of imprisonment were suspended in new cases, and one sentence was suspended on appeal.

Criminal Processes.—7,171 criminal processes were forwarded to the Shanghai Municipal Police for service; 533 criminal processes were dealt with by the Judicial Police.

Civil Processes. — 8,473 civil processes were dealt with by the process servers.

HEALTH REPORT FOR JULY.

The Acting Commissioner of Public Health reports:—

The excessive heat did not commence until about the middle of the month, and even then was not continuous, and this undoubtedly had an effect on the state of the public health which on the whole could be described as good.

Both Foreign and Chinese death rates were considerably below the average. Although true cholera was absent, summer diseases appeared again, due mainly to lack of attention to personal hygiene, and to the careless preparation of foodstuffs.

A record number of persons bitten by animals, mostly dogs, attended the Anti-Rabic Institute. This subject is dealt with more fully below.

Vital Statistics.

An outstanding feature of the month was the large number of Foreign deaths reported from accidental causes—of a total of 56 deaths notified from all causes, 12 came under the former category.

The Foreign death rate was 11.35 per mille compared with 17.87 in July last, and that of the Chinese community 12.18, against 12.72. Allowing for the fact that the system of Chinese death registration is not yet accurate (although improving month by month), the figure recorded is very low for July. Of the total Foreign deaths registered,—nearly 32 per cent. were due to preventable diseases, with Tuberculosis, as usual, the chief cause.

There were 1,100 Chinese deaths; this includes 393 unwanted bodies, of which a large proportion were of infants dumped on the borders of the Settlement.

Communicable Disease.—A number of cases of Choleraic Diarrhoea was notified but true Cholera was absent.

During the latter part of June Gastro-Enteritis occurred sporadically but increased steadily in prevalence until, on July 10, it attained epidemic proportions. Fortunately the mortality rate was low, only eight deaths being reported among the 419 cases notified. Influenza also reached epidemic intensity towards the end of the month, also with a low mortality. It is most unusual for this disease to occur in other than sporadic form at this time of year. Both the enteric, and dysentery groups showed a considerably increased prevalence, the figures for Bacillary dysentery (particularly amongst the Chinese) being definitely greater than last year.

There were two deaths from Rabies: one of the fatal cases being an Indian Policeman.

Laboratories. — Of the 2,139 pathological specimens examined, 320 gave positive results. Miscellaneous examinations included 34 samples of Shanghai Waterworks water, 56 samples of milk, and 34 samples of ice cream.

Over 2,500 cc. of Cholera vaccine were distributed gratis to various hospitals and philanthropic institutions in the Settlement.

Anti-Rabic Institute.—No fewer than 101 persons, including six from outports, called for advice, cauterization and/or treatment. This is a record attendance. Of this number, treatment was advised in 76 cases. Thirteen of the patients failed to complete the treatment recommended.

Hospital Division.

The comparatively slight incidence of major communicable disease is clearly shown in the small number of cases admitted to the Municipal Isolation Hospitals where a total of 108 patients were received. The details of these cases are shown in the tables appended.

An Indian Police Constable, bitten by a dog a year ago, developed rabies and died.

At the Ward Road Gaol Hospital, 882 cases were admitted and 248 new cases of opium habit were recorded.

Reports from the District Nurse show a moderate prevalence of Whooping cough and mild gastro-enteritis (summer diarrhoea) among children. There is a noteworthy increase in the number of maternity cases attending for ante-natal advice and/or treatment.

It has to be recorded, with regret, that there has been a comparatively high sickness rate among the Nursing Staff.

Anti-Cholera Inoculation Work.—There were 63,594 free inoculations performed in July, an increase of roughly 14,000 over the corresponding month last year. The total number of inoculations carried out since the work was commenced this year is over 180,000.

Having regard to the fact that this work is accomplished without pressure of any description, the figures are fairly satisfactory.

Veterinary Section.

The outstanding feature during July was the large number of samples of milk which were found unsatisfactory on bacteriological examination. Of 18 samples of "raw" milk thus examined, only two were up to the required standards.

It is of interest to record that a pig, brought to the Abattoir for slaughter, showed definite symptoms of rabies, and this was confirmed in due course by animal inoculation. Subsequent enquiries revealed the information that the animal had been bitten by a dog a few days previously.

Meat Supply.

Apart from a seasonal diminution in the "kill" at the pig slaughterhouses, the meat supply has been normal.

Over 9,000 lbs. of rejected and condemned meat passed through the Disposal Plant.

Markets and Bakeries.

The new Ferry Road Market was opened on July 1, spaces being allotted as usual by ballot.

Summer routine night inspections of Bakeries showed that for the most part licensees were conforming to the requirements of the Department.

Restaurants and eating houses in general require a great deal of supervision in the summer months. The slightest relaxation of vigilance on the part of the inspection staff is invariably followed by a fall in the sanitary standards of such premises.

Many space-renters in Municipal Markets had to be prosecuted for various breaches of Market Regulations.

Sanitation Division.

At a meeting of the Central Cholera Bureau on May 24, it was agreed, if possible, to re-institute a free water supply similar to last year to those parts of the Eastern and Western Districts where no constant or adequate supply exists. Through the generosity of the Shanghai Waterworks Co., this free supply commenced on July 18, from 28 hydrants, 16 in the Eastern and 12 in the Western Districts.

Fifty insanitary and unregistered squatter huts off Robison Road were demolished by the Public Works Department, and a number located on land off Ferry Road were removed at the request of the landowners. A marked improvement was effected in a controlled hutment area in Tsitsihar/Wayside Road region.

In collaboration with the Public Works Department all refuse dumps received close attention.

The onset of hot weather invariably brings a heavy crop of public complaints. Many of these concern refuse and ordure disposal (which are matters for the Public Works Department), but on investigation a considerable number are found to be due to gross carelessness or wilful neglect on the part of property watchmen or scavengers of private alleyways. However, property watchmen or scavengers nature or due to private disputes between various individuals, this Department welcomes these complaints as an indication of the awakening of a sanitary conscience among the public.

Open Air Swimming Pool.—Over 54,000 persons passed the turnstile. This is a record for any month and necessitated the temporary employment of extra staff. No serious accidents were reported, despite the overcrowding which prevailed at certain periods, the number entering on Sunday, July 23, being 4,228. In spite of the very heavy load the continuous filtration and purification plant functioned satisfactorily as shown by regular bacteriological and chemical examination of the water.

In view of recent correspondence appearing in a certain journal it is of interest to give the dimensions and area of the pool which are as follows:—

length 189 ft. breadth 74 ft.
area 12,800 sq. ft.

It will thus be seen that it is almost equal in size to the largest Public Pools in England.

General Notes.

In a recent note issued to the local papers by a certain Society, the Public were invited to pick up stray dogs and "wonks" or alternatively bring food and water and generally to come in as close a contact with them as possible.

This Department has been studying the problem of rabies, including the control of the disease, for the past thirty-four years, and continually has preached the doctrine, both in and out of season, of non-interference with such animals.

The fact that, since the beginning of the year, no less than 116 people have had to attend the Municipal Anti-Rabic Institute for treatment through being bitten or coming in contact with stray dogs or wonks is a sufficient example of this. With its intimate knowledge and experience of the risks attending the handling of stray animals the advice of this Department should not be ignored, and the *public is warned most emphatically against coming in contact* in any way with such animals, and generally to be guided by common sense, which indicates that they should avoid contact rather than allow their humanitarian principles to run away with them and so run the risk of being affected by this dreadful disease.

Here follow tables of Vital Statistics, Communicable Diseases, Municipal Laboratories, Hospitals, Tuberculosis and Venereal Diseases Clinics; and of the work of the Food and Dairies, and Markets and Bakeries Division and the Slaughter-houses.

Laboratory Report on Water

Sample of Shanghai Waterworks water
Sample received.—July 27, 1933.
Report sent out.—August 5, 1933.
Physical Characters.—Faint greenish yellow colour with very slight opacity.
pH value 7.0.

Chemical Examination:—

	Parts per 100,000
Solid matter in solution	16.0
Appearance on ignition	Very slight charring
*Total Hardness:	10.5
(a) Carbonated (temporary)	8.5
(b) Non-carbonated (permanent)	2.0
Chlorine in Chlorides	2.2
Nitrogen as Nitrates	0.0576
Saline ammonia	0.0034
Albuminoid ammonia	0.0095
Poisonous metals	Absent
Nitrites	Absent
Phosphates	Absent
Sulphates	Trace
Oxygen absorbed in 1 hour at 37° C.	0.0453

*Hardness determinations are by acid and alkali; not by soap method.

Chlorine in chloride figures have varied between 2.2 and 4.0 parts per 100,000. Nitrites have occasionally been present in traces. Free chlorine has varied from 0.03 to 0.14 parts per million in samples taken from the laboratory taps and from 0.02 to 0.10 parts per million in samples taken at other points.

Bacteriological Examinations:—

During the month 34 samples were examined, 29 from taps in various parts of the Settlement and 5 from hydrants.

Of the 29 tap samples 7 contained 25 B. Coli Communior, 15 B. Coli Communis, 36 and 365 B. neroganes, 100, 21 and 36 Indeterminate B. Coli per litre respectively.

The remaining tap and the hydrant samples all contained less than 10 organisms of the B. Coli group per litre.

Report on Analysis:—

The results of Bacteriological examination of the Shanghai Waterworks Water were not as good as for last month, as 7 tap samples out of 29 were below standard. Of the hydrant samples however none were below standard, thus indicating that whatever contamination of the taps had occurred was of a local nature.

Duty at places of amusement amounted to 11,430 hours.

The only noteworthy fire during the month was one which occurred at No. 50 Lloyd Road on the 31st.

Called by telephone at 5.38 p.m., sections from Central Station responded and found a Chinese general store a mass of flames on both floors, with a gatehouse to the north and the upper floor and roof of an adjoining shop on the south also well alight. The fire had evidently started in the rear of the ground floor of the general store and, aided by the very inflammable nature of the contents of the shop, which included a considerable number of tins of kerosene, spread so rapidly to the upper floor that the occupants thereof were trapped, their only means of egress—the rear staircase—being in flames. With the fire rapidly gaining a hold on the whole of the premises, they became panic-stricken and jumped from the first floor to an alleyway at the rear, and when the first detachment of the Brigade arrived the four persons—3 men and 1 woman—were found suffering from severe injuries. An Emergency Ambulance was sent for and, after first-aid had been rendered, they were conveyed to Hospital.

The fire gained rapid headway, spreading along the roofs of the premises on the south and, by way of an unauthorized wooden structure to dwellings on the opposite side of the alleyway at the rear, with the result that for some time the whole of this congested block of old property was seriously threatened. The Division, however, succeeded in checking it after about half an hour's work. The damage was confined to the general store, a gatehouse, the upper floor of a tailor's shop and the roofs of two other premises.

Ambulance Service.

Emergency Branch.—361 Calls were received, this figure constituting a record for any month since the inauguration of this branch of the Service in January 1931.

382 patients were conveyed to the various Hospitals.

"C" Division (Hongkew, West Hongkew, Dixwell and Kashing Roads)	399	392
"D" Division (Wayside, Yangtszepoo, Yulin Road)	344	360

Arrests for crime during the month show a decrease, 1,894 having been apprehended in July as against 2,106 in June and 2,151 in May. In addition 124 persons were taken into custody for crimes committed in previous months. Seventy-six persons were arrested on behalf of other authorities.

Two cases of murder were recorded during the month. A Chinese was found near Ferry Road suffering from a bullet wound from which he died before reaching hospital. A male Chinese cake-shop assistant was fatally stabbed by a former employee of the same place, jealousy being the motive.

One case of manslaughter occurred when a motor truck driver knocked down and killed a child aged four. He was sentenced to one year's imprisonment.

There were nine cases of simple abduction, the same as for June.

There was a total decrease of sixteen in the number of armed robberies, the figure being nine (including one case classified false) as against 25 in June. The cases were distributed as follow:

	July	June
"A" Division	2	5
"B" "	—	7
"C" "	5	3
"D" "	2	10

There were twelve cases of other robberies as against eight in June.

The number of burglaries was twenty-one as against twenty-four in June. The cases were distributed as follow:

	July	June
"A" Division	2	2
"B" "	7	6
"C" "	7	6
"D" "	5	10

The number of housebreakings was 23 as against 43 in June, a decrease of 20. The cases were distributed as follow:

	July	June
"A" Division	10	15
"B" "	5	15
"C" "	7	9
"D" "	1	4

The 670 cases of simple theft showing a decrease of one as compared with June were distributed as follow:

	July	June
"A" Division	200	233
"B" "	160	160
"C" "	185	166
"D" "	125	112

"A" Division recorded twenty-three cases of shop-lifting, an increase of seven on the figure of last month and 28 arrests. There were sixty-two cases of pocket-picking in all Divisions, a decrease of five as compared with last month, and 42 arrests. Out of 43 bicycles, two motor-cars and one motor van stolen seven bicycles, the two motor cars and one motor van were recovered while a total of thirteen arrests including two foreigners was effected.

Twenty-four cases of receiving stolen property were reported during the month, an increase of eleven as against June. There were 34 cases of snatching as against 38 in June, a decrease of four. The cases were distributed as follow:

	July	June
"A" Division	15	24
"B" "	11	7
"C" "	8	5
"D" "	—	2

Thirty-five arrests were made in connection with this type of crime.

There was a decrease of thirty-nine cases in opium offences.

The Headquarters Narcotic Section carried out twenty-six raids and apprehended eighty-five persons, twenty of whom had criminal records. Sixteen persons were sentenced to varying terms of imprisonment, six were sentenced to imprisonment and fined, 56 were fined and seven discharged. 75¼ ozs. of opium, 126½ ozs. of pills, ¾ oz. of heroin, 15 opium pipes with paraphernalia and 46 pill pipes with paraphernalia were seized.

Suicides.—Two foreign females, including one Korean, seven Chinese females and twenty-three Chinese males came to the notice of the Police as having committed suicide during the month of July.

Notable work in "A" Division included the arrest of four Chinese for complicity in the murder on July 24, 1930, of Mr. Chao Tih-chao, formerly Managing Director of the China Merchants' Steam Navigation Company, who was shot outside the Company's offices on the Bund. Investigation revealed that these men were also responsible (together with others) for the murder of another Government official and a policeman in Nanking and were in the pay of a notorious assassin wanted in connection with attempts to murder prominent Chinese Ministers and officials of high rank. Two members of the gang having been arrested previously by the Chinese Authorities, the four men arrested were also handed over to the Chinese Authorities through the medium of the Court. The raiding of a foreign-style residence in the French Concession resulted in several arrests, followed by the release of a Chinese male kidnapped on June 20, 1933, on Sinza Road. Two loaded pistols and one revolver were seized from the gang, one of whom was shot and wounded by the police party. A total of twenty-four arrests was effected, the gang being charged with two cases of armed kidnapping, one armed robbery in the Settlement and one attempted armed robbery in the French Concession.

The arrest was made of a Chinese for the larceny on June 30 of $20,000 from his employers, the Chun Kee Bond Co., in Tientsin Road. Cash and bank deposit receipts amounting to $11,000 were recovered, and the culprit sentenced to one year's imprisonment.

Notable work in "B" Division included the arrest of seven persons and the seizure of two loaded pistols and a quantity of ammunition. Two of the accused were also charged in connection with an armed robbery in Yangtszepoo District on June 15 last, and one was identified as a participant in an armed robbery at Soochow on June 30, 1933, during which shots were fired and two females wounded. Three of the accused were released. The arrest was made of two men and the seizure of two pistols and several rounds of ammunition.

Notable work in "C" Division included (1) the apprehension of three Cantonese concerned in an unarmed robbery at No. 1230 Woosung Road, (2) the arrest of four Chinese for being in possession of one pistol and five rounds of ammunition: the accused were subsequently found to have been concerned in many cases of armed robbery, murder, attempted armed robbery, etc., and were sentenced to varying terms of imprisonment, including a convict whom they implicated and who was already serving a term in Ward Road Gaol; (3) the arrest of two Chinese for larceny who were subsequently implicated in fifteen further cases of theft. They were sentenced to three years imprisonment each, and property to the value of $421.50 was recovered: (4) the arrest of three

persons for being concerned in unarmed robberies, who were sentenced to four years' imprisonment.

The following cases which are included in the month's figures in "B" Division occurred outside Settlement limits in houses on or abutting on Council roads:

Larceny	17
Miscellaneous	5

The Headquarters Crime Branch Detectives conducted investigations into twenty-three cases and effected the arrest of twenty-two persons. In addition enquiries were continued in eighteen cases previously reported.

Property valued at $196,764.72 including $125,000 involved in one shopbreaking case, was alleged to have been stolen during the month as against property to the value of $156,817.50 in June. The total value is made up as follow:

"A"	Division	$162,903.01
"B"	"	14,352.00
"C"	"	13,917.21
"D"	"	5,592.50

Property valued at $32,660.24 was recovered during the month.

Finger Print Bureau.—During the month of July the total number of records received by the Bureau from all sources was 2,827. This shows a decrease of sixteen as compared with last month and an increase of 644 by comparison with the corresponding period of last year. 2,933 gaol cards were received and checked, 1,090 being for verification of prisoners' identity on admission to gaol, 108 for checking of appeal decisions, 1,129 for verification of identity on release from gaol and 606 for checking of sentences and completing of records according to execution orders issued by the Court.

Investigations were made into seventeen reported cases of the following nature:

1 Armed robbery
1 Foreign female found dead—later proved accidental death
1 Godown-breaking
2 Shop-breaking
3 Larceny
3 Larceny motor-car
6 Office-breaking
1 Safe-breaking

Finger prints were obtained in four instances.

With a view to establishing their identity the bodies of nine unknown Chinese who had met their deaths under various circumstances were finger printed and/or photographed at the Public Mortuary. Successful results were obtained in two cases.

During the month the Crime Branch Studio took 290 photographs and printed 1,315 copies.

The number of prisoners released under Government Amnesty during July was 43, which included 17 habitual criminals, nine prisoners with previous convictions but who are not habitual criminals, and 17 who come within the category of first offenders.

Classification of offences for which prisoners released during July were serving sentences:

Armed robbery	3
Abduction	2
Rape	3
Members of criminal gang	1
Robbery	2
Extortion	2
Breaking and Entering	7
Loitering	1
Fraud	6
Counterfeit currency	1
Communist	1
Larceny	9
Snatching	5
Pickpocket	1
Opium offences	1

Since the commencement of the Amnesty 2,440 prisoners have been released under the scheme while 566 of them have been re-arrested and convicted for offences committed since their release.

Political.—Eight persons were arrested and prosecuted for offences arising out of Communist activities and 214 copies of Communist literature, including twenty-nine different kinds of pamphlets which had not been seen previously, were seized during the month under review. One of the prisoners, a Korean, was taken over by the Japanese Consular Police, four were transferred to the Authorities in Chinese controlled territory and three were on remand at the end of the month. Searches in connection with Communist activities were made during the month at twelve different addresses and incriminating literature was found at six of them.

Three Korean anarchists who were arrested by the Municipal Police in conjunction with the Japanese Consular Police on March 17, 1933, were sent to Nagasaki under escort on July 10, to stand trial on the following charges:

1. Offences contrary to Art. 201 of the Japanese Criminal Code.
2. Offences against regulations governing arms.
3. Offences against regulations governing explosives.
4. Offences against the Peace preservation law of Japan.

Strikes.—During the month there were seven strikes in the Settlement. They affected 3,815 workers and resulted in a loss of 3,973 working days. The enterprises concerned were the Riverside Power Station of the Shanghai Power Company, the Dong Fuh Printing Works, 488 Weihaiwei Road, Oppel Electric Bulb Factory, 261 Kueiyang Road, Jen Foong Silk Filature, 390 Wuchow Road, San Shing Silk Weaving Factory, four silk filatures in West Hongkew district and vegetable hongs in the Louza District. The first of these is an American establishment and the remainder belong to Chinese.

Statistics of strikes for the month under review are as follow:

Area	No. of strikes.	No. of working hands.	No. of days lost.
Settlement	7	3,815	3,973
Chinese controlled territory	6	26,652	51,341
Total	13	30,467	55,314
Total for July 1932	13	5,432	32,947

The strike in the Riverside Power Station which affected 1,200 workers, started on the afternoon of July 3 and ended on July 4. The stoppage followed a meeting at which the workers discussed modification of the Company's superannuation rules, the issue of a retiring gratuity to a worker who resigned about a week previously and the payment of $2,000 to the family of a worker who had received fatal injuries while pursuing his duties. Work was resumed through the management consenting to receive a delegation of the strikers on July 5. When the delegation appeared it submitted the following demands;

1. That each worker who retires be awarded a sum equivalent to 5 per cent. of the salary drawn for each year he completes in the company's service.
2. That the man who resigned be allowed to resume.
3. That in the event of a worker being killed in the execution of his duty a gratuity of $2,000 be paid to his relatives.

Not only did the management refuse to grant these demands but on July 7 dismissed four workers who were believed to have arranged to have them presented. Efforts subsequently made to secure the reinstatement of these men proved unsuccessful.

The dissatisfaction among silk filature workers came to a head on July 5 when 3,652 employees of nine filatures in Chapei struck work and demanded that their former rate of pay be restored and supplemented by a subsidy from sums realized by the sale of chrysalises and a weekly bonus. This strike extended the following day to 29 other filatures in Chapei and one in the Settlement, bringing the total number of persons out to 16,222. The dispute was settled on July 10 when the managements granted the operatives a flat increase of five cents each per day and promised to give them a subsidy out of the money realized from the sale of chrysalises and a weekly bonus of twenty cents.

Six thousand workers of eleven filatures in Chapei struck again on July 12, owing to the failure of the management to issue the weekly bonus but went back to work the following day, July 13.

1,440 employees of four filatures in the Settlement struck on July 13 on the plea that their colleagues in Chapei engaged on similar work were receiving higher pay. They resumed seven hours later after the managements had promised to readjust wages so as to remove the cause of their grievance.

A total of 2,061 operatives lost their employment during the month through the concerns in which they were working closing down either temporarily or for good. The number rendered idle under similar conditions in the previous month only amounted to 65 per cent. of this figure.

Two mills belonging to the Wing On Co., and seven mills belonging

to the Japan China Spinning and Weaving Co., reduced their operating time from 6¼ days to five days per week during the month. The establishments of the former company, which employ 8,000 operatives, made the change on July 15 and the mills of the latter concern which employ 5,529 hands, embarked on the new arrangement on July 22.

The Shanghai Waterworks Company decided during the month to grant an increase of 5 per cent. in wages to all its Chinese employees from August 1, 1933.

Several Chinese Generals, including Ma Chan-shan who had been engaged in fighting the Japanese army in Manchuria, arrived in Shanghai via Europe during the month and were entertained by local Chinese public bodies. As a result of discussions at gatherings in their honour, it has come to light that over $20,000,000 was raised by public subscription on behalf of General Ma, but he only admits having received $1,710,000.

The sentences passed by the Special District Court on Chinese, who were arrested by the Municipal Police in November, 1932, for being concerned in intimidating by means of bombs Chinese merchants who were suspected of dealing in Japanese goods, came under review during the month as a result of an appeal lodged by the Municipal Police. As a result of the re-trial three of these, whose sentences ranged from three months to seven years, will be obliged to serve twelve years each and one, who was originally sentenced to one month's imprisonment with suspension of sentence for two years, will be incarcerated for six years. The remaining two, whose sentences were not altered, are serving terms of one month each.

Agitations against the Municipal Council existed during the month in connection with the inspection of factories in the Settlement, requests issued to certain rubber factories to vacate their premises owing to the hazardous nature of their business, and an order of the Health Department requiring Chinese restaurants to build cold storage rooms in their establishments. The agitation in connection with the cold storage rooms started in May. The opposition of the Rubber Factory Owners' Association to orders from the Council requiring some of its members to remove their plants resulted in considerable agitation which is still continuing. The movement against the order regarding the construction of cold storage rooms has not yet subsided.

Forty-three feature films and sixty-three shorts and newsreels were censored during the month of July. Of the feature films, 35 were passed without question, six were passed after certain objectionable parts had been deleted and two were not approved. Of the short films and newsreels, 61 were passed without question and two were subject to cuts before being approved. The names of the condemned films are "International House" and "Bad Company."

Traffic.—Court proceedings were instituted in 779 (56 foreigners and 723 Chinese) of 4,256 reports of traffic offences received during the month against owners and/or drivers of vehicles. The remainder were dealt with by letter of warning or by entry of caution on their records.

Accidents. — Accidents coming under police notice during the months of July 1933 and July 1932:

	July, 1933.	July, 1932.

Persons killed or injured in accidents during July and known to have been at fault:

Killed	6
Injured	210

Bicycles were involved in 303 accidents during the month and in 160 cases the cyclists were known to have been at fault.

2,679 pullers of ricshas were charged in the Central and Louza Districts during the month for various breaches of traffic regulations including twenty-nine pullers of private ricshas found plying for public hire.

There were 28 prosecutions for motor horn nuisance during the month under review.

During July the professional story teller visited and gave seventy-eight addresses in teashops, mills, etc., on "Safety-first" themes. His audience roughly totalled some three thousand six hundred and ninety persons.

A new omnibus route (No. 8) operating between St. George's and the Bund (South end) via Bubbling Well and Nanking Road was inaugurated on July 1.

The total number of accidents recorded constituted the highest figure for any month during the year. The increase is attributed in a great measure to the larger number of pedestrians on roads at night time.

Negligent riding of bicycles continues to be the cause of a great number of accidents and the record number of 303 such accidents during the month under review has to be recorded. It is significant that at this time of the year when "joy-riding" is so prevalent during the evening hours, more than 30 per cent. of these accidents occurred between the hours of 5 p.m. and midnight, and the number of bicycles greatly exceeds the number of ricshas involved between these hours. More than 20 per cent. of accidents involving motor-cars occurred during these evening hours.

The number of persons injured (450) is the highest figure ever recorded for any one month. Of these 8.22 per cent. were of a serious nature.

There were fourteen fatal accidents during the month—an increase of seven over June, and the record for the year to date.

The percentage of children under 16 years of age injured in accidents is slightly less than last month, 21.3 per cent. as against 25 per cent.

Street inspections of public ricshas by the staff of the ricsha inspection depot were somewhat interfered with owing to sickness. Nevertheless 1,105 ricshas were found plying for hire in a defective and/or filthy condition.

Identification Office. — During the month 2,237 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 752 were identified as having a previous conviction or convictions. In addition to the above 208 records were received from the French Police out of which number 93 were identified in the records of this office, making the total for the month:—

MUNICIPAL NOTIFICATION

No. 4393.

RE-ASSESSMENT OF LAND.

Payment of Land Tax.

IN accordance with the provisions of the Budget approved at the last Annual Meeting of Ratepayers the re-assessment of land for the purpose of the levying of Land Tax became effective on July 1, 1933. A statement of the new assessment of each lot was published in the "Municipal Gazette" of March 17, 1933, April 7, 1933, May 26, 1933 and June 16, 1933, and debit notes in accordance with the re-assessed values will be sent out immediately after the publication of this notice.

Whilst the Council finds that the new assessment has been correctly and fairly made, it appreciates the fact that in many instances the increases appear exceptionally large having regard to the much lower assessments previously in force.

In view of all the special circumstances the Council has decided that registered owners of land be granted a discount of twenty per cent. on the *additional* Land Tax payable for the second half of 1933 under the new assessment effective from July 1, 1933, provided that payment is made not later than September 30, 1933.

Upon the payment of the gross amount of Land Tax in accordance with the debit note, claims for the said discount should be made on a form to be obtained from the Assistant Treasurer — Revenue, Administration Building, No. 209 Kiangse Road.

By order,
J. R. JONES,
Council Chamber, *Secretary.*

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, SEPTEMBER 15, 1933. No. 1446

FACTORY INSPECTION.

Mr. S. Fessenden, Secretary-General, Shanghai Municipal Council, on September 6 reported to the Council upon his conversations with Mr. O. K. Yui, Secretary-General of the Municipality of Greater Shanghai, in reference to the establishment of an inspectorate of factories within the International Settlement.

Details of the report are now under consideration by the Council.

ROAD EXTENSIONS AND WIDENINGS.

Poyang and Kueiyang Roads.

Negotiations have been concluded with the Metropolitan Land Co., Ltd. for the surrender, for a sum of Tls. 175, of an area of mow 0.035 required from Cadastral Lot 6365 for the scheduled widening of Kueiyang Road and deviation of Poyang Road. A further area of mow 0.329 required from the same lot has been surrendered free in accordance with Land Regulation VI.

MUNICIPAL PROPERTIES.

Wayside Market.

The existing Wayside Market, measuring mow 2.023, having become too small to meet the demands of the locality it serves, negotiations have been concluded with Mr. S. J. Judah to exchange this area for the adjoining property, portion of Cadastral Lot 1974, measuring mow 3.421, the Council to pay Tls. 32,000 as equity of exchange. The new market will be ready for occupation about September next year.

MUNICIPAL NOTIFICATION

No. 4393.

RE-ASSESSMENT OF LAND. Payment of Land Tax.

IN accordance with the provisions of the Budget approved at the last Annual Meeting of Ratepayers the re-assessment of land for the purpose of the levying of Land Tax became effective on July 1, 1933. A statement of the new assessment of each lot was published in the "Municipal Gazette" of March 17, 1933, April 7, 1933, May 26, 1933 and June 16, 1933, and debit notes in accordance with the re-assessed values will be sent out immediately after the publication of this notice.

Whilst the Council finds that the new assessment has been correctly and fairly made, it appreciates the fact that in many instances the increases appear exceptionally large having regard to the much lower assessments previously in force.

In view of all the special circumstances the Council has decided that registered owners of land be granted a discount of twenty per cent. on the *additional* Land Tax payable for the second half of 1933 under the new assessment effective from July 1, 1933, provided that payment is made not later than September 30, 1933.

Upon the payment of the gross amount of Land Tax in accordance with the debit note, claims for the said discount should be made on a form to be obtained from the Assistant Treasurer — Revenue, Administration Building, No. 209 Kiangse Road.

By order,
J. R. JONES,
Secretary.

Council Chamber,
Shanghai, September 7, 1933.

MUNICIPAL ADVOCATE'S REPORT FOR AUGUST.

The Municipal Advocate reports to the Council that in August 12,912 cases were prosecuted in the Shanghai First Special Area District Court and the Kiangsu High Court, Second Branch, as compared with 13,225 in July. 9,536 persons failed to appear in petty bye-law cases and their bail was confiscated, as compared with 10,323 in July. 106 cases were withdrawn on the ground that there was insufficient evidence to convict, as compared with 93 in July. The total number of major and minor criminal cases prosecuted to completion was 3,270, as compared with 2,809 in July; 3,009 persons were convicted, and 261 acquitted, as compared with 2,613 convicted and 196 acquitted during July.

In addition to the above, there were 235 private criminal prosecutions, 433 cases instituted by the Health and Public Works Departments for violation of Health and Public Works regulations, and 782 cases instituted by the Traffic Department for infringement of traffic regulations, as compared with 141 private criminal prosecutions, 445 Health and Public Works cases, and 749 traffic cases in July.

Of the persons charged 92 per cent. were convicted as compared with 93.1 per cent., 93.6 per cent., 93.9 per cent., 93 per cent., 93.7 per cent., 91.9 per cent., and 93 per cent. for January, February, March, April, May, June and July, respectively. The percentage of convictions for the first eight months of this year is 93 as compared with 92.2 for the first eight months of last year.

Appeals.—(a) By the Council: Three appeals to the High Court were filed by the Council during the month of August and one to the District Court of Appeals. The total number of appeals by the Council pending on August 31 was as follows: in the Supreme Court, 3; in the High Court, 4; in the District Court of Appeals, 1.

(b) Appeals by Defendants: Fifty-one appeals were perfected during the month, 13 to the Supreme Court, 32 to the High Court and six to the District Court of Appeals. Fifty-two appeals by defendants were concluded and dealt with as follows:

Accused found not guilty	3
Appeals dismissed	37
Appeals withdrawn	5
Sentences reduced	5
Cases sent back for retrial	2

There were 100 appeals filed by defendants pending on August 31, as follows: in the Supreme Court, 65; in the High Court, 31; in the District Court of Appeals, 4.

Extradition Cases.—Fifteen applications involving 22 persons were made by the Extra-Settlement Authorities during the month. *Prima facie* cases were proved against 21 persons and they were ordered to be handed over. One person was released owing to insufficient evidence being produced by the authorities making the application.

Cases Pending.—On August 31, there were pending in the High Court and District Court 60 cases, which, together with 108 on appeal makes a total of 168 cases pending. In addition to the above, there were 15 cases pending in which the accused were detained on writs of detention.

Suspended Sentences.—Twenty-two sentences of imprisonment were suspended in new cases, and three sentences were suspended on appeal.

Criminal Processes. — 8,423 criminal processes were forwarded to the Shanghai Municipal Police for service; 682 criminal processes were dealt with by the Judical Police.

Civil Processes. — 10,034 civil processes were dealt with by the process servers.

MUNICIPAL NOTIFICATION

No. 4092.

TRAFFIC REGULATIONS.

THE following extract from the above Municipal Notification is re-published for general information:—

Regulation No. 44 is amended by the addition of the words "(except an omnibus)" and will read as follows:—

"No passenger motor-vehicle or motorcycle shall pass another passenger motor vehicle (except an omnibus) or motorcycle in motion, and no freight motor vehicle shall pass another freight motor vehicle or any other motor vehicle in motion proceeding in the same direction: 1.—On all roads within the Settlement in: (*a*) The Central District, (*b*) The Northern District, (*c*) The Eastern District from the Hongkew Creek eastwards as far as Dalny Road, and (*d*) The Western District from Thibet Road westwards as far as Mohawk and Myburgh Roads and on Bubbling Well Road, East of Yates Road; 2.—On the North Szechuen and Kiangwan Roads from the Settlement Boundary northwards to the point where the latter road passes beyond the jurisdiction of the Council.

"Motor vehicles following each other closely shall follow the course taken by the leading motor vehicle."

By order,
J. M. McKEE,
Acting Secretary.

Council Chamber,
Shanghai, May 21, 1931.

MUNICIPAL NOTIFICATION

No. 4393.

RE-ASSESSMENT OF LAND.

Payment of Land Tax.

IN accordance with the provisions of the Budget approved at the last Annual Meeting of Ratepayers the re-assessment of land for the purpose of the levying of Land Tax became effective on July 1, 1933. A statement of the new assessment of each lot was published in the "Municipal Gazette" of March 17, 1933, April 7, 1933, May 26, 1933 and June 16, 1933, and debit notes in accordance with the re-assessed values will be sent out immediately after the publication of this notice.

Whilst the Council finds that the new assessment has been correctly and fairly made, it appreciates the fact that in many instances the increases appear exceptionally large having regard to the much lower assessments previously in force.

In view of all the special circumstances the Council has decided that registered owners of land be granted a discount of twenty per cent. on the *additional* Land Tax payable for the second half of 1933 under the new assessment effective from July 1, 1933, provided that payment is made not later than September 30, 1933.

Upon the payment of the gross amount of Land Tax in accordance with the debit note, claims for the said discount should be made on a form to be obtained from the Assistant Treasurer — Revenue, Administration Building, No. 209 Kiangse Road.

By order,
J. R. JONES,
Secretary.

MUNICIPAL PROPERTIES.

Tsze Pang Road—Surplus Creek Land.

An area of mow 0.029 of surplus creek land fronting Cadastral Lot 995, Tsze Pang Road, has been sold to Messrs. Hansons for a sum of Tls. 783.

INDUSTRIAL ACCIDENTS DURING AUGUST.

Twelve industrial accidents, involving fourteen workers, and two dangerous occurrences, were reported through Shanghai Municipal Police channels in August. Five fatalities occurred; nine persons were injured. Four of the five fatalities were associated with electrical apparatus, two out of the four deaths having been caused during operations on buildings under construction. Six workers out of the fourteen who were the victims of accidents were engaged on building construction. Three accidents, none of them fatal, occurred in textile mills. One fatal acident was of an occupational nature, but not associated with an industrial undertaking.

Neither of the two dangerous occurrences due to explosion was accompanied by fatalities. An air compressor tank in a gasoline station exploded, causing wrecking of all glass in the building. The cover of one of ten large steam ovens in a machine-made-brick factory blew off with violence, wrecking a wall and a reinforced concrete post. The vessel receded some six to eight feet by the force of the blow. The explosion occurring at night, no injury was sustained by any worker. Expert examination showed faulty design of the cover, as well as faulty metal texture.

All three of the textile accidents were the result of unguarded machinery. In the first, a projecting set screw attaching a pulley to a mainshaft was not countersunk, cut off, or guarded. A woman worker was carrying on her arm a hank of yarn: it caught on the screw, wrenching her arm till it fractured. A second worker was removing waste which hangs in a film on a cotton carding machine. A third textile accident occurred on a spinning frame when an experienced worker was changing a driving cord. His arm was caught at the unguarded nip between two tin rollers, tearing the flesh and breaking both forearm bones. The machine was modern, constructed in 1932, yet it did not bear the guards in use according to law in the country of origin.

Electrical accidents continue to cause the greatest number of fatalities. An apprentice was sent by his master to a storeroom to get boxes. He attempted to repair a push-button pendant type of switch with wooden body, and received a shock from which he succumbed. The wood of some switches of this type is liable to crack and a shock may thus be obtained. A second fatality occurred in an engineering works while power leads were being connected to a portable electric drill, 350-volts, three phase. It is assumed that a wrong connection was made, transposing the earth wire with one of the current leads. This caused the drill to become alive, giving the fatal shock. A third fatality occurred while marble was being polished in a new building under construction. A three phase, 350-volts motor was geared to a polishing wheel on a vertical spindle. A three pole iron-clad combined switch and fuse was mounted on a bracket on the machine for starting and stopping. Upon the makers examining the machine, it transpired that two of three connections at the machine had been reversed, causing the polisher to work in the wrong direction. The deceased man apparently tried to rectify the error and left the plug in the plug base while so doing. In any event, since these machines operate on wet floors, an efficient "earth" is essential.

A non-fatal electrical accident occurred in electric arc welding. Without opening the main switch, a fitter attempted to pull out a metal-shelled plug top connecting flexible cord to a motor generator for generating direct current. He received a shock which caused him to fall to the ground clutching the live plug. He sustained severe burns on the chest. It appears that one of the connections in the plug top had come adrift, causing a live wire to make contact with the plug shell. Inefficient earthing probably contributed to the accident. A separate earth wire called the ground and was subject to mechanical injury. A more effective earth could have been obtained.

PUBLIC HEALTH DEPARTMENT.

Notification of Communicable Diseases.

MEDICAL Practitioners are hereby informed that with effect from August 1, 1933, Gastro-Enteritis is withdrawn from the official List of Notifiable Diseases.

By order,

J. R. JONES,
Secretary.

Council Chamber,
Shanghai, August 4, 1933.

PUBLIC WORKS REPORT FOR AUGUST.

In his report the Commissioner of Public Works states that the reconstruction of Kashing Road Bridge over the Hongkew Creek was begun on August 15, and the new Yangtszepoo Police Station and Barracks were handed over to the Police Department on the 31st. Construction of Chengtu Road Police Station has advanced to the stage of laying wood block to the upper floors, while concrete to all foundation beams has been poured at the new Central Police Station and the construction of the ground floor column is in hand. The timber floors throughout the Western District Public School for Boys, Yu Yuen Road, are complete, the doors are being hung, and the hardware is being installed. Other municipal properties upon which construction work has been appreciably advanced during the month are the Ward Road Gaol Extension, the Abattoir on Sawgin Road and the Point Sub Fire Station, Pingliang Road.

Electric Crane, Wayside Public Wharf.—The following figures relate to the lifts effected by the electric crane at Wayside Public Wharf during the month: lifts, 449; weight, 567 tons; fees paid, Tls. 188.45.

Pingchiao Quarry.—During the month the Public Works Department received 684.39 fong of materials.

Cleansing and Watering.—Road sweepings collected, 2,483 tons; gully deposit removed, 2,251 tons; water used for street watering by mechanical water wagons 2,096,000 gallons; water used for washing roads, 2,048,000 gallons.

House Refuse.—1,620 tons of house refuse were removed by motor trucks and 4,166 tons by barrows, etc., to Western and Eastern Districts for land raising. 14,921 tons of house refuse were taken away by contractor's boats. 2,850 tons of house refuse and 726 tons of road sweepings were sent to Muirhead Road Incinerator. 4,048 tons of house refuse and 346 tons of road sweepings were sent to Penang Road Incinerator.

Labour.—The average number of labourers employed by highways, sewerage and parks was as follows: —coolies, 7,550; artisans, 615; foremen, 424.

Concreteware.—The following has been produced during the month: hand made, 13,362 pieces; machine made, 2,638 pieces.

Work Shelters.—There were 700 admissions during the month, 68 cubic feet of stone broken, and 768 bundles of wood chopped.

New Buildings.—There were 479 blocks of buildings under construction during the month. 255 plans were submitted for approval and 175 were approved. 58 valuations of blocks of buildings for assessment purposes were made and 4,070 inspections made by inspectors.

HEALTH REPORT FOR AUGUST.

The Acting Commissioner of Public Health reports:—

The chief feature of the month was the prevalence of bacillary dysentery. As a result, the foreign death-rate rose appreciably, though the mortality occurred almost entirely amongst the Japanese community (including the Naval Landing Force). The number of fatal cases amongst the Chinese community also registered a slight increase. Apart from this, and having regard to the fact that cholera still remains absent, the general health of the community during August may be considered satisfactory.

Vital Statistics. — The foreign death rate was 15.43 per mille compared with 12.63 in August last, and that of the Chinese community 13.91, against 13.22.

The foreign deaths in the Settlement totalled 60, and of this figure the majority were Japanese, among which nation 24 were due to bacillary dysentery.

There were 1,262 Chinese deaths recorded among residents; 441 unwanted corpses were removed.

Communicable Diseases. — Both the amoebic and bacillary types of dysentery have been most prevalent. Altogether 304 resident cases were notified.

Influenza of a mild nature continued in epidemic form, and among the Chinese only eight deaths were reported.

Typhoid fever showed a considerably increased incidence over last month, and while its prevalence among the Chinese can be ascribed to a certain extent to improved notification, its increase among the foreign population indicates the importance of preventive measures, particularly anti-typhoid inoculation.

Laboratories.

Of the 2,827 specimens examined, 878 were for amoebic and/or bacillary dysentery. Miscellaneous examinations included 48 samples of Shanghai Waterworks water, 59 samples of milk, and 34 samples of ice cream.

Over 4,000 cc. of cholera vaccine were distributed gratis to various hospitals and philanthropic institutions of the Settlement.

Anti-Rabic Institute. — Seventy-six persons, including eight from outports, called for advice, cauterization and/or treatment, and in 63 cases treatment was advised. Of this number 14 received full treatment, 30 precautionary treatment and in 19 cases patients failed to complete the treatment recommended.

It is most unsatisfactory to have to mention continually that a number of patients failed to complete the treatment prescribed, and while the great majority of these people are persons of the lower classes, it is hoped that such people will realize that they owe it to the community, as well as to themselves, to finish the treatment.

Hospital Division.

With the exception of the tuberculosis wards, the Municipal Isolation Hospital has been comparatively quiet.

Three cases of smallpox and 12 of scarlet fever were admitted into the Chinese Isolation Hospital, while six cases of tuberculous meningitis proved fatal. A case of leprosy admitted from the Gaol, was returned to his home in Chapei (on expiry of sentence) to attend the clinic there.

At the Ward Road Gaol Hospital over 900 cases received treatment. There were 25 new cases of pulmonary tuberculosis, and 308 were treated for opium habit.

Anti-Cholera Inoculation Work.—The mobile squads performed 55,698 free inoculations which, having regard to the complete absence of the disease and the lateness of the season, may be considered a fairly satisfactory result.

Publicity.—Several new posters have been designed and issued. Cinema films dealing with cholera and various other health problems have been displayed in many of the local cinemas as well as in the principal Branch Health Offices.

Veterinary Division.

Compared with the July figures the average milk production decreased 1.2 per cent. but the total is still 31 per cent. over the corresponding month last year. Of the number of milk samples recorded as being unsatisfactory, the majority were from Grade "B" dairies.

Tuberculin Testing.—At the request of a certain dairy, re-testing of the herd was performed and showed an increase in positive reactors from 41.1 per cent. to 45.9 per cent. during the last three months.

Meat Supply.—The supply of meat has been normal, but an increase of 8.63 per cent. in the kill of pigs, and 17.7 per cent. of oxen over last month was recorded.

Over 16 tons of rejected and condemned meat products passed through the Disposal Plant, while 10 carcases were cremated at the Muirhead Road Incinerator.

Markets and Bakeries.

All have been maintained in a satisfactory condition. Supervision of market produce continues daily from opening to closing of the markets. Attention has been paid, as usual, to the prevention of cruelty to all kinds of livestock, and summonses are pending against certain offenders.

Sanitation Division.

Considerable progress was made with improvements in general sanitation, and particularly in certain "squatter" hut areas in the Eastern district.

Refuse dumps have been kept under close supervision and fly-breeding minimized.

Observations made during mosquito reduction work disclosed the startling fact that the large dragon fly larvae were consuming our stocks of *Gambusia*, the predatory top minnow which the Department has been propagating assiduously for the past few years. This discovery is being further investigated.

Open Air Swimming Pool.—There were 47,524 bathers, a considerable drop compared with July. The total number since the opening of the Pool on May 15 is 115,704.

General Notes.

During the latter part of the month the water from the mains had a noticeable taste, difficult to define exactly, but described by many as "mouldy" or "earthy." This was accompanied by a slight odour, of a faintly aromatic quality, noticeable in water running freely from a tap.

This condition was general over the Shanghai area and was found by the Waterworks Company to be more marked in the raw river water than after its purification. Though this taste was evident, no perceptible difference in the quality of the water was detectable by chemical tests and the bacterial purity of samples direct from the mains remained unaffected. There was nothing to suggest that the water was in any way less wholesome than before.

The actual cause of the taste is obscure, but is probably connected with the long spell of dry weather and consequent low water in the river in conjunction with the biological processes of some low form of vegetable life. The agent itself is volatile in steam, and distilled water prepared from river water during this period has been found to possess the same flavour as the river or mains water.

No history exists of any similar general abnormality having been experienced in the past, and experiments which have been conducted by the Waterworks Company have indicated a method of treatment which it is hoped will obviate future recurrence.

It should be noted that this Department and the Shanghai Waterworks Company co-operate very closely in the matter of the examination of the water supply. If, on examination in the Municipal Laboratory, a sample is found which is not up to the very high standard demanded, the Company is notified immediately and effective measures are taken at once to investigate the cause and rectify the matter. Actually the number of samples below standard is very small and poor results are due, as a rule, to local contaminations resulting from repairs and/or alterations to mains, etc.

Here follow tables of Vital Statistics, Communicable Diseases, Municipal Labofatories, Hospitals, Tuberculosis and Venereal Diseases Clinics; and of the work of the Food and Dairies, and Markets and Bakeries Division and the Slaughterhouses.

Laboratory Report on Water

Sample of Shanghai Waterworks water

Sample received.—August 27, 1933.

Report sent out.—September 6, 1933.

Physical Characters.—Faint greenish yellow colour with very slight opacity. pH value 7.6.

Chemical Examination:—

Parts per 100,000

Solid matter in solution	20.0
Appearance on ignition	slight charring
*Total Hardness:	13.6
(a) Carbonated (temporary)	11.0
(b) Non-carbonated (permanent)	2.0

Poisonous metals	Absent
Nitrites	Absent
Phosphates	Absent
Sulphates	Trace
Oxygen absorbed in 1 hour at 37° C.	0.0756

*Hardness determinations are by acid and alkali: not by soap method.

Chlorine in chloride figures have varied between 1.4 and 3.4 parts per 100,000. Ammonia figures have been normal and nitrites rarely present. Free chlorine has varied from 0.04 to 0.29 parts per million in samples taken from the laboratory taps and from zero to 0.10 parts per million in samples taken at other points.

An abnormal taste was evident in the water during the latter half of the month. This taste was present in the raw water before purification and probably originated from some form of vegetable growth. There was no indication of the water being rendered in any way unwholesome.

Bacteriological Examination:—

During the month 48 samples were examined, 39 from taps in various parts of the Settlement and 9 from hydrants.

Of the 39 tap samples three contained 25, 120 and 1570 Indeterminate organisms of the B. Coli group per litre respectively. Four contained 45, 57, 120 and 3140 B. aerogenes per litre respectively, and four contained 25, 70, 120, and 5800 B. Coli Communis per litre respectively.

Of the 9 hydrant samples two contained 3140 B. Coli Communior and 615 Indeterminate organisms of the B. Coli group per litre respectively.

The remaining tap and hydrant samples contained not more than 10 organisms of the B. Coli group per litre.

Report on Analysis:—

The water supplies on the whole were not so satisfactory as last month. It should be noted, however, that the two hydrant samples not up to standard were taken from mains recently put into operation and the poor results in these two cases were due to insufficient preliminary flushing. In some of the bad tap samples it is probable that the tap itself was unsatisfactory.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, SEPTEMBER 29, 1933. No. 1448

MOTOR-CAR RADIO ALARM SYSTEM.

Anti-Kidnapping Enterprise Given Permission to Operate.

The Council, on September 20, endorsed the recommendation of the Watch Committee that permission be given to the Radio Protection Company to instal and operate a radio alarm system for motor-cars in co-operation with the Municipal Police.

The Radio Protection Company applied for a five-year monopoly franchise for a system involving the installation at Municipal Police Stations of radio receiving sets operating in conjunction with automatic sending sets carried in each subscriber's private car, thereby enabling the transmission of alarm signals in the event of an attack by kidnappers. The Company informed the Council that the charge for a subscriber's set would range between $700 and $1,200. If granted the monopoly of operation in conjunction with the Police, the Company stated that it was prepared to furnish, instal and maintain all apparatus in the Police stations at its own expense and risk, to the satisfaction of the Council. It also offered to train Police personnel to operate the receiving apparatus.

After discussion, the Watch Committee decided to recommend to the Council that the Radio Protection Company be given permission to instal and operate a radio alarm system for motor-cars, etc., in co-operation with the Police, but entirely at the Company's expense, for a period of three years, provided that the Council is satisfied as to the continued efficiency of the system, such permission not to imply any guarantee or recommendation by the Council.

OPEN AIR SWIMMING POOL.

With effect from October 1, the Municipal Open Air Swimming Pool will be closed for the year.

RICSHA COMMITTEE.

The Council, on September 20, resolved that a special Committee, composed of Messrs. E. F. Harris, E. Y. B. Kiang, P. W. Massey and M. T. Tchou, together with a fifth member to be co-opted, be appointed to consider the question of public ricsha licences and regulations.

PREVENTION OF CRUELTY TO ANIMALS.

Council Unable to Adopt Local Society's Proposal.

The Shanghai Society for the Prevention of Cruelty to Animals recently wrote to the Council expressing the desire to engage a permanent paid inspector for duty in the Foreign Settlement, the appointment to be made with the approval and co-operation of the Council. The Society proposed that it should pay the inspector's salary, but that in all other respects he should be the servant of the Council under direct Police control and discipline. Alternatively, the Society suggested that the Council should appoint an inspector and that the Society should, if necessary, contribute towards his salary, but otherwise have no interest whatever in him.

The proposal was given careful consideration by the Watch Committee at its last meeting, when the opinion was expressed that, in the absence of legislation, the Society's proposal was not a practical one. The Police offered no objection to the Society engaging its own official to exercise the rights of a private individual in reporting cases of cruelty to the Police.

The Acting Commissioner of Public Health reported that his Department had power under the appropriate regulations to deal with cases of cruelty to animals in markets.

The difficulties arising from the state of the law in China were explained by the Secretary, who also referred to the status of prevention of cruelty inspectors in Great Britain and the United States of America.

Members of the Watch Committee agreed that the Shanghai Society for the Prevention of Cruelty to Animals merited the Council's sympathy and moral support, but under the peculiar conditions prevailing here it recommended the Council that, while it was willing to assist the Society and its officers, the Society's proposals for the appointment of an inspector under the Council be not entertained.

The Council has adopted this recommendation.

RE-ASSESSMENT OF LAND.

Payment of Land Tax.

IN accordance with the provisions of the Budget approved at the last Annual Meeting of Ratepayers the re-assessment of land for the purpose of the levying of Land Tax became effective on July 1, 1933. A statement of the new assessment of each lot was published in the "Municipal Gazette" of March 17, 1933, April 7, 1933, May 26, 1933 and June 16, 1933, and debit notes in accordance with the re-assessed values will be sent out immediately after the publication of this notice.

Whilst the Council finds that the new assessment has been correctly and fairly made, it appreciates the fact that in many instances the increases appear exceptionally large having regard to the much lower assessments previously in force.

In view of all the special circumstances the Council has decided that registered owners of land be granted a discount of twenty per cent. on the *additional* Land Tax payable for the second half of 1933 under the new assessment effective from July 1, 1933, provided that payment is made not later than September 30, 1933.

Upon the payment of the gross amount of Land Tax in accordance with the debit note, claims for the said discount should be made on a form to be obtained from the Assistant Treasurer — Revenue, Administration Building, No. 209 Kiangse Road.

PLANS FOR NEW GIRLS' SCHOOL PASSED.

Building on Range Road Will Accommodate 500 Pupils.

The Council, on September 20, considered a number of educational matters which were recorded in the minutes of the Education Board meeting of September 13. On that date the Board recommended the acceptance of final plans for the new Public and Thomas Hanbury School for Girls, which is to be erected on the former Victoria Nursing Home site, Range and Woosung Roads.

The Education Board not only examined the plans and a wooden model of the proposed building, but deliberated upon the arrangement of the building, which includes accommodation for boarding 24 pupils, as provided in the terms of the Hanbury Trust.

The Superintendent of Education stated that the classrooms would mostly be of standard size, though a few would be larger than the average. The present enrolments in the Boone Road School and the Thomas Hanbury School for Girls totalled 481, so that in replacing these schools by one new building, provision for 500 pupils left little room for expansion. A cookery room was provided in the building and two science laboratories were included. The hall, with a seating accommodation for at least 350 pupils, would be used mainly as a gymnasium but also as an assembly hall.

The Council approved the plans.

SECONDARY SCHOOLS FOR CHINESE.

School Leaving Certificate Examination Proposed.

The Superintendent of Education reported to the Education Board on September 13 that he was in receipt of the latest regulations regarding the abolition of the Hongkong Matriculation Examination and its substitution by the School Leaving Certificate Examination. The Hongkong Matriculation Examination would be held in November this year for the last time. The Board had agreed on June 14 that in the autumn consideration would be given to the appointment of a Sub-Committee to consider the question of instituting a Council School Leaving Certificate examination, as by that time it was expected that a report on the revision of the curriculum would be available. The Superintendent of Education added that certain changes in the curriculum and the timetable were now being made, and a memorandum on this subject would be submitted shortly. In the interests of pupils proceeding to other institutions it might be necessary to hold the examination at the end of June.

ROYAL DRAWING SOCIETY'S EXAMINATIONS.

Four Municipal Council schools conducted Royal Drawing Society School Examinations in the Spring of this year and the following results have just been notified:

There is a total of 1,614 cases of reported crime, which is an increase of 159 on the figures for July and 199 more than in the corresponding period of last year. "A" Division shows an increase of 44, "B" Division an increase of 23, "C" Division an increase of 22, and "D" Division an increase of 70, these increases being mostly due to opium and gambling offences brought to light as a result of police raids and arrests. The cases were distributed as follows:

	Aug.	July
"A" Division (Central and Louza)	432	388
"B" Division (Sinza, Bubbling Well, Gordon and Pootoo Road)	347	324
"C" Division (Hongkew, West Hongkew, Dixwell and Kashing Road)	421	399
"D" Division (Wayside, Yangtszepoo, Yulin Road)	414	344

Arrests for crime during the month under review show an increase, 2,354 having been apprehended in August as against 1,894 in July, and 2,106 in June. In addition, 135 persons were taken into custody for crime committed in previous months. Seventy-eight persons were arrested on behalf of other authorities.

Five cases of murder were recorded during the month. An official in the employ of the Chinese Government and his bodyguard were fatally shot at the Sun Sun Hotel, when persons responsible made good their escape through the confusion which followed. A Chinese building foreman was struck on the head and back with an axe by one of the Chinese carpenters working on the same premises in Kiaochow Road and succumbed to his injuries. A Chinese female was reported to have been murdered by a Portuguese citizen and her body despatched to Kobe, Japan, in a trunk, where it was discovered on arrival. The Portuguese and his brother were subsequently arrested, charged with the offence and sent to Macao for trial. A male British subject was fatally stabbed in the Wayside district and a foreign female, also a British subject, was charged before H.B.M's Police Court. A Chinese male, a member of a criminal gang, was shot by one of his confederates as a result of a quarrel and thrown into a creek in Yangtszepoo Road. He later died in hospital.

There were three cases of attempted murder during the month. A well-known gangster and several of his friends were fired at by a rival gang on Foochow Road, without anyone being injured. Seven arrests were effected in connection with this case. A Chinese of the beggar type was seriously stabbed by one of his class over a quarrel in connection with jobs allotted to them. A Chinese male was seriously wounded by his brother on Kiangwan Road, the latter being arrested, charged and sentenced to six years' imprisonment.

One case of manslaughter occurred in the Bubbling Well District. A male Chinese, driving a motor truck on Avenue Road without a permit, knocked down an elderly Chinese woman. He was sentenced to four months' imprisonment.

There were six cases of simple abduction, a decrease of three as compared with July.

There was an increase of nine cases in the number of armed robberies, the figure being 18 as against nine in July. The cases were distributed as follows:

	August	July
"A" Division	3	2
"B" "	5	—
"C" "	7	5
"D" "	3	2

There were eight other robberies as against 12 in July.

The number of housebreakings was 19 as against 23 in July, a decrease of four. The cases were distributed as follows:

	August	July
"A" Division	6	10
"B" "	7	5
"C" "	2	7
"D" "	4	1

The 678 cases of simple theft, showing an increase of eight as compared with July, were recorded as follows:

	August	July
"A" Division	199	200
"B" "	147	160
"C" "	193	185
"D" "	139	125

"A" Division recorded 14 cases of shop-lifting, a decrease of nine on the figure for last month, and 24 arrests. There were 54 cases of pocket-picking in all Divisions, a decrease of eight as compared with last month, and 39 arrests. Out of 55 bicycles, four ricshas and one pushcart stolen, 17 bicycles, three ricshas and the pushcart were recovered, while 19 arrests were effected.

Fourteen cases of receiving stolen property were registered during the month, a decrease of 10 as against July.

There were 28 cases of snatching as against 34 in July, a decrease of six. The cases were distributed as follows:

	August	July
"A" Division	11	15
"B" "	10	11
"C" "	4	8
"D" "	3	—

Twenty-nine arrests were made in connection with this type of crime.

There was an increase of 79 cases in opium offences.

The Headquarters Narcotic Section carried out 25 raids and apprehended 84 persons. 22 of the total number had criminal records and 22 were sentenced to various terms of imprisonment, in seven cases of which imprisonment was supplemented by fines and in one the sentence was suspended for two years. 54 persons were fined, six were discharged and two who were connected with a heroin factory at 1 Wonglo Road, are still on remand. 8703 ozs. of opium, 1053 ozs. of pills, 24 pill pipes with paraphernalia and 17 opium pipes with paraphernalia were seized.

Notable Work.—Notable work in "A" Division included: (1) the arrest of five Chinese for being concerned in a highway robbery off Tientsin Road. Three of the gang were sentenced to three-and-a-half years' imprisonment and two were released. (2) The arrest of a Chinese trickster concerned in several cases of fraud by obtaining goods from five foreign and Chinese firms. He was found to have a record of three previous convictions for similar offences and was sentenced to 6½ years' imprisonment. (3) The arrest of two Chinese charged with participating in an armed robbery on North Soochow Road in June, when $1,300 was stolen from an exchange shop assistant by a gang of four robbers.

Notable work in "C" Division included: (1) the arrest of three Chinese on suspicion of being members of an armed robber gang when shots were exchanged between them and the police, resulting in the wounding of one pedestrian and one Chinese Detective Constable. Later, a fourth member of the gang was taken into custody. One pistol and nine rounds of ammunition were seized. Three of the accused were charged with committing several armed robberies and were sentenced to varying terms of imprisonment, while one was released. (2). The arrest of a Japanese male for being in possession of two pistols, four magazines and 200 rounds of ammunition. He was charged before his consular court when the case was remanded *sine die*. (3) The

arrest of a male Chinese on a charge of theft from a dwelling house on Range Road when 13 further charges were preferred against him. Property to the value of $505 was recovered from various pawnshops. The accused was sentenced to four years' imprisonment. (4) The arrest of four male Chinese members of a robber gang on Cunningham Road, all of whom were handed over to the Public Safety Bureau on the authority of a District Court Despatch Warrant and charged with unarmed highway robbery. (5). The arrest of one armed desperado at the scene of an attempted armed robbery in Tungchow Road, and the subsequent arrest of three others, all of whom are under remand on a writ of detention. (6). The arrest of 13 male and two female Chinese on suspicion of being members of a criminal gang and the seizure of a pistol and 20 rounds of ammunition. While on remand eleven charges of armed robbery, armed highway robbery, possession of firearms and ammunition and receiving stolen property were preferred against them.

Notable work in "D" Division included: The arrest of two Chinese charged with participating in an armed robbery. They were sentenced to three years and six months' imprisonment each. One imitation pistol was seized. The arrest of three Chinese in possession of a pistol and 13 rounds of ammunition and one imitation pistol. They admitted forming a gang to commit armed robberies and were sentenced to one year's imprisonment each.

The following cases which are included in the month's figures in "B" Division occurred outside Settlement limits in houses on or abutting on Council Roads: Larceny, 13; burglary, 3; receiving stolen property, 2; snatching, 2; miscellaneous, 7.

The Headquarters Crime Branch Detectives conducted investigations into 35 cases and effected the arrest of 31 individuals. In addition enquiries were continued in 13 cases previously reported.

Stolen Property.—Property to the value of $86,447.01 was alleged to have been stolen during the month as against property valued at $196,764.72 in July. The total is made up as follows:

"A" Division	$39,186.71
"B" "	13,005.63
"C" "	26,053.60
"D" "	8,201.07

Property valued at $52,121.67 was recovered during the month.

Nine Chinese females and 21 Chinese males came to the notice of the police as having committed suicide during the month of August.

Three thousand one hundred and eleven records were received by the finger print bureau during August. This shows an increase of 284 as compared with last month and an increase of 828 by comparison with the corresponding period of last year.

Two thousand eight hundred and ninety-five gaol cards were received and checked during the month, 1,300 being for verification of prisoners identity on admission to gaol, 68 for checking of appeal decisions, etc. 1,080 for verification of identity on release from gaol and 447 for checking of sentences and completing of records according to execution orders issued by the Court.

Investigations were made into 24 reported cases of the following nature: 5 armed robbery, 6 burglary, 1 cargo broaching, 5 larceny, 4 larceny motor-car, 2 murder, 1 attempted murder.

Finger prints were obtained in nine instances.

With a view to establishing their identity the bodies of six unknown Chinese who had met their deaths under various circumstances were finger-printed and/or photographed at the Public Mortuary. Successful results were obtained in one instance.

During the month the crime branch studio took 313 photographs and printed 1,016 copies.

Releases Under Amnesty.—The number of prisoners released under Government Amnesty during August was 27 which included 13 habitual criminals, four prisoners with previous convictions but who are not habitual criminals, and ten who come within the category of first offenders.

The only serious fire attended by the Brigade during the month was that which occurred at the American Drug Co. factory, 83 Ward Road, on the 15th.

The call, to which three machines from Yangtszepoo Station first responded, was received at 11.38 p.m. and when the first detachment arrived it was found that the fire had gained a strong hold on the eastern section of the first floor of the main factory, a two-storeyed building.

The flames were spreading rapidly and threatening the remainder of the factory block, as well as adjacent buildings, which included the hazardous goods godown, with the result that, while jets were being got to work up the main staircase and through the first floor windows from all sides, a call for assistance in the form of additional machines from Central Station was turned in, and, in view of the presence of noxious gases and dangerous chemicals, the Rescue Squad was sent for.

Despite the strong fumes and intense heat, prompt and efficient work by the combined Divisions confined the fire to the eastern portion of the upper floor and the flames were prevented from spreading to the ground floor where considerable quantities of highly-explosive chemicals were stored.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, OCTOBER 13, 1933. No. 1450

OUTSIDE ROADS.

The Secretary-General informed the Council at the meeting on October 3 that the Chinese authorities were not in a position to resume the extra-Settlement roads negotiations.

———

FACTORY INSPECTION.

On October 3, Mr. S. Fessenden, Secretary-General, reported to the Council upon his recent interviews with Mr. O. K. Yui, Secretary-General to the Municipality of Greater Shanghai, in regard to the establishment of a factory inspectorate in the Settlement. Mr. Fessenden, having explained to Mr. Yui that the Municipal Council was unable to withdraw from the principle that control of factory inspection in the Settlement must rest with the Council, was informed that the Chinese authorities would in no circumstances recede from their position that the whole question of factory control and regulation was peculiarly within their own province. Mr. Yui added that the Chinese authorities would not accept the Council's contention that it should have control of factory inspection in the Settlement, and if the Council had nothing to add to its previous representations the negotiations might be considered at an end.

In discussing the work now being done in connection with hazardous trades in the Settlement, it was explained to the Council that numerous rows of "li" houses had been converted into small factories, which were not well adapted to the work undertaken. Some of them constituted serious fire risks in themselves and oftentimes in relation to adjoining premises, besides being in many cases extraordinarily unhealthy for workers. In spite of the deadlock in negotiations, much could be done towards reducing the risks in rubber and other factories, without going beyond the powers already vested in the Council under Bye-law XXXV. Many owners of small factories had erred through ignorance, and when the dangers were explained to them they asked the Council for advice and assistance.

The Chairman of Council expressed the hope that means would be found to solve the difficulty with the Chinese authorities, although he took it for granted that the Council had no intention to recede from its position regarding control of inspectors in its own area.

GENERAL MUNICIPAL RATE ASSESSMENTS.

China Motors, No. 702 Bubbling Well Road.

The China Motors, Fed. Inc., U.S.A., appealed against the Council's assessment on their premises for the purposes of General Municipal Rate. The matter came before the Finance Committee on September 21, when it was stated that the points raised by the Corporation had been fully considered by the Rate Assessment Committee.

The Finance Committee was informed that the firm's representative was given full opportunity to express his views at the meeting of the Rate Assessment Committee on July 20, and that no new arguments had been submitted.

The Committee recommended that the assessments be upheld, and the Council has adopted this recommendation.

Sincere Co., Ltd., No. 550 Nanking Road.

With reference to the assessment of the Sincere Company's property at No. 550 Nanking Road for purposes of General Municipal Rate, the Finance Committee was informed that a formal resolution was desired upholding the assessment made by the Rate Assessment Committee, which submitted that the new assessment should be introduced by easy stages. The Company had accepted this assessment, and dates had been fixed on which the increases were to be made. The Council on October 3 adopted the resolution, on the recommendation of the Finance Committee, upholding the assessment as notified to the Sincere Co., Ltd.

COUNCIL MEETING.

Regular fortnightly meeting held on October 3.—Present: Messrs. A. D. Bell (*Chairman*), H. E. Arnhold (*Vice-Chairman*), C. S. Franklin, T. Funatsu, E. F. Harris, S. L. Hsu, Brig.-Gen. E. B. Macnaghten, Messrs. D. W. Massey, O. Okamoto, Tsuyee Pei, F. J. Raven, T. D. Woo, Yu Ya Ching and L. T. Yuan.

BASEBALL GROUND AT HONGKEW PARK.

Reserved Area To Be Used Also For Rugby Football.

The Japanese Athletic Association in a petition suggested that the Council should secure a lease of a piece of land adjoining Hongkew Park and reserve it, with a portion of the Park itself, as a recreation ground for Japanese only. The petitioners stated that the proposed field could be used for rugby and association football, and for hockey, as well as baseball. Declaring that in recent years Shanghai residents had become very much interested in sports, especially baseball, the petitioners pointed out that Japanese residents had hitherto been able to use a portion of Hongkew Park, which was available only for the season, and a field belonging to a Japanese cotton mill which was inconveniently situated. Further, the baseball ground of the Shanghai Amateur Baseball Club had been available for matches with visiting teams, but this concession had been withdrawn, and the Association had not been successful in its search for an athletic field suitable for the Japanese use.

The Commissioner of Public Works, commenting upon the petition, stated that the piece of land adjoining Hongkew Park which the Japanese Athletic Association indicated as being available, had a present value of approximately Tls. 100,000. The land would have to be raised and laid out. As an addition to Hongkew Park this area would be available, but in his opinion the need for further recreation grounds was much more urgent in other areas in the Settlement, and therefore he was unable to recommend either purchase or lease of the land adjoining Hongkew Park. On the other hand, the Commissioner stated that improved facilities could be provided for baseball within the existing Park. He, therefore, recommended that a section of the Park be reserved for a full-sized ground and that a moveable stand and adequate screens be provided in time for use next summer.

The Treasurer and Controller was of opinion that the proposed purchase of land was not justified, but he provisionally endorsed the alternative proposal, subject to an estimate of the cost being submitted for the consideration of the appropriate Committee when the Budget for 1934 was being prepared.

When the question was before the Works Committee on September 19, at the Chairman's request, the Commissioner of Public Works exhibited a plan showing the position of the land the Council was asked to lease. The area was approximately 19 mow. This land with the portion it was proposed should be taken from the Park would barely suffice for baseball and other games, though it would be easy to enclose. The Commissioner's recommendation was that a full-sized ground temporarily enclosed should be reserved on the west side of the Park, within easy distance of the entrance on that side, and that necessary rearrangement of the paths be made. This would displace some tennis grounds, but new courts could be provided at the north end.

A member of the Committee stated that although the Japanese Athletic Association at first requested provision of a ground for their exclusive use, they were now willing to share it with other organizations.

With reference to fees for admission to baseball matches, the Works Committee was of opinion that charges should only be made for seats, as on the recreation ground, and that the receipts should be divided between the Council and the body organizing the event.

After further discussion, the Committee recommended that a portion of Hongkew Park on the west side be reserved for the use of the Shanghai Japanese Athletic Association and other organizations, primarily for baseball in summer and rugby football in winter, that arrangements be made for its temporary enclosure and the provision of screens and moveable stands, and that when charges are made for seats a reasonable proportion of the proceeds be retained by the Council.

The Council adopted this recommendation.

SUNGKAWAN ROAD IS RENAMED.

On the recommendation of the Works Committee, the Council decided that Sungkawan Road be renamed North Haining Road, that the road name plates be changed forthwith and that the necessary alteration be made in the road plans for 1934.

PAWNSHOP LICENCE FEES.

Conference on Reduction From January 1, 1934.

Members of the Finance Committee were informed at the meeting on September 22 that since 1930 dissatisfaction had been expressed by pawnshop owners with the method of levying licence fees on pawnshops. The former basis of levy was the interest charged on loans and the volume of business transacted, but in 1930 a new method was introduced by which a fixed payment was exacted from each shop according to its size. This system has met with opposition, and the Shanghai Pawnbrokers' Association recently protested to the Council.

The Treasurer and Controller endorsed a proposal by the Assistant Treasurer (Revenue) for the introduction of a modification of the old system. The basis of the licence fee would be the annual volume of business transacted for the twelve months period ending September 30 of each year. It was suggested that the pawnshop associations be approached officially with a view to the adoption of this plan as from January 1, 1934. It was submitted that a reduction in the levy on petty pawnshops was justified since the high fees obtained from them on the 1930 basis were calculated on usurious rates of interest.

Replying to the Chairman of the Finance Committee, a member expressed the opinion that there should be some difference in the fees for large and petty pawnshops as they were run on an entirely different basis, belonging to different associations, and charged their patrons in a different manner. For instance, the large shops made an additional storage charge only on large articles, while the petty shops collected it even on jewellery, besides making other charges. He observed that the appeal was only in respect of large pawnshops.

The Chairman stated that the excessive interest charges made by the petty pawnshops were a disturbing factor, but he thought that the Council might justly levy a relatively high licence fee on these establishments, having regard to the profits accruing from this practice and from the storage charges, etc. (tolerance fee) referred to. He therefore suggested that the licence fee be four per mille for petty pawnshops.

The Committee recommended that the Treasurer and Controller be authorized to confer with the pawnshop associations with a view to the reduction of the present licence fees to two per mille on large pawnshops and four per mille on petty pawnshops, with effect from January 1, 1934, such fees to be based for each year on the annual volume of business transacted during the twelve months period ending September 30 the previous year.

The Council adopted this proposal on October 3.

GRANTS TO PRIVATE SCHOOLS IN 1934.

Formation of Sub-Committees of Education Board.

At the meeting of the Education Board on September 27 the Chairman stated that the reappointment of the Chinese Sub-Committee to consider applications for grants-in-aid to Chinese schools was recommended by Chinese members of Council, with the replacement of Mrs. P. K. Y. Shen, who had left Shanghai, by Miss Grace Young, Headmistress of the McTyeire School.

In regard to the Sub-Committee to consider applications for grants-in-aid to foreign schools, the Chairman observed that Dr. H. Gordon Thompson and Mrs. N. Leslie were away. He suggested that Mrs. V. G. Sutcliffe might be willing to serve. Members concurred and Mrs. Sutcliffe accepted the nomination.

The Education Board therefore recommended that the Sub-Committees to consider applications for grants-in-aid to Chinese and foreign schools for 1934 be constituted as follows:—

Chinese: Mr. L. T. Yuan, Mr. K. H. Ling, Dr. Y. H. Ou, Dr. Sidney K. Wei, Dr. Herman C. E. Liu, Dr. S. C. Liao, Mr. C. L. Keh, Mrs. C. L. Hsia, Mr. Y. C. Tsao, Miss Grace Young.

Foreign: Rev. G. W. Sheppard, Mr. K. Kuroda, Mrs. V. G. Sutcliffe.

The Council has adopted this recommendation.

SECONDARY SCHOOL FOR CHINESE GIRLS.

Plans of New Building Passed By The Council.

On the recommendation of the Education Board, the Municipal Council has passed the plans of the new building for the Secondary School for Chinese Girls, Singapore Park site.

At the meeting of the Education Board the plans were considered in detail. The main building is three storeys, with one additional storey at the east and west ends, and will be erected as a concrete framed structure with solid brick wall filling and faced externally with coloured cement plaster and special facing tiles.

On the ground floor, the east wing is occupied by a gymnasium and assembly hall combined. The hall has a small stage with dressing rooms and lavatories at one end, while one side is fitted with folding partitions which can be thrown open to the covered verandah and compound, thus forming a protected playing space for use during bad weather. This gymnasium and assembly hall occupy two floors. A dining room to accommodate 150 persons is provided on the second floor above. The kitchen and service rooms are situated immediately over the dining room, and service to the latter is obtained by a food lift, which also conveys foodstuffs from the lobby on the ground floor up to the kitchen. A special cookery classroom will be adjacent to the kitchens.

The ground floor of the west wing is occupied by lavatories and boiler room with staff room, staff lavatory and library over same on the first floor, while the second floor has a handicraft room and a specially large classroom for 46 pupils. Physical and chemical laboratories and an apparatus room are on the top floor. The main flat roof of the building can be used as an exercise or play ground, while the spacious turfed playground will be on the south of the building. The bicycle and ricsha shelter, combined with coolies quarters, will be placed on the north side next to the main entrance to the building.

Accommodation is provided for 500 pupils in 21 classrooms. All these classrooms have a southern exposure and independent cloakrooms.

The Superintendent of Education informed the Education Board that the tiffin interval allowed of meals being served to pupils in relays in the dining room.

Tenders for the erection of this school building will be called for shortly.

SHANGHAI HOSPITAL FOR THE INSANE.

The Finance Committee on September 22 considered an application by the recently established Shanghai Hospital for the Insane for exemption from payment of General Municipal Rate on its premises at Nos. 22, 24 and 26, Lane 208, Kuling Road. The application set out that the hospital was doing much needed work, in some cases without charge, that it was recognized by the Special District Court, and that it depended for its maintenance on philanthropic assistance.

A report by the Finance Department showed that the annual rates on the three houses totalled $675.50, and pointed out the desirability of any relief being conditional on the Council's officers having right of entry for inspection purposes, and on compliance with the essential requirements of the Public Health Department and the Fire Brigade.

The Acting Commissioner of Public Health reported that the buildings were unsuitable for violent cases and subject to considerable risk of fire. The hospital, however, served a useful though limited purpose, receiving patients committed to it by the District Court, and, until the Council's Mental Hospital was completed, he was of opinion that remission of half rates would be equitable, subject to supervision by the Fire Brigade and Health Department and to reconsideration half-yearly on application by the management.

The Finance Committee recommended that the application be granted, and the Council concurred.

SHANGHAI SANITARIUM CLINIC.

The Shanghai Sanitarium and Hospital requested the Council to make a special contribution towards the heavy and growing expenses of the Sanitarium Clinic of Tls. 5,000, additional to the ordinary grant of Tls. 5,000 per annum to the Shanghai Sanitarium and Hospital. The Treasurer and Controller in a report submitted to the Finance Committee stated that he could not recommend an increase in the grant for 1933, but that he had informed a representative of the hospital that the matter would be carefully considered in respect of 1934.

The Finance Committee recommended that the Council should not increase its grant in respect of 1933, but that on submission of further particulars the matter should be carefully considered in connection with the Budget for 1934. The Council agreed.

MUNICIPAL STAFF.

SYMPHONIC CONCERTS 1933-4 SEASON.

The Orchestra and Band Committee on September 21 decided that the Sunday Symphony Concerts should be resumed at the Grand Theatre on October 8. In regard to admission charges, the members of the Committee favoured making some seats available at 60 cents, following the practice of cinema theatres, in order that as full use as possible might be made of the large seating accommodation.

At the Council meeting on October 3, the following recommendation by the Orchestra and Band Committee was adopted:

That Symphony Concerts for the 1933-4 season be resumed on Sunday, October 8, and that the charges for admission be $1.50 and $2 to the circle and $0.60 and $1 to the ground floor in accordance with a plan to be submitted by the Conductor.

MUNICIPAL ADVOCATE'S REPORT FOR SEPTEMBER.

The Municipal Advocate reports that in September 10,453 cases were prosecuted in the Shanghai First Special Area District Court and the Kiangsu High Court, Second Branch, as compared with 12,912 cases in August. 7,611 persons failed to appear in petty bye-law cases and their bail was confiscated, as compared with 9,536 persons during August. Seventy-eight cases were withdrawn on the ground that there was insufficient evidence to convict, as compared with 106 in August. The total number of major and minor criminal cases prosecuted to completion was 2,764 as compared with 3,270 in August. 2,585 persons were convicted, and 179 acquitted, as compared with 3,009 convicted and 261 acquitted during August.

In addition to the above, there were 276 private criminal prosecutions, 855 cases instituted by the Health and Public Works Departments for violation of Health and Public Works regulations, and 695 cases instituted by the Traffic Department for infringement of traffic regulations, as compared with 235 private criminal prosecutions, 433 Health and Public Works cases, and 782 traffic cases in August.

93.5 per cent. of the persons charged were convicted, as compared with 93.1 per cent., 93.6 per cent., 93.9 per cent., 93 per cent., 93.7 per cent., 91.9 per cent., 93 per cent., and 92 per cent. for January, February, March, April, May, June, July and August, respectively. The percentage of convictions for the first nine months of this year is 93.07 per cent., as compared with 92.4 per cent. for the first nine months of last year.

Appeals.—(a) By the Council: Three appeals to the High Court were filed by the Council during the month of September. The total number of appeals by the Council pending on September 30 was as follows: In the Supreme Court, 2; in the High Court, 6.

(b) by the Defendants: Fifty-one appeals were perfected during the month, eight to the Supreme Court, 34 to the High Court and nine to the District Court of Appeals. Forty-five appeals by defendants were concluded and dealt with as follows:

Accused found not guilty	3
Appeals dismissed	31
Appeals withdrawn	2
Sentences reduced	7
Cases sent back for retrial	2

There were 107 appeals filed by defendants pending on September 30 as follows:—In the Supreme Court, 61; in the High Court, 42; in the District Court of Appeals, 4.

Extradition Cases.—Ten applications involving 11 persons were made by the extra-Settlement authorities during the month. Prima facie cases were proved against eight persons, and they were ordered to be handed over. One person was released owing to insufficient evidence being produced by the authorities making the application, and two were released on security to appear when called on.

Cases Pending.—On September 30 there were pending in the High Court and District Court 33 cases, which together with 115 cases on appeal, make a total of 148 cases pending. In addition to the above, there were nine cases pending in which the accused were detained on writs of detention.

Suspended Sentences.—Seventeen sentences of imprisonment were suspended in new cases, and two sentences were suspended on appeal.

Criminal Processes.—7,782 criminal processes were forwarded to the Shanghai Municipal Police for service. 792 criminal processes were dealt with by the Judicial Police.

Civil Processes. — 10,589 civil processes were dealt with by the process servers.

INDUSTRIAL ACCIDENTS IN SEPTEMBER.

Fewer industrial accidents were reported through Shanghai Municipal Police channels in September than in the preceding month. As against twelve accidents involving fourteen persons in August, four accidents were reported in September. All four, however, were fatal. There were five deaths in August.

Electrical accidents again caused the majority of fatalities last month, two being due to faulty electrical apparatus and its use under wrong conditions. In each case a lampholder was the cause of death. One lamp was pendant; the second portable. Both types involve the possibility of being handled.

The other occupational fatalities took place outside factory buildings. A workman on a building under construction fell from a height of 40 feet, injuring his back and succumbing. In the second case, the fall of corkboards from a ship's sling during the unloading of a ship caused the death of a painter who was working on the ship's side.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, OCTOBER 20, 1933. No. 1451

VICTORIA NURSES' HOME GREAT WESTERN ROAD.

Public Invited to Opening Ceremony on Monday Next.

The Chairman of the Municipal Council will formally open the Victoria Nurses' Home, Great Western Road, adjacent to the Country Hospital, on Monday, October 23. The ceremony is timed to take place at 4.30 p.m. The building will afterwards be open for inspection by the public, who are invited by the Council to attend.

Residents will remember that the Council in 1927, upon the recommendation of the Municipal Economy Committee, decided to close the Victoria Nursing Home, Range Road, on January 1, 1928. As the Victoria Nursing Home was built in 1901 by public subscription on municipal land in commemoration of Queen Victoria's Diamond Jubilee, the Council decided to perpetuate the memorial in the form of a home for nurses.

The new building, which was designed by the Public Works Department, S.M.C., is a reinforced concrete frame structure, eight floors in height, faced externally with dark red tiles. The ground floor is occupied by kitchens, etc., in which are installed the latest modern cooking appliances and food refrigerating plant. The first is the public floor and is approached by a flight of wide steps from Great Western Road, leading up to the main entrance of the building which opens out into a lounge hall giving access to common and dining rooms, library, etc. The second, third, fourth, fifth and sixth floors provide accommodation for the nursing staff in individual bedrooms with verandahs overlooking the gardens and facing south.

HEALTH REPORT FOR SEPTEMBER.

The Acting Commissioner of Public Health reports:

Judged by mortality rates, the state of the public health during September was remarkably good, and although among foreigners the general incidence of notifiable diseases showed a slight increase over last month, there is nothing of outstanding importance to record.

Vital Statistics. — The foreign death-rate was 8.96 per mille (against 15.43 during August), which is a remarkably low figure, and which to a certain extent may be due to the absence of a considerable proportion of the population on vacation.

A death-rate of 13.66 per mille among the Chinese community also showed a slight decrease, though it was considerably higher than in September, 1932 (10.44).

Communicable Diseases.—Cholera remained absent, and the possibility of an outbreak this year may now be considered extremely remote. On reviewing the incidence of notifiable disease in the Settlement, it is noted that, whereas an increase was shown among the foreign community, there was an appreciable decrease among the Chinese. There were sixteen cases of typhoid notified among foreigners and of these less than half had received protective inoculation. While the number of cases notified of amoebic dysentery increased appreciably, there was a notable drop in the number of the bacillary type.

Diphtheria shows signs of increasing prevalence, and parents are advised to pay particular attention to what are usually described as "ordinary sore throats" in their children. The slightest inflammation should be regarded with suspicion and reported to the family medical attendant without delay. In schools, children should be warned of the dangers of neglected sore throats and taught the importance of early examination and treatment.

Laboratories.

Of the 1,736 specimens examined, 835 were for amoebic and/or bacillary dysentery. Miscellaneous examinations included 36 samples of Shanghai Waterworks water, 55 samples of milk, and 32 samples of ice cream.

Anti-Rabic Institute.—Seventy-five persons, including 14 from outports, called for advice, cauterization and/or treatment, and in 56 cases treatment was advised. Of this number 16 received full treatment, 23 precautionary treatment and in 17 cases patients failed to complete the treatment recommended.

Hospital Division.

Both foreign and Chinese Isolation Hospitals recorded a comparatively quiet month. Out of the 43 cases admitted into the Chinese Isolation Hospital 12 were of diphtheria and three of smallpox. A leper case under treatment shows definite signs of improvement.

At the Ward Road Gaol Hospital 814 cases were admitted, of which 268 were treated for opium habit. Twelve deaths occurred, of which eleven were due to pulmonary tuberculosis.

Anti-Cholera Inoculation Work.—The mobile squads performed 25,216 free inoculations; work terminated for the season on September 30. The total number of inoculations for the whole campaign was 267,285, and considering the absence of cholera these figures are satisfactory.

Publicity.—Several new posters have been designed and issued. Permission was obtained from the Tramway and Omnibus Companies to display health posters in their vehicles, free of charge, for the benefit of the travelling public, and the Department is very grateful for the co-operative spirit thus shown.

Cinema films dealing with health problems have been shown to the workers of several large mills with a considerable measure of success. In addition, both foreign and Chinese cinemas have displayed two films dealing with various health matters.

Veterinary Division.

Milk Supply.—Compared with the August figures the average milk production increased 10.8 per cent., and 25.24 per cent. over the corresponding month last year. Of the number of milk samples recorded as being unsatisfactory, five were from Grade "A" and five from Grade "B" dairies.

Meat Supply.—The meat supply has been normal, showing an increase of 7.9 per cent. in the kill of oxen, 11.3 per cent. in pigs, and 8.1 per cent. in sheep over last month.

The number of pig carcases rejected was 318; the highest number this year. Over half of the rejections were due to swine fever. Eighty per cent. of the pigs affected with this disease were raised in the Shanghai area, indicating an epizootic of unusual severity.

Markets and Bakeries.

Conditions have remained normal in all markets, and supervision of market produce continues daily.

Licensing. — Altogether 184 applications were received for routine attention. A total of 115 were definitely recommended and 33 refused.

Sanitation Division.

With the reported severe outbreak of plague in the interior of Manchuria and its rapid spread, it was decided to intensify the routine precautionary measures which have been in operation since the outbreak of 1910. Apart from the collection and examination of dead rats, special attention is being paid to trapping along wharves in the Eastern district and bordering the Soochow Creek, where traffic and freight from outports is dealt with.

Open Air Swimming Pool.—Owing to the advent of colder weather the number of bathers at the Open Air Pool fell off rapidly and did not warrant it being kept open after September 30. The past season has been a most successful one.

Here follow tables of Vital Statistics, Communicable Diseases, Municipal Laboratories, Hospitals, Tuberculosis and Venereal Diseases Clinics; and of the work of the Food and Dairies and Markets and Bakeries Division.

Chlorine in chloride figures have varied between 1.8 and 4.2 parts per 100,000. Ammonia figures have been normal and nitrites absent. Free chlorine has varied from 0.03 to 0.07 parts per million in samples taken from the laboratory taps and from zero to 0.06 parts per million in samples taken at other points.

Bacteriological Examination :—

During the month 36 samples were examined, 32 from taps in various parts of the Settlement and 4 from hydrants. Of the 32 tap samples 3 contained 25,45 and 100 B. aerogenes per litre respectively and another 3 contained 21,34 and 49 Indeterminate organisms of the B. coli group per litre respectively. The remaining tap and hydrant samples contained not more than 10 organisms of the B. coli group per litre.

Report on Analysis :—

All the hydrant samples were up to a satisfactory standard of purity but 6 out of 32 tap samples were below standard; however in these cases only a relatively slight degree of pollution was present.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, OCTOBER 27, 1933. No. 1452

SHANGHAI TELEPHONE COMPANY.

Application for Increase of Tariff.

At a meeting of the Public Utilities Committee held on October 13, a letter was submitted from the Shanghai Telephone Company applying for permission to increase its tariffs to the extent necessary to provide the total sum of Tls. 1,061,000 by March 31, 1935, this being the amount required to cover the estimated loss on the Company's operations during the three years following completion of the conversion to the automatic system (Tls. 370,000) and to provide dividend at 4 per cent. per annum on capital stock of Tls. 5,757,100 for the same period (Tls. 691,000). The effect was stated to be that a large measure of relief would be given during the three years and the Company would be permitted the exceedingly moderate return of 5.55 per cent. on the average capital invested during that period, Tls. 26,820,000. If the new tariffs were applied on December 1, 1933, a percentage increase of 20.07 per cent. would suffice, but if deferred, say, to March 1, 1934, the increase would have to be 24.70 per cent.

This application was submitted on account of certain adverse conditions which in the opinion of the Company justified its release from its undertaking, contained in a letter to the Council dated August 5, 1930, that during the first three years after the completion of the conversion of the old telephone system to automatic it would not ask for a tariff higher than that recommended by Mr. B. O. Anson in his report on the Shanghai Mutual Telephone Company, Ltd., published in November 1929.

The Company's case in brief was: —(1) The exchange on which the cost of reconstruction and growth was based was Tael 1=2/6d, or Tls. 100=$.361.839, whereas foreign exchanges had since become far less favourable. (2) The conversion to automatic was completed in 599 days, against the period of two years (731 days) contemplated by Mr. Anson, whereby subscribers benefited. (3) The system had expanded much faster than was anticipated in 1930, resulting in further benefit to subscribers. (4) The traffic per line had increased enormously, and the average cost per conversation paid by subscribers had fallen from 3.15 candareens before conversion to 2.08 candareens in spite of the increase in tariffs granted in March, 1932. (5) The additional traffic had been accommodated by the excess equipment which was necessary for the conversion period and would not now be available for future extensions which would therefore entail large additional capital expenditure. (6) With the present tariffs and a continuous loss on working there was no prospect of building up a general reserve fund, contemplated by the Advisory Committee when the present Company took control. (7) Financial hardship to a public utility company was not in the interest of the public it served.

Various statistics and a report by Messrs. Thomson & Co., Chartered Accountants, were attached to the letter.

After discussion, members inclined to the view that the proposals of the Shanghai Telephone Company should not be sanctioned in their present form. However, as the French Council is likewise interested in the financial questions involved, it was decided to defer consideration of the matter to a later date.

The minutes of the above meeting were discussed and confirmed by the Council on October 18.

SECONDARY SCHOOLS FOR CHINESE BOYS.

Provision of Curricula To Meet Varied Needs of Pupils.

In the Education Board minutes brought before the Council for consideration at the meeting on October 18, reference was made to a somewhat lengthy discussion by the Board of the curricula in the Council's Secondary Schools for Chinese Boys. Certain changes have recently been made upon the recommendation of a Sub-Committee of the Board which went into the question of curricula, there being variation in the schools owing to the circumstances in which they were established and the manner in which they have developed.

The matter came before the Education Board in the form of a report and memorandum submitted by the Superintendent of Education, showing the adjustments which had been made up to date in the curricula of the Secondary Schools for Chinese Boys and drawing attention to the proposal to appoint a Committee to give effect to the decision to establish a School Leaving Certificate Examination.

The Chairman of the Board observed that provision had been made, as recommended, for the increased use of the Chinese language as a medium of instruction, but that in the case of the Public School for Chinese no mention was made of the extent to which it was applied in the junior grades.

The Superintendent of Education replied that in this case no change was necessary in the practice of making equal use of Chinese and English.

In the course of further discussion it was elicited that, so far as present conditions permit, steps have been taken to bring the procedure in the four Secondary Schools into conformity with the recommendations of the Sub-Committee, i.e., that Chinese should be used wholly as a medium of instruction in the primary grades, except for lessons in English, that Chinese and English should be used equally in junior grades, and that in the Senior Middle School one-third of the instruction should be given in Chinese and two-thirds in English.

In reply to a member, the Chairman of the Board stated that it was the hope of the Sub-Committee that the prevailing high standard of English would be maintained, but that against the benefits of the revised curriculum, some decline in the English standard might possibly be expected.

A member suggested that the varied needs of pupils might be met by the introduction of alternative curricula after the primary stage, somewhat along the lines of the classical and modern sides of British schools.

The Chairman took the view that Chinese parents were likely to be concerned only with the question of whether to withdraw their children after the Junior Middle School stage or to allow them to take the higher courses, including special subjects, with the probable aim of entering a university.

In further discussion it was stated that the Chinese language was used in teaching Chinese geography and history, but senior pupils received more general instruction in geography and history in the English language.

Members of the Board agreed that, in view of the short time which had elapsed since the adoption of the recommendations as to the medium of instruction, excellent progress had been made in the relative changes in the curriculum.

In the matter of the School Leaving Certificate Examination, the Chairman observed that very careful consideration of the syllabus had been given by the Superintendent of Education, who submitted a general grouping of subjects for early adoption and another grouping for introduction in about four years' time.

The Superintendent requested that, if possible, an early decision be reached in the matter of the School Leaving Certificate, so that the first examination might be held in June, 1934.

The Board adopted the proposal of the Chairman that at the next meeting consideration be given to the appointment of a Sub-Committee for the purpose of drawing up a syllabus for the School Leaving Certificate and arranging for the necessary examination.

PARKS REPORT FOR SEPTEMBER.

The Superintendent of Parks and Open Spaces reports:—

Municipal Nurseries.—The transfer of chrysanthemums to the various parks for the embellishment of flower gardens was commenced, and the sowing of the main batch of hardy annuals was carried out.

Seed of trees, shrubs and summer flowering bedding plants was collected; general maintenance work received attention and green-houses were thoroughly cleansed preparatory to the housing of palms and winter flowering plants.

General.—Two typhoons were experienced during the month under review, the undernoted damage being caused to park property:—

September 2—3.

Number of trees totally destroyed	68	
Number of trees blown down, pruned and re-planted	1,021	
Number of chrysanthemums, dahlias and other plants destroyed	691	
Number of Foochow poles damaged	187	
Length of fencing damaged	1,568	linear feet.

The greatest damage to roadside trees during the above typhoon was caused on Yangtszepoo Road, 57 trees being affected.

September 18—19.

Number of trees totally destroyed	42	
Number of trees blown down, pruned and replanted	2,312	
Number of chrysanthemums, dahlias and other plants destroyed	2,746	
Number of Foochow poles damaged	154	
Length of fencing damaged	2,051	linear feet.

Trees on Yangtszepoo Road again suffered severely during this typhoon; this was primarily due to the fact that these trees had been rendered unstable by the damage caused to their roots during the previous storm.

Other crimes	238	317	260
Total	1,349	1,614	1,542

There is a total of 1,349 cases of reported crime, which is a decrease of 265 compared with the figure for August, and 193 less than for the corresponding period of last year. "A" Division shows a decrease of 92, "B" Division a decrease of 40, "C" Division a decrease of 73 and "D" Division a decrease of 60. The general decrease is accounted for by a reduction in the figures in connection with reports of theft, gambling, opium and other crimes. The cases were distributed as follows:

	Sept.	Aug.
"A" Division (Central and Louza)	340	432
"B" Division (Sinza, Bubbling Well, Gordon and Pootoo Roads)	307	347
"C" Division (Hongkew, West Hongkew, Dixwell and Kashing Roads)	348	421
"D" Division (Wayside, Yangtzepoo, Yulin Road)	354	414

Arrests for crime during the month show a decrease as compared with August and an increase over July; 1,900 were apprehended in September as against 2,354 in August and 1,894 in July. In addition 158 persons were taken into custody for crimes committed in previous months. Forty persons were arrested on behalf of other authorities.

Four cases of murder were recorded. A Chinese cotton broker died as a result of shots fired at him while offering resistance to two armed men who attempted to kidnap him on Avenue Haig. A female Chinese was fatally stabbed by her husband, jealousy being the motive. The culprit was subsequently arrested and charged. A female Chinese was found on Wayside Road suffering from bullet wounds, and died on the way to hospital. A Chinese female was fatally shot by armed robbers at her residence in the Wayside District.

One case of attempted murder occurred when a Sikh was fired at by a person believed to be another Sikh, and received a bullet wound in the right foot, while walking along Range Road.

One case of armed kidnapping was brought to light as a result of arrests made by the police. This crime occurred on April 28 last at Thibet and Kiukiang road corner.

There were five cases of manslaughter during the month. A Chinese male died as a result of internal injuries received from being assaulted by a competitor while engaged in fishing at Nanking Road Jetty. The offender was arrested. A Chinese girl was knocked down by a motor lorry on Avenue Foch and fatally injured. The chauffeur was charged and sentenced to three months' imprisonment. A Russian youth while riding a bicycle was run over and killed by a motor lorry on Great Western Road; the driver has not yet been located. A Chinese child on Ferry Road was run over, with fatal results, by a motor truck which failed to stop. The chauffeur was subsequently sentenced to two years' imprisonment. A coolie was fatally injured by another coolie as a result of a fight over a game of mah-jong; the offender was arrested and sentenced to five years' imprisonment.

There were ten cases of simple abduction, an increase of four as compared with August.

There was a decrease of one case in the number of armed robberies, the figure being 17 as against 18 in August.

The cases were distributed as follows:—

	Sept.	Aug.
"A" Division	5	3
"B" "	5	5
"C" "	3	7
"D" "	4	3

There were two cases of other robberies as against eight in August, a decrease of six.

The number of burglaries was 29 as against 18 in August, an increase of 11. The cases were distributed as follows:—

	Sept.	Aug.
"A" Division	2	6
"B" "	10	6
"C" "	6	4
"D" "	11	2

The number of housebreakings was 25 as against 19 in August, an increase of six. The cases were distributed as follows:—

	Sept.	Aug.
"A" Division	8	6
"B" "	7	7
"C" "	3	2
"D" "	7	4

The 605 cases of simple theft show a decrease of 73 as compared with August and were recorded as follows:—

	Sept.	Aug.
"A" Division	183	199
"B" "	161	147
"C" "	139	193
"D" "	122	139

"A" Division recorded 22 cases of shoplifting, an increase of eight on the figure for last month, and 23 arrests. There were 73 cases of pocket-picking in all Divisions, an increase of 19 compared with last month, and 68 arrests. Out of 40 bicycles and one ricsha stolen 13 bicycles and the ricsha were recovered, while 22 arrests were made.

Eighteen cases of receiving stolen property were recorded during the month, an increase of four as against August.

There were 21 cases of snatching as against 28 in August, a decrease of seven. The cases were distributed as follows:—

	Sept.	Aug.
"A" Division	7	11
"B" "	8	10
"C" "	2	4
"D" "	4	3

Fourteen arrests were effected in connection with the latter type of crime.

There was a decrease of seventy-two cases in opium offences.

The Headquarters Narcotic Section dealt with 20 cases and apprehended 94 persons. Forty-four of the total number had criminal records, and 36 were sentenced to varying terms of imprisonment, in seven cases imprisonment being supplemented by fines and in another the sentence was suspended for two years. Forty-three persons were fined, eight were discharged, and seven, who were arrested on Thibet Road Bridge while transporting 432 lbs. of red pills by a motor truck, are still on remand. Of two persons on remand in August in connection with a heroin factory at I, Wonglo Road, one, a Japanese, was sentenced to one month's imprisonment, while the other, a Chinese, is still on remand. 4½ ozs. of opium, 6,834 ozs. of pills, ½ oz. of morphine, 4 hypodermic syringes, 41 pill pipes with paraphernalia, and six opium pipes with paraphernalia were seized. The total amount of fines inflicted during the month in connection with the above offences was $6,620.

The number of gambling offences decreased from 145 to 92. Other forms of crime show a decrease.

Notable Work.—Notable work in "A" Division included: (1) the identification of two Chinese males already in custody, resulting in a charge being brought against them of attempted murder on August 6, 1933, on Foochow Road, of a gang leader concerned in the manufacture and distribution of narcotics and running Hwo Wei lotteries, when several shots were fired at the intended victim. They were sentenced to 15 and 12 years' imprisonment respectively. (2) The arrest in the French Concession of five Chinese subsequently charged with seven cases of armed robbery. (3) The arrest of a Chinese wanted on four charges of armed robbery and the arrest of another concerned in receiving stolen property. The robber was sentenced to twelve years' imprisonment and the receiver to three months. (4) The arrest of six male Chinese and the seizure of nine fully loaded pistols. The gang have been identified and charged with two cases of armed kidnapping, one involving murder, in the Settlement, one case of attempted armed kidnapping in the French Concession, two cases of armed robbery in Nantao and Siccawei and six cases of armed

kidnapping, one involving murder, in Ningpo, Hangchow and Shaoshing. Four of the gang have been handed over to the Chinese authorities for trial. (5) The arrest of nine Chinese males against whom 13 charges of theft of merchandise from motor vehicles, wheelbarrows and handcarts were preferred when sentences varying from nine months to three years were imposed. Most of the property stolen was recovered. (6) The arrest of a Russian who was subsequently charged with sacrilege in Holy Trinity Cathedral and two offences of breaking into a residence in the compound of the Cathedral. The offender was sentenced to two years' imprisonment and a considerable amount of the property stolen was recovered.

Notable work in "B" Division included: (1) the arrest of two men concerned in an attempted armed highway robbery and murder in Pootoo Road District and five cases of armed robbery. One was sentenced to twelve and the other to eight years' imprisonment. (2) The arrest of a man for armed robbery against whom three further charges were preferred. He was sentenced to seven years' imprisonment.

Notable work in "C" Division included: (1) the arrest of three Cantonese for sending threatening letters demanding the sum of $300. They were sentenced to three years' imprisonment each. (2) The arrest of three men on a charge of entering an exchange shop on Broadway in possession of a pistol and stealing $170. (3) The arrest of a Chinese while attempting to escape from the scene of a larceny in Tiendong Road, against whom 15 further charges of theft were preferred. The accused was sentenced to two years' imprisonment, while property to the value of $196.50 was recovered. (4) The arrest of five persons on suspicion of being members of an armed gang and the seizure of a pistol and 20 rounds of ammunition. Six charges of armed robbery and one of possession of arms were preferred against them. (5) The arrest of a male Chinese on Woosung Road in the act of stealing a bicycle. Eight further charges of bicycle theft were preferred against the accused and he was sentenced to two years' imprisonment. (6) The arrest of a man in the French Concession who was charged with armed robbery and sentenced to six years' imprisonment. (7) The arrest of two Chinese concerned in tampering with and faking electric light meters on premises of various consumers, thereby defrauding the Shanghai Power Company of large sums of money. The first accused was charged on five counts of larceny of electricity while the second accused was charged on two counts of theft of electricity and one of counterfeiting official seals. They were sentenced to one year and two months' imprisonment each.

Notable work in "D" Division included the fatal shooting of an armed robber, a member of a gang who opened fire upon a party of detectives in Yulin Road district, thereby compelling the police to return the fire. A suspect was also arrested and charged in connection therewith, but found not guilty.

The following cases, which are included in the month's figures in "B" Division, occurred outside Settlement limits in houses on or abutting Council roads: larceny, 12; burglary, 3; threatening letters, 2; housebreaking, 3; snatching, 2; miscellaneous, 4.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, NOVEMBER 3, 1933. No. 1453

FOURTH EDITION OF THE MEDICAL REGISTER.

Practitioners Invited To Apply for Inclusion.

Voluntary registration of medical practitioners, dentists and veterinary surgeons in the International Settlement was originally introduced in 1931. Since that time three editions of the Medical Register, containing the names of all medical practitioners, dentists and veterinary surgeons registered with the Municipal Council, have been published. Although registration is not compulsory, there are at the present time over 800 names on the Register.

In order to bring the Register up-to-date and to make it as complete as possible, not only are those who are at present registered asked to send corrections to the Registrar, Room 210, Administration Building, but practitioners who have not yet applied for registration are requested to do so if they desire to have their names included in the new edition.

In this connexion, it may be said that the Register is *prima facie* evidence that the persons named therein are registered medical practitioners, dentists and veterinary surgeons, approved by the Shanghai Medical Board.

The Registrar is sending out notices to practitioners already on the Register asking whether any alteration or addition to the relevant entry is necessary for the publication of the next edition.

LAND COMMISSION.

Chengtu Road Widening.

For an area of mow 0.123 required from Cadastral Lot 342 for the scheduled widening of Chengtu Road the Council offered compensation at the rate of Tls. 45,000 per mow, less one-half for betterment, making a sum of Tls. 2,768.

Messrs. Spence, Robinson & Partners, on behalf of the registered owners, consider that the Council's offer is not sufficient and have submitted a claim at the rate of Tls. 60,000 per mow or a sum of Tls. 7,380 for the area involved.

Negotiations having failed, the matter has been referred to the Land Commission for decision under the provisions of Land Regulation No. VIA.

MUNICIPAL STAFF.

Order Book Extracts, October 21-28, 1933.

Police Force.—Mr. T. Kerrigan, Assistant Commissioner, retires on pension on January 22, 1934.

Superintendent C. Powell retires on pension on February 2, 1934.

The resignation of Probationary Sergeant F. E. Perry is accepted with effect from October 31, 1933.

By order,
J. R. JONES,
Secretary.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, NOVEMBER 10, 1933. No. 1454

CABARETS ARE REFUSED AN EXTENSION OF HOURS.

2 a.m. Closing Rule Strictly Enforced By Council.

At the meeting of the Municipal Council on November 1, it was decided to refuse an application to vary the present regulations in regard to closure of houses of public entertainment in the Settlement, and to exert every effort to secure general enforcement of the 2 a.m. closing rule.

The Council took this action upon the recommendation of the Watch Committee, which considered an application by Messrs. Mortimer Reid and Slee on behalf of six cabarets for the extension of the standard closing hour in the Settlement from 2 a.m. to 4 a.m. on all days.

Members of the Watch Committee were informed that prior to 1930 the regulations governing the closing of houses of public entertainment provided for a standard closing hour at 2 a.m., but permitted exceptions for all establishments for whole night opening on all days subject only to payment of a fee. In 1929, as a consequence of complaints made against cabarets in the Settlement being permitted to remain open all night, the Council decided to fix the closing hour at 2 a.m. without the privilege of any exceptions to the rule, apart from national and public holidays. Subsequently, as a result of protests by licensees, the Council decided to make an exception from the 2 a.m. rule on Saturday nights, permitting extensions to 4 o'clock the next morning, upon payment of a fee. Regulations accordingly were agreed with the French Municipality for adoption from March 1, 1930, in both areas.

In the course of the discussion, it was stated that thirteen establishments in the Settlement availed themselves of the special monthly licence to remain open until 4 o'clock on Sunday mornings.

The Commissioner of Police stated in a report that no new argument had been advanced in support of the application nor did there appear to be any justification for varying the present closing hour.

The Chairman of the Committee deplored the tendency of certain persons to stay in houses of public entertainment to such late hours that their finances and capacity for work were seriously impaired.

PROCESSIONS IN THE SETTLEMENT.

The question of large processions holding up traffic and dislocating transport services in the Settlement was brought before the Watch Committee on October 26. It was shown that sometimes the processions grew enormously in the course of their progress. On the suggestion of the Chairman, the Commissioner of Police was requested to submit a report upon the question.

RECRUITS WANTED FOR THE VOLUNTEER CORPS.

Proposed Appointment of Regular Chief Staff Officer.

Major-General G. Fleming's report upon his annual inspection of the Shanghai Volunteer Corps having been referred to the Watch Committee by direction of the Council, it was considered by that Committee at a meeting on October 26. Major-General Fleming expressed the opinion that the Commandant was definitely understaffed and recommended the appointment of a Regular Officer, preferably with Staff College training, as Chief of Staff to the Commandant. The Commandant agreed that the Corps was understaffed and made detailed proposals, which were considered by the Committee and passed to the Council on November 1 for confirmation.

In emphasizing the weakness of the Corps as being a serious problem with regard to its fitness to be employed in a State of Emergency, the Commandant informed the Watch Committee that he would like the Council to take an active lead in appealing to firms, particularly those of British and American nationality, to encourage their employees to join the Volunteers. The Commandant stressed the urgency of the matter.

A member of the Committee believed that the opposition of firms was greatest in 1925, when there was a feeling that men were kept in billets longer than was necessary.

On the Watch Committee's recommendation, the Council decided to appoint a Committee to initiate a campaign to gain recruits.

TRAFFIC PROBLEMS GIVEN FULL CONSIDERATION.

Right-hand Turns; Stopping To Pick Up Passengers.

Certain points arising from complaints made to the Automobile Club of China were considered by the Traffic Committee at the meeting on October 20. These points included a suggestion that the traffic regulations prohibiting right-hand turns at certain intersections should be extended to cover the majority of intersections on the principal thoroughfares, besides most intersections in the Central District between 8 a.m. and 6 p.m. It was contended that right-hand turns should be prohibited where there are no pointsmen, unless the way is quite clear. An appeal for the prohibition of parking on Kiukiang Road alongside the Cathedral School, in order to make it possible for cars to pick up boys at that point at tiffin time without having to stop in the traffic stream, was also discussed. It was pointed out that where there is dense traffic, as in London, people have to walk to and from their cars, and the same state of affairs cannot always be avoided in Shanghai. Moreover, it was suggested that the boys might be picked up at a point in Kiangse Road opposite the Cathedral. The security of goods on motor trucks and the speed of these vehicles provided a subject of further discussion.

The Committee also considered important traffic problems which are being further investigated.

TSEPOO ROAD EXTENSION TO NORTH SZECHUEN RD.

Mr. D. Z. Tsang Offers Guarantees To Facilitate Work.

Upon the recommendation of the Works Committee, the Council on November 1, with a view to constructing the scheduled extension of Tsepoo Road between North Kiangse Road and North Szechuen Road, accepted an offer by Mr. D. Z. Tsang to give certain guarantees which will facilitate this work.

An extension of Tsepoo Road was scheduled in 1921 to connect with North Szechuen Road opposite Woochang Road, but this was abandoned two years later on a protest being received. When this protest was considered members of the Works Committee expressed the opinion that this extension might be eliminated from the Road Plans on the grounds that its construction would be extremely costly and the road itself would not in the Committee's opinion attain such importance as to warrant the heavy capital expenditure involved. Last year another proposal for the extension of Tsepoo Road to connect with North Szechuen Road at the junction of Tsungming Road was submitted by Messrs. E. D. Sassoon & Co., Ltd., on behalf of the beneficial owner of Cad. Lot 625. This was exhaustively considered by the Works Committee and the Council, and it was decided not to proceed with the extension at that time, but if all the owners were prepared to surrender the road area free, then the question would be reconsidered. At the Works Committee meeting on October 17, the Commissioner of Public Works submitted a letter from Mr. D. Z. Tsang stating that he was prepared to guarantee a free surrender of the area required for this road from Cad. Lots 625 and 609, and further to guarantee to refund the entire cost of effecting the surrender of the areas required from properties between Cad. Lot 625 and North Kiangse Road.

The Commissioner recommended acceptance of this offer subject to the Council being furnished with a suitable bank guarantee, or preferably the transfer to the Council of a title deed to property of sufficient value to cover the total estimated cost of acquiring the land involved.

It was noted that the Council would have to bear the cost of constructing the road, this being estimated at Tls. 23,000.

Replying to the Chairman, the Commissioner of Public Works stated that if the offer were accepted, no work on the extension would be carried out this year.

On the proposal of the Chairman, the Works Committee agreed that Mr. Tsang's offer should be accepted and made a recommendation to the Council accordingly. This was adopted.

REFRESHMENT PAVILION IN JESSFIELD PARK.

The Council has decided to proceed with the erection of a refreshment pavilion in Jessfield Park at an estimated cost of Tls. 7,500, for which provision has been made in the Budget.

The Works Committee considered the matter on October 17, when members agreed that a more permanent structure than the present matshed was desirable. Provision was made in the Budget for the construction of a permanent building to occupy the same site as the matshed. The Commissioner of Public Works thought it likely that the new pavilion would attract more people than the temporary structure and might produce a larger rental to the caterer than had hitherto been obtained.

The Works Committee accordingly recommended that the Council authorize the Commissioner of Public Works to proceed with the construction of the proposed new pavilion.

INDUSTRIAL ACCIDENTS IN OCTOBER.

Ten industrial accidents, involving the deaths of three and injuries to thirteen workers, were reported through Police and Emergency Ambulance Services of the Shanghai Municipal Council during October. One dangerous occurrence was reported, viz., a fire on the roof of a rubber factory, caused through a spark falling on scrap material. One accident was of a serious nature. A steam bleaching vat in a factory exploded, causing the building to collapse and resulting in the death of one person and injury to six others. One death was caused from faulty use of an electric lamp. This is the second death of a worker from a live lamp switch key within three months. A third death was caused through the fall of a brick from a height of 57 feet in a building under construction.

Accidents resulting in injury included one at a roll winder in a jute mill, when a worker's sleeve became caught in a belt, and his arm was torn so as to necessitate amputation. The belt in question was properly guarded. The workman removed the guard and attempted to adjust a moving belt. Another worker had his hand crushed in the grinding roller of a rubber factory. One worker sustained concussion of the brain through a fall from the top of a generator. One man was clearing ashes from a boiler in a cotton mill when his basket overturned and he was burnt on feet and legs. In removing heavy iron bars, a worker had both hands injured through their fall. On a building under construction a man fell from a plank at a height of 10 feet. One worker was injured as a motor vehicle passed through a doorway.

Return of Communicable Disease.

Reported during the week ended Saturday, mid-night, November 4 1933.

TENDERS.

Note :—Instances have recently multiplied of tenderers having submitted their tenders to the Secretariat after the prescribed closing hour, only to have them rejected as being too late for consideration. Attention is therefore drawn to clauses 7 and 8 of the conditions governing tenders which are given below.

The official opening of tenders, which is held in the presence of tenderers in the Council Chamber, commences precisely at 11 a.m. on the day fixed for their receipt. After this hour no tender can be received.

CONDITIONS GOVERNING TENDERS

1. The Council reserves to itself the right to accept the whole or part of any tender.
2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.
3. The Council reserves to itself the right either before or after any tenders have been opened to invite fresh tenders in respect of the same matter.
4. The contractor whose tender is eventually accepted may be required to give satisfactory security for the performance of the contract.
5. The names of tenderers, with prices quoted, will be published in the Municipal Gazette.
6. A fee may be charged for specifications to be returned upon receipt of a *bona fide* tender.
7. All tenders, sealed and labelled on the outside as to their contents, should be delivered preferably by chit book or registered letter, to "The Secretary, Municipal Council, Room 150, Administration Building, Kiangse Road," to reach him not later than 11 a.m. on the day fixed for their receipt.
8. Tenders will be opened immediately after the closing hour, 11 a.m., on the day fixed for their receipt. Tenderers may attend the opening of tenders.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, NOVEMBER 24, 1933. No. 1456

PUBLIC SCHOOL FOR JUNIOR BOYS.

New Building To Be Opened In January Next.

The Public School for Junior Boys which has been constructed by the Council at the corner of Tifeng and Yu Yuen Roads, with entrance from Tifeng Road, will be opened on January 8 next, when all pupils in the existing Junior School will transfer to the new building.

Upon the recommendation of the Education Board, the Council has decided that from January the school will comprise six grades, providing a six years' course from Preparatory Class upwards and catering for boys of ages from seven to thirteen years. Pupils at the Public and Thomas Hanbury School in classes Preparatory to Form II Upper inclusive who satisfy the residential qualification (residence west of the line Thibet Road and Boulevard de Montigny), will be permitted to transfer to the western school if application is made before the end of the current term. Further, new candidates for admission must be below eleven years of age.

The school building is three storeys in height, of brick wall and concrete beam construction. Accommodation is provided for 450 pupils in eighteen classrooms of standard size, and there is an assembly hall to seat 300.

THE GENERAL HOSPITAL.

Council Representation on Building Committee.

The Council received a letter from the Secretary of the General Hospital extending an invitation on behalf of the Board of Governors to the Commissioners of Public Health and Public Works to serve on a special Committee which it is proposed to establish to examine future building requirements. The other members of the proposed committee are to be the Chairman of the Board of Governors of the Shanghai General Hospital, Drs. Gauntlett, Bryson, Dunn and Santelli and the Rev. Père Jacquinot.

At the meeting of the Council on November 15 it was resolved that the Commissioners of Public Health and Public Works or their representatives be authorized to serve on the special Building Committee to be convened by the Board of Governors of the General Hospital.

THE HENRY LESTER SCHOLARSHIPS.

The Superintendent of Education reports that David Benz was successful in gaining a Henry Lester Scholarship for 1933, and Aaron Richard Turner received an honourable mention. Both scholars, who were formerly pupils at the Junior School for Boys, are now attending the Public and Thomas Hanbury School for Boys.

PURCHASE OF BOOKS FOR PUBLIC LIBRARY.
Local Booksellers Invited To Tender; Addition of Works on Economics.

The Council, on November 15, adopted a recommendation by the Library Committee that tenders be invited from all reputable Shanghai booksellers for the supply of books to the Public Library, with a view to the apportionment of the Council's orders among such of them as quote favourable prices.

By direction of the Library Committee, the Council's London Agents were asked to state terms upon which books could be supplied to the Public Library. In their reply they emphasized the difficulty of quoting definite terms, which however would be the full publishers' terms, plus 5 per cent. commission to the suppliers, and the cost of postage and packing. The Committee decided to obtain from the London Agents a definite quotation for one modern work of fiction and one of non-fiction. The prices quoted indicated a saving of approximately 20 per cent., according to a report by the Treasurer and Controller, who thereupon recommended that the existing arrangement with local firms be discontinued and the London Agents requested to supply the Library's requirements for one year through a London firm in accordance with their quotations.

The Librarian contended that, in order principally to take advantage of the publication of cheaper colonial editions and to avoid delegating the choice of books to the London Agents, it would be better to make favourable terms with Shanghai firms, or, failing that, to confine any orders placed through the London Agents to a trial period.

Subsequently, a local firm submitted new terms of purchase, and these were recommended by the Librarian for acceptance. The Treasurer, however, adhered to his previous recommendation that the London Agents be requested to make arrangements for the supply of books.

The Chairman of the Library Committee stated at a meeting on November 2 that there was difficulty in ascertaining what books were likely to be most useful for the Library if they were obtained through the London Agents.

A Committee member was of opinion that any standing orders placed in London should be confined to the works of certain approved authors. Even then there was a possibility that the Council would be committing itself to the purchase of expensive editions for which there was no justification. As regarded Colonial editions, these usually appeared about a month after the ordinary edition at reductions in price from, say, 7/6 to 5/– or 5/6, and it would be necessary for the London Agents to ascertain in each case whether such edition would be produced.

Another member stated that publishers' catalogues could not be trusted as a guide in selecting books.

After further discussion, the Committee adopted the view that more satisfactory service was obtainable through local suppliers than through the London Agents, and recommended the Council to invite tenders from all reputable Shanghai booksellers for the supply of books to the Public Library.

Periodicals.

The Librarian submitted his list of periodicals for 1934, containing the following additions to last year's list:—"Musical Times," "Theatre Arts Monthly," "American Mercury," "True Detective," "China Critic."

The Committee recommended, and the Council agreed, that these periodicals be ordered for the year 1934.

Books on Economics.

In accordance with the Library Committee's directions, the Librarian forwarded a list of 39 modern books on economics which he recommended for purchase at a cost of approximately $500. The Librarian also recommended acquisition of the entirely new 14th Edition of the Encyclopaedia Britannica, obtainable in a special Library binding at £29.16s. He suggested that the expenditure on the books on economics and the Encyclopaedia be independent of the ordinary monthly appropriation for the purchase of books.

The Treasurer and Controller had no objection to offer to the purchase of the above books.

The Council accepted the Committee's recommendation that the modern books on economics named in the list submitted by the Librarian be purchased for the Public Library at an estimated cost of $500, and that the 14th Edition of the Encyclopaedia Britannica be purchased locally at a cost of £29.16s., these sums to be independent of the ordinary monthly appropriation for the purchase of books.

Telephone at Library.

The Council concurred in the Library Committee's recommendation that the Shanghai Telephone Company be invited to instal in a booth in the Library, at its own risk, a public telephone for general use.

PUBLIC WORKS REPORT FOR OCTOBER.

The Commissioner of Public Works in his report for October states that at the Ward Road Gaol Extension all work in connection with the Administration Block, Indian Warders' Quarters, Gaol Hospital, the Juvenile and R/S Cell Blocks, and the Kitchen and Laundry Block has been completed, and the buildings handed over to the Police Department for occupation. At the Chengtu Road Police Station, the boundary walls have been built and the drainage to the compound is in hand, while internal fittings and finishings are proceeding. The Victoria Nurses' Home has been handed over to the Health Department. The whole of the first floor of the new Central Police Station has been concreted. All building work has been completed at the Point Fire Sub-Station.

Electric Crane—Wayside Public Wharf.—The following figures relate to the lifts effected by the electric crane at Wayside Public Wharf during October:—Lifts, 245; weight, 383¾ tons; fees paid, $169.93.

Pingchiao Quarry.—During the month the Public Works Department received 1,950.94 fong of material.

Cleansing and Watering.—Road sweepings collected, 1,988 tons; gully deposit removed, 2,436 tons; water used for street watering by mechanical water wagons, 1,442,400 gallons; water used for washing roads, 3,032,000 gallons.

House Refuse.—595 tons of house refuse were removed by motor trucks and 3,076 tons were removed by barrows, etc., to Western and Eastern Districts for land raising. 15,518 tons of house refuse were taken away by contractor's boats. 3,332 tons of house refuse and 424 tons of road sweepings were sent to Muirhead Road Incinerator. 2,892 tons of house refuse and 224 tons of road sweepings were sent to Penang Road Incinerator.

Labour.—The average number of labourers employed by highways, sewerage and parks was as follows:—Coolies, 6,381; artisans, 593; foremen, 404.

Concreteware.—The following has been produced during the month:—Hand made, 17,345 pieces; machine made, 6,200 pieces.

Work Shelters.—There were 690 admissions during the month and 300 cubic feet of stone broken.

New Buildings. — During the month of October there were 422 blocks of buildings under construction. 285 plans were submitted for approval and 153 plans were approved. Seventy-two valuations of blocks of buildings for assessment purposes were made, and 3,998 inspections carried out by inspectors.

HEALTH REPORT FOR OCTOBER

The Acting Commissioner of Public Health reports:—

The favourable report on the state of the Public Health which was made for September can be repeated this month and, apart from the death from smallpox of the child of an objector to vaccination, there is nothing of particular note in the divisional reports.

The warning to parents and schools issued last month concerning diphtheria must, however, be repeated, since there are unmistakable signs that the incidence of this disease is increasing. A similar warning is necessary in the case of scarlet fever also. It should be borne in mind that at this time of year all sore throats, particularly in children, should be regarded with suspicion.

Vital Statistics. — The foreign death-rate was 8.42 per mille (8.96 in September) which is remarkably low. The mortality among the Japanese community was much below normal.

Among the Chinese community a death-rate of 13.30 per mille shows a still further decrease over last month (13.66).

Tuberculosis, enteric fever, and dysentery were the chief causes of death from major communicable diseases.

The number of resident births registered this month is below the figure of September, there being 55 foreigners and 111 Chinese. Though the latter is much less than the true figure, it is nevertheless included to show that registration *can* be effected and to remind registered practitioners of their duty to the community.

Communicable Diseases.—Smallpox usually appears on the approach of colder weather and this season is no exception to the rule. Six cases were notified, of which three were non-resident.

Diphtheria and scarlet fever have been prevalent among foreigners, though no deaths were notified. As regards scarlet fever, the incidence among the Chinese community was proportionately less than among foreigners, and the mortality rate was negligible, which indicates a low virulence.

While bacillary dysentery showed a seasonal increase, there was a marked decrease in notifications of the entire group.

However, the incidence of infectious intestinal diseases among foreign residents is much higher than it should be, and there is little doubt that the majority of infection is due to neglected kitchens and lack of supervision in the preparation of food. The conditions discovered by Health Inspectors from time to time reveal a state of affairs which, in the aggregate, are a discredit to civilized peoples.

The number of deaths recorded from rabies should direct the attention of the public to this dire disease.

Laboratories

Of the 1,824 general pathological specimens examined, 396 gave positive results. 422 examinations were made for amoebic and/or bacillary dysentery. Routine plague prevention work necessitated the examination of 1,472 dead rats.

The usual food and water supply tests included 59 samples of milk and 30 of Shanghai Waterworks water taken from various points within the Settlement.

In the Chemical Laboratory 295 analyses and tests were made.

Anti-Rabic Institute.—Fifty-four persons including 11 from outports, called for advice, cauterization and/or treatment, and in 43 cases treatment was advised. Of this number 17 received full treatment, 17 precautionary treatment and in nine cases patients failed to complete the course recommended.

One case, an outport Chinese boy, age 11, who completed a full course of treatment during September, was admitted to the Chinese Isolation Hospital and died five hours later. The patient did not call for advice until 17 days after the bite and his wounds had never been cauterized.

Hospital Division.

Both the foreign and Chinese Isolation Hospitals have been somewhat busier.

Out of seven admissions for pulmonary tuberculosis into the Foreign Isolation Hospital, four deaths occurred. The death from smallpox of an unvaccinated infant is to be deplored since people will *not* recognize that such a simple procedure provides protection.

In the Chinese Isolation Hospital diphtheria showed a marked increase, 41 cases were admitted of which four died, There were five deaths from rabies, an unusually high figure. All of the cases came from outside the Settlement and only one had received any attention whatsoever.

At the Ward Road Gaol Hospital 642 cases were admitted of which 240 were treated for opium habit. Thirteen deaths occurred from pulmonary tuberculosis.

Vaccination Campaign. — The season's work commenced on October 1, and reached the promising total of 48,661 vaccinations. The attention of employers of labour on a large scale is drawn to the facilities offered by the Department for mass vaccination of workers. Information concerning this may readily be obtained on application to the nearest Branch Health Office or by telephoning 12410 (extension 20). Complete information concerning free vaccinations is published in the press every Sunday.

Veterinary Division.

Milk Supply.—Compared with the September figures the average milk production increased 4.15 per cent.,

and was 20 per cent. over the corresponding month last year. Of the number of milk samples recorded as being unsatisfactory, seven were from Grade "B" and two from Grade "A" dairies.

Meat Supply.—The meat supply has been normal, showing an increase of 27 per cent. in the kill of oxen, 15.3 per cent. in calves, 13.8 per cent. in sheep, and 5.4 per cent. in pigs over last month.

Over 17 tons of meat products were dealt with at the Municipal Disposal Plant, while six carcases were cremated at the Muirhead Road Incinerator.

Cattle Disease.—Sporadic cases of rinderpest were reported, and in one dairy contagious pleuro-pneumonia caused the death of three animals. There were, in addition, two cases of anthrax and eight of tuberculosis.

Markets and Bakeries.

Organized measures were taken in all Municipal markets to reduce the tea-hawking nuisance, and no fewer than 150 prosecutions were undertaken for breaches of various Market Regulations.

The supply of market provisions was normal.

Licensing.—Altogether 195 applications were received for routine attention. A total of 84 were recommended and 48 refused

Sanitation Division.

This Division took its share of work in anti-smallpox work, performing 14,447 free vaccinations at the various Branch Health Offices.

Particular attention was paid to rat-trapping on the wharves and in godowns in the Eastern district.

In the Western District a considerable number of squatter huts were found to have been hastily erected without authority, but with the co-operation of the Public Works Department they were demolished.

The discovery in an auction room of a consignment of tinned foodstuffs showing signs of deterioration has drawn attention to the necessity of licensing all such premises. From a Public Health standpoint there is no reason why auction rooms should not be licensed for the sale of foodstuffs, since large quantities are frequently disposed of in this manner and it is a distinct possibility that otherwise unsaleable goods may be included.

School Inspection.—A considerable number of grant-aided schools were visited by the School Inspector, and the majority were found satisfactory. Certain other schools qualifying for Municipal grants (notwithstanding frequent advice and instructions) failed to comply with the requirements of the Department which, it must be noted, are the minimum compatible with the physical well-being of the pupils.

Here follow tables of Vital Statistics, Communicable Diseases, Municipal Laboratories, Hospitals, Tuberculosis and Venereal Diseases Clinics; and of the work of the Food and Dairies and Markets and Bakeries Division.

Free chlorine has varied from 0.03 to 0.08 parts per million in samples taken from the laboratory taps and from zero to 0.06 parts per million in samples taken at other points.

Bacteriological Examination :—

During the month 29 samples were examined, 25 from taps in various parts of the Settlement and 4 from hydrants.

Of the 25 tap samples one contained 36 Indeterminate B. Coli per litre. The remaining tap and hydrant samples contained less than 10 organisms of the B. Coli group per litre.

Report on Analysis :—

The samples examined were up to their usual high standard; only one of the tap samples being slightly below requirements.

PARKS REPORT FOR OCTOBER.

The Superintendent of Parks and Open Spaces reports:—

Hongkew Park. — Lawn tennis courts were closed for play on October 4 and the reinstatement of lawn areas commenced.

Football ground No. 3 was opened for play on October 7. Extensive reinstatement work was necessary on football grounds Nos. 1 and 2 and hockey field No. 1. These areas were opened on October 21. Hockey field No. 2 was opened on November 1.

General.—Floral displays in the various parks were very attractive during the month, especially noteworthy in this regard being displays of dahlias in Jessfield and Wayside parks and a display of late flowering summer annuals in Hongkew Park.

Open Air Concerts.—A massed Military Band Concert was held in Jessfield Park on October 15 by the bands of the 2nd. Battalion the East Lancashire Regiment and the 2nd. Battalion The Argyll and Sutherland Highlanders, by kind permission of officers commanding. The concert was originally advertised to take place on October 8, but climatic conditions on that date necessitated a postponement; this adversely affected the attendance, the total number of chairs hired being 565.

TENDERS.

Note :—Instances have recently multiplied of tenderers submitting their tenders to the Secretariat after the prescribed closing hour, only to have them rejected as being too late for consideration. Attention is therefore drawn to clauses 7 and 8 of the conditions governing tenders which are given below.

The official opening of tenders, which is held in the presence of tenderers in the Council Chamber, commences precisely at 11 a.m. on the day fixed for their receipt. After this hour no tender can be received.

CONDITIONS GOVERNING TENDERS

1. The Council reserves to itself the right to accept the whole or part of any tender.

2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.

3. The Council reserves to itself the right either before or after any tenders have been opened to invite fresh tenders in respect of the same matter.

4. The contractor whose tender is eventually accepted may be required to give satisfactory security for the performance of the contract.

5. The names of tenderers, with prices quoted, will be published in the Municipal Gazette.

6. A fee may be charged for specifications to be returned upon receipt of a *bona fide* tender.

7. All tenders, sealed and labelled on the outside as to their contents, should be delivered preferably by chit book or registered letter, to "The Secretary, Municipal Council, Room 150, Administration Building, Kiangse Road," to reach him not later than 11 a.m. on the day fixed for their receipt.

8. Tenders will be opened immediately after the closing hour, 11 a.m., on the day fixed for their receipt. Tenderers may attend the opening of tenders.

Duty at places of amusement totalled 10,947 hours.

The only noteworthy fire attended by the Brigade during the month was:—

19A Minghong Road: Godown: October 21.—Hongkew Division turned out in response to a telephone call at 1.23 a.m. and found, on arrival, that the fire had gained a strong hold on the entire ground floor and sections of the upper floors of a three-storeyed godown of brick construction, with corrugated iron roof, situated in the heart of a congested block of property to the north-east of the junction of Minghong Road and Broadway. The fire had undoubtedly been burning for some time before the call was given, for the metal doors and window shutters were red-hot, while dense volumes of smoke were pouring from all windows on the upper floors and the flames had spread to an unauthorized wooden structure built in the alleyway on the south. On entry into the ground floor being forced, it was found that the contents, which mainly comprised crêpe and cigarette paper, was a mass of flame and, in view of the inflammable nature of the interior construction of the building and the narrowness of the surrounding alleyways, it was apparent that there was grave danger of the outbreak spreading and threatening the entire block. While the Hongkew detachments got to work, a call for assistance in the form of two additional pumps and an escape was turned in, and these responded from Central Station.

While streams were directed into the heart of the fire through doors and windows on the ground floor, lines of hose were run to the adjacent roofs, where, from points of vantage, nozzles were played into the blaze through the windows of the upper floors, and cooling streams used on the threatened adjacent structures.

The godown adjoining the outbreak on the north, which contained motor tyres and other rubber goods in large quantities, rapidly filled with smoke and it was feared that this also would become involved through the wooden cross-

beams becoming ignited or the flames breaking through under the roof. The smoke became so dense that it was found impossible properly to safeguard this godown, with the result that the Rescue Squad was sent for and men wearing gas masks were posted with nozzles on the various floors.

The combined Divisions extinguished the outbreak after about two hours' work and succeeded in confining the damage to the godown in which the fire originated; the entire contents, interior construction and roof of these premises, however, suffered very severely.

The cause of the outbreak is not known.

Gambling offences	49	92	54
Other crimes	200	238	252
Total	1,194	1,349	1,590

The total of 1,194 cases of reported crime is a decrease of 155 compared with the figures for September, and 396 less than in the corresponding period of last year. "A" Division shows a decrease of 32, "C" Division a decrease of 46 and "D" Division a decrease of 85, while "B" Division shows an increase of eight cases. The cases were distributed as follows:—

	Oct.	Sept.
"A" Division (Central and Louza)	308	340
"B" Division (Sinza, Bubbling Well, Gordon and Pootoo Roads)	315	307
"C" Division (Hongkew, Hongkew, Dixwell and Kashing Roads)	302	348
"D" Division (Wayside, Yangtszepoo and Yulin Road)	269	354

Arrests for crime during the month show a decrease, 1,524 having been apprehended in October as against 1,900 in September and 2,354 in August. In addition, 62 persons were taken into custody for crimes committed in previous months. Forty-five persons were arrested on behalf of other authorities.

One case of murder was recorded. The body of a Chinese was extracted from the Whangpoo River following the finding of one thumb and two amputated fingers, it being later ascertained that the man was murdered by a butcher prior to his body being thrown in. The butcher admitted the offence upon arrest and was sentenced to life imprisonment.

Two cases of attempted murder occurred. A man was attacked with an axe on Ferry Road and received injuries to the head and leg, labour trouble being the motive. The assailant was chased and subsequently fatally wounded by the Police. A Chinese teacher while in his school was fired at and slightly wounded by an unknown Chinese.

There was one case of armed kidnapping. A Chinese shop owner was enticed to a house on Wuting Road on the pretext of business and held there by six Chinese, some of whom were armed. He was subsequently released on payment of ransom. Three arrests were effected in connection with this case.

Two cases of intimidation by bomb were reported. A Chinese bomb of the military type exploded outside a Chinese newspaper office on Myburgh Road, resulting in a few panes of glass being broken. An unexploded Chinese Mills hand grenade was found in the garden of a house owned by a Chinese gold broker on Connaught Road.

There were five cases of simple abduction, a decrease of five compared with September.

There was an increase of one case in the number of armed robberies, the figure being 18 as against 17 in September, but a decrease of 47 compared with October, 1932. The cases were distributed as follows:—

	Oct.	Sept.
"A" Division	5	5
"B" "	7	5
"C" "	1	3
"D" "	5	4

There were 16 other robberies as against two in September. Unreported cases coming to light through arrests effected were mostly responsible for the increase.

The number of burglaries was 20 as against 29 in September. The cases were distributed as follows:—

	Oct.	Sept.
"A" Division	1	2
"B" "	7	10
"C" "	4	6
"D" "	8	11

The number of housebreakings was 18 as against 25 in September. The cases were distributed as follows:—

	Oct.	Sept.
"A" Division	5	8
"B" "	4	7
"C" "	5	3
"D" "	4	7

The 634 cases of simple theft showing an increase of 29 as compared with September were distributed as follows:—

	Oct.	Sept.
"A" Division	176	183
"B" "	196	161
"C" "	133	139
"D" "	129	122

"A" Division recorded 29 cases of shoplifting, an increase of seven as compared with the figure for last month and 34 arrests. There were 64 cases of pocketpicking in all Divisions, a decrease of nine as compared with last month, and 50 arrests. Out of 66 bicycles, three rickshas and four motor-cars stolen, 25 bicycles and four motor-cars were recovered, the latter with certain accessories missing. Twenty-four arrests were effected.

Five cases of receiving stolen property were recorded during the month, a decrease of 13 as against September.

There were 47 cases of snatching as against 21 in September, 16 more than last month occurring in Louza district alone, while several unreported cases came to light through arrests effected. The cases were distributed as follows:—

	Oct.	Sept.
"A" Division	23	7
"B" "	4	8
"C" "	12	2
"D" "	8	4

Thirty-nine arrests were made in connection with the latter type of crime.

There was a decrease of 103 opium offences. The Headquarters Narcotic Section carried out 18 raids and apprehended 121 persons. Fifty-one of the total number had criminal records and 28 were sentenced to varying terms of imprisonment, three of whom were fined in addition. In five cases imprisonment was supplemented by fines and in one case the sentence was suspended for three years. Seventy-five persons were fined, 17 were discharged, and one, who was arrested on October 14 on suspicion in connection with a narcotic case in 1931, is still on remand. Of seven persons who were on remand in September for being concerned in transporting 420 lbs. of red pills, one was sentenced to one year's imprisonment and fined $500, two were sentenced to six months' imprisonment each, and four were discharged. The Chinese who was on remand in September in connection with a heroin factory at 1 Wongtu Road, was sentenced to one year's imprisonment and fined $300. Three ozs. of opium, 24 ozs. of red pills, 61 pill pipes with paraphernalia, and 12 opium pipes with paraphernalia were seized. The total amount of fines inflicted during the month in connection with the above offences was $3,780.

The number of gambling offences decreased from 92 to 49. Other forms of crime show a decrease.

Notable Work.—Notable work in "B" Division included: (1) the arrest of four men, one armed with an imitation pistol and another with an axe when in the act of committing an armed robbery at a house on Burkill Road. An amah concerned in the robbery was also arrested. The accused were sentenced to five years' imprisonment each. (2) The arrest of two men who attempted to hold up a Chinese in a ricsha on Sinza Road; eleven further charges of highway robbery being subsequently preferred against them. The accused were sentenced to seven years and six months' imprisonment each. (3) The arrest of eight persons and the seizure of a loaded pistol leading to a further arrest and the seizure of three more pistols. Four charges of armed robbery were preferred against various members of the gang. (4) The arrest of four men, one of whom was in possession of a loaded pistol. Three charges of armed robbery were preferred against them. (5) The arrest of three Chinese, including one female in possession of a concealed pistol. Four further arrests were effected

when another female was found to be in possession of a loaded pistol.

Notable work in "C" Division included: (1) the arrest of a male Chinese who was subsequently connected with ten cases of theft and sentenced to three years' imprisonment. Property to the value of $81 was recovered. (2) The arrest of a male Japanese for the larceny of a bicycle. He was subsequently found to be connected with six similar offences and sentenced to four months' imprisonment. (3) The arrest of three Chinese concerned in an armed robbery with an imitation pistol from an exchange shop on Yangtszepoo Road. The accused admitted the offence and were sentenced to three years and six months' imprisonment. (4) The arrest of a Chinese for being in possession of arms. He was found to be concerned in sending threatening letters, and was sentenced to six months' imprisonment. (5) The arrest of three male and one female Chinese and the seizure of 100 rounds of .38 cal. Mauser ammunition. The three males were charged with possession of ammunition and one further charge of armed robbery. Sentences of six months' to seven years and two months' imprisonment respectively were imposed on two of the accused. (6) The arrest of 17 male and two female Chinese and the seizure of one .45 cal. revolver and nine rounds of ammunition. Charges of possession of firearms, armed kidnapping, murder and attempted murder and six cases of armed robbery were preferred against the various members of the gang, with the exception of three who were released. (7) The arrest of two Japanese who were subsequently charged with manufacturing and disposing of heroin at addresses on Dixwell Road and Wing On Terrace. Four and a half lbs. of heroin were seized in the latter place and a manufacturing plant at the former address.

Notable work in "D" Division included: (1) the arrest of a Chinese concerned in the murder of a Chinese and the disposal of his body in the Whangpoo. The culprit was sentenced to life imprisonment. (2) The arrest of four Chinese in possession of a pistol while *en route* to commit a robbery. Three of the accused were found guilty and sentenced to varying terms of imprisonment. (3) The arrest of four desperadoes and the seizure of a pistol following a visit by this gang to a dwelling house in Wayside district, from which they had fled as a result of an alarm being raised. (4) The arrest in the Wayside district of a Chinese for being in possession of counterfeit 20-cent pieces, which led to the arrest of three others and the seizure of the counterfeiting paraphernalia.

The following cases, which are included in the month's figures in "B" Division, occurred outside Settlement limits in houses on or abutting on Council roads:—larceny, 12; fraud and false pretences, 2; miscellaneous, 6.

The Headquarters Crime Branch Detectives conducted investigations into 31 reports and effected the arrest of 11 persons. In addition enquiries were continued in 13 cases previously reported.

Stolen Property.—Property valued at $67,030.32 was alleged to have been stolen during the month as against property valued at $100,531.42 in September. The total value is made up as follows:—

"A" Division		$34,248.77

TENDERS.

Note :—Instances have recently multiplied of tenderers submitting their tenders to the Secretariat after the prescribed closing hour, only to have them rejected as being too late for consideration. Attention is therefore drawn to clauses 7 and 8 of the conditions governing tenders which are given below.

The official opening of tenders, which is held in the presence of tenderers in the Council Chamber, commences precisely at 11 a.m. on the day fixed for their receipt. After this hour no tender can be received.

CONDITIONS GOVERNING TENDERS

1. The Council reserves to itself the right to accept the whole or part of any tender.

2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.

3. The Council reserves to itself the right either before or after any tenders have been opened to invite fresh tenders in respect of the same matter.

4. The contractor whose tender is eventually accepted may be required to give satisfactory security for the performance of the contract.

5. The names of tenderers, with prices quoted, will be published in the Municipal Gazette.

6. A fee may be charged for specifications to be returned upon receipt of a *bona fide* tender.

7. All tenders, sealed and labelled on the outside as to their contents, should be delivered preferably by chit book or registered letter, to "The Secretary, Municipal Council, Room 150, Administration Building, Kiangse Road," to reach him not later than 11 a.m. on the day fixed for their receipt.

8. Tenders will be opened immediately after the closing hour, 11 a.m., on the day fixed for their receipt. Tenderers may attend the opening of tenders.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, DECEMBER 8, 1933. No. 1459

EXTRA-SETTLEMENT ROADS NEGOTIATIONS.

At the meeting of the Council on November 29 it was announced that the negotiations regarding the Extra-Settlement Roads, which were commenced in May, 1931, at the invitation of the Chinese Authorities and carried on to the present time, would no longer be continued by the Chinese representatives along the lines upon which the negotiations were originally initiated.

The Chinese representatives take the position that a political issue has been injected into the question of the constitution of the proposed special police force for the Extra-Settlement Roads which precludes any further discussion of this subject by them for the present.

It is understood, however, that the door is not closed to further discussion of important matters relating to the Extra-Settlement Roads which may ultimately lead to a solution of the problem.

NEW LICENCE CONDITIONS APPROVED BY COUNCIL.

Amendments To Further Humane Treatment of Animals.

The Shanghai Society for the Prevention of Cruelty to Animals submitted to the Council proposals regarding the introduction of certain licence conditions with the object of furthering the humane treatment of animals. The Society recognized the possibility that some of the proposed clauses would prove impracticable.

The Watch Committee in considering these proposals had before it departmental comments upon them. It was found that only a few of the suggested amendments to licence conditions were really practical and necessary.

The Society proposed that carriage licence plates be of a much larger size, and placed in a prominent position on the carriage so as to be visible from a reasonable distance, as on motor vehicles, etc. The Watch Committee recommended the Council to issue a new type of carriage licence, but could not see its way to place on the plates the number of passengers permitted and the amount of luggage which might be carried.

The Society requested that the general market conditions relating to the humane handling and treatment of livestock be printed on the back of all stallholder licences; that in the licence of any man-handled vehicle be inserted a condition that all animals must be carried in a humane manner and transported so as not to cause unnecessary suffering. The Watch Committee recommended that when the re-printing of the market and man-handled vehicle licences was undertaken, the amendments desired by the Society and stated above be included; the Committee suggested that in the meantime such amendments might at a small cost be printed or stamped across the face or back of the existing licence forms.

In regard to motor freight vehicles, the Society asked for the following additions to the licence conditions: (a) The floor of a motor freight vehicle used in the transportation of any animal shall, in order to prevent slipping, be strewn with a proper quantity of litter or sand or other proper substance, or be fitted with battens or other proper footholds. (b) The licensee shall not allow the vehicle to be overcrowded so as to cause unnecessary suffering to the animals therein. The Watch Committee recommended that these amendments be made.

The Committee was unable to accept the Society's proposed amendments to dog licence conditions.

The Council has adopted the Committee's recommendations.

MUNICIPAL NOTIFICATION

No. 4414.

PRIVATE RICSHAS.

THE attention of the public is drawn to the nuisance and inconvenience caused by "tramp" ricshas, i.e., private ricshas which ply for public hire, and the co-operation of the public is solicited towards mitigation thereof.

Notice is hereby given that licences for private ricshas are available only for *bona fide* owners of such ricshas, and that any licences found to be taken out under fictitious names will, upon detection, be cancelled.

By order,
J. R. JONES,
Secretary.

Council Chamber,
Shanghai, November 30, 1933.

MUNICIPAL NOTIFICATION

PUBLIC HEALTH DEPARTMENT.

Assistant Medical Officer.

APPLICATIONS are invited for the post of Assistant Medical Officer in the Public Health Department. Candidates who may be of any nationality or of either sex must not be less than 30 or more than 35 years of age, preferably unmarried and possess qualifications in medicine and surgery of university standard obtained in Europe, America or Japan. Possession of a Public Health Diploma would be an additional recommendation. Candidates must have had considerable clinical experience and also must be thoroughly familiar with the usual Public Health laboratory procedures, including the diagnosis of morbid histology. The officer appointed may be required to take duty in any branch of the Department according to circumstances. It is absolutely essential that candidates be able to speak and write English fluently. Salary according to scale which may be obtained upon application.

Applications in the candidates' own handwriting accompanied by certified copies of three recent testimonials should be sent to the Commissioner of Public Health, Shanghai Municipal Council, not later than January 31, 1934. Envelopes should be sealed and marked "Assistant Medical Officer."

The canvassing of Members of Council and/or Committees, or to obtain from them letters of recommendation or introduction is strictly prohibited. Any infringement of this rule will disqualify an applicant.

By order,
J. R. JONES,
Secretary.

Council Chamber,
Shanghai, November 30, 1933.

OMNIBUS ROUTE NO. 11

Large Type Vehicles Permitted For Trial Period.

The Council has granted the application of the China General Omnibus Co., Ltd, to operate a larger type of vehicle than hitherto on Route No. 11, which is from the corner of Avenue Edward VII and Chekiang Road to Wayside, for a trial period of three months, when the Commissioner of Police will report upon the effect of the new service on traffic conditions.

The application was considered by the Public Utilities Committee, upon whose recommendation the Council provisionally permitted the use of small omnibuses on this route from July 31. When the Committee considered the request to operate larger buses on the route, the Commissioner of Police stated that the vehicles so far used had added to traffic congestion in the West Hongkew Police District, but had caused no general congestion. It was not known whether the use of a larger type of vehicle would cause general obstruction, and he was of the opinion that the permission asked for should be granted for a trial period of three months. The Commissioner of Public Works also suggested a trial period.

The Committee recommended the Council to grant the application as stated above.

HOSTEL FOR UNEMPLOYED.

Salvation Army's Application For Rate Remission.

Upon the recommendation of the Finance Committee, the Council on November 29 decided to exempt the premises of the Salvation Army Men's Hostel at No. 7 Yang Terrace from payment of General Municipal Rate so long as the premises are utilized for their present purpose.

The Treasurer and Controller endorsed the proposal that, as these premises are used for destitute unemployed, total exemption from Municipal Rate be conceded so long as the premises are so utilized.

LAND COMMISSION.

Case No. 232.

November 9.

Present: Messrs. H. Berents (*Chairman*), S. H. Peck, J. T. W. Brooke, Chen Ting-jui, Feng Ping-nan.

Chengtu Road Widening.

B. C. Lot 2627, Cad. Lot 342, Western.

Messrs. Spence, Robinson & Partners, on behalf of the registered owners, claimed Tls. 7,380 for an area of mow 0.123 required from Cad. Lot 342 for the scheduled widening of Chengtu Road, this sum being at the rate of Tls. 60,000 per mow. The Council offered compensation at Tls. 45,000 per mow, less one-half for betterment, making a sum of Tls. 2,768. This offer, having been refused, was withdrawn at the outset of the hearing.

Award. — That the registered owners be compensated by payment of a net sum of Tls. 1,554 for the scheduled area of mow 0.123.

THE FOLLOWING IS AN ABRIDGED REPORT OF THE PROCEEDINGS.

Mr. H. M. Spence appeared for the registered owners; Mr. R. Winter for the Council.

Mr. Spence said the assessed value of the property, situated just north of Burkill Road with access from Chengtu and Burkill roads, was Tls. 40,000. The surrender would enable widening of Chengtu Road to 60 feet. He argued that the development of the property possible after the surrender had been made would produce about Tls. 500 less rental per annum than development of the whole area. This loss capitalized at 6 per cent. gave a value of Tls. 8,330. Allowing Tls. 1,000 for increased building costs, the net value to the owner of the land scheduled for surrender was about Tls. 7,300. In his opinion the betterment deduction of 50 per cent. was excessive. There was nothing but Chinese property around this lot, and for development of the kind proposed it was not appreciably bettered by a 60 feet road. The entrance from Chengtu Road to the hongs behind the shops was not used. It was barricaded, and the approach to the interior of the property was from Burkill Road, making the width of Chengtu Road entirely immaterial to the occupants. The six shops fronting on Chengtu Road were the only part of the property concerned in the widening, and his impression was that the widening was actually detrimental to these shops. Mr. Spence referred to developments of more than two storeys for Chinese occupation that had not let at all readily, in order to show that efforts to make use of the width of road in a higher development for Chinese shops were not successful.

Mr. Spence failed to see that the argument put forward by the Council in their letter of June 26, that the land now in question for surrender was shengkoed in 1913 by the owners, had any bearing on the present issue. The owners at that time merely exercised what was their right, and the present owner said that he was in no way concerned with the manner in which this part of the lot was acquired. It had changed hands several times since then.

Mr. Spence therefore submitted that the offer of the Municipal Council was not adequate, more particularly in the heavy deduction for betterment.

Mr. Winter stated that the owners had based their claim of Tls. 7,380 on a fictitious value without regard to the actual revenue derived from the land. They had not proved, or attempted to prove, the value. They had made a superficial comparison between Cad. Lot 1962, situated at the corner of Bubbling Well and Chengtu Roads, and Cad. Lot 342. The two areas were entirely dissimilar. The first was a corner plot with a long frontage facing two fully developed roads; the second had only a short frontage, was not a corner plot, and was not on a fully developed road. The owners had also made the error of claiming compensation on the improved value. Compensation was paid for the actual and not potential loss suffered by the owner; to admit compensation should be paid on the improved value of the land would be tantamount to saying that the Council should pay interest to the adjoining owner for improvements which the Council had effected in the locality.

As to ownership, the present owners were the registered owners in 1913 when they shengkoed part of a creek which bounded this lot on the west and which had been culverted by the Council, in order to obtain a frontage to Chengtu Road. As to width of the road, Chengtu Road was, until 1931, only 34 ft. 7 in. wide. The argument then was that the owners were quite satisfied with the road being developed to 49 ft. 10 in. when the land required for the improvement had all been excised from land on the other side of the road and none surrendered by them.

The Council's case was simple and clear-cut. First, he asked the Commissioners to forget the offer which the Council made, as that was made in order, if possible, to effect an amicable settlement only and was not strictly a guide to what compensation should be paid. Then he asked the Commissioners to disregard that part fronting Burkill Road as it was developed as though it were an entirely separate area. Any accretion to or diminution of the main part fronting Chengtu Road would not affect the development or value of the area fronting Burkill Road. The interests of the owners would not be adversely affected by this, as the Burkill Road frontage was also formerly a creek culverted by the Council and Burkill Road was widened without this plot making any surrender.

It might be said that it was a principle (and one which would appear, from the various awards which had been made, to have been maintained by the Commissioners) that the excision of land for road widening purposes did not involve any loss of frontage but only of back land. It was really a pushing back of the land in this case of 10 feet. A loss of comparatively such a small depth in a plot 200 ft. deep would have little bearing on the value or development of the whole area.

It was another principle that compensation should be paid at the time or based on the loss at the time the land was taken over, which was perfectly logical. In this case the hongs which were previously erected on this lot were pulled down in November, 1931, but it was not until December, 1932, after the new buildings had been erected, that any claim was made. It would be noticed that both these dates were prior to the present assessment upon which the owners were making a basis of claim, but which, in any case, was not applicable. Having regard to the fact that the area had been scheduled—which was equivalent to a notice to treat—for eight years prior to demolition, it became, to all intents and purposes, part of the roadway immediately the houses were demolished and that was the time at which compensation must be assessed. The assessed value then was Tls. 30,000 a mow for the whole area including two frontages. But as compensation was payable on the back land, the figures placed before the Commissioners showed that the value of that land at the time of demolition was approximately Tls. 26,000 a mow.

Merely for the purpose of comparison and to show the extent of exaggeration of the owners' claim, it would be seen by the calculations placed before the Commissioners that the value of this land as re-developed was only Tls. 42,500 as against a claim of Tls. 60,000 a mow.

The owners claimed that no betterment had accrued and that the history of the land should not affect the question of compensation. It was, however, decided in Land Commission Case No. 190 that betterment accruing over a period of years should be taken into account. The Commission was a quasi-judical body and, he submitted, must follow precedent and maintain general principles.

The large map before the Commissioners showed that this land was, in 1901, when title was issued, bounded on the west by a creek, the Chien Chia Pang, which was, in 1906, culverted by the Council. In 1913 the present owners acquired the title and shengkoed nearly the whole width of the creek land, an area of mow 0.190, in order to obtain a frontage to Chengtu Road, which was then 35 feet wide. In 1913 shengko fees were very nominal—at the most Tls. 1,000 a mow. The land to be surrendered comprised only that which was shengkoed and for which the owners asked Tls. 60,000 a mow. As would be seen from the map, if the owners

had not shengkoed in 1913 they would still have had to do so in order to get a frontage to the road.

Betterment was not only to be taken into account for widening in the immediate vicinity, but to the general layout of Chengtu Road, to the fact that it would be a main thoroughfare from Avenue Edward VII to Soochow Creek—for potential betterment must also be taken into consideration—and particularly to the fine approach from Bubbling Well Road, all of which had been and would be made at the expense of the ratepayers.

Mr. Winter placed before the Commissioners documents showing respectively the value of this land per mow before and after redevelopment with a resultant increased value of Tls. 16,000 a mow. It would be seen that in all cases the calculations erred in favour of the owners—the deductions for outgoings were too low, the value of the old buildings too low, and the new buildings too high. It was appreciated that many factors had conduced to the increased value of land in Shanghai during the past few years, but, he submitted, not the least inconsiderable of them was the improvement effected at the expense of the ratepayers. This was a case where improvement of the locality was responsible for a large proportion of the increase, yet the Council was asking less than 9 per cent. of that increase when it asked for a free surrender.

If the Commissioners thought that the claim of the owners was unreasonable or that the Council's offer was a fair one, then he suggested that the expense to which the Council had been put in holding the present hearing should be taken into account in the award.

Mr. Spence said he could not agree with Mr. Winter that the accrued betterment should be charged to the registered owner as the land had changed hands a number of times, so that the respective actual owners had benefited.

Mr. Winter submitted that the point should not have been raised as Land Regulation VIA empowered the Commission to deal with "foreign renters," that was the registered owners.

Mr. Spence rejoined that the actual renters should be considered as well. With regard to Mr. Winter's remark that the owner in 1931 stated that he would be quite satisfied with a road width of 49 ft. 10 in., Mr. Spence pointed out that he had already mentioned that a road only 35 feet in width would be adequate for the purposes of the existing buildings.

The Chairman remarked that quite wide roads often had low houses abutting thereon, but the owners had the right to build to greater height if they so wished.

Mr. Spence observed that when the present buildings were erected some 18 months ago land values were much higher than they were now, although reassessment had not then been made.

Mr. Winter replied that the owners were then paying land tax on an assessment of Tls. 30,000 per mow.

Mr. Spence contended that betterment must be shown to accrue within a given time. In the present case a long time would elapse before anything but Chinese houses similar to the existing type would be erected along the road, and for these a width of 35 feet would be adequate. A large arterial road would be of great benefit to traffic, but not to the immediate owners of the houses abutting on it.

Mr. Winter pointed out that there had been a large increase in the rent of the houses.

Mr. Spence replied that the increase was not excessive, as when old houses were replaced with new ones a material increase in rent was usual, due not so much to the Council's activities as to the increased value of the Settlement and also to the greater need of houses.

Replying to a question by a Commissioner, Mr. Winter explained in detail the different circumstances pertaining to the surrender from Cad. Lot 1233, a corner lot on the opposite side of the road.

The Commissioners gave the following award:

That the registered owners be compensated by payment of a net sum of Tls. 1,554 for the scheduled area of mow 0.123.

MUNICIPAL PROPERTIES.

INDUSTRIAL ACCIDENTS IN NOVEMBER.

Twenty-six industrial and occupational accidents were reported through Police and Emergency Ambulance services of the Council in November. These involved fatal injuries to seven, and non-fatal to thirty-two workers. Twenty-two men and ten women were injured. Two men were killed from electrical causes, and two from use of hazardous goods causing fire and explosion. One death was caused through a fall down a lift well, attributable to the fact that in the absence of interlocking devices it was possible to open the lift well doors while the lift was not at the floor in question. Another death was caused by a fall from a building under construction. One worker was fatally hit by cargo from a discharging ship.

Of non-fatal accidents, eight took place in textile mills. Two men were scalded; five men and one woman received injuries, several of which were severe, from textile machinery. Three of these accidents were directly attributable to the wide loose clothing worn by Chinese workers. Injuries to two workers in textile mills were due to unguarded parts of machinery, cogs in one case, a belt in another. One was caused by inefficient work on the part of the worker. Two non-fatal accidents were due to inhalation of carbon monoxide gas. Three were the results of explosions from chemical causes. Machinery other than textiles was responsible for injuries to two workers. A panic on the stairway of a rubber factory caused injuries to eight women and one man. Falls caused injuries to seven men and one woman. Three of these took place on buildings under construction.

TENDERS.

Note:—Instances have recently multiplied of tenderers submitting their tenders to the Secretariat after the prescribed closing hour, only to have them rejected as being too late for consideration. Attention is therefore drawn to clauses 7 and 8 of the conditions governing tenders which are given below.

The official opening of tenders, which is held in the presence of tenderers in the Council Chamber, commences precisely at 11 a.m. on the day fixed for their receipt. After this hour no tender can be received.

CONDITIONS GOVERNING TENDERS

1. The Council reserves to itself the right to accept the whole or part of any tender.
2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.
3. The Council reserves to itself the right either before or after any tenders have been opened to invite fresh tenders in respect of the same matter.
4. The contractor whose tender is eventually accepted may be required to give satisfactory security for the performance of the contract.
5. The names of tenderers, with prices quoted, will be published in the Municipal Gazette.
6. A fee may be charged for specifications to be returned upon receipt of a *bona fide* tender.
7. All tenders, sealed and labelled on the outside as to their contents, should be delivered preferably by chit book or registered letter, to "The Secretary, Municipal Council, Room 150, Administration Building, Kiangse Road," to reach him not later than 11 a.m. on the day fixed for their receipt.
8. Tenders will be opened immediately after the closing hour, 11 a.m., on the day fixed for their receipt. Tenderers may attend the opening of tenders.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI. SHANGHAI, FRIDAY, DECEMBER 15, 1933. No. 1460

HIRE CAR SERVICE ON THE BUND.

Proposal To Permit Parking of Ten Vehicles For Public Use.

The Municipal Council proposes to allocate a space on the Bund for the use of a hire car service unless valid objections are raised.

On several occasions the Council has considered the advisability of providing parking space on the Bund for hire cars operating primarily for the benefit of ship passenger traffic. The feasibility of this was studied as also were suggestions for adequate control, both from a traffic point of view and insofar as concerned the tariff of charges. An application was made on behalf of one garage for the exclusive right to use an allotted space on the Bund for hire cars, but the Council decided that a portion of the area reserved for the parking of private riesbas, and not used, should be made available for use by hire car companies generally. This space, however, was not utilized, and the Council was informed that the hire car companies found that the scheme was not practicable, whereas they intimated that there would be competition for a monopoly.

The Council, therefore, intends, unless sufficient cause to the contrary is shown, to invite tenders for the operation of a hire car service from the Bund for a trial period of one year. The space above referred to, situated on the south side of the Customs examination shed, will be used for parking the hire cars, there being accommodation for not more than ten.

PUBLIC AND THOMAS HANBURY SCHOOL FOR BOYS.

The annual prize giving will be held on Tuesday, December 19, from 2 to 4 p.m. Parents, old boys, and friends of the school are cordially invited.

MUNICIPAL NOTIFICATION

TYPEWRITER CLEANING CONTRACT.

It will be observed that on page 525 of this issue, under the heading of "All Departments," the Council is calling for tenders for the inspection, cleaning and adjustment during 1934 of all typewriters (approximately 325) in the Municipal Service. The following particulars will be of interest to intending tenderers:—

The work must be supervised and periodical examinations of all machines made by qualified foreign typewriter mechanics, to ensure that machines are maintained in a proper and satisfactory condition.

The charge per machine per annum must cover any extra visits which may have to be made above the regular monthly inspection to maintain machines in first-class condition.

The Council is to be loaned replacement machines free of charge in the event of any of the Council's machines requiring attention in workshops.

In the event of any machine requiring special attention a report must be submitted free of charge advising the department concerned.

The Council reserves the right for departments to purchase new part elsewhere should they so desire.

TENDERS.

Note:—Instances have recently multiplied of tenderers submitting their tenders to the Secretariat after the prescribed closing hour, only to have them rejected as being too late for consideration. Attention is therefore drawn to clauses 7 and 8 of the conditions governing tenders which are given below.

The official opening of tenders, which is held in the presence of tenderers in the Council Chamber, commences precisely at 11 a.m. on the day fixed for their receipt. After this hour no tender can be received.

CONDITIONS GOVERNING TENDERS

1. The Council reserves to itself the right to accept the whole or part of any tender.

2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.

3. The Council reserves to itself the right either before or after any tenders have been opened to invite fresh tenders in respect of the same matter.

4. The contractor whose tender is eventually accepted may be required to give satisfactory security for the performance of the contract.

5. The names of tenderers, with prices quoted, will be published in the Municipal Gazette.

6. A fee may be charged for specifications to be returned upon receipt of a *bona fide* tender.

7. All tenders, sealed and labelled on the outside as to their contents, should be delivered preferably by chit book or registered letter, to "The Secretary, Municipal Council, Room 150, Administration Building, Kiangse Road," to reach him not later than 11 a.m. on the day fixed for their receipt.

8. Tenders will be opened immediately after the closing hour, 11 a.m., on the day fixed for their receipt. Tenderers may attend the opening of tenders.

MUNICIPAL GAZETTE

Of the Council for the Foreign Settlement of Shanghai

Vol. XXVI SHANGHAI, FRIDAY, DECEMBER 22, 1933 No. 1461

MOTOR CAR RADIO ALARM SYSTEM.

In the "Municipal Gazette" of September 29, 1933, a statement was published to the effect that the Council had without any implication of responsibility therefor granted permission to the Radio Protection Company to instal and operate a radio alarm system for motor cars in co-operation with the Municipal Police.

A formal agreement, dated December 14, has been entered into by the Council and the Company, the main provisions of which are:—

1. The Company is permitted to instal and maintain in approved police stations, for three years, such equipment as may be necessary to operate the alarm system. All installations are subject to the approval of the Council, but the cost and maintenance thereof are to be borne by the Company.
2. The Council agrees that alarms received at the police stations shall be acted upon, although it is not to be held responsible in the event of any call being unanswered.
3. The Council is indemnified against any damage or injury arising out of the operation of the system.
4. All users of the system must enter into a contract, approved by the Council, and which among other things provides for a penalty of $25 for each false or unnecessary alarm: service to the particular person will be discontinued after the third false or unnecessary alarm. Both the Council and the Company have the right to object to service being afforded to any particular person or vehicle.
5. In the event of breach by the Company of the terms of the agreement or injury to any other undertaking, the service not being maintained in a first class modern continuous and effective manner, the Council may determine the agreement on six months' notice.

MUNICIPAL NOTIFICATION
No. 4419.

THE Municipal Offices will be closed to public business on Monday and Tuesday, December 25 and 26, 1933, and Monday and Tuesday, January 1 and 2, 1934.

By order,
J. R. JONES,
Secretary.

Council Chamber,
Shanghai, December 14, 1933.

TENDERS.

The attention of those who wish to tender for the supply of municipal requirements is drawn to certain amendments in the Conditions Governing Tenders, as set out in this issue of the "Municipal Gazette." In view of the many cases that have occurred recently of tenderers submitting their tenders to the Secretariat after the prescribed closing hour, only to have them rejected as too late for consideration, attention is also drawn to Clauses 7 and 8 of the Conditions Governing Tenders. The official opening of tenders, which is held in the presence of tenderers in the Council Chamber, commences promptly at 11 a.m. on the day fixed for their receipt. After this hour no tender can be received.

MUNICIPAL SCHOOLS.
Use of Public Swimming Pool By Students.

In the past season the attendances of Municipal school students at the Public Swimming Pool totalled 4,787. These pupils were admitted without charge. As the number attending increases year by year, the Acting Commissioner of Public Health suggested that a charge of $250 per thousand scholars should be made to the Education Department, on the understanding that this figure will be subject to revision, if necessary. When the Education Board discussed the question at the fortnightly meeting, the Superintendent of Education stated that regularization of this matter might result in larger number of pupils attending the swimming pool in organized classes, though the more distant schools were not likely to arrange such visits.

The Chairman of the Board expressed the view that swimming under the control of teachers should be considered an important subject in the curriculum, and suggested that provision therefor be made in the budgets of the schools availing themselves of the facilities offered by the Swimming Pool.

The Board recommended that, as an experimental measure, the charge of $250 per thousand scholars from the Council's schools using the Swimming Pool be made to the Education Department for the 1934 season, and that appropriations be made therefor in the budgets of the schools affected.

The Council adopted this recommendation.

Secretary.

Council Chamber,
Shanghai, December 21, 1933.

PUBLIC WORKS REPORT FOR NOVEMBER.

The Commissioner of Public Works reporting to the Council upon the work done by his Department during November states that the Point Fire Sub-Station, Pinliang Road, has been handed over to the Fire Brigade. Considerable work has been completed at Sungpan, Mohawk, Hongkew and Peking markets, while the bunding in Soochow Road, east of Honan Road, and the concreting of landing steps there were completed. The erection of shuttering and steel is in progress at Kashing Road Bridge. Construction of an extension to the Yangtszepoo Fire Station engine-room has begun, and also demolition of ten old blocks at the Ward Road Gaol Extension preparatory to beginning building operations on the new Remand, Detention, A/B Cell Block, and the New Foreign Gaol. The contract for building the Public and Thomas Hanbury School for Girls on the old Victoria Nursing Home site, Hannen Road, has been let, and preparatory and demolition works are proceeding. The contract has also been let for erecting the Secondary School for Chinese Girls, Singapore Road.

Electric Crane—Wayside Public Wharf. — The following figures relate to the lifts effected by the electric crane at Wayside Public Wharf during November; lifts, 367; weight, 426¼ tons; fees paid, $196.99.

Pingchiao Quarry.—During the month the Public Works Department received 2,591.78 fong of materials.

Cleansing and Watering.—Road sweepings collected, 1,889 tons; gully deposits removed, 2,378 tons; water used for street watering by mechanical water wagons, 1,588,000 gallons, water used for washing roads, 2,916,800 gallons.

House Refuse.—768 tons of house refuse were removed by motor trucks and 2,762 tons were removed by barrows, etc., to Western and Eastern Districts for land raising. 14,547 tons of house refuse were taken away by contractor's boats. 3,064 tons of house refuse and 530 tons of road sweepings were sent to the Ward Road Incinerator. 2,808 tons of house refuse and 238 tons of road sweepings were sent to Penang Road Incinerator.

Labour.—The average number of labourers employed by highways, sewerage and parks was as follows: —coolies, 7,814; artisans, 658; foremen, 427.

Concreteware.—The following has been produced during the month:—hand made, 12,263 pieces; machine made, 5,605.

Work Shelters.—There were 632 admissions during the month and 280 cubic feet of stone broken.

New Buildings.—There were 403 blocks of buildings under construction during the month. 217 plans were submitted for approval, and 132 plans were approved. Valuations of blocks of buildings for assessment purposes made totalled 60, while 3,945 inspections were carried out by Inspectors.

HEALTH REPORT FOR NOVEMBER.

The Acting Commissioner of Public Health reports:

The most prominent disease during the past month was diphtheria and the warning issued last month concerning the probable increase in its prevalence was fully justified. Apart from this, however, there has been a general decline in notifiable disease which has in some degree contributed to low mortality rates throughout the entire community.

Although the general state of the public health has been satisfactory, the incidence of preventable ailments indicates the need for improvement in health education, more particularly in the value of prophylactic measures which certain sections of the community persist in ignoring. It is opportune here to direct public attention to the need for re-vaccination against smallpox.

Vital Statistics. — The foreign death-rate was 9.66 per mille (8.43 in October), slightly higher than last month, but nevertheless 5.12 per mille less than the average for November during the past five years.

Among the Chinese community a death-rate of 10.56 per mille shows a decided decrease over last month (13.30) and a decline of 2.72 per mille on the quinquennial average for the month. The decrease is due mainly to a notable reduction in the number of dumped bodies.

Tuberculosis, typhoid, dysentery and diphtheria were the chief causes of death from the major communicable diseases. The fact that five deaths from smallpox were recorded against one in October is in itself sufficient warning, and no time should be lost in securing effective vaccination.

The number of resident foreign births registered has been very much higher than October, there being 92 against 55.

Communicable Diseases.—So far smallpox continues to occur in sporadic form; there were seven cases in all, five of which were Chinese.

Diphtheria of mild type is increasing amongst foreigners, though no deaths have been recorded. Among the Chinese community there were nine deaths, mostly attributable to neglect or delay in removal to hospital.

Both types of dysentery decreased appreciably throughout the entire community.

Laboratories.

Of the 1,968 general pathological specimens examined, 426 gave positive results. 256 examinations were made for amoebic and/or bacillary dysentery. Routine plague prevention work included the examination of 1,382 dead rats.

Food and water supply tests included 49 samples of milk and 35 of Shanghai Waterworks water taken from the various points within the Settlement.

302 Wassermann tests were performed.

In the Chemical Laboratory 335 analyses and tests were made.

Anti-Rabic Institute.—Fifty-nine persons, including five from outports, called for advice, cauterization and/or treatment, and in 52 cases treatment was advised. Of this number 22 received full treatment, 20 precautionary treatment, and in 10 cases patients failed to complete the course recommended.

Hospital Division.

Both foreign and Chinese Isolation Hospitals have been comparatively busy.

Out of 34 cases admitted into the Foreign Isolation Hospital six deaths occurred, five from pulmonary tuberculosis and one from amoebic dysentery. In the Chinese Isolation Hospital, 19 deaths occurred out of 91 cases admitted. Diphtheria was the chief cause of death.

In the Police Hospital for Chinese four firemen were admitted suffering from serious burns caused by an exploding bottle of ether during a fire.

The New Gaol Hospital was handed over by the Public Works Department and occupied. It already contains nearly three hundred convict patients.

Out of 660 cases admitted 252 were treated for opium habit. Nine deaths occurred from pulmonary tuberculosis.

Vaccination Campaign. — The facilities afforded by the Department are not being made use of fully, as only 33,304 persons were vaccinated (against over 48,000 last month), of whom 21,702 were done by the mobile vans and 11,602 at the various Branch Health Offices. Employers of labour are urged particularly to see that this very necessary precaution is taken by their staffs.

Veterinary Division.

Milk Supply.—The average daily milk production showed an increase of 5.12 per cent. over October and 20.86 per cent. over the corresponding month last year. Thus it appears that there is a growing demand for fresh milk produced from herds under official supervision and that the demand is due in part to an increased consumption by the Chinese population.

Of the number of samples recorded as being unsatisfactory chemically, three were from licensed and five from unlicensed dairies, while among those found unsatisfactory bacteriologically, five were from licensed and one from unlicensed dairies.

A milk coolie employed by a licensed dairy was caught in the act of stealing bottles of milk from milk boxes in the Hongkew district. His *modus operandi* was to adulterate the milk with water and retail to his "private" customers. Unfortunately, he escaped from custody.

A permit to sell goat milk in the Settlement issued to the Shanghai Goat Farm, Kiangwan, serves to prove that there is no lack of enterprise provided the demand exists.

Cattle Disease. — Contagious pleuro-pneumonia is still present in three dairies and caused the death of 10 animals.

Meat Supply.—The lairages of the new abattoir in Sawgin Road were occupied and the process of transferring activities commenced.

The meat supply continues to be normal, showing an increase of 22·6 per cent. in the kill of calves and 11.5 per cent. buffaloes over last month.

Over 14 tons of meat products were dealt with at the Municipal Disposal Plant, while two carcases were cremated at the Muirhead Road Incinerator.

Sanitation Division.

Concentrated attention was given to licensed food premises and also to unlicensed stalls located in alleyways where supervision is difficult, if not impossible.

The abnormally warm weather brought a recrudescence of the fly nuisance, which necessitated intensive preventive measures at the refuse dumps.

Vaccination was performed in all Chinese schools in the Northern district.

Here follow tables of Vital Statistics, Communicable Diseases, Municipal Laboratories, Hospitals, Tuberculosis and Venereal Diseases Clinics; and of the work of the Food and Dairies and Markets and Bakeries Division.

Chlorine in chloride figures have varied between 2.5 and 3.4 parts per 100,000. ammonia figures have been normal and nitrites occasionally present in traces. Free chlorine has varied from 0.03 to 0.14 parts per million in samples taken from the laboratory taps and from zero to 0.10 parts per million in samples taken at other points.

Bacteriological Examination :—

During the month 35 samples were examined, 31 from taps in various parts of the Settlement and 4 from hydrants, none of which contained more than 10 organisms of the B. Coli group per litre.

Report on Analysis :—

The samples examined during the month showed no evidence of bacterial growth and were up to the usual high standards both Chemically and Bacteriologically.

CONDITIONS GOVERNING TENDERS

1. The Council reserves to itself the right to accept the whole or part of any tender.

2. The Council does not bind itself to accept the lowest or any tender or to pay any expenses which the tenderers may incur in tendering.

3. The Council reserves to itself the right either before or after any tenders have been opened to invite fresh tenders in respect of the same matter.

4. The contractor whose tender is eventually accepted may be required to give satisfactory security for the performance of the contract.

5. All tenderers for the requirements of the Public Works Department are required to register their names or firm names, together with such other particulars as may be considered necessary, with the Commissioner of Public Works and to renew the registration every year in the month of January. No specifications or forms of tender will be issued except to tenderers who have been duly registered.

6. A fee may be charged for specifications subject to its being refunded upon the receipt of a *bona fide* tender and subject, in cases where plans have been issued with the specification and the tender form, to the return of these plans in good condition.

7. All tenders, sealed and labelled on the outside as to their contents, should be delivered preferably by chit book or registered letter, to "The Secretary, Municipal Council, Room 150, Administration Building, Kiangse Road," to reach him not later than 11 a.m. on the day fixed for their receipt.

8. Tenders will be opened immediately after the closing hour, 11 a.m., on the day fixed for their receipt. Tenderers may attend the opening of tenders.

9. The names of tenderers, with prices quoted, will be published in the "Municipal Gazette."

Other crimes	172	200	261
Gambling offences	56	49	141
Total	1,178	1,194	1,686

The total of 1,178 cases of reported crime is a decrease of 16 compared with October and 508 less than for the corresponding period of last year. "A" Division shows an increase of 38, "B" Division a decrease of 38, "C" Division an increase of 14 and "D" Division a decrease of 30 cases. The cases were distributed as follows:—

	Nov.	Oct.
"A" Division (Central and Louza)	346	308
"B" Division (Sinza, Bubbling Well, Gordon and Pootoo Roads)	277	315
"C" Division (Hongkew, West Hongkew, Dixwell and Kashing Roads)	316	302
"D" Division (Wayside, Yangtzepoo and Yulin Road)	239	269

Arrests for crime during the month show an increase compared with last month and a decrease over the figure for September, 1,533 having been apprehended in November as againnt 1,524 in October and 1,900 in September. In addition, 147 persons were taken into custody for crimes committed in previous months. Fifty-one persons were arrested on behalf of other authorities.

One case of murder was recorded in which a Chinese female was attacked with an axe by her paramour and subsequently died.

One case of manslaughter also occurred in which, during a quarrel between two apprentices, one was struck on the head with a file and subsequently died. The assailant was sentenced to three years and six months' imprisonment.

There were five cases of simple abduction, the same number as in October.

There was an increase of 17 cases of armed robbery, the number being 35 as against 18 in October, but a decrease of 17 as compared with November, 1932. The cases were distributed as follows:—

	Nov.	Oct.
"A" Division	3	5
"B" "	14	7
"C" "	7	1
"D" "	11	5

There were seven other robberies as against 16 in October.

The number of burglaries was 27 as against 20 in October. The cases were distributed as follows:—

	Nov.	Oct.
"A" Division	4	1
"B" "	9	7
"C" "	9	4
"D" "	5	8

The number of housebreaking was 42 as against 18 in October. Twelve of these cases occurred in "A" Division. In this connection a foreigner is now in custody. The cases were distributed as follows:—

	Nov.	Oct.
"A" Division	17	5
"B" "	9	4
"C" "	10	5
"D" "	6	4

The 631 cases of simple theft, showing a decrease of three as compared with October, were distributed as follows:—

	Nov.	Oct.
"A" Division	210	176
"B" "	163	196
"C" "	149	133
"D" "	109	129

"A" Division recorded 35 cases of shoplifting, an increase of six as compared with last month, and 38 arrests. There were 46 cases of pocketpicking in all Divisions, a decrease of 16 compared with last month, and 30 arrests. Of 49 bicycles, three rickshas, one motorcar, and two handcarts stolen, 10 bicycles and one ricsha were recovered and 11 arrests were effected.

Nine cases of receiving stolen property were recorded, an increase of four as compared with October.

There were 41 cases of snatching as against 47 in October. The cases were distributed as follows:—

	Nov.	Oct.
"A" Division	16	23
"B" "	13	4
"C" "	5	12
"D" "	7	8

Thirty-eight arrests were made in connection with the latter type of crime.

There was a decrease of 27 opium offences. The Headquarters Narcotic Section carried out 11 raids and arrested 73 persons. Twenty-one of the total number had criminal records and 10 were sentenced to varying terms of imprisonment; four of these were fined in addition. In one case the sentence was suspended for three years. Forty-three persons were fined, seven discharged and 13, who were arrested on November 23, following a raid on a pill manufacturing plant at No. 9 Nanzing Road, are on remand. One person who was on remand in October in connection with a narcotic case in 1931 is still on remand. 31 ozs of opium, 4,087¼ ozs. of red pills, 39 pill pipes with paraphernalia, and four opium pipes with paraphernalia were seized. The total amount of fines inflicted during the month in connection with the above offences was $1,230.

The number of gambling offences increased from 49 to 56. Other forms of crime show a decrease.

Notable Work.—Notable work in "A" Division included: (1) The arrest of one man and the shooting of another one of three robbers, two of whom were armed, following a robbery committed by them at an exchange shop on Yunnan Road. Two pistols were seized, and the shop assistant who raised the alarm was later rewarded. (2) The arrest of five male and one female Chinese as a result of raids made in Louza District when eleven pistols, over 1,000 rounds of ammunition, two hand grenades and a large number of gas pistols and gas cartridges were seized. The gang were members of a communist assassination party and were responsible for five murders and four attempted murders in the Settlement, one murder and one attempted murder in the French Concession, and one murder in the Chinese City committed during 1932 and 1933 for political motives.

Notable work in "B" Division included: (1) The arrest of ten persons and the seizure of one pistol, followed by two further arrests in Dixwell Road district and the seizure of a second pistol. All the arrested persons were concerned in the same crimes. Charges of armed robbery, possession of firearms, possession of opium, etc., were preferred against nine of the accused, while three of them were released. (2) The arrest of a Chinese who posed as a prospective tenant in answer to advertisements, and who stole articles from the houses he visited. Fifteen charges of larceny were preferred against him and he was sentenced to two years and six months' imprisonment. Property to the value of $1,251 was recovered. (3) The arrest of one male and one Chinese female, the first charged with armed robbery and with being concerned in a case of murder and armed kidnapping in Yulin Road District, while the female was charged with aiding and abetting in the armed robbery. (4) The arrest of four men charged with two cases of armed robbery in Wayside District and the seizure of one pistol and one dagger, a quantity of ammunition and three imitation pistols which were found in their possession. (5) The arrest of one man in Kashing Road District who was in possession of a loaded pistol. (6) The arrest of four men, one of whom was in possession of a loaded pistol.

Notable work in "C" Division included: (1) The arrest of two male Chinese, one in possession of a pistol, who were concerned in several armed robberies in Hongkew and West Hongkew Districts. (2) The arrest of two men on a charge of theft who were found to be connected with twelve other cases of larceny and who were sentenced to one year and two months and six months' imprisonment respectively. (3) The arrest of a male Chinese who was found on the premises of Hongkew Fire Station and who was later connected with seven charges of larceny and sentenced to seven

years' imprisonment. Property to the value of $1,773 was recovered, while two receivers of the stolen poperty were also charged and fined $50 and $100 respectively.

Notable work in "D" Division included: (1) The arrest of nine persons and the seizure of one pistol and 48 rounds of ammunition. The accused were charged on six counts of armed robbery in Wayside and other districts and sentenced to varying terms of imprisonment ranging from six months to twelve years. (2) The arrest of a male Chinese for holding up, assaulting and robbing a man on Alcock Road. The accused was charged on two counts of armed highway robbery and sentenced to seven years' imprisonment. (3) The arrest of five men in possession of a pistol and 85 rounds of ammunition. They were charged with being in possession of arms and with being concerned in two cases of attempted armed robbery, and were sentenced to terms of imprisonment varying from four years to six months. (4) The arrest of four men on Ningkuo Road in possession of a pistol and seven rounds of ammunition who were found guilty on one charge of possession of arms and two cases of armed robbery. They were sentenced to terms of imprisonment ranging from one to seven and a half years. (5) The arrest of two persons charged with committing an armed robbery on Sungpan Road. They were sentenced to five and two years' imprisonment respectively. (6) The arrest on Kinchow Road of three persons who were on their way to commit a robbery in the Settlement and were in possession of a pistol. Two were sentenced to terms of imprisonment and the third was found not guilty.

The following cases, which are included in the month's figures for "B" Division, occurred outside Settlement limits in houses on or abutting Council roads:—Larceny 12, snatching 3, burglary 2, miscellaneous 3.

The Headquarters Crime Branch Detectives conducted investigations into 23 reports and effected the arrest of 18 persons. In addition, enquiries were continued in 18 cases previously reported.

Stolen Property.—Property valued at $120,475.17 was alleged to have been stolen during the month as against property valued at $67,030.32 in October. Misappropriation cases in "A" Division alone were responsible for $43,828.01 of the total. The total value is made up as follows:—

"A" Division	$76,066.04
"B" "	$23,749.40
"C" "	12,967.68
"D" "	7,692.05

Property valued at $51,832.75 was recovered during the month.

Suicides.—Two foreigners, six Chinese males and six Chinese females came to the notice of the Police as having committed suicide during November.

Finger Print Bureau.—During November the total number of records received by the Bureau from all sources was 2,266. This shows a decrease of 116 as compared with last month and a decrease of 592 by comparison with the corresponding period for last year.

2,620 Gaol cards were received and checked, 888 for verification of prisoners' identity on admission to gaol, 86 for checking of appeal decisions, etc., 884 for verification of identity on release from gaol and 762 for checking of sentences and completion of records according to execution orders issued by the Court.

Investigations were made into thirty-five reported cases of the following nature:—6 armed robbery, 2 burglary, 2 housebreaking, 1 factory-breaking, 14 larceny, 1 larceny (ricsha), 2 larceny (motorcar), 1 larceny (from motor-car), 4 office breaking, 2 shop-breaking.

Finger prints were obtained in 19 instances.

With a view to establishing their identity the bodies of 13 unknown Chinese who met their death under various circumstances were fingerprinted and/or photographed at the Public Mortuary. Successful results were obtained in two instances.

During the month the Crime Branch Studio took 354 photographs and printed 1,002 copies.

Amnesty.—The number of prisoners released under Government Amnesty during November was 30

Number of habitual criminals released	7
Number of prisoners released having previous convictions but who are not habitual criminals	6
Number of first offenders released	17

Classification of offences for which prisoners released during November were serving sentences:

Armed robbery	1
Murder and attempted murder	1

Offences against State	3

Since the commencement of the Amnesty, 2,561 prisoners have been released under the scheme while 688 of them have been rearrested and convicted for offences committed since their release.

Communism.—Communists arrested during the month included five men, gunmen of the "Dog Beating (Assassination) Corps" of the Chinese Communist Party, and one woman, the wife of a fugitive member of the gang. Between November, 1932, and September, 1933, these men were concerned in six assassinations which involved the death of seven persons and the serious wounding of five others. Four of the cases occurred in the Settlement, one in the French Concession and one in Nantao. Two of the victims were officials of the Chinese Authorities who were actively engaged in checking communist activities, six were agents of these officials, two were policemen or bodyguards and two were civilians who apparently were shot by mistake.

Three addresses were searched in connection with the apprehension of these prisoners, which resulted in the seizure of 11 automatic pistols, 1,155 rounds of pistol ammunition, three gas pistols in the form of fountain pens, 31 gas pistol cartridges, two hand grenades, two daggers, two pairs of handcuffs, five spare magazines for pistols, and a quantity of communist literature. Charges in connection with the above cases have been preferred against the prisoners, who were still on remand at the end of the month.

Of four persons who were apprehended for ordinary communist effences, one was transferred to Chinese territory for trial and three were on remand at the end of the month.

Strikes.—There were seven strikes in the Settlement during the month of November. These disputes affected a total of 6,041 workers and resulted in a loss of 41,921 working days. The enterprises affected were the British Cigarette Company, Thorburn Road; Shanghai Power Company; Kwang Sung Hong Perfumery Company, 835 Tongshan Road; Wo Mei Tobacco Company, 665 Tongshan Road; Tien Tsang Paper Mill, 408 Yangtszepoo Road, and Canton Brothers Rubber Factory, 470 Baikal Road.

The following table shows the position of strikes in November as compared with the previous month:

Area	No. of strikes.	No. of hands affected.	No. of working days lost.
Settlement	7	6,041	41,921
French Concession	2	43	195

Duty at places of amusement totalled 10,367 hours.

The more important fires attended by the Brigade during the month were:—

No. 124 off North Szechuen Road. November 6.—Although this fire was not serious in itself, an explosion which occurred during damping-down operations resulted in injury to four firemen, one of whom died in hospital later.

The Brigade was called by telephone at hrs. 19.55, and Hongkew Division found a Chinese house, which had been converted for use as a photo engraving works, well alight on both floors. The fire was brought under control and extinguished after about half an hour's work, when the machines returned to station, an officer and six men being left on watching duty.

Four of the men were engaged in damping-down smouldering debris and interior fittings in a room on the ground floor, which had been used as a store for various chemicals and volatile liquids used in photographic processes, when there was an explosion and the room became enveloped in flame. The four firemen were burned about the head, face and hands, three of them very seriously.

They were conveyed to Hospital in a Brigade ambulance and seven days later 3rd class Fireman No. 435, Tse King Kwei, died, the verdict at the subsequent inquest being to the effect that his death was the result of injuries received at the explosion following the fire.

A full investigation of this regrettable occurrence, carried out by the department, led to the conclusion that the piercing of a drum of ether, the fumes of which came into contact with smouldering debris or sparks, caused the explosion.

P.p. 1300 off Tatung Road. November 9.—This call, which was received by telephone at hrs. 22.37, was obviously a very late one, for when the first machines from Sinza Station arrived, the whole of a large two-storeyed Chinese house, used mainly for the preparation of macaroni, was alight, with flames shooting from the front and rear windows on both floors and from the roof, whilst a number of Chinese women were seen to be lying in an alleyway on the south. While lines were laid and jets got to work on all sides of the outbreak, the injured were attended to and a call for Brigade emergency ambulances was turned in.

The fire had gained such a strong hold, that, for some time, it seriously threatened the adjoining premises, the Division being handicapped through the intense heat making ladder work and the operation of nozzles at close quarters practically impossible. While the fire was still at its height, it was reported that two of the inmates of the house were unaccounted for. The building was entered by officers and men—working in relays and using spray nozzles as protection against the intense heat and smoke—and, on a suspended loft on the ground floor, the badly charred bodies of two females were found.

It is evident that the fire started in a room at the rear of the premises, quickly enveloped the front portion of the ground floor and spread rapidly, by way of a wooden staircase, to the floor above. The six occupants of the first floor (one male and five females) had awakened to find the staircase—their only means of egress—well alight, and they took refuge on a small balcony. Seeing the flames spreading throughout the entire building, however, they became panic-stricken and jumped to the alleyway below. They were conveyed to hospital in Brigade ambulances, suffering from somewhat severe injuries.

One fireman was slightly injured through the collapse of portion of a wall.

No. 4 Ichang Road. November 15.—West Soochow Road Station turned out in response to a call from the police at hrs. 17.23 and, on arrival, found dense volumes of smoke and flame issuing from the upper section of a brewery building under construction.

The outbreak was found to occupy the greater portion of the third floor, which was being constructed for use as the cooling and fermentation department, where cork slabs, with which the walls were being lined for insulation purposes, and large quantities of cork stacked in the room, had caught fire.

The problem of tackling the blaze was a difficult one, inasmuch as the lines of hose had to be run to the seat of the fire by way of the wooden scaffolding, part of which was already alight, and the approaches to the building were in a very congested state owing to the large quantities of building materials in the immediate vicinity.

A call for assistance brought out additional heavy pumps from West Soochow Road and Central Stations, and these were got to work from a hydrant and the Soochow Creek respectively.

The combined Divisions succeeded in bringing the fire completely under control after working about an hour and a half.

New Point Sub-Station

The new Point Sub-Station, located on Pingliang Road, east of the junction of Glen Road, was opened at the end of the month.
